FRONTENAC TEAM PRAYING FOR COLD WEATHER.

Mild Weather is a Great Drawback For the Boys in Getting Into Shape—Artificial Ice Will Have to be Secured Some Day.

"Please, Mr. Weather Man, send along some cold weather." This is the earnest prayer of Manager "Jim" Sutherland, of the Frontenac hockey team, and the boys in the city. The weather has been so changeable, that it has been impossible to make ice at the covered rink—that is to make ice to stay. For a couple of days, it certainly looked as if there would be good ice, and that the boys would get out for a practice, but the Weather Man ruled otherwise.

The fact that there is no ice, is a great drawback to the team. The practice at the armouries is all right in so far as it goes, but it does not go far enough. It is on the ice that the real test is made, and until the boys have a workout on the ice, it is impossible to give out any "dope," concerning the line-up.

The fact that Toronto has artificial ice, means that the teams in the O. J. H. A. there, will have a great advantage over the other teams, in the first games played, as they have been on the ice for a couple of weeks.

Last season the ice was used for the first time, on New Year's Day, and in 1910, it was about the 10th or 11th of January, before there was ice for the teams. Previous to that, for about ten years, there was ice for the hockey games about the second week in December. It is a great boom for the hockey teams to have ice early in the season, as there is a great deal to do

TUBERCULOSIS SERUM TESTED.

Dr. Friedmann Shows Alleged Cure to Fifty Doctors.

Berlin, Dec. 20.—Dr. Hermann Friedmann, who says he has discovered a cure for tuberculosis, yesterday opened his first institute for demonstration.

Personally he inoculated with his serum several patients, women, children and men, in the presence of eminent physicians and scientists from Berlin, London, Paris and other cities of Europe and America. Dr. Friedmann refuses to give out any of his serum, saying that from a tiny drop of it a bacteriologist could propagate enough of the bacilli to supply the world.

Dr. Friedmann's small quarters were swamped by patients, physicians and scientists. The physicians numbered more than fifty.

Dr. Friedmann told all the patients and their physicians that results from his serum begin to show in most cases within five weeks.

FOOLED HER BY NOT DYING.

Nurse Won't Give Up House Man Deeded to Her.

Atlantic City, N. J., Dec. 20.—Moses Hanson sued in the district court to recover the house at No. 2004 Railroad avenue, valued at \$6,000, from Bessie Kelley, his housekeeper.

Hanson, a civil war veteran, became very ill a month ago and concluded he was sure to die. So he deeded the property to his housekeeper with the provision that she care for him in his last illness. He fooled himself by getting well.

But Miss Kelley, who had taken possession of the property, refused to give it up, he alleges. She asserted he had died, but by not dying as scheduled and, therefore, he received care under false pretenses.

ONE BOAT YET OUT.

Strathcona Will be Last to Arrive at Port Arthur.

Port Arthur, Dec. 20.—There is still one boat to arrive in Port Arthur before the 1912 season of navigation is altogether closed. The Strathcona is now en route up the lake.

The steamer W. D. Matthews departed from Port Arthur yesterday morning, with a cargo of grain for Georgian Bay.

As soon as the Strathcona arrives the tugs of the Great Lakes Dredging company will bring in the lightkeepers from this section of the lake.

A YEAR-AND-TWENTY LASHES.

"Girls Must be Protected" is Magistrate's Comment.

Galt, Dec. 20.—On a charge of attempted criminal assault, which was reduced to indecent assault with the consent of Acting Crown Attorney M. A. Secord, T. Bullock was sentenced by Magistrate Blake to one year in Central prison and twenty lashes, ten to be administered a month after entering the prison, and ten a month before being released. "The girls of Galt must be protected, and this will be a warning," commented his worship.

NEW HARBOR BOARD.

Farquhar Robertson and Lieut.-Col. Labelle Are Members.

Montreal, Dec. 20.—The announcement is made that Farquhar Robertson and Lieut.-Col. Labelle will be Montreal's new harbor commissioners. Mr. Robertson having declined the chairmanship, the third member of the board, who has not yet been appointed, will take that position. It is persistently rumored here that Major George Washington Stephens, the former chairman, will get the office again.

HELD 50 PEOPLE AT BAY.

Man Who Killed Wife Overcome by Formaldehyde Fumes.

Memphis, Dec. 20.—Adam J. Boehler, who killed his wife, held a squad of fifty policemen and detectives at bay for eight hours before he was shot and killed by officers. They forced their way into Boehler's stronghold in a down-town rooming house after the man had been partially overcome by fumes of formaldehyde forced into the room through holes cut in the wall and flooring. Several of the police officers were seriously wounded by Boehler.

Away With the Bill Boards.

The Examiner of San Francisco, California, recently started a campaign to beautify the city, in view of the great Panama Canal Exposition. The theatre managers have joined the crusade, and in a few months there will be no unsightly bill boards in San Francisco. If Toronto, the Queen City of Canada, would take the lead, other places would soon follow. Toronto's bill boards are not beautiful.

Persian Lamb Setts.

We are offering exceptional values in fine neck pieces and muffs, and what would make a more acceptable present than a set of furs if coming from this store where quality is a certainty, not a chance. Campbell Bros., the makers of fine furs.

HAS NO MUNICIPAL VOTE.

Whites in Reservation Possess Only Manhood Suffrage.

Melville, Dec. 20.—According to a decision handed down by Judge De Roche here, whites resident on the Indian reservation here in Tyendinaga township are not entitled to vote at the municipal elections of the township. The judgment is that the whites possess manhood franchise at the parliamentary elections. The township collects no taxes now in the reservation. W. B. Northrup, R.C. M.P., appeared on behalf of the whites desiring to be placed on the township voters' list. F. J. Butler, in the interests of Tyendinaga, opposed this, urging that the reserve was not part of the electoral district of East Hastings.

Ladies' Hudson Seal Coats.

Fifty inches long, best quality special, at \$135. Campbell Bros., the buyers for stores.

"High-class assets," Gibson's.

Train Service to Elk Lake. Cobalt, Ont., Dec. 20.—A passenger service will be given on the Elk Lake branch of the I. and N. O. railway on Saturday. The bridge over the Montreal river was completed yesterday, but until the balance of steel is laid to Elk Lake City the train service will only be given as far as the river.

Brownie cameras are good Christmas presents. \$1 up. Mahood's Drug Store.

A GARRISON BRANCH

OF ROYAL ARMY TEMPERANCE ASSOCIATION

Was Formed at Tete de Pont Barracks on Thursday Afternoon—Canon Starr Was Elected President.

On Thursday afternoon, in the recreation room at Tete de Pont barracks, a garrison branch of the Royal Army Temperance association was formed. It embraces in its membership all the branches and departments of the permanent force stationed in Kingston.

Lieut.-Col. H. A. Panet, officer commanding the R.C.H.A. brigade, president, and officers were present representing the headquarters staff and the units and departments.

Two of the garrison chaplains, Rev. Canon Starr and Rev. Father Hanley were present.

The objects of the association were explained, and endorsed by the meeting. It is a social organization which has for its foundation temperance. Those who are experiencing its inception in the Canadian Army, the Royal Army Temperance association plays an important part among the soldiers of the imperial service.

Canon Starr was elected president of the local garrison branch, with Master Gunnir Hind, W.O., secretary, and Q.M.S. Egglestone treasurer. A committee was appointed to further the interests of the new branch.

Oranges, Oranges. California oranges, seedless, 25c. and 30c. J. Crawford.

Miss Violet Asquith, daughter of Premier Asquith, has sailed for America.

BUSINESS TALKS

A Definition of Advertising

Hugh Chalmers started his business career as office boy with the National Cash Register Company. While he was running messages and stamping letters, however, he had his eyes open and was learning things about the cash register business. He made such good use of his time that when he left that concern three or four years ago he was drawing a salary of \$72,000 a year as general manager.

It is reported that in the automobile business, which he then went into, his share of the first year's profits amounted to \$250,000.

And he made it very largely through advertising. He should know, therefore, something about the principles of advertising and its effect.

In a recent address Mr. Chalmers said:—"It is useless for any business man to say that he does not believe in advertising. Everyone is an advertiser, whether he wants to be or not. Our manners, our clothes, our appearance, our speech, everything we do or say advertises us, and we cannot deny it. Since you have to advertise, why not do it right? Advertising is nothing but TEACHING PEOPLE TO BELIEVE IN YOU AND YOUR GOODS.

There is nothing mystical about advertising. The simplest story, told in the simplest way, strong and truthful, and repeated day after day, is the real secret of success in advertising.
