

PROFESSOR JORDAN'S NEW BOOK

JUST ISSUED

THE SONG AND THE SOIL

By Professor W. G. Jordan, D.D.

"THE SONG AND THE SOIL" is the name of Professor Jordan's new book, which has for sub-title "THE MISSIONARY IDEA IN THE OLD TESTAMENT." It contains eight separate discourses, several of which have been delivered at the Sunday afternoon University Services. That which gives a measure of unity to these expositions is the fact that they all deal with passages that express good forms of "the missionary idea," or in other words, show how the Hebrew religion was struggling to free itself from national limitations. The problem faced by ancient prophets and seers. How can we sing Jehovah's song in a strange land? Is shown to be a matter of abiding interest and significance. All through there runs the thought that we owe a debt of gratitude to the men of those distant times who helped to create the larger world of thought in which we live.

THE SPORT REVIEW THE HALLS OF QUEEN'S

INTERCOLLEGIATE HOCKEY EXECUTIVE CALLED

To Meet in Kingston on Wednesday—St. Michael's Defeated Varsity in Senior O.H.A. Game by Nine Goals to Two.

Prof. Manly B. Baker, of Queen's, president of the Intercollegiate hockey union, has called a meeting of the executive in Kingston on Wednesday evening, to consider the position of Laval, of Montreal, in the schedule. He received word from Father Stanton that Ottawa College would not play in the Intercollegiate union this winter, and Laval is therefore "out in the cold," as it was to have played a series with Ottawa. Queen's has not objected to retaining Laval in the league, but Varsity has. What provision will be made is not yet known. Laval is really only of intermediate calibre.

St. Michael's Defeated Varsity.

In a senior O.H.A. match at Toronto Arena, on Saturday afternoon, St. Michael's put it all over Varsity, the score being 9 to 2. Thompson, the former St. Michael's goal keeper, was again between the posts. St. Michael's is an all-around Toronto team, and not confined to the college.

Tusler Hockey Club.

The officers of the Tusler hockey club are: Hon. president, Capt. Hughes, H. W. Richardson, A. B. Cunningham; president, V. A. Simmonds; first vice-president, Master Ganes Hirji; second vice-president, J. N. Scott; secretary-treasurer, R. McDonald; manager, Edward Ryar; captain, R. Germain. The club thanks its many friends who have so kindly supported it.

Y. I.C.B.A. Hockey League.

The younger members of the Y.I.C.B.A. have organized a hockey league under the able management of James J. Bryson and J. Bulger. This is a very fast league and should be well patronized by lovers of fast hockey. The names of the teams competing are as follows: Outlaws, Shamrocks, Glee Club, Dramatic Club, Sailors, and Independents.

Frontenacs' Busy Week.

Frontenacs will have a busy time of it this week. To-night the seniors play Peterboro in Kingston. Tuesday night the juniors play in Belleville. On Friday night the juniors cross sticks with the K.C.I. team at the covered rink, and on Saturday afternoon, at 3.30 the seniors play Varsity in Toronto. The management will charter a special Pullman for the latter game, and the players will be able to go to sleep about 10.30 Friday night, the special being ready for them at the G.T.R. station.

Peterboro Here To-Night.

There will be glorious ice for the big opening senior O.H.A. game to-night between Peterboro and Frontenacs, at the covered rink. The "Petes" are a mighty strong aggregation and expect to be credited with a win over the locals. Kelly, Armstrong, Coaklin and other stars are here with the victors, and "round out" a very speedy bunch. The Frontenacs, however, are not the least daunted. Their team is now in fine shape and can be depended upon to "go some." The executive will probably select the following players for to-night's game: Connors, goal; Nicholson, and Hyslop, defense; right wing, LaRue; left, Reid; rover, Weikle; centre, Crawford; spares, Williams and Hughes.

Frontenacs vs. Belleville.

Frontenacs juniors will leave at 3 p.m. to-morrow for G.T.R., for Belleville. The following players will be taken: Cook, Ferguson, Stanton, Partell, Derry, Millan, Angrove and Dunlop. This bunch ought to give a good account of themselves.

MORE "HELL FIRE"

Should be Preached, Declares Rev. E. Le Roy Rice.

That when those who believe in the teachings, life and spirit of Jesus, apply those teachings, the darkness and gloom which now surrounds it will be changed, was emphasized by Rev. E. Le Roy Rice, in the First Congregational church, on Sunday evening. He discoursed on the "Adventure of Life," it being the first of a series of sermons on "Death and the Hereafter."

In introducing his subject, which he acknowledged was an unpopular one, Mr. Rice made some sharp remarks. He said that the church of the present was endeavoring to justify life on the basis of the present, instead of preparing men for his immortal "life to come and the judgment." "Life to come and the judgment" should not be excluded from the teaching and preaching of the church, he declared, "and it is a question if we can have a universal religion of grip and force if we do not seek enlightenment upon this subject. It is a matter of concern that we should study the teaching of Christ concerning these things."

The preaching that hell is not, and the depreciation of future punishment, the preacher remarked, set many churchgoers at their ease. He intimated that the preaching of Pastor Russell ("a sort of easy-going gospel, appealing to many") was weak on this point.

The preacher impressed his hearers with the necessity of preaching more "hell fire."

"Our attitude towards death," Mr. Rice declared, "is, in many instances, essentially pagan. The gloom that surrounds our funeral could not be blacker if Jesus Christ had not lived."

The new addition to St. Patrick's church, Napanee, is now completed and forms with the older portion a handsome completed church. The four beautiful stained windows in the chancel are certainly works of art and were procured in Munich, Bavaria. Two were erected by the estate of the late Mrs. McNell and two by John W. ...

Takes Courage To Win

No half-hearted "stab" at anything is likely to succeed.

Having the "nerve" to do a thing is based on sound physiology.

"Nerve" includes clear, intelligent, concentrated thinking, plus courage.

But—brain and nerves MUST be properly fed—nourished—or the "courage to win" is likely to fail.

Grape-Nuts

is predigested, pure food made of wheat and barley and contains the necessary elements Nature requires for building brain and nerve cells.

Try a dish of Grape Nuts regularly for breakfast.

THE LEADING UNDERTAKING

Phone 147.

Stuart Laid by Queen's representative to the Trinity College convocation.

P. T. Pilkey, the secretary, gave the report of the Association Football club upon the occasion of its annual meeting. He stated that the club had experienced the most successful season of twenty-eight years. It had succeeded in winning the intercollegiate championship and had scored eighty-seven per cent of the goals secured in the league. Thanks to the generosity of Prof. MacClement, the honorary president, who had donated a cap for an inter-year soccer league, 150 men had taken part in games. This trophy was won by Medicine '14 and was presented to that year, by President Watts of the A.M.S. Prof. MacClement being prevented from making the presentation. Hugh Macdonald, captain of the winning team, accepted the cup on behalf of his year and expressed his thanks to the donor and to Mr. Pilkey, the energetic secretary of the club.

The election of officers for the ensuing year was then held with the following result: Hon. pres., Prof. J. F. Macdonald; pres., R. J. MacKenzie; vice pres., A. M. Ball, sec. (res.), O. S. Myers; ass. sec. (res.), D. A. Sutherland; committee, Messrs. Coulter, Gavie, McCree and McNab, Capt. Hugh M. Macdonald.

The date of the proposed debate between '13 and '14 Arts was fixed for Tuesday next at 3 p.m. instead of Monday, as formerly arranged.

The annual meeting of the Rugby Club was held and the report of the secretary read by E. W. Boak. The executive for the forthcoming year is composed of the following: Pres., Prof. Malcolm, vice pres., P. J. Kennedy; sec., tress., K. McKay; capt.

GRAY HAIR TURNS ITS NATURAL COLOR AFTER APPLYING SAGE TEA.

Mixed With Sulphur it Darkens Beautifully and Takes Off Dandruff.

Most every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product—called "Wyeth's Sage and Sulphur Hair Remedy"—you will get a large bottle for about 50c. Some druggists make their own, but it's usually too sticky, so insist upon getting "Wyeth's" which can be depended upon to restore natural color and beauty to the hair and is the best remedy for dandruff, dry, feverish, itchy scalp and to stop falling hair. Folks like "Wyeth's Sage and Sulphur" because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly, says a well-known downtown druggist. You dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. This requires but a few moments, by morning the gray hair disappears and after another application or two it is restored to its natural color and looks even more beautiful and glossy than ever. Agent, G. M. Mahood.
