Complete Nervous Breakdown Left Mr. Black an Invalid—Cured by Dr. Chase's Nerve Food.

Mr. Henry Black.

What a helpless mass of flesh and bone the human body is once the nerves become exhausted. Extreme weakness comes over you, and you lose control of the limbs. The next step is paralysis.

You will be fortunate if, like Mr. Black, you get the building-up process in action before it is forever too late. By forming new, rich blood Dr. Chase's Nerve Food carries new vigor and energy to every organ and every member of the human body.

Mr. Henry Black, 31 St. Catherine street east, Montreal, Que., writes: "The wonderful results I obtained from the use of Dr. Chase's Nerve Food—constrain me to write this letter in order that others who suffer from nervous exhaustion and weakness may use this medicine with equal satisfaction."

A TITANIC SURVIVOR

DIES IN NEW YORK FROM THE EFFECTS.

Colonel Gracie Escaped Drowning by a Miracle—He Went Down in the Vortex.

New York, December 6.—Colonel Archibald Gracie, U.S.A., retired, one of the two men who actually went down in the vortex when the Titanic sank last April, and who scribbled his escape from death to a miracle, died yesterday in his apartment in the Hotel St. Louis, 34 East 32nd street. Though his death is credited to a complication of diseases, his physicians and his wife and daughter, who were with him when he died, believe that Colonel Gracie succumbed really because of the far-reaching effects of the Titanic disaster.

During his brief illness Colonel Gracie talked continually about the sinking of the Titanic, recalling the tremendous battle he had for life when he was gripped in the swirling waters of the foundering steamer; and last night, while delirious, he called out repeatedly, according to his daughter: "We have got to get them all into boats. We must get them into the boats."

The strain of these memories was added to because Colonel Gracie had only just completed his book on "The Truth About the Titanic." Ever since last April he had been in correspondence with survivors of the ill-fated liner, and the work he had written, received his final corrections only last week. It is now in the hands of the printer.

Colonel Gracie's story of the sinking of the Titanic was one of the most remarkable of those told by the survivors. After all the lifeboats had gone from the sinking vessel he went to the topmost deck as the boat gradually settled, and when the final wave broke over her, sending her to the bottom, he jumped with the wave.

Colonel Gracie also told thrillingly of his sensations while he was underneath the surface of the sea in the great vortex caused by the sinking ship.

"I CAN SEE."

Cries Man Who Has Been Blind Five Years.

Woodbury, N.J., Dec. 6.—Members of the household of James Johnson, an aged tailor, were startled last night to hear him exclaim suddenly: "I can see." With a wild cry of joy he leaped from a chair in which he had been sitting in apparent deep thought and for several minutes danced gleefully about the room.

The delight of the tailor, who is seventy years old, was shared by the members of his family, for he was growing dependent over the loss of his sight. He was suddenly stricken blind five years ago, and continual medical treatment had failed to do him any good. He often said that some day he would see, and his relatives humored him in his hope.

Clarendon News.
Clarendon, Dec. 5.—Mr. and Mrs. S. Walker of Canabogie, visited friends here this week. A baby boy has come to stay at Isaac Kirkham's. The young people are preparing for a Sunday School entertainment. John Campbell has gone to Canabogie where he may remain for some time. Mrs. Thomas Love of Elphin visited friends here on her way home from the west. Miss E. Appleby and Miss M. Campbell made a business trip to Sharbot Lake on Thursday. The K. and P. steel gang of about ninety men and extra train and boarding cars, is here at present. Campbell & Sons shipped a carload of lambs to Kingston on Wednesday. William Barr received the sad news of his sister's death at Syracuse, N.Y., a few days ago.

Hamilton newspapers report the death of an ideal citizen, a landlord who had not raised his rents in fifty years. The deceased gentleman was not really a landlord. He was a philanthropist.

WONDERFUL IMPETUS

GIVEN TO THE COAL INDUSTRY IN THE WEST.

At Atlanta a Cotton Concern Has Gone Under—Commercial Notes of General Interest.

Victoria, B.C., Dec. 5.—Statistics show that the coal industry in British Columbia has been given a wonderful impetus during recent years. Nearly fifty-seven per cent. of the aggregate production of sixty years was made during the ten years immediately past. The production of the five years, 1907 to 1911, was \$123,000,000, as against \$101,900,000 for the five-year period, 1902 to 1906. The government returns show that in 1910 for an output of 2,800,000 tons the value represented was \$9,800,000.

Money at 11 Per Cent.
New York, Dec. 5.—The prevailing local monetary stringency was reflected in belated money offerings on the Stock Exchange. An initial loan of \$50,000 was made at ten per cent., followed by \$150,000 at eleven per cent. The amount of money offered was comparatively small, indicating the Clearing House institutions were holding back.

Cotton Firm Goes Under.
Atlanta, Ga., Dec. 5.—The cotton exporting firm of W. W. Espey, maintaining offices at Savannah and Cordele, Ga., and other cities, has failed, with liabilities amounting to \$250,000 and assets of about \$125,000, according to a special despatch from Cordele to the Atlanta Constitution.

Give Per Cent. Bonds.
London, Dec. 5.—A sign of the changing financial times is to be had from the city of Saskatoon's negotiating for a five per cent. loan here. The issue price is slightly below par. Saskatoon's existing five per cent. loan, issued in 1908, at 101, is now quoted at 106.

Lake of Woods Plant.
Winnipeg, Dec. 5.—It is understood here that the Lake of the Woods Milling Co. has decided on important extensions to some of its mills, these being in addition to the ones authorized back some months ago. Some announcement in connection with same is looked for during the next few days.

Extend Operations.
London, Dec. 5.—Lever Bros., Limited, the makers of Sunlight Soap, which has an authorized capital of \$100,000,000, has issued \$50,500 six per cent. cumulative preferred shares at 85 a share. The company now has plants in nine different countries, and is issuing present capitalizations for the purpose of developing plantations on the Pacific, the west coast of Africa and in the Belgian Congo.

Shows Signs of Activity.
Montreal, Dec. 5.—Richelieu & Ontario showed some signs of increase in activity, gaining 114 in the early trading. In certain quarters an improvement in Richelieu is looked for on almost any general improvement in the local market. Interests that are working out certain plans are very confident regarding their ability to carry them through.

Financial Notes.
From present indications there will be no opposition to the plan of the Bank of New Brunswick to amalgamate with the Bank of Nova Scotia. The Marconi company are seeking to obtain control of the Poulson patents. The Poulson company has established communication between Honolulu and San Francisco.

One of the reasons for the recent advance in money rates in New York is the shipping to Canada of gold. Illinois Traction company, in which Montrealers are interested, may start paying dividends on their \$10,000,000 common stock early next year. The rate will probably be three per cent.

Charles Clarke has been appointed assistant commissioner of industries for the Grand Trunk line west of Detroit.

C.P.R. gross earnings for the month of October showed an increase of \$1,852,405 and net increase of \$379,782. Since January 1st, 1912, the gross income was \$7,003,416, and the net \$2,100,142.

The Granby Consolidated Mining, Smelting and Power company, limited, has been empowered to call for the construction of the proposed new 2,000-ton smelter at the company's Hilda creek property.

The directors of New York Central, Lake Shore, Michigan Southern, Bir Four, Lake Erie, and the Toledo and Ohio Central companies have formally adopted a resolution authorizing an equipment trust of \$24,000,000.

The output of Dominion Coal company for November was 400,000 tons. Dominion Textile stock is put on a six per cent. basis. The first dividend at the new rate will be paid January 2nd. The old rate was at five per cent.

SURELY TAKE "SYRUP OF FIGS" IF HEADACHY, BILIOUS, CONSTIPATED

SWEETENS YOUR STOMACH, CLARS YOUR HEAD AND THOROUGHLY CLEANSSES YOUR LIVER AND SO FREET OF BOWELS OF SOUR BILE, FOUL GASES AND CLOGGED-UP WASTE.

All those days when you feel miserable, headachy, bilious and dull are due to torpid liver and sluggish bowels. The days when your stomach is sour and full of gas, when you have indigestion, the nights when your nerves twitch and you are restless and can't sleep could be avoided with a teaspoonful of delicious Syrup of Figs. Isn't it foolish to be distressed when there is such a pleasant way to overcome it?

Give your inactive liver and ten yards of waste-clogged bowels a thorough cleansing this time. Put an end to constipation. Take a teaspoonful of Syrup of Figs to-night, sure, and just get for yourself by morning the gently but thoroughly all the sour bile, undigested, fermenting food

THE JESUIT QUESTION

WAS DISCUSSED IN THE GERMAN REICHSTAG.

The Chancellor Said That the Jesuits are Opposed to the Growth of the Modern Conception of the State.

Berlin, Dec. 6.—The Jesuit question was raised in the Reichstag by the clerical leader, Dr. Peter Spahn, who declared that the Bundesrat's recent interpretation of the anti-Jesuit law of 1873 had made more severe the provisions of the law, thereby affronting 24,000,000 Catholics in the realm. He read a formal declaration of the Clerical Centre party to the effect that German Catholics, so far as they are represented by the clerical party in the Reichstag, "have no confidence that the needs of the Catholics in the German empire will receive just consideration from the Imperial Chancellor and the Bundesrat, and will order their conduct accordingly."

The Imperial chancellor, Dr. Van Bethmann-Hollweg, in reply, defended the Bundesrat's decision as only an interpretation of a law forty years old. This decision in effect, holds that Bavaria's recent course in modifying the severity of the enforcement of the Imperial legislation against the Jesuit Order in Germany was illegal.

The chancellor declared that the Protestants have always bitterly opposed the Jesuits, who also in the past have not been tolerated even in certain Catholic countries on account of "their militant activity in politics, the church and the schools, and their opposition to the growth of the modern conception of the state."

While 24,000,000 Catholics wanted the anti-Jesuit law repealed, continued the chancellor, 40,000 Protestants wanted it retained, and he warned the Centreists against a renewal of the religious conflict of the seventies.

A socialist speaker assured the clerics that his party would support any attempt which was made to repeal the law. The two parties together have a big majority in the Reichstag.

Write Ideas For Moving Picture Plays!

YOU CAN WRITE PHOTO PLAYS AND EARN \$25.00 OR MORE WEEKLY

We Will Show You How!

If you have ideas—if you can **THINK**—we will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "flowery language" is wanted.

The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever increasing demand. They are offering \$100, and more, for single scenarios, or written ideas.

Nearly all the big film companies, the buyers of photoplays, are located in or near NEW YORK CITY. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers, our SALES DEPARTMENT has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as VITAGRAPH, EDISON, ESSANAY, LUBIN, SOLAX, IMP. REX, RELIANCE, CHAMPION, COMET, MELIES, ETC., urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

We are selling photoplays written by people who "never before wrote a line for publication."

Perhaps we can do the same for you. If you can think of only one good idea every week, and will write it out as directed by us, and it sells for only \$25, a low figure.

You Will Earn \$100 Monthly For Spare Time Work.

FREE Send your name and address at once for free copy of our illustrated book, "MOVING PICTURE PLAYWRITING."
