A MAN WHO KNOWS

Says GIN PILLS Are Good For Pain in The Back

WHEN your grocer tells you he uses a certain tea in his own home, you feel pretty sure it's good tea.

And when a prominent druggist takes GIN PILLS for his own Backache, you can feel quite sure there is nothing else quite so good.

Winnipeg, May 19th, 1912.

"In the autumn of 1911, I suffered with a continual pain in the back. As a druggist, I tried various remedies without any apparent results. Having sold GIN PILLS for a number of years, I thought there must be good in them, otherwise the sales would not increase so fast. I gave them a fair trial and the results I find to be good".

GEO. E. ROGERS.

GIN PILLS have well earned the confidence which druggists, as well as the public, have in them. For years they have been relieving the pain of Rheumatism, Lumbago and Kidney Troubles generally, and changing tortured cripples into strong, supple men and women.

Why should you go on suffering when there is a remedy so easily obtained and so reliable? GIN PILLS cost but 50c. a box, 6 for $2.50. Money back if they do not help you. Sample free if you write National Drug and Chemical Co. of Canada, Limited, Toronto. 150

HOW I MADE MY HAIR GROW

Woman With Marvelously Beautiful Hair Gives Simple Home Prescription Which She Used With Most Remarkable Results.

I was greatly troubled with dandruff and failing hair. I tried many advertised hair preparations and various prescriptions, but they all signally failed; many of them made my hair greasy so it was impossible to comb it or do it up properly. I think that many of the things I tried were positively injurious and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances. I believe they injure the roots of the hair. After my long list of failures, I finally found a simple prescription which I can unhesitatingly state is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it, and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair and for restoring gray hair to its natural color, but it is equally good for removing dandruff, giving the hair life and brilliancy, etc., and for the purpose of keeping the scalp in first-class condition. It also makes the hair easier to comb and arrange in nice form. I have a friend who used it two months and during that time it has not only stopped the falling of his hair and wonderfully increased its growth, but it practically restored all of his hair to its natural color. You can obtain the ingredients for making this wonderful preparation from almost any druggist. The prescription is as follows:

Bay Rum, 6 oz.; Menthol Crystals, 1-2 drachm; Lavona de Composee, 2 oz. If you like it perfumed add a few drops of To-Kalon Perfume, which mixes perfectly with the other ingredients. This, however, is not necessary.

Apply night and morning; rub thoroughly into the scalp.

Go to your druggist and ask for an eight ounce bottle containing six ounces of Bay Rum; also one-half drachm of Menthol Crystals, and a two-ounce bottle of Lavona de Composee. Mix the ingredients yourself at your own home. Add the Menthol Crystals to the Bay Rum and then pour in the Lavona de Composee and add the To-Kalon Perfume. Let it stand one-half hour and it is ready for use.

WHIRLWIND CAMPAIGN

RESULTS IN THE SUBSCRIBING OF $1,200.

To Missions By Grace Methodist Church, Gananoque—Canon Starr Married Two Gananoque Residents.

Gananoque, Feb. 20.—The whirlwind campaign of the laymen of Grace church to increase the missionary giving of $500 last year to $1,000, was entered upon bright and early Tuesday morning by the six captains with their canvassing teams and with a zeal bound to win continued throughout the day. At noon the various canvassing teams met at Hum Sing's cafe to dine and talk over matters, and at six p.m. met for an oyster supper in the church parlor. Up to eight p.m. Tuesday the amount had risen to $1,084.35. The canvass was completed yesterday, bringing the amount up to about $1,200. The following captained the teams: Dr. A. H. Mabee, W. A. Peck, W. E. Meggs, Frank Hicks, S. S. Cheetham and John Conner. The full amount is as yet in doubt, and may possibly overrun the figures given above.

Three bus loads from Gananoque attended the tea-meeting at the Sand Hill Presbyterian church on Tuesday evening. Among the local talent that furnished the programme were: Miss Essie de Long, W. E. Rees, Clifford Sine, Miss Eva Glover, Charles Stevenson, William Clare, Mrs. William Edwards and Miss Freda Sunbury. Ex-Mayor William J. Wilson acted as chairman and the pastor, Rev. Mr. Reede gave an interesting address. The sum of $116 was cleared and a social was held last evening, which raised the amount to a considerable extent.

At St. George's cathedral at two o'clock, Monday afternoon, Canon Starr united in marriage Miss Annie Ferris, daughter of Mrs. Thomas Ferris, North street, to William Henry Clark, son of W. H. Clark, Leeds township. The young couple were attended by Mr. and Mrs. James Cowan.

No. 7 hockey team, of Gananoque, has arranged for another friendly game with the Ramblers of Lansdowne, at the Arena rink on Saturday evening next.

The Winona Mission Circle held an old fashioned quilting bee in the church parlor yesterday afternoon. Tea was served.

Under the auspices of the local branch of the W.C.T.U., a mother's meeting was held yesterday afternoon in the lecture room of St. Andrew's church. Mrs. Welch, of Brockville, was present by invitation and gave an inspiring address along the line of work of the mother's department.

The Willing Circle of King's Daughters met on Tuesday evening. Rev. Walter Cox, rector of Christ church, was by invitation present to give an address to the society.

Mrs. (Rev.) A. E. Oliver and son, D. W. Oliver, spending a short time with relatives in Ottawa, returned home yesterday.

WHOLE TOWN QUARANTINED.

Smallpox Ties Up Mackenzie and Mann Lumber District.

Prince Albert, Sask., Feb. 20.—Practically the whole town of Big River, a hundred miles north of here, is under quarantine for the smallpox, following an outbreak among lumber jacks in camps surrounding the place which is the headquarters of the Mackenzie-Mann lumber interests. About thirty cases exist.

The quarantine is being strictly observed, and some local men who went to Big River on business last week were refused permission to return.

KILLS PRIEST IN CONFESSIONAL

Polish Workman Murders an Innocent Victim.

Muelheim-am-Ruhr, Germany, Feb. 20.—A visiting Catholic clergyman named Wengeler was shot and killed by a Polish workman in the confessional of St. Engelbert's church here. The murderer, who had asked to confess to the priest, was arrested. He declared he intended to kill the regular priest of the church.

No Betting in Utah.

Salt Lake City, Utah, Feb. 20.—The anti-bookmaking and pool-selling bill was signed by Governor Spry yesterday. The measure makes it a felony to place a wager of any description on a horse race, and provides punishment by a fine up to $2,000 or one year's imprisonment.

This Home-made Cough Syrup Will Surprise You

Stops Even Whooping Cough Quickly. A Family Supply a Small Cost.

Here is a home-made remedy that takes hold of a cough instantly, and will usually cure the most stubborn case in 24 hours. This recipe makes 16 ounces—enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for $2.50.

Mix two cups of granulated sugar with one cup of warm water, and stir two minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a 16-ounce bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps end a cough.

You probably know the medical value of pine in treating asthma, bronchitis and other throat troubles, sore lungs, etc. There is nothing better. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this formula.

The prompt results from this inexpensive remedy have made friends by the thousands of homes in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

LLOYD GEORGE'S HOME WRECKED BY SUFFRAGETTES

Country house of the Chancellor of the Exchequer at Walton Heath, Surrey, which is practically demolished by bombs placed therein by certain persons—the Scotland Yard detectives say suffragettes, and the suffragette leader, Mrs. Pankhurst says there are other people who have grudges against Lloyd-George in addition to suffragettes.

CANADA'S SECURITIES.

Large Sales Predicted by Investment Bond Dealers.

New York Times

Members of investment bond houses in the financial district who participate from time to time in the underwriting of municipal and public utility securities are looking for a reawakened market for Canadian bonds in this country. They do not expect a sudden flood of flotations, but a gradual placing of good sized issues in New York, Boston, Seattle, and other centres of financial operations. Bonds which would assuredly have been offered to British and Canadian investors alone a year ago, they predict will seek a market in the United States, where investment conditions are in much better shape than abroad.

Canadian securities have been having a hard time of it in London lately. A half-dozen or so municipal issues were open to subscription in January, and the first week of February and met with so poor a response that the underwriters had to take from forty to ninety-seven per cent. of them. Most of the borrowing was attempted on an interest basis of four and four and a half per cent., and the bonds were offered at prices which would not net the buyer five per cent. on his money. At the same time they were being placed before the public, several issues of railway and power company bonds of the dominion were taken by English bankers and easily disposed of at a figure which gave a return on the funds invested of considerable more than five per cent. The inference to be drawn from the foregoing transaction is entirely plain—the British investor is seeking a higher income than he used to, and the natural result, according to local bond men, will be the transfer of much Canadian financing to this country, where there exists a broader market for securities of various yields of income.

Canadian cities need to raise considerable capital in the next six months. It is estimated that $30,000,000 in long-term securities are ready for a favorable market. Several of the larger municipalities, including Montreal, have been supplying immediate needs through the medium of notes taken by the Bank of Montreal or placed in London, a hand-to-mouth method which is not likely to continue long. Montreal has held off for better than prevailing prices for a 4 or 4½ per cent. issue for so long that her corporate requirements will necessitate the sale of approximately $12,000,000 bonds in the near future.

Investment firms here hardly expect that any part of the Montreal loan will be placed in this country unless the financial indigestion abroad gives evidence of long continuance. Early in the year Quebec was able to sell in London $2,000,000 4½ per cent. debentures at an advantage, and it is expected by those in closest touch with Canadian customs of finance that the Montreal authorities will make every effort to equal the success of her sister city, despite the discouraging reception of other issues, and will wait for improved conditions in England as long as possible before going elsewhere.

Several other cities, however, have already turned from London to New York. Vancouver has disposed of over $1,000,000 debentures to Brown Brothers & Co., subject to certain legal requirements; Calgary has sold $950,000 4 1-2 per cent. school district bonds to W. A. Reid & Co., according to dispatches from Toronto, and J. L. Rosenbaum, of Seattle, has bought $135,000 debentures of Duncan, B.C. The city of Edmonton has been negotiating with a local firm for the sale of $1,230,000 debentures and Regina is considering the placing of about $650,000 bonds in this city. All of these issues are likely to be offered for subscription upon a 5 per cent. basis or better.

Ten years ago Canadian securities enjoyed an excellent market in this country, and conservative houses here predict a return to the conditions which prevailed then. The return to investors on municipal and public utility bonds of the dominion at that time was from ¼ to ¾ of 1 per cent. higher than on our securities of the same grade. The tide turned toward London because of a special effort made to interest British investors in the development of the provinces, and, as capital could be secured cheaper abroad it was but a short time before Canada was placing three-quarters of her loans in the Mother Country.

It is significant that in 1912 Great Britain absorbed no more than 72.13 per cent. of the total output of $230,782,000 Canadian securities of all classes, while the United States took 11.91 per cent., in contrast with 6.58 per cent. in the previous year. This figure constituted a high record for distribution in the United States. In reference to this movement, the Dominion Securities Corporation says, in its review of the 1912 bond market:

"Under the influence of the present season of political unrest many private investors in the United States are seeking Canadian investments. The tide of immigration is also having its effect, in that a community of interest is created between Canada and the United States—each coming into a better knowledge of the other. Large institutions in the United States are yearly sending representatives to study Canada as a field of investment. In this way the United States as a source of capital supply is annually becoming more important to Canada."

In commenting upon the growing tendency of Canadian raisers of capital to cultivate our market, a prominent bond dealer said yesterday that the cost of selling securities in London is an important factor. In addition to an underwriting commission of about 1½ per cent., charged by the British banker, there is a stamp tax, an "overriding" commission, and a charge by brokers who distribute the bonds. These expenses, naturally, make the cost of floating loans much higher than here where the only considerable item is the commission of the underwriters. An illustration of the manner in which a Canadian municipal bond issue was disposed of was contained in cable dispatches recently describing the marketing of $4,000,000 4 per cent. Toronto debentures, only 15 per cent. of which were subscribed for. The bonds were offered at 92½. Expenses were as follows, as contained in the despatches: for underwriting, 1½ per cent.; to Lloyds Bank, and Coates, Son & Co., the agents ¼ of 1 per cent.; to brokers on allotment, ¼; for advertising, ⅛; for stamp duty, ½; for overriding commission, ¼, making the total charges 3⅛ per cent. With the bonds selling at 92½ the city's proceeds on the transaction was reduced to 89⅜ per cent. of the par value of the bonds.

BECKER ISSUES STATEMENT.

Intimated New Evidence Will Win Him Record Trial.

New York, Feb. 20.—Former Police Lieutenant Becker, who is in the death house at Sing Sing, awaiting execution for ordering the assassination of Herman Rosenthal, in a statement today declared that new evidence has been found which, he believes, will win him a new trial and ultimate acquittal. His statement indicated that an attack will be made upon the testimony of "Jack" Rose, gambler.

Explaining why he did not take the stand at his trial, Becker said: "I believed that the state's witnesses were so discredited that no one would believe them." He denied that he desired to shield anyone in not taking the stand and added that he had no interest in the four gunmen.

"Has any fund been raised in your own behalf, or are you dependent solely upon your own resources?" he was asked.

"I have received no funds from anyone," replied Becker.

Played Hockey.

Westport, Feb. 18.—Miss Della McCann left on Monday for Philadelphia, Pa. Mrs. Peter Simms and Miss Edna, of Toronto, are guests of Mrs. Johnston, the former's mother. G. S. Conley and W. M. Barker were business visitors in Smith's Falls last week. Local sports enjoyed a fine game of hockey last Saturday, when the C.P.R. team played an exhibition game with the Westport seniors. The score was 9 to 4 in Westport's favor.

Robert Bremner Burned Out.

Passaic, N.J., Feb. 20.—Fire in the building occupied by the Passaic Daily Herald, an evening newspaper, wrecked the plant. Congressman Robert Bremner, the proprietor (formerly of London, Ont.), estimated the loss at about $50,000.

W. Murray, of Kingston, was starter.

Miss Palmer, assistant teacher in the public school here, laid up with mumps the past two weeks, has resumed her school duties. J. McAlonan is filling his ice house. The ice is about eighteen inches thick. M. Steacy, of Warburton, is visiting friends here the past few days. W. J. Berry, of Berryton, having sold his farm, will move here, to reside, having rented J. Murphy's residence.

Budget From Yarker.

Yarker, Feb. 18.—The ice harvesters are cutting and packing. The public school hockey team journeyed to Napanee last Saturday and met defeat at the hands of the school there by 6 to 0. The return match will be played on the 22nd at Yarker. A number of people attended the tea at Camden East. A kitchen shower was held at John Brown's, when the young people made Mr. and Mrs. Brown presents of useful utensils. The C. O. F. held an oyster supper last Friday evening. Mr. McDermott, of Toronto, gave an address in the Methodist church on Sunday last on temperance, showing what good local option has done in several places. Mrs. Howard and son, of Eden, are the guests of Mrs. Edgar. Mr. and Mrs. Winter spent Sunday last at Mrs. Brushingham's. Rev. Mr. McMullen is conducting revivals in Moscow. Miss Kelly, of Napanee, is visiting at Mrs. H. Goode's. Miss McKim, Switzerville, is at M. V. Lake's for a few days. Mrs. Franklin has returned home to Galt, after spending some time here with her sister, Mrs. E. Walker. W. H. Bryant, of Kingston, is visiting his uncle, E. A. Holland.

SURELY TAKE "SYRUP OF FIGS" IF HEADACHY, BILIOUS, CONSTIPATED

SWEETENS YOUR STOMACH, CLEARS YOUR HEAD AND THOROUGHLY CLEANSES YOUR LIVER AND 30 FEET OF BOWELS OF SOUR BILE, FOUL GASES AND CLOGGED-UP WASTE.

All those days when you feel miserable, headachy, bilious and dull are due to torpid liver and sluggish bowels. The days when your stomach is sour and full of gas, when you have indigestion; the nights when your nerves twitch and you are restless and can't sleep could be avoided with a teaspoonful of delicious Syrup of Figs. Isn't it foolish to be distressed when there is such a pleasant way to overcome it?

Give your inactive liver and ten yards of waste-clogged bowels a thorough cleansing this time. Put an end to constipation.

Take a teaspoonful of Syrup of Figs to-night, sure, and just see for yourself by morning, how gently but thoroughly all the sour bile, undigested, fermenting food and clogged up waste matter is moved on and out of your system—no nausea—no gripping—no weakness.

You simply can't have your liver inactive and your thirty feet of bowels constipated with sour, decaying waste matter and feel well. The need of a laxative is a natural need, but with delicious Syrup of Figs you are not drugging yourself. Being composed entirely of luscious figs, senna and aromatics it can not injure.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," Refuse, with scorn, any of the so-called Fig Syrup imitations. They are meant to deceive you. Look on the label. The genuine, old reliable, bears the name, California Fig Syrup Company.
