TOWN OF GANANOQUE COMMENTS OF PRESS

MORE NETS SEIZED BY THE FISHERY OVERSEER.

Death of John Murphy, An Old Soldier—A Small Fire On Tuesday—Other News of the Town.

Gananoque, April 9.—Geo. Toner, fish and game overseer of this section, made another seizure on Monday of two sets of gill nets and a large number of rat traps, near Jones Creek, several miles east of the town. This makes eight sets of nets and upwards of 100 traps taken while in illegal use this season.

A small fire occurred at the barn in the rear of Mrs. D. D. Cowan's property on Brockhouse Hill, yesterday afternoon. The place was used as a storehouse. Very little damage was done.

John Murphy, for many years a resident of the town, passed away suddenly yesterday morning, being found dead in his bed. He was an old soldier formerly connected with the regular army. He leaves one son, John, and two daughters, Miss May at home, and Mrs. Alexander Dorey, all residents of the town.

The annual meeting of the Winona Mission Circle was held in the lecture room of Grace church last evening. Tea was served from 6 to 7 o'clock, after which the following officers were elected: Hon. pres., Mrs. C. H. Hurd; pres., Miss Hattie Conner; 1st vice pres., Miss Nellie Lake; 2nd vice pres., Miss Myrtle Smith; rec. sec., Miss Beatrice Atkins; fin. sec., Miss Lyle E. Hurd; cor. sec., Miss Gertrude Berry; treas., H. Eulalie Salter; delegate to branch session in Brockville, May 26th, 27th and 28th, Miss Sadie Meggs, alternate, Miss H. Eulalie Salter.

R. H. Gould, Toronto, has been appointed accountant on the local staff of the Bank of Toronto, to succeed H. Herfelder, appointed to the Montreal branch.

Hugh Thompson, who has been quite seriously ill for some time past has so far recovered as to be around town again.

M. Tomkins, who had his foot injured at the Bolt Works by the breakage of a pulley, is able to be out by the aid of crutches. William Johnston, Garden street, who was being quite ill, is able to resume his duties.

Lorne Trotter, Missburg, ill for some time past, has resumed his studies at High School. Judge Graham, of Milton, spent the past few days in town having been summoned here by the illness of his sister, Miss Gorham, Sydenham street. Miss Florence Taylor, spending the past winter in Toronto, has returned home.

ON HER FIRST TRIP

STEAMER RHODES FIRST VESSEL HERE FROM OUTSIDE PORT.

Arrived Light, From Toronto, and Had a Fair Trip—Will Leave on Thursday For Ogdensburg—No Lights or Buoys Down the River Yet.

To the steamer Rhodes, goes the honor of being the first vessel to arrive in Kingston from an outside port.

The Rhodes arrived at the dry dock, light, from Toronto, at noon, on Wednesday, and will leave on Thursday morning for Ogdensburg, N.Y. Capt. McLeod is in command, and he reports a fair trip. William Chartreau will act as pilot. The trip will be made all in daylight, owing to the fact that there are no lights or buoys down the river as yet.

The steamer Jessie Bain, which was owned by the Thousand Island and St. Lawrence River Steamboat company, and since the recent merger was absorbed with the other steamers by the Richelieu and Ontario Navigation company, has been sold to a party in Three Rivers, Que. She wintered at Crawford's wharf. The Bain is one of the smaller steamers in these waters.

The steamer New Island Wanderer was, on Wednesday, put on the Cape Vincent-Kingston route. The steamer Pierpont has been chartered for a few days to run the Wolfe Island ferry route. The steamer Wolfe Islander is laid up for repairs to her wheel.

IN SPORTING CIRCLES.

City Baseball To Be Organized Next Week.

The City Baseball League looks to be in better shape than was expected. Since Stanley Trotter has accepted the presidency things have begun to look promising. A meeting is called for Tuesday night, when some definite plan will be decided on for the season's games. The managers and captains of last year's teams will be present, and something is sure to be done.

No better stimulus can be administered to baseball men like a danger of the collapse of the sport, and when there is such a danger they are likely to get to business with more alacrity.

To Enter S.S.A.A.A. Series.

At a meeting of the young men of Sydenham Street Methodist church, held on Tuesday evening, it was decided to enter a baseball team in the junior Sunday School A.A.A. series. The following officers were elected: Russell Germain, captain; Walter Stewart, manager; E. Reynolds, secretary-treasurer. The team has a number of last year's players and has a few more comers.

Making First Tests.

The government analysis of water, which is being carried on at Kingston, began in earnest on Wednesday. D. Dallyn made his first trip down the river and samples of the water will be taken for the first tests. The apparatus is all in place and the laboratory prepared for the tests. The staff assisting Mr. Dallyn is working on charts of the waters about here and the river down as far as Ogdensburg, N.Y., showing the shore lines and indicating depths, etc.

The Canadian Pacific Railway company has commenced operations on the erection of large additional shops at North Bay, to cost \$249,000. "New Tabard Inn books." Gibson's.

ON THE NEW UNITED STATES TARIFF BILL.

How Canada Is Affected By The Lower Duties—No Benefit To The Farmers Says Toronto Globe.

In a statement accompanying the tariff bill, Chairman Underwood said the measure would, in the opinion of its makers, revise the tariff to a basis of legitimate competition, such as will afford a wholesome influence on our commerce, bring relief to the people in the matter of the high cost of living, and at the same time work no detriment to properly conducted manufacturing industries.

"In its tariff revision work the committee has kept in mind," he said, "the distinction between the necessities and the luxuries of life, reducing the tariff burdens on the necessities to the lowest point commensurate with revenue requirements, and making the luxuries of life bear their proper portion of the tariff responsibility. Many items of manufacture controlled by monopolies have been placed on the free list."

"The idea of the large extension of the free list for the unmanufactured products have been the fundamental conception, while the effort has been made to improve the status of boards, other than cabinet wood, have been carried to the free list, while sawed cabinet woods, which were 12.75 per cent. in 1912, are now 10 per cent.; casks, barrels, etc., which were 30 per cent. are now 14.77 per cent., and house furniture, which was 35 per cent., is now 15 per cent."

"Tobacco and spirits have been found to be good producers of revenue and have therefore been left at the same rates as in the present law."

"In the effort to relieve the consumers and to mitigate the high and rising cost of living, schedule G, which deals with agricultural products, has been thoroughly revised and important reductions have been made. For instance, the duty on horses has been reduced from 25 per cent. to 10 per cent.; cattle from 27 1/2 per cent. to 10 per cent.; sheep from 16 1/2 per cent. to 10 per cent.; barley from 43.05 per cent. to 23.07 per cent.; hay from 43.21 per cent. to 25.67 per cent.; fruits from 37.31 per cent. to 17.35 per cent.; live poultry from 13.10 per cent. to 6.67 per cent. Other changes are in proportion, and the general effect has been to reduce in a very material proportion the heavy taxes upon imported food stuffs."

How Canada Is Affected.

Hamilton Herald.

Our anti-reciprocalists will claim that their predictions have been verified, and that Canada will get from the democratic party, without the necessity of any concessions, all that she would have obtained by means of the reciprocity arrangement. This is hardly the case. The democratic free list is not nearly so large as was the free list in the reciprocity bill. And further, it should be considered that under the reciprocity arrangement Canada was especially favored, whereas under the new tariff she will share the advantages with all other countries. It is not at all probable that the acceptance of the reciprocity agreement by Canada would have saved the republican party from defeat last November; and it is not at all improbable that if reciprocity between Canada and the United States were now in force, Canada would have received specially favored treatment in the democratic tariff legislation.

It is by no means likely that the bill will go through congress as drafted. It will doubtless be subjected to some revision of the special interests. But it is hardly likely to be so much mutilated as to call for the presidential veto, and we may expect most of the reductions to stand. The U. S. tariff wall will then be not at all much, if any, higher than our own, and the situation will be favorable to negotiations between the government of the two countries for further reductions. The fact is that the reciprocity movement will be stimulated rather than impeded by the democratic tariff legislation.

No Benefit To Farmers.

Toronto Globe.

The proposed democratic tariff will be much less favorable to Canadian producers than the reciprocity bill of 1911. Under that measure practically all foodstuffs imported from Canada in the country in which they left the farmer's hands were made duty free, while heavy duties were retained against similar products from the Argentine and other agricultural countries. This gave Canada a preferred market in the United States for the products of her farms as well as the products of the forests, mines, and fisheries. The democrats are not wiping out the duties on natural products, and they are not giving Canada a preferred position, or making one in the Canadian market for their own similar products.

PLUMBERS AND TINSMITHS.

Will Receive Three Dollars For Eight-Hour Day.

Among the tradesmen to receive increase in pay this spring will be the plumbers and tinsmiths. Already some of the tinsmiths have received their increase. They were being paid \$2.75 a day of eight hours. Their pay has been increased to \$3 a day for the same number of hours. The plumbers have an agreement with the bosses that on May 1st their pay will be increased to \$3 a day, a raise of twenty-five cents, the same as the tinsmiths.

"Kentucky lawn seed." Gibson's. Clinton council offers a reward of \$200 for information leading to the conviction of the person or persons guilty of tampering with the local option ballots.

"Kentucky lawn grass seed." Gibson's. J. Wiley Donaldson, secretary of the North Vancouver Board of Trade, committed suicide by shooting. Financial worries led him to suicide.
