SIX AGED MINISTERS ENTERTAINED BY REV. AND MRS. G. I. CAMPBELL.
 Rev. J. Roadhouse, the Oldest of the Number—He Entered the Methodist Ministry Fifty-three Years Ago.
 Rev. G. I. Campbell, pastor of Queen Street Methodist church, and his wife entertained a number of superannuated Methodist ministers and their wives, at the parsonage, Colborne street, on Wednesday evening, in honor of Rev. J. E. Lidstone, who, on Wednesday, celebrated the seventieth anniversary of his birth. Mr. Lidstone was the recipient of numerous messages of congratulation from members of his former congregations. He received one hundred and sixty cards which expressed to him the good wishes of his friends.
 Among those who sat down to the supper were Rev. J. E. and Mrs. Lidstone, Rev. G. A. and Mrs. Bell, Rev. B. and Mrs. Pierce, Rev. W. K. Shortt, Rev. J. and Mrs. Roadhouse, Rev. William and Mrs. Craig.
 Mr. Roadhouse is probably the oldest Methodist minister in this district. He entered the ministry in the year 1860 and has done service all these years. Rev. Mr. Shortt is the next oldest pastor, having entered the ministry in 1863. Rev. William Craig comes third, having responded to the call in 1870. Rev. Mr. Lidstone has spent forty years in church work. Rev. G. A. Bell and Rev. B. Pierce both entered the service of God in 1876. Rev. Samuel Shibley, another of "the old guard," was unavoidably absent from the gathering.
 During the evening the party attended the prayer meeting at Queen street church. All the reverend gentlemen related their experiences in the ministry since the day of their consecration.

TO SUE NAPANEE COMPANY
 For Damages for the Death of George Hudson.
 Miss Addie M. Clancey, sister of Mrs. Jane Hudson, whose son was drowned a week ago at McCumber bridge, in Hinchbrook, was in the city on Thursday.
 Miss Clancey paid a visit to J. L. Whiting, K.C., on Thursday, and it is understood that action will be taken by the family of the deceased young man against the Napanee River Improvement company for damages.
 No new developments have arisen out of the supposed "gunpowder plot" at the dam. Some attempts have been made to investigate the matter, but up until the present no clue has been obtained as to the guilty parties.

Weather Notes.

POOR MOTHERS' RESPONSE
 To Request of Bishop For Hospital Bed Furnishings.
 A short time ago Bishop White, missionary bishop of the Church of England, diocese of Honan, China and himself, formerly a Kingston man, wrote home to Canadians a letter of appeal on behalf of the new missionary hospital for Chinese women and children, which he was about to open in his diocese. This appeal was read to the members of the St. George's brothers' meetings at one of their weekly gatherings in St. George's hall at the beginning of Lent and the mothers were asked if they would as a Lenten offering make the fittings and furnishings for two beds in this hospital.
 Most promptly and generously did the members respond to the appeal and albeit they are of those whose time is already well filled with hard and laborious tasks, the work was all taken up and distributed in one week. A week ago, all was brought back neatly and beautifully done. It consists of 24 sheets, 12 draw-sheets, 12 pillow-slips, 6 nightgowns, 2 bed-spreads, 2 flannel bed-jackets and 2 dressing gowns. Much of the work has been done by those too poor to afford themselves a sewing machine and the beautifully hemmed hand sewn seams on the long sheets bear eloquent testimony to the true spirit of charity and self-sacrificing labour implanted in the hearts of the members of St. George's mothers' meetings.

Kind To Russian Stranger.
 A young Russian, named Evan Noveck, who came to Kingston on Wednesday, to work in the feldspar mines at Bedford, was suffering with a severe attack of chills and fever as a result of catching cold on the boat coming across the ocean. He was without money and friends, and as fortune would have it, he fell in with good-hearted Karl Goldman. The young stranger could not speak a word of English, so Karl decided to take him to the general hospital. The lad was about eighteen years old, and rather under size. His peculiar Russian dress, coupled with his sad plight, made him the centre of interest to a number of people.

ENGINEERS AT CAMP CRAZED WITH DRINK
 QUEEN'S STUDENTS BUSY ON BARRIEFIELD HEIGHTS.
 Two Fainted at the Thursday Morning Parade—The Corps is at Present Engaged in Bridge Work.
 The first cases of sickness among the Queen's engineers, at camp, at Barriefield, were reported on Thursday morning. Two of the students dropped to the ground at early morning infantry parade. Reveille is sounded at 5:30 a.m., and the corps is on parade from six to seven o'clock.
 The students are enjoying the outing to the utmost. They have been issued with a number of blankets each, which protects them from the chilly nights. The men's lines are on the usual Army Service corps camp site. The tents of the staff and officers are located at the usual staff headquarters. Three marquees have been pitched back of the students' lines. Two are used for recreation purposes, and the other for recreation purposes.
 On Thursday a working party was engaged on the bridge being suspended at the granite quarry. Entrenchments and other work will be carried on at the end of the week.

Who Got the Parcel?
 A driver for the Canadian Express company was in a great state on Thursday morning on Clarence street on account of the sudden disappearance of a parcel out of his wagon. While the driver was delivering a parcel to a store on Clarence street he left another bundle on the seat. He was very much surprised on coming out of the place to find the bundle missing.

TEMPORARY BRIDGE OPENED.
 An Alderman Was the First to Drive Across.
 The temporary bridge which has been constructed over the Cataragui river during the past fall and winter to replace the old structure is being built, was opened for the first time about eight o'clock on Thursday morning.
 The honor of being the first to drive over it, outside of the vehicles engaged in working, belongs to Ald. R. F. Elliott. He was going over to Barriefield at that time. Artillery crossed later.

Should Take a Lesson From the Gananogue Battery.
 Last year the 5th field battery, of Kingston district, went to camp at Petawawa much under strength. Less than thirty horses, it seems, were on hand when the battery left, and the required number had to be hired at Pembroke. Whether this district dislikes battery work, or whatever is the cause of the weak battery, when there should be one of the best in the province, with the permanent instructional force right in Kingston, is not known, but the Gananogue correspondence tells that Major Russell Britton already has his men of the 8th battery drilling at the new Gananogue armoury, in preparation for the Petawawa camp in June. There is no apparent sign of the organization of the 5th battery, which, in the old days used to be a very warlike corps.
 It is said that men who own horses will not take them to camp for \$1 a day. It seems that at the Toronto and Ottawa camps last year, horses were paid for at the rate of \$1.50 a day. Here, however, the highest offered this spring is \$1.25 a day. Unless the figure is raised, the local battery may go to camp again under strength.
