APPROACHING BALDNESS

May be Checked by Using Herpicide. The above expression is one which is used frequently in connection with hair preparations. Just exactly what is meant by it in each instance is a question. Baldness is not a disease and hence does not permit of a cure. It is a result, invariably, to be traced to the dandruff germ and if the condition has become chronic, that is, if there is complete atrophy of the hair follicles, a "cure" is absolutely impossible.

Approaching baldness, seen in falling hair, may always be checked and if the hair follicles are not atrophied the hair may be induced again to grow.

This is accomplished by regular applications of Newbro's Herpicide, which cleanses the scalp and kills the dandruff germ. The destruction of the germ does away with the accumulations of smart skin and thus eliminates the most common enemy to beautiful hair.

Soft, glossy, fluffy hair cannot grow on a scalp infested with dandruff any more than a delicate plant can grow on an ash heap. The scalp must be kept clean and free from dandruff. The best remedy for doing this is Newbro's Herpicide, which receives the highest endorsements from professional men, the stage and the best people everywhere.

Newbro's Herpicide in 50c and \$1 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

Applications obtainable at all first-class barber shops and hair dressing parlors.

Address The Herpicide Co., Dept. R., Detroit, Mich., enclosing 10c. in postage or silver for sample and booklet.

TURKS ARE SOLDIERS. Proof Against Fatigue and Poverty—Dauntless Courage.

The Turkish soldier presents a blending of qualities such as no European soldier possesses in the same degree. The Quickest, Simplest Cough Cure. Easily and Cheaply Made at Home. Saves You \$2.

This recipe makes 15 ounces of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.00.

Simple as it is—gives almost instant relief and usually stops the most obstinate cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, croup, sore lungs, asthma, throat troubles, etc.

Mix two cups of granulated sugar with one cup of warm water and stir for two minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a 16-ounce bottle, and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pinex is one of the oldest and best-known remedial agents for the throat membranes. Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in gualic acid and all the other natural healing elements. Other preparations will not work in this formula.

The prompt results from this recipe have endeared it to thousands of housewives in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Toronto, Ont.
