

BACKACHE A WARNING ALL SHOULD HEED

It is One of the First Signs of Kidney Troubles, If Neglected, Serious Diseases Follow.

No one can be well and healthy unless the kidneys work properly and keep the blood pure.

Backache is one of the first symptoms. You may also be troubled with disagreeable, annoying bladder disorders, have attacks of lumbago or rheumatism; become nervous, tired, and feel all worn-out; puffy swellings show under the eyes or in the feet and ankles; and many other symptoms are noticed.

It is not only dangerous, but needless for you to suffer and endure the tortures of these troubles, for the new discovery, Croxone, quickly and surely ends all such misery.

There is no more effective remedy known for you to suffer and endure the tortures of these troubles, for the new discovery, Croxone, quickly and surely ends all such misery.

You will find Croxone different from all other remedies. There is nothing else on earth like it. It is so prepared that it is practically impossible to take it into the human system without results.

THE COUNTY COUNCIL

WANTS G.T.R. CO. TO REBUILD RIDEAU STATION.

Dog Lake Bridge To Receive Attention—Report of the Good Roads Committee—Showed Expenditure Last Year of \$16,461.

After an hour and a half in committee the County Council met for a short session at 4:30 o'clock on Thursday afternoon.

Councillor Franklin gave a statement of the Good Roads committee, showing that the sum of \$16,461.78 had been spent on road improvement during 1912.

Councillor Franklin and Gordon moved that the report of the committee be forwarded to the minister of public works and the usual grant of this amount be requested.

On motion of Councillors Donaldson and Godkin, a deputation, composed of Councillors Donaldson, Jerome Thomson, Kennedy, A. Thompson, Hamilton, Foley, Miller and Godkin was appointed to go to Toronto in the interests of colonization roads.

Councillor Sleeth raised the question of the bad condition of the Dog Lake bridge. The township of Battersen, it was intimated, should have taken the move in the matter of rebuilding it.

A motion was carried asking the Grand Trunk railway to rebuild the railway station at Rideau, which was burned last year.

ASKED FOR SHELTER. And Later on Was Locked up For Drunkenness.

A stranger in the city, who gave his name as William Parker, has been "going the pace" all week, and as a result in police court, Friday morning, Magistrate Farrell imposed a fine of \$5 and costs or one month in jail.

Parker was at the police station two or three nights to seek protection and was accommodated. He got under the weather, however, and had to be taken in charge.

Two youths were before the magistrate for loitering around the corner of Barrie and Union street. They were allowed to go with a warning, but the magistrate pointed out to them that they must behave in the future. This is also a timely warning for all other youths who have been in the habit of loitering around this corner.

THE WARDEN'S DINNER THURSDAY NIGHT

DR. WILLIAM SPANKIE HOST ON THURSDAY NIGHT

At the Iroquois Hotel—The Hope Expressed That City and County Would Work Together For Each Other's Good.

The annual dinner of the warden of the county of Frontenac has always been an enjoyable event of the January session. And the affair of this nature that took place in the Iroquois hotel on Thursday night was no exception to the rule.

The doctor was "banked in" at the speakers' table by Mayor T. J. Ryan on his right, and Dr. E. Metcalfe, Ald. F. J. Hoag, Dr. A. E. Ross, M.P.P., Dr. I. G. Bogart, Dr. H. A. Boyce, M. Avery (Sharbot Lake), Dr. W. McCarthy, and Dr. R. Hanley were also guests.

As well as the councillors, there were a number of ex-wardens and councillors present, with some of the warden's friends. Among those were:—R. J. Fair, G. B. McKay, Dr. Purdy, W. J. Bradshaw, W. Toner, J. Purdy, W. Murray, W. Fawcett, G. Friend, J. H. Hugheson, G. Killias, P. and R. Godkin, G. Lakins, T. D. Minnie, H. Spankie, James Small, C. S. B. Harvey, J. Cousins and C. Corbett.

Warden W. Spankie acted as toastmaster, the initial health being that of "His Majesty the King, which was responded to by the singing of the national anthem.

Dr. E. Ryan, like all the speakers, took occasion to congratulate Dr. Spankie on his appointment to the warden's office of the county of Frontenac. Having been acquainted with the warden all his life, "for a great part in the professional" capacity, Dr. Ryan declared that, "at all times the Wolfe Island reeve had discharged his important duties ably and well, and that he had brought education to a higher plane of efficiency, under the same difficulties, as the doctor had during his long term as public school inspector."

Complimenting the warden, Mayor Rigney said: "It is a pleasure to you have honored yourselves, and to honor yourselves and the old county of Frontenac is no small thing indeed."

Dr. Ryan capably proposed the toast, "Canada." He reviewed her geographical extent and resources, and in this connection referred to the untold mineral wealth of Frontenac, which was waiting for development. He suggested that the new warden should impress upon the dominion government its value, and urge that a survey of these extents be made. He said that Kingston's industrial future depended upon this, as well as the hope of the county.

The speaker closed with the thought that the type of citizenship which is developed in this dominion and its deals are paramount in her success.

This toast was responded to by the singing of "The Maple Leaf," and an "inspirational" speech by James H. Metcalfe. After a number of his amusing references, he spoke of Canada's great heritage, her development and inspiration.

Ex-Mayor F. J. Hoag briefly proposed "Our Parliaments." The burden of Dr. A. E. Ross's speech, in response, was a review of the steps and legislation from Norman times, by which the Anglo-Saxon "common" people secured the franchise and representation in the governing bodies. He believed our system of government almost ideal, bonded by imperialism. Difference of race, politics or religion would be cast aside if ever the time came for imperial or colonial defence, and the British navy should be kept in its position as the first in the world.

M. Avery, ex-M.P., Sharbot Lake, responded to this toast. The health of "The Corporation of the City of Kingston" was proposed by Councillor Freeman, seconded by Councillor Freeman, and he observed, referring to Mr. Rigney, that the electors of the county congratulated the citizens on their choice of chief magistrate and adviser for 1913. On the other hand, proud of their choice of warden, the speaker, among other things, pointed out that the recent mayors of Kingston had created a progressive spirit which at present dominated the city.

This brought a worthy reply from the Mayor Rigney. He noted that there was an air of optimism at present in the city, and at this time it was right that the relations and spirit of harmony between the city and county should be strengthened. Kingston was at the elbow of the county in all its endeavors. The mayor advocated the advancement of agriculture in Frontenac.

Dr. I. G. Bogart also contributed a timely response to "The City." He based his hope for the most part for the city advancement on her geographical position, educational institutions, every varied as they are, and the minerals that lie in the county, really in her door. He regretted that so much money was tied up in the banks of Kingston, and advocated that it should be got at work. He favored advertisement, and if need be the appointment of commissioners to accomplish this end. He went so far in dealing with the railroad aspect, to urge that the city should boycott the Grand Trunk until it gave Kingston better service.

Dr. W. McCarthy, with apt remarks, called the gathering to drink to the health of the county, and Councillors J. Foley and Jerome Thomson responded. The former declared that there was not a county in Canada that was in a better financial position than Frontenac at the present time. There is a net indebtedness of but \$37,000. He cited the instance of the county abolishing the tolls on the county roads, and called for the city council to reciprocate by doing the same with the market tolls. Closing, he

Epitaph of a Grouch. Marion, Kansas, Record. Once there was a man who was not thankful. When good things came his way he asked them and never said a word. He never saw the beauty in the fields or in woods, and he never ever pleased him. He never heard a bird sing, never saw howdy to a stranger and never gave a child a piece of candy. His morning and his evening salutation was a grunt. He dragged along through the years until the thing was over, but he didn't die. He just sort of shriveled up and blew away. And the happy workmen who gathered near saw a green vapor hover for a few minutes over his old clothes and then pass with a wail and mournful sound into an abandoned well. And they filled the old well with tin cans and erected a monument over it in the shape of a cucumber. And this was the epitaph: "Here Lies a Grouch. Blessed Are the Grateful."

Prince to Visit Canada. Montreal, Jan. 31.—It is thought that if the Princess Patricia of Connaught does accompany her parents to England in the spring she may return shortly afterwards with her brother, Prince Arthur, who is to come to Canada in a few weeks, and who is likely to stay some time visiting friends here.

Dr. Beattie Nesbitt's wife appeals for her husband's freedom by the ousting of the Farmers' bank charges against him. The hearing will be on February 10th.
