PREMIER BORDEN HAS ASSUM-ED A NEW ROLE.

Like That of Circus Booster-His Action in Sending His Speech Out in Advance Shows Lack of Sincerity.

Ottawa, Dec. 11 .-- An amazing den with regard to the naval adnouncements made on Thusday, and one which comports neither with the dignity of the prime minister nor the non-partisan treatment of the naval question which he has been demanding. Acting along the lines of the circus booster, he sent his speech embodying the nava proposals to the conservative journals of the dominion several days before it was delivered, to be "released" when he arose in the House on Thursday. Not content with this, the speech, some five thousand words of it, was committed to a leading news agency, and cabled to England for distribution amongst friendly papers there as soon as the signal was given from Ottawa by the premier. So that the day before the announcement was made Mr. Borden's speech was lying in cold type in newspaper offices of two continents, neatly fixed up and interpolated with "Hear, Hear," "Loud Applause," "Cheers" and so on at what seemed fitting places.

Apart altogether from the dignity or prudence of such an emergency method to secure prompt publicity ity in the premier. He has for long professed to pose as an im perial statesman, and urged that this imperial naval proposition be elevated above the sphere of party politics. But quite apart from this, I ling the cost of two Dreadnoughts his action was altogether wrong, parliament was entitled to the first cretion of the admiralty. knowledge of the premier's intention, and the representatives of the people were the ones whose right it was to be the first to comment upon it from their seats in parlia-
