You'll Sleep More Soundly
If You Keep Healthy With Dr. Morse's Indian Root Pills

The man or woman with a good appetite, sound digestion, and bowels and kidneys working right, is never troubled much with sleeplessness. It is when the bowels become constipated and the liver and kidneys sluggish that the trouble begins.

Lazy liver and constipated bowels quickly bring on biliousness, indigestion and sick headaches, making a sound, refreshing night's sleep impossible. Or the inactive kidneys allow the blood to become loaded with uric acid, which causes rheumatism, with all its sleep-destroying tortures.

Dr. Morse's Indian Root Pills, taken regularly, induce sweet and dreamless sleep by keeping all these organs active and regular. The headache disappears, the digestion becomes good again, the blood is purified and perfect health returns.

Dr. Morse's Indian Root Pills have been a favorite household remedy in Canada for over half a century, and they are in daily use throughout the world. Being purely vegetable they are safe for young and old. Made by W. H. Comstock Co., Ltd., Brockville, Ont., and sold by all dealers at 25c. a box.

"Little chicks are soon roasted"

Every cocoa manufacturer must remember this homely proverb or he'll scorch his reputation as well as his flavor.

Cocoa beans vary in size. If roasted together, the small beans would burn by the time the large ones were brought to the right flavor. To insure a perfect, uniform roast, the small and imperfect beans are removed.

Variations in weather, fertilizers, pickers employed and a hundred and one other things, all influence the quality of the cocoa beans. We therefore test each shipment of beans for flavor.

Only strict standards in buying, blending and roasting can insure the unmatched flavor that Mr. Lowney insists on.

You invariably find in Lowney's a full, exquisite richness to be had in no other cocoa.

Sold by grocers. In tins—10c to 50c sizes.
