

SCENES AND PROMINENT PEOPLE IN MEXICO'S VERY LATEST REVOLUTION.

GEN. D. REYES

NATIONAL PALACE, MEXICO CITY

GENERAL MANUEL MENDRAGO

FRANCISCO MADERO

GEN. FELIX DIAZ

Francisco Madero is—or was—the last elected president. He rode to the presidency on the wings of a revolution, and seems likely to go out again—perhaps to the scaffold in the same way. It is the same old story with the Mexican presidents.

A NEW AMALGAMATION

SOME TWENTY-FIVE MILLION DOLLARS IN CRIPPLE CREEK.

Western Industrial Companies Becoming Independent of East—More Bell Telephone Bonds.

New York, Feb. 11.—The \$25,000,000 merger of all the dividend paying mines in the Cripple Creek mining district is now well under way. The consolidation will be known as the Colorado Mines Railways and Utilities Corporation capitalized at the above figure. Of this, \$10,000,000 will be issued at once the remainder being held in the treasury for future property acquisitions. The stock will have a par value of \$5.

So far as the merger has progressed it includes El Paso Consolidated Gold Mining Company which is capitalized at \$2,500,000, and the Golden Cycle Company, with \$1,500,000 of stock. Stockholders of El Paso will be offered six shares of new stock for every five of El Paso. The Colorado Cycle Company mines and smelters will be about \$7,000,000 cash. A syndicate has underwritten the stock required to make the purchase.

Joseph Walker & Sons will be the bankers for the new company. Allen L. Burris, president of the El Paso Gold Mining Company, will occupy that office in the new corporation. Mr. Burris has just returned from a trip to the Cripple Creek district, where he engaged Joseph C. Helm as counsel for the new company.

Richard A. Parker, formerly associated with the late Cecil Rhodes and John Hays Hammond, will be consulting engineer, while John H. Nichols, El Paso superintendent, will be engineer in charge of the development of all the merged mines.

To Be Independent.

Toronto, Feb. 11.—All the larger Canadian industrial companies are completing arrangements to be able to take particular care of the western markets in Canada, and in order not to be dependent on the regular steamship companies are providing some steamers of their own.

Last year the Canada Cement Company, owing to the difficulty it has had of making regular shipments, made arrangements to have steamers ready for the coming spring season. Now the Dominion Steel Corporation has announced its intention of using two of its steamers for deliveries through to Fort William, more particularly

with a view of finding an outlet for the output of its mill. The Maple Leaf Milling Company has also chartered a steamer of its own, carrying the output of the National Flour Works westward, and bringing down the supplies for the big mill at Port Colborne.

More Bell Telephone Bonds.

Montreal, Feb. 11.—A special meeting of the Bell Telephone Company of Canada, will be held on Feb. 27th to authorize the directors in issuing additional bonds and debentures to the amount of \$350,000.

The outstanding bonds of the company at present amount to \$5,398,000, and the paid-up capital to \$15,000,000. The company has authority to issue bonds up to 75 per cent. of the paid-up capital, which, with the new issue recently announced, will amount to \$18,000,000 by the end of the year.

Wire-Products Issue.

Toronto Feb. 11.—National Wire Products, Ltd., whose proposed plant is at Port Arthur, will shortly offer \$540,000 7 p.c. preferred stock with 50 p.c. bonus of common stock.

Dominion Cannery To Build.

Chatham, Ont., Feb. 11.—The announcement is made that the Dominion Cannery, Limited, will erect

a \$65,000 factory in Chatham during the coming summer. The factory may be completed in time for this season's crop.

To Have Large Plant.

Windsor, Feb. 11.—The Remington Arms Union Metallic Cartridge Co. has decided to extend its factories into Canada, and has closed a deal for 100 acres of land in Tecumseh Road, at the southerly city limits on which will be erected a plant double the size of any present plant in Windsor.

Financial Notes.

Canadian Pacific stock, will, it is expected, when the European markets are settled, be put on a twelve per cent. dividend.

The National Cash Register Co. has manufactured 1,224,000 machines since it has been in existence, and 358,670 in the last three years. The reorganization committee of Toledo Railways & Light Company reports that assent of the stockholders to reorganization plan now represents more than 115,000 shares of the stock, or 83 per cent. total outstanding.

The United States Steel Corporation is to take a steel plant from Hamilton. They will start up a plant in Sandwich, Ont. A vein three and a half to four and a half inches in width has been discovered at the Chambers-Ferland mine, in the Cobalt region.

TRAVELER'S DOUBLE WEDDING.

Two Daughters of Mrs. George Leeder the Brides.

Travelyan, Feb. 7.—On Wednesday morning, January 29th, the bell of St. James' church, Travelyan, pealed forth in joyful tones, announcing an event of unusual importance. At ten o'clock the church was filled to its utmost capacity. The cause of the interest was the union in the holy bonds of matrimony of the two remaining daughters of Mrs. George Leeder, viz: Catharine Agnes, to James Cobey, and Frances Olive, to Francis Fodey. At the hour appointed the grooms and groomsmen were in their places, the altar, Mr. Cobey being assisted by John Hall, of Brockville, while James Fodey, of Regina, performed a like duty for his brother.

To the strains of the wedding march, rendered by Miss Mamie Leeder, the bridal party entered the church. Miss Agnes, accompanied by her brother, David, and Miss Olive, by her brother, Frederick. Following them marched the two pretty bridesmaids, Miss Ethel Shea, of Brockville, bridesmaid for Miss Agnes, and Miss Hannah Leeder, acting in a similar position for Miss Olive. When in position at the altar, the respective couples and their assistants formed a very attractive picture.

The brides looked charming in handsome costumes of cream silk poplin and large white feather hats, trimmed with ostrich plumes. Miss Hannah Leeder wore a native silk dress, and her hat to match, and Miss Ethel Shea was attired in pale blue silk, with black picture hat. The church and altar were prettily decorated. The ceremony was performed by the pastor, Rev. B. A. Cullinan. The presence of Rev. Father Gamache, of Kuroki, Sask., in the sanctuary, was another pleasing feature of the ceremony.

After the celebration of the nuptial mass, the happy couples, amid showers of rice and good wishes, were driven to the home of the bride's mother, where a very tempting array of viands awaited the assembled guests, about seventy-five in number. The house was tastefully decorated, pink and white carnations and maiden-hair ferns being artistically arranged on the tables in the dining room. Rev. Father Cullinan, and Rev. Father Gamache honored the wedding feast by their presence, and at the conclusion of the dinner the good pastor proposed a toast, "The success of the Newly Wedded Cou-

ples," which received the hearty endorsement of all present. Rev. Father Gamache made a few pleasing and appropriate remarks, which were much appreciated.

Several speeches were made by friends, M. Heffernan, P. J. Shea, T. Roman, R. J. Leeder and T. L. Flood contributing. The remainder of the afternoon was spent in games and music, until tea was served, at six o'clock. After all had done ample justice to the good things provided, those who were proficient in the Terpsichorean art were given excellent enjoyment by a special orchestra and danced until the rosy streaks of dawn illumined the sky. Those who did not wish to dance, were entertained by games and music.

The great array of valuable presents testified to the popularity of the brides. As it was the first double wedding performed in St. James' church, it was one of the most pleasing and attractive events in the history of the section, and to make the occasion still more unique, the date was also the fifty-second anniversary of the marriage of Mrs. Leeder, the mother of the brides.

Mr. and Mrs. Fodey will make their residence in Regina, where Mr. Fodey is well known as a prosperous man of business. Mr. Cobey is a graduate of Ottawa normal school, and a well-known and successful teacher, and will make his home in 'Caintown'. Mr. Fodey's gift to the bridesmaid, Miss Hannah Leeder, was a gold cross and chain, and to the groomsmen, James Fodey, gold cuff links. Mr. Cobey presented Miss Shea with a ring set with pearls, and Mr. Fodey with a set of gold cuff links.

On Saturday evening a reception was tendered the young couples at the home of Mr. and Mrs. James Fodey, and on Monday evening at the home of Mr. and Mrs. "Jed" Flood, which were also thoroughly enjoyed.

The Late Thomas Mulville.

Westport, Jan. 31.—When the news spread around Kingston last Friday night that Thomas Mulville had passed away suddenly in the Hotel Dieu, the citizens were shocked beyond expression. Although Mr. Mulville had not had the best of health since last July, his death was unexpected by his friends. He had for some time been salesman for the International Harvester Co. in religion, Mr. Mulville was a Roman Catholic and an honorary member of the C.M.B.A. His remains were taken to his sister's, Mrs. Edward Golden, Burridge, and on Monday morning his funeral was to St. Edward's church, Westport, thence to the vault to await interment in the Spring, beside his wife, who passed away nine years ago. He leaves one child, Alphonse, five sisters and six brothers: Mrs. Edward Golden, Burridge; Mrs. Thos.

I OFFER AT PAR

with a Bonus of 25 p.c of Common Stock the balance of the unissued capital stock in the Treasury of

FORWARDERS LIMITED

Amounting to \$34,400 which is cumulative Preferred Stock bearing Seven per cent interest.

Forwarders Limited has a Dominion Charter with an authorised Capital of \$500,000 of which half is preferred Stock and half Common Stock divided into shares of \$100 each

Of this capital stock there has been issued:

Common Stock.....	\$250,000
Preferred Stock.....	\$215,600

- R. A. McLELLAND, Kingston

Bankers BANK OF MONTREAL

Each steel steamship should earn 20 net per annum on its cost. A statement of Assets and Liabilities will be furnished on application by investors.

All applications for stock to be sent to

R. A. McLELLAND, Sec.-Treas.,
Forwarders Limited - Kingston

Dr. Arnold Lorand
Physician to the Baths, Carlsbad, Austria.

In his recently published book, "Health Through Rational Diet," from the press of the F. A. Davis Co., Philadelphia, says:

As a breakfast food, another variety of the healthful cereals which is much used in America would be advantageous. Grape-Nuts, in which the floury substance has been dextrinized by long baking and thus rendered digestible and easy of assimilation, is eaten with cream and would be a useful addition to our usual breakfast.

The recommendation of this eminent European authority to the wealthiest health-seekers in the world (those who frequent the famous baths of Carlsbad) is especially interesting to Americans.

Grape-Nuts

FOOD

is sold by grocers almost everywhere in America for 15c the pkg.

While Grape-Nuts may be a "health luxury" in Europe, this sturdy health-giving food is within the reach of practically every American at trifling cost.

In thousands of families Grape-Nuts and cream is the regular breakfast dish of wide-awake, go-ahead people.

Rich in the brain-making, body-building elements of prime wheat and malted barley, this food has won for itself at home and abroad the title of "The King of Breakfast Foods."

"There's a Reason"

Made in Canada by Canadian Postum Cereal Co., Ltd., Pure Food Products, Windsor Ontario.

Why Buy Bonds?

A bond, being in effect a fractional part of a general mortgage, is under the latter term the oldest as well as the principal form of investment.

Industrial bonds are favored by investors because of the high interest return and saleability.

There is a ready market for bonds of well known industrial corporations which yield more than six per cent. and investors called upon to realize may do so without loss of time or money.

25 CENT "DANDERINE" FOR FALLING HAIR, ITCHY SCALP OR DANDRUFF--GROWS HAIR

DON'T PAY 50 CENTS FOR WORTHLESS HAIR TONICS—USE OLD, RELIABLE, HARMLESS "DANDERINE"—GET RESULTS.

This, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine to-night—now—anytime—will surely save your hair. Get a 25c. bottle of Knowlton's Dan-

The proprietors of three moving picture houses in New York were arrested for violations of the fire regulations. Recently in fire panic two women were trampled to death and a dozen persons were badly injured. At Niagara Falls an ice blockade is threatening the Hydro-Electric power supply. Mrs. Lapanne, Montreal, died, on Sunday, 107 years of age.
