

PIMPLES SPREAD FROM ARMS TO WHOLE BODY

Also on Face. Began to Ooze Water-like Matter, Torture of Itchiness. Pimples Festered and Enlarged. Cured in Two Weeks, Thanks to Cuticura Soap and Ointment.

Mr. Egan, Ind. Institute, Muncie, Ont. writes: "I suffered from skin trouble for two months before taking Cuticura Remedies. The trouble started from itching on the back of the hands. When irritated, this itching turned to pimples. These pimples soon began to spread on the arms, from the arms to my whole body. They also came up on the face. Having spread over my body they became first water-like matter. Then began an almost killing torture of itchiness. When I scratched I caused to ooze the pimples and make them extremely sore and enlarged. Then they opened and left scars. These spots became stained and sore beyond expression. I sent for a sample of Cuticura Soap and Ointment which I received quite soon. I expected. I was much relieved as the first application. I continued applying the Cuticura Remedies for two straight weeks. I was completely cured. Thanks to Cuticura Soap and Ointment." (Signed) John Jamieson, Mar. 6, 1922.

Cuticura Soap and Cuticura Ointment are sold throughout the world. Send to Potter D. & Co., Corp., Dept. 25D, Boston, U.S.A., for free sample of each with 25-page book.

Your Hair Needs Parisian Sage

Use It As a Dressing—Banish Dandruff—Stop Falling Hair and Scalp Itch.

PARISIAN Sage, the delightful and invigorating hair tonic, is a true hair nourisher. It penetrates into the scalp, gets to the roots of the hair, kills the dandruff germ, and supplies the hair with just the kind of nourishment it needs to make it grow abundantly.

Since its introduction into Canada PARISIAN Sage has had an immense sale, and here are the reasons:

It does not contain poisonous sugar or lead, saltpetre of silver or sulphur or any injurious ingredient. It cures dandruff in two weeks by killing the dandruff germ. It promptly stops itching of the scalp. It makes the hair soft, glossy and luxuriant. It gives life and beauty to the hair. It is not sticky or greasy. It is the daintiest perfumed hair tonic made.

It is the best, the most pleasant and invigorating hair dressing made. Made only in Canada by The R. T. Booth Co., Ltd., Fort Erie, Ont. The price is only 50 cents at drug stores and counters where toilet goods are sold. J. B. McLeod guarantees it.

Friday evening, Mrs. H. Babcock had an attack of grippe. John Raymond, suffering from heart trouble, is still very ill. Farmers are hauling wood, and the buzz of the sawing machine is heard. Hemmigar's cut of the O.N. R. division, east of the village, is about to be completed.

D. B. Hennigar met with a sad accident on Saturday afternoon. While riding on one of the cars carrying stones, the front wheels of the car left the track, throwing Mr. Hennigar violently to the ground, and causing a large stone to roll on him, which crushed his hand. He was carried to his boarding place at Mrs. Clough's. Dr. Freeman was quickly summoned and prepared him for the long drive to Kingston to the hospital, where he is reported to be in a serious condition.

Mr. White has left for Montreal, and Mr. Eaton has taken his position as bookkeeper for Mr. Chisholm. Mrs. W. H. Raymond, who has been quite ill for the last week, is recovering. Hadley, who has been ill, also is better. It is reported that Mr. Coston, of Sydenham, is intending to construct, half a mile north of the village, a shingle and saw mill with five grinds connected. The Sunday services were not held in the Methodist church, owing to the absence of the minister, Mr. Coddling. Mrs. Blanche B. Johnston, who has been visiting her sister and mother, Mrs. John Joseph, has returned to her home in Lansdowne.

To Get Rid of Wrinkles And Bad Complexions

(From Beauty's Mirror.)
It is more important now than during the period of profligate prostration to keep the pores clean. All cosmetics clog the pores. In winter this interferes greatly with elimination of waste material, injuring the complexion. Ordinary facial creams and powders, and purposes of cosmetics, powders and rouges, giving far better results. It actually peels off an offensive skin, at the same time unobscuring the pores. Minute particles of dead skin come off day by day, causing not only the least pain or discomfort, gradually the healthy, younger skin beneath peeps out, and in less than a fortnight you have a lovelier complexion than you ever dreamed of acquiring. Revivax was, obtainable as any drug store, is spread on nightly like cold cream and washed off mornings. One once usually suffices. For removing wrinkles, without stopping the pores with pasty stuff, powdered vasoline, dissolved in 1 oz. pint witch hazel. Bathe the face in this daily for awhile; every line will vanish completely. Even the first application gives surprising results.

NEWS OF MISSING VICAR.

Yorkshire Divine Sends Wireless Explaining Elopement.
London, Feb. 19.—Rev. Albert Knight, the missing Yorkshire vicar, whose elopement was described in these despatches, has sent a long wireless message to the Daily Mail from aboard the steamer Port Lincoln, via Luderitz Bay, in German South-West Africa.

After formally relinquishing orders as a priest of the Church of England, Knight, in a feeble defence, attributes his downfall to slanderous gossip which said evil things of him when he was working to rescue girls from the white slave traffic. He thought that by flying to a new country he might establish for himself and the woman who accompanied him a new reputation. He says he is entirely responsible for the concoction of the scheme for his disappearance; his wife is entirely blameless for the statements she has made.

Short Trip.

Miss Rose Fodey is spending a few weeks with her sister, Mrs. Arthur Slack.

Try the Other Man's Way to End Corns

When somebody says, "My way best ends corns." Try it and find out. It may be a liquid, a salve or an old-fashioned plaster. There are 251 treatments—all way out-of-date. Then, when it fails, try the scientific way. Apply a Blue-jay plaster.

Note how the pain stops instantly. Note how the whole corn, within 48 hours, loosens and comes out. No pain, no soreness, no inconvenience. Since this invention, over 60,000,000 corns have been removed by Blue-jay. Try both ways—the right and wrong, the old and new. Then, when somebody says "Try my way" next time, you'll know what to say.

A is the picture in the ad on p. 8. B is the corn. C stops the pain and keeps the wax from spreading. D is rubber adhesive to fasten the plaster on.

You can't make clean bread unless you have clean flour

"ISN'T all flour clean?" you ask. No, not all, because not all wheat is clean, nor all flour mills. Wheat is dusty when the flour mills receive it. There are particles of sand in it, and also foreign seed matter. Not until all these impurities are completely removed is the wheat ready for milling.

Even then the most delicate task of the miller still remains—to remove the crease dirt. Embedded in each grain of wheat is a tiny deposit of dark mineral matter. It is called "crease dirt" and must be removed before the miller can make clean flour.

You can always depend on Rainbow Flour for extreme cleanliness. The care taken in its manufacture is almost mysterious. This carefulness begins with the farmer who raises the wheat and ends with the chemist who analyzes every lot of flour as it comes through to be sure of its purity.
