A TEN CENT BOX OF "CASCARETS"

Insures You for Months Against a Sick Headache, Biliousness, Constipation or a Bad Stomach.

Put aside—just once—the Salts, Cathartic Pills, Castor Oils or purgative waters which merely force a passage through the bowels, but do not thoroughly cleanse, freshen and purify these drainage or alimentary organs, and have no effect whatever upon the liver and stomach.

Keep your inside organs pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the intestines and bowels.

A Cascaret to-night will make you feel great by morning. They work while you sleep—never gripe, sicken and cost only 10c. a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, coated tongue, Indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.

Mr. and Mrs. Samuel Barton, was united in marriage to Wallace James Clement. The bride entered the church on the arm of her father, as the wedding march was played by Mrs. G. Ostler. After the ceremony the happy couple repaired to the home of the bride's parents, where a sumptuous repast awaited them, and to which about forty guests sat down. The bride wore a traveling suit of navy blue serge with hat to match and a waist of white Brussels net. The bride was attended by Miss Louise Lemke, who wore a suit of brown panama and hat to match. The groom was attended by William Lemke. The bride received many handsome and costly presents, and she will be missed by her many friends and especially in the church, where she took an active part in the Sunday school and league. She had been organist for a number of years. The bride and groom will reside at McLaren's Depot, where the groom has a general store.

Cataract Budget.
Cataract, Dec. 6.—Ye Olde Folkes' Concerts under the auspices of the Cataract hockey club, was a great success in every way. The concert was put on two nights in the town hall here, and the house was filled on both occasions. From the "Spartan March," which was the opening number, to "God Save the King," the programme was most enjoyable. Financially, the concert placed the hockey club on a good working foundation.

Newfangled Schools.
Newark News.
They taught him how to hemstitch and they taught him how to spell his name.

And how to make a basket out of variegated string;
And how to fold a paper so he wouldn't hurt his thumb--
They taught a lot to Bertie, but he couldn't do a sum.

They taught him how to mold the head of Hercules in clay,
And how to tell the difference 'twixt the bluebird and the jay;
And how to sketch a nose in a little picture frame,
But strangely they forgot to teach him how to spell his name.

Now, Bertie's pa was cranky, and he went one day to find what 'twas they'd that made his son so backward in the mill. "I don't want Bertie wrecked," he cried, his tongue far from cool, "I want an educated!" so he took him out of 's school.

Corset Bags for Christmas.
This holiday season many women are making corset bags as gifts, and the idea seems a very practical one. The pastebord box in which the corset is sent home is always a clumsy affair to keep in a dresser drawer, yet one does not like to toss a handsome new satin corset into a drawer filled with other articles. The corset bag is a long, narrow case made of linen or silk and in it the rolled up corset may be kept when not in use. Every corset should be tightly rolled when taken off, since this keeps it in better shape, and the corset bag will hold the rolled up corset firmly. Some of these bags are of heavy linen embroidered with dots of Dutch blue, old rose or some other pretty color. A medallion of cluny lace, cat-tatched to the linen with the colored embroidery, does make a pretty decoration. The top of the bag is finished with a deep hem and a casing for long ribbon draw-strings.

A Generous Boy.
Toronto News.
A lovely woman who lives on St. Clair Road is the proud mother of two boys, the older only six years. Mamma is subject to headaches, and mamma has discovered the sort of proprietary pills that will relieve them. One mustn't take more than one per hour. And the other afternoon mamma had a headache, took a pill and got up to repeat the dose—and found the pill-box empty. She summoned the maid, "Frida!" she cried. "Did Reginald swallow all those pills? Answer me!" "No'm," answered Frida with a smile. "Don't be scared none. He's a generous kid—he ate half of 'em to der baby!"

Her Idea of Economy.
Her discovery, in its way, was not less than epochal.

"It is so easy to save when you know how!" she exclaimed. "Oh, so easy! Do I wish to save \$35? Very well. I go downtown and find something I would like that costs \$35, and then I don't buy it. Nothing could be simpler."

She did not deny, however, that her method involved sacrifice. "But if the sacrifice is too painful," she went on to explain, "I go and find something my husband would like that costs \$35, and don't buy that!—Puck."
