FOUND LYING ON ROAD

MAN'S NARROW ESCAPE FROM BEING FROZEN.

William Smith, of Bagot Street, Found Near St. Mary's Cemetery—Was Brought to the Hotel Dieu.

A message was sent to the city shortly after seven o'clock on Thursday evening, saying that a man had been found in a badly frozen condition near the Perth road railway crossing. Corbett's ambulance hastened to the vicinity of St. Mary's cemetery, and after some time located the man at the home of Walter Theriault, on Division Street, beyond the cemetery. The said to be frozen man, who gave his name as William Smith, Bagot street, of this city, was revived to the Hotel Dieu. He was not in the condition at first reported, having an abundance of clothing on. However, in spite of two pairs of socks, boots and overboots, his feet had been touched with the frost.

It was not known how long he had been lying by the side of the road. He had been brought to the Thurlow home in a lumber wagon, and cared for until the ambulance arrived. Dr. W. Gibson attended him at the hospital. Smith will recover in a few days. If he had not been seen by those passing, he would likely have been frozen to death before many hours, from the condition he was in at the time.

Campbell's Big Fur Sale.

Ladies' Hudson Seal coats, best quality, 50 inches long, now \$117. Campbell Bros., the store where quality is a certainty, not a chance.

Nearly Drowned at Bath.

Bath, Feb. 5.—William Tuckett, Jr., of Port Arthur, is visiting at Charles Johnston's. Master Wilfrid Calver, while skating on the bay near James Hawley's, broke through, but was rescued, after some difficulty, by Mr. Hawley. It was a narrow escape for the boy. At last the ice bridge has been formed between here and the island, so now there will soon be traffic between the two places.

One of the most successful dances of this winter was held in the Masonic hall last Friday evening by the body. Mrs. H. D. Wemp has returned from visiting friends in Kingston. John Forrester has returned after a visit with friends in Guelph.

FOR DELICATE CHILDREN

A Mother's Letter to Mothers.

Mrs. E. W. Cooper, of Bloomfield, N.J., says: "My child, seven years old, had a bad cold and was weak and quite run down in health. She had been in this condition for about six weeks when I began giving her Vinol. It was a wonderful help to the child, breaking up her cold quickly and building up her strength beside. I have also found Vinol a most excellent tonic for keeping up the children's strength during a siege of whooping cough."

Vinol is a wonderful combination of two world-famed tonics—the medicinal body-building elements of cod liver oil and iron for the blood, therefore it is a perfectly safe medicine for children, because it is not a patent medicine, everything in it is printed on every package, so mothers may know what they are giving their little ones.

Therefore we ask every mother of a weak, sickly or ailing child in this vicinity to try Vinol on our guarantee. Mahood's Drug Store, Kingston, Ont.

RADIUM CANNOT CURE

The Deadly Cancer, Declares a Montreal Specialist.

Montreal, Feb. 7.—The reports heralding radium as a cure for the deadly cancer, are not regarded in a serious light by most of the local physicians.

Dr. George E. Armstrong, head of the medical staff of the Royal Victoria hospital, who has investigated the matter, says that the statements made about the powers of radium in fighting cancer in the London Radium Institute report were not new ones, and that the information embodied in them had already been gleaned by the medical profession.

"Radium," Dr. Armstrong said, "cures superficial skin cancer, but it will not cure cancer of the tongue or stomach. It relieves the pain of flesh cancer, and retards the disease; but do not think that it cures, because it does not."

NAT GOODWIN AGAIN.

Rumor Says Wife No. 5 Will Be Marjorie Moreland.

New York, Feb. 7.—With the news from Baltimore that Marjorie Moreland, the actress, has obtained a divorce from Charles N. Dougherty on the ground of desertion, the report spread throughout Broadway today that Miss Moreland is to become Mrs. Nat C. Goodwin No. 5.

Dougherty has a suit pending for \$25,000 damages against Goodwin, charging him with having alienated Mrs. Dougherty's affections. In her divorce suit Mrs. Dougherty charged that Dougherty deserted her, at a date preceding her meeting Goodwin.

The former wives of Nat C. Goodwin up to date were: No. 1, Miss Eliza Weathers; No. 2, Miss Nellie Baker Pease; No. 3, Miss Maxine Elliott; No. 4, Miss Edna Goodrich.

The beautiful Miss Moreland has been Goodwin's leading lady and also has been starred with William Faversham.

CLEANING UP OPIUM JOINTS.

Smuggling of Drugs From Canada Suspected.

Buffalo, N.Y., Feb. 7.—Police authorities of Buffalo are at work cleaning out places where opium, morphine and other dangerous drugs are supplied to those who find refuge in their use, but the puzzling feature is the source from where these drugs come. United States officials in this city are directing their attention to towns along the Canadian border, on the theory that the smugglers of these drugs are at work again. No positive evidence of Canadian smuggling of opium and other drugs has been unearthed of recent date, but the use to which drugs are being put of late has caused the federal authorities to keep their inspectors at work watching incoming trains from Canadian villages and cities.

GETS OUT A MONTH EARLY.

Man Who Voted Illegally in Welland is Released.

Welland, Ont., Feb. 7.—Samuel P. Morris, Buffalo, convicted on a charge of personation at the Hydro-Electric voting last August, was released from Central Prison on Jan. 14th, before his six months' sentence was up. His release was ordered by the under secretary of state. Not long ago representations on his behalf were made to the attorney-general's department.

Campbell's Annual Fur Sale.

Big discounts on robes, men's fur and fur-lined coats, caps, etc. Campbell Bros., the makers of fine furs.

Tidings From Athens.

Athens, Feb. 5.—Athens hockey team went to Portland on Saturday, and were victors in the match. Newboro boys came down to-day for a hockey match and won the day.

Those taking part in the recent patriotic concert were royally entertained by the ladies of Christ church. The I.O.O.F. "At Home" and evening of Jan. 29th, was most successful.

The Misses Cross entertained very pleasantly last evening a number of young people.

The Women's Institute meeting on Jan. 25th was most enjoyable. There were demonstrations of pierced brass work and much embroidery, with vocal solos and gramophone music. Refreshments were served at the close. Thirty new members were added to the roll.

Miss Hull, Ingersoll, began her duties as high school teacher here on Monday last. A number of new volumes have been added to the public school library. Dr. Maloney, provincial health officer, paid an official visit to the high school a week ago. The different forms of the high school were photographed on Tuesday of last week.

Willowbank Wafers.

Willowbank, Feb. 5.—Quite a number from this section took in the poultry show held in the new armories in Gananogue last week. James Cowan invested in some prize stock. A good many of our young people attended the "At Home" held in Turner's hall by the Daughters of Rebekah lodge, last Friday night. David McClement, jr., who has been spending a few days with his cousin, Stanley McInch, has returned home. Mr. and Mrs. Robert Finnegan, of Watrous, Sask., spent last Thursday with Mr. and Mrs. Robert McInch, George Haig, who was on the sick list, has recovered. Mr. and Mrs. Robert McInch were at home to a few friends on Tuesday evening. St. Clark is busy preparing for Grippe is very prevalent just now. William Siler and Mrs. Siler are both under the doctor's care. Miss Jackson, teacher, has been ill. School was closed on Monday. W. H. Clark was at Lansdowne this week on business.

Campbell's Annual Fur Sale.

Big discounts on Persian Lamb neck pieces and muffa. Campbell Bros., the makers of fine furs.

In Devoir Henri Bourassa says he has discovered that the admiralty memorandum includes the obligation on the part of Canada to furnish used as well as Drednoughts.

CLASH THIS EVENING

BETWEEN JUNIOR FRONTENACS AND COLLEGIATES.

Which Will Win?—This Game Is Causing Keen Interest Among the Hockey Fans—A Comparison of the Teams.

Who will it be, Frontenacs or Collegiates? Friday night will decide. There is a fever heat of anxiety as to who will go into the junior O.H.A. finals from this district. Some bets have been set up by the admirers of both teams, and one man is holding fifty dollars stakes on this little game. O.H.A. circles, up until the Belleville-K.C.I. game, favored Frontenacs, but the trimming Collegiate game at Belleville made things look different.

Collegiates have a fast ice team, so have Frontenacs. Both teams are fastest at centre. Both teams have a strong defence. Frontenacs' wings are a little heavier than Collegiate's. An grove is perhaps a cooler player than Cooke at rover. Which is the faster is hard to say, as they have not been on the ice together. Both nets will be well guarded. The teams are balanced very much the same way, and the style of their play is much the same. Both forward lines were in well at the nets. "Jim" Stewart shoots perhaps harder than Millan, but does not get to the nets as often.

Frontenacs all around weigh up heavier than K.C.I., and this ought to be in their favor. Both teams are making hockey plans for a big season next year, and deserve the interest of every hockey fan in the city.

The line-up will be:

Frontenacs—Goal: Cooke; point: Stanton; cover, Ferguson; rover, Angrove; centre, Millan; right wing, Gunn; left wing, Derry.

Collegiate—Goal, G. Stewart; point, A. Singleton; cover, R. Stewart; rover, H. Cooke; centre, J. Stewart; right wing, Toland; left wing, Williams.

Referee—H. Burgoyne, Toronto.

A Good Player Overlooked.

Leslie, the Queen's man who figured on the Frontenac line-up in Peterboro on Wednesday evening, made a good impression. He should have figured on one of the local teams, as he can hold down a position well. At the game in Peterboro, it is stated that he was about the best man on the local line-up. This is now the third year he has been attending college, and during that time has not figured on any of the teams.

Stewart a Corker.

"Stewart, the goal tender for the Kingston Collegiate hockey team, is the best man that I have ever seen in the nets," was the statement of an out-of-town enthusiast who attended the game on Wednesday evening. Another man who had occasion to be near the nets, states that Stewart stopped twenty-six shots during the first period.

REGARDED AS A CURSE.

A Bumper Wheat Crop Disastrous to Mixed Farming.

New Westminster, Feb. 7.—"One of the greatest curses of the middle west is a big bonanza wheat crop," was the strong assertion of Dr. Rutherford made to the Stock Raisers' Association's annual convention here.

"We persuaded the farmers of the prairies," he said, "to adopt a system of mixed farming, then came the bumper wheat crop and the whole thing went up in the air. The farmers gave away their cattle on any condition and any price, let their herds die and hypothesized everything they had to invest in machinery. Next year there was a poor crop and the farmers were stony broke."

The convention whose meetings were permeated with the necessity of stock breeding and mixed farming in Canada, paid a most interesting visit to the provincial government's asylum colony farm at Mount Colquhoun. Here the delegates saw what all acknowledged to be the finest Holstein cattle they had ever seen and some of the finest horses in Canada.

JOSEPH F. SHEEHAN.

Tenor with the Sheehan English Opera Company, presenting for a matinee "Il Trovatore" and evening "The Love Tales of Hoffman," at the Grand next Saturday.

Only One "Bromo Quinine."

This is Laxative Bromo Quinine. Look for the signature of E. W. Grove. Cures a cold in one day. Cures grip in two days. 25c.

No Saving Effect.

Exchange the use? What you save in the coal bill because of mild weather, you spend in the drug store for dopes for grippe, colds and chilblains.

The less brains a man has to spare the more likely he is to lose his head.

Child Almost Strangled

You never know what minute a child will develop a bad cold or be seized by croup. For this reason it takes a great burden off every mother's mind to have at hand Dr. Chase's Syrup of Limesed and Turpentine.

Mrs. E. W. Silver, South Milford, Annapolis county, Md., writes: "I have used Dr. Chase's Syrup of Limesed and Turpentine for my little boy, with most satisfactory results. His throat would fill up with phlegm so bad that he could scarcely make a sound, and I thought he would surely strangle. He grew worse and had frequent bad attacks, so I began using Dr. Chase's Syrup of Limesed and Turpentine. Scarcely half a bottle was used when the strangling ceased. This medicine had a wonderfully soothing effect, and when he had taken two bottles I could not tell that he had any throat trouble. We have also used Dr. Chase's Ointment, with equally good results. It is a grand medicine for salt rheum."

There are imitations but the genuine Dr. Chase's Syrup of Limesed and Turpentine bears the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

GOVERNORS-GENERAL

They Are Said To Be Of Some Use.

There is a pleasant tale to tell of the too little appreciated activities of our governors-general. We are prone to think of them as mere officials of the office of the prime minister, to look upon the king's representative as an ornamental but hardly useful part of the machinery of government. We who do not come into close touch with that machine or that part played in it by the occupant of Rideau Hall, can have no understanding of the manifold labors of the governor-general quite apart from his official duties. He is not only a link in the chain of empire; he is not only a pen for the signature of state papers; he is one of the leading citizens of the country and as such takes a deep and active interest in many movements of opinion and organization outside of the partisan sphere. One of the spheres in which Lord Minto, who came to Rideau Hall at this juncture, displayed his extra-constitutional activity was the raising of interest in the protection of our historical treasures. He had dusty garments searched and old "lumber" examined in cellars, with the result that many priceless documents were unearthed among them, including the original manuscript plan of Rideau Hall, which was inscribed a detailed history of the siege of the ancient capital, as well as a minute description of the district. Lord Minto's activity in this direction was sustained throughout his term of office, and his interest was continued by Earl Grey. Lord Minto secured for our archives, among other documents, four or five hundred volumes of military papers and sixty volumes of the Selkirk papers; while Earl Grey enriched the collection with the Durham and Bagot papers and many of the Grey family papers, including the correspondence between Lord Elgin, governor-general of United Canada, and the third Earl Grey, then secretary of state for the colonies. To their united endeavors is due the preservation by the Canadian archives of a complete file of the original correspondence between the governors of Canada and the colonial office from the time of the cession. — F. A. Carman in the Canadian Magazine.

LANSDOWNE WANTS PEELERS.

Villagers Want to See Taxes Spent On Something.

Lansdowne, Feb. 5.—Floyd Fredenburg has purchased the stock and business of T. Ernest Foster. Mr. Foster will shortly remove to Smith's Falls, having taken a position with the Sun Life Insurance Co. The Lansdowne Rural Telephone Co. moved into its new offices last week. Mrs. Webster was re-engaged as operator, and will occupy the residence in connection with the office, being assisted by her sister, Miss M. Webster. The service will be much longer.

Several meetings have been held recently regarding the desirability of converting the village into a police village, or incorporating, as there is much dissatisfaction over the small amounts expended in improvements, compared with the amount of taxes paid by the village.

The annual "Home" of the I.O.O.F. was held last Friday evening, and was a decided success, in spite of the bad weather. Mr. and Mrs. D. A. Haig were called to Shelburne recently, owing to the serious illness of Mrs. Haig's brother, Thomas Cornett. S. E. Dixon, who has been seriously ill for several weeks, with grippe, is able to be out again. Miss Sadie Moore, who underwent an operation for appendicitis in Regina recently, is recovering nicely.

Mrs. N. B. Beckett was a hostess at a Thimble Tea on Tuesday, from four to six o'clock. Mrs. J. H. Warren entertained a number of friends to a dinner party on Tuesday evening. The regular meeting of the Lansdowne auxiliary to the Brockville general hospital, was held at the home of Mrs. Harry Wallace on Tuesday evening. The youngest son of Mr. and Mrs. Frank Gilpin is ill of pneumonia. Master Donald Gilpin returned from the Hotel Dieu, Kingston, last week, after five months' treatment.

REGARDED AS A CURSE.

A Bumper Wheat Crop Disastrous to Mixed Farming.

New Westminster, Feb. 7.—"One of the greatest curses of the middle west is a big bonanza wheat crop," was the strong assertion of Dr. Rutherford made to the Stock Raisers' Association's annual convention here.

"We persuaded the farmers of the prairies," he said, "to adopt a system of mixed farming, then came the bumper wheat crop and the whole thing went up in the air. The farmers gave away their cattle on any condition and any price, let their herds die and hypothesized everything they had to invest in machinery. Next year there was a poor crop and the farmers were stony broke."

The convention whose meetings were permeated with the necessity of stock breeding and mixed farming in Canada, paid a most interesting visit to the provincial government's asylum colony farm at Mount Colquhoun. Here the delegates saw what all acknowledged to be the finest Holstein cattle they had ever seen and some of the finest horses in Canada.

Sangster Notes.

Sangster, Feb. 5.—D. Conway had the misfortune to lose a fine horse. T. Young has engaged T. Stinchcombe and steams engines to do the spring plowing. School is progressing favorably under the management of Mrs. J. O'Riley. Miss Marie O'Riley has returned home after a visit with Kingston friends. Mrs. John O'Connor is spending a few days at her brother's, James Daley, Cole Lake. Miss T. Murray, Kingston, with her parents here. Mr. and Mrs. F. Riley, Ferny, at D. Conway's; Miss K. Daley spending a few days with Miss A. O'Connor. James Barrett at P. Corcoran's, Glenora; M. Daley, T. Young and J. W. Conway at J. O'Connor's; Mrs. T. Golden, J. E. O'Connor and J. Brennan at T. Young's; Miss K. Corcoran, Rochester, N.Y., at M. J. Corcoran's; Thomas Barrett, at home.

Try a sack of "King's Quality" flour and be convinced of the results.

HAIR TURNING GRAY OR FALLING? JUST MIX SAGE TEA AND SULPHUR

It's Grandmother's Recipe for Dandruff and Restoring Color to Hair.

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays skilled chemists do this better than ourselves. By asking for a ready-to-be product—called "Wyeth's Sage and Sulphur Hair Remedy"—you will get a large bottle for about 50c. Some druggists make their own, but it's usually too sticky, so insist upon getting "Wyeth's" which can be depended upon to restore natural color and lustre to the hair, and is the best remedy for dandruff, dry, feverish, itchy scalp and to stop falling hair.

Folks like "Wyeth's Sage and Sulphur" because no one can positively tell that you darkened your hair, as it does it so naturally and evenly, says a well-known downtown druggist. You dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. This requires but a few moments, by morning the gray hair disappears and another application or two is restored to its natural color and looks even more beautiful and glossy than ever. Agent, G. W. Mahood.
