CRY FROM "UNDERWORLD."

Want to Co-operate in War upon Social Evil.

Albany, March 22.—A cry from the outskirts of the underworld, pleading for an opportunity to co-operate in the efforts being made to solve the social evil question, is voiced in letters to the special legislative committee appointed to draft remedial police legislation for New York city.

These letters among the thousands or more received by the committee from New York city officials, social and civic bodies and citizens generally, will be given serious consideration.

The committee was to have reported to the legislature Thursday, but Senator Wagner, its chairman, announced that further meetings of the committee will be held and the senate extended the time for receiving the report another week.

Senator Wagner has made public several letters received from the women of the underworld, who insist that they can be of assistance to the city if permitted to co-operate in their own way toward restricting and segregating the social evil. They claim this phase of the situation in New York is the source of all great evils.

They argue in support of the plan presented by the citizens' committee to the legislators proposing a social welfare commission, and pledge themselves to be of greater value to such committee than all of the social and civic bodies in New York.

FIREMEN WASTE COAL.

Unnecessarily Increase Their Labors on Locomotives.

New York, March 21.—The eastern railroads, on Saturday, tried to convince the arbitration board, which is to settle the wage controversy with the firemen, that recent mechanical improvements had lightened the firemen's tasks. W. E. Cavey, supervisor of locomotive operation at the Baltimore and Ohio, declared that the firemen made unnecessary work for themselves by uneconomical firing. He described best trips he had supervised during which firemen, under his direction, had attained the same results using from one-quarter to one-third less coal.

Request to Acadia University.

New York, March 21.—According to the deputy state appraiser's report, Dr. Charles F. Myers, of 311 West 84th street, who died in Boston on August 22nd, 1911, left an estate of \$265,255, of which \$132,000 was invested in New York city realty. By the terms of the will \$25,000 was given to Acadia University, Nova Scotia, for the establishment of a professorship of biology and zoology. The Newton theological seminary also received a bequest of \$17,000.

Escaped in Night Clothes.

St. Thomas, March 24.—The Commercial, a temperance hotel at West Lorne, was totally destroyed by fire on Saturday morning. Three women and one man, boarders, narrowly escaped with their lives in their night clothes by a ladder from the second story.

There will be no cases for trial at the Napanee assizes on Monday.

GRAND OPERA HOUSE.

"Baby Mine" Was Produced Twice on Saturday.

The very amusing play, "Baby Mine" attracted fair matinee and night houses to the Grand on Saturday. It again presented in a splendid manner, furnished food for much laughter, this story of the attempted adoption of three children by the young wife, on the counsel of friends. The principal quartette, Walter Jones, as "Jimmy O'Connell"; Benedict MacQuarrie, as "Alfred Hardy"; Marjorie Cortland, as "Zoie"; and Vera Rial, as "Aggie," left little to be desired in the discharging of their roles. Walter Jones has a place distinctly his own in the play which he justifies.

Owing to the company being an hour late getting to the city from Peterboro, on Saturday afternoon, the matinee performance was that much late in starting. But Manager D. P. Branigan provided entertainment for the patrons of his house by allowing the curtain to be raised, and the work of the stage staff in setting the scenery and preparing the stage for the first act, was thus witnessed.

"The Heart Breakers."

Mort H. Singer's latest musical comedy hit which will be seen at the Grand next Saturday, matinee and night, many song successes abound. Among those that are worthy of mention are "Your Eyes, Your Smile and You," "My Honolulu Honey Lou," "The Tale of the Bashful Bumble Bee," "I Had a Hundred Hearts," "The Songs You Used to Sing to the Girls You Used to Love," and many others. The cast is headed by George Damerel, who became famous through the "Merry Widow" waltz, and includes a perfect princess chorus. The piece is in two acts; the first takes place at the Saxton Club in New York, and the second at Mungler Castle, in the Adirondacks.

Death at Marysville.

Marysville, March 22.—On Saturday evening, March 15th, death came to give relief to Mrs. J. Brickley, after an illness of six months. Deceased had been a patient sufferer of cancer, and during all this time scarcely a murmur could be heard by those who faithfully attended her. Besides her sorrowing husband there are left to mourn, seven children, the youngest four years old. Always of a gentle and amiable disposition, Mrs. Brickley was loved and respected by all who had the pleasure of her acquaintance. She was forty years of age. The funeral took place on Monday, to St. Mary's church, where requiem mass was celebrated by Rev. Father Meagher, after which her remains were placed in the vault. The pall-bearers were J. Stack, James McAlpine, J. Campbell, T. McGinn, T. Toppings and W. Power.

Record Navigation at Brockville.

Brockville, March 22.—The ice broke in the river sufficiently to-day to enable the steamer Bigelow to resume her trips between here and Morrisburg which marks the opening of navigation on this portion of the St. Lawrence. The boat ran up to February 8th, so that the ice bridge, which then formed, kept her out of commission less than six weeks, which establishes a new record.

Austria Spoils It All.

London, March 24.—Just as the peace advocates expected to celebrate Easter week by obtaining peace in the Balkans, Austria stepped in with an ultimatum to Montenegro regarding some part of the territory captured from the Turks. There will likely be some more fuss.

You may often see a married couple cooing like turtle doves when really it is nothing but mock turtle.

Reid, minister of customs, providing for the free admission of Passover bread and matzo between March 24th and April 23rd inclusive, for use during the Passover season. The Hebrew residents of Canada will thus be able to obtain the bread they use during the Passover season, without payment of duty. Representations were made to the Hon. Dr. Reid by prominent Hebrew citizens, and the order-in-council which has just been issued is the result.

IN POSITION TO PROVE

That Late President Madero Was Stabbed to Death.

San Francisco, March 22.—Col. Manuel Blanche Alcala, publisher of the New Era, a Mexico City newspaper, generally regarded as the mouthpiece of the late President Madero's administration, has arrived here with the assertion that he is "in a position to prove" that Madero was stabbed to death and that Vice-President Suarez was strangled in the National Palace on the night of February 23rd, and their bodies taken to the prison in an automobile.

Col. Alcala asserted that the news of Madero's fate was known in Washington before the hour named in the official version as the time of the alleged attempt to rescue him.

No Hand Ever Touches Tillson's

In the first place, the choice oats used in the making of Tillson's are harvested, threshed and shipped to us without coming in contact with human hands.

Next, when they reach us, every step in the process of making is done by machinery, from the cleaning to the packaging. Even the English porcelain dishes in the 25-cent size are dropped in by machines. No hand touches them here.

Finally, with the package sealed up, no hand can touch Tillson's from the time they leave our mills until you open the package in your own home.

And when you do open it, you find it full of the most appetizing-looking flakes you ever saw—big, round flakes, rolled to a filmy thinness, and not one broken.
