IN MARINE CIRCLES

JAMES SOWARDS PURCHASED NEW TUG AND SCOW.

Heavy Fog On Lake, Wednesday Night, Kept the Fog Horn Busy—Schooner Ford River Taking Out First Cargo of Feldspar.—Notes Around Harbor.

James Sowards, coal dealer, of this city, has added a tug and scow to the fleet of Kingston vessels. Mr. Sowards purchased the tug Shanley, and scow, in Toronto. They are new and will be brought here at once.

The steamer Toller was towed to Garden Island, on Wednesday, where machinery was hoisted into her. She was brought back to the Kingston Shipbuilding company's wharf.

The tug Johnson towed the steamer Caspian from Swift's wharf to the Cereal company's wharf, at the foot of Gore street, on Thursday.

There was a very heavy fog on the lake all Wednesday night, and the fog horn was blowing all night. The fog was the means of delaying some vessels which should have arrived in port.

The steamer Sarnor, formerly the Britannic, was moved from her winter quarters, at Portmouth, on Wednesday, and is now at Crawford's wharf. The vessel will likely clear, on Friday, for the Welland canal.

The gasoline yacht Shibley is in port, taking on a general cargo of merchandise for Bath and Amherst Island.

The schooner Ford River is at Richardson's wharf, loading feldspar for Charlotte. This is the first shipment of feldspar to arrive in the city this season from the mines.

The sloop Ariadne arrived from Hong Island, with a cargo of pressed hay.

The steamer Eastwood, coal laden, from Erie, is due to arrive at the locomotive works to-day.

The steamer Sowards cleared for Oswego on Wednesday afternoon.

The steamer Advance will clear to-night, light, for Toronto, to load package freight for Fort William.

The steamer Windsor, coal laden, from Charlotte, passed Dickinson's Landing on Wednesday, on her way to Montreal.

Bodily Health Affects Character

Character, as well as success in life, depends very largely on the condition of the health. You cannot imagine a sufferer from indigestion being cheerful in disposition. Nor do you expect a person with exhausted nerves to be other than nervous, irritable, easily excited and short-tempered.

There was formerly much guess-work in the treatment of exhausted nerves, but since Dr. Chase's Nerve Food has proven so successful in restoring nerve force to the system there is no necessity for experimenting. Some experiments are necessary for the advance of science, but they need not be at your expense or your risk.

No one can develop good character and ability with nervous headache, indigestion and the depressing effect of an exhausted nervous system. There is always the dark cloud of nervous collapse, and some form of paralysis to look forward to.

Dr. Chase's Nerve Food is not a "quick cure"—no sedatives to lull the patient in the delusion that his pains are disappearing, no narcotic or injurious stimulants to exhilarate him temporarily at the future expense of health.

This food cure positively forms new, rich blood and builds up the most natural way the starved and worn-out nerves.

JACK JOHNSON FINED.

Mulcted \$1,000, and Forfeits \$2,000 Smuggled Necklace Also.

Chicago, April 24.—Jack Johnson, negro pugilist, was fined \$1,000 by Judge Carpenter in the United States district court, after charges of smuggling a \$2,000 necklace had been dropped, and the heavyweight had pleaded nolle prosequere to charges of concealing from federal officials the fact that he had jewellery in his possession.

The necklace was declared forfeited to the government, and probably will be sold at auction.

A Wonderful Discovery.

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think! As soon as a single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poisoning! Not one species of microbe has been found that Zam-Buk does not kill!

Then again, as soon as Zam-Buk is applied to a sore, or a cut, or to skin disease, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain. Mothers should never forget this.

Again, as soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath the skin's surface are so stimulated that new healthy tissue is quickly formed. This forming of fresh healthy tissue from below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and literally casts off the diseased tissue above it. This is why Zam-Buk cures are permanent.

Only the other day Mr. Marsh, of 101 Delorimer avenue, Montreal, called upon the Zam-Buk Co. and told them that for over twenty-five years he had been a martyr to eczema. His hands were at one time so covered with sores that he had to sleep in gloves. Four years ago Zam-Buk was introduced to him, and in a few months it cured him. To-day—over three years after his cure of a disease he had for twenty-five years—he is still cured, and has had no trace of any return of the eczema!

All druggists sell Zam-Buk at 50c. box, or will send free trial box if you send this advertisement and a 1c. stamp (to pay return postage). Address Zam-Buk Co., Toronto.

Good-bye to Wooden Pails.

Ottawa, April 24.—Owing to a shortage in the supply of good lumber, the E. B. Eddy company, Hull, will do away with the pulp and wooden pail department. It will likely start a plant for the manufacturing of cardboard boxes and containers.

Westbrook News.

Westbrook, April 23.—Mrs. Eliza Sprule returned home on Wednesday last after spending the winter in California. Mr. and Mrs. W. L. Grass are rejoicing over the arrival of a baby boy. Leo Kenny and his friend, Donald Roach, of Sault Ste Marie, spent Sunday at his home. Mrs. Sanderson, of Northport, spent last week with her mother, Mrs. G. Morley. Mr. and Mrs. B. Rose were recent visitors with friends at Lapum. A number from here attended the concert in Odessa on Thursday evening. Miss Lorraine Smith, of the city, spent Saturday at her home here. M. H. Grass, of Collins Bay, was a caller in the village on Monday last. Mr. and Mrs. G. W. Smith spent Thursday last with friends at Sydenham.

Presentation to Prof. S. Laird.

To show their appreciation of Prof. Sinclair Laird's interest in and willingness to assist them with their studies, especially since it has undertaken on their behalf additional work, the students of the Faculty of Education, at Queen's, presented him with a handsome fumed-oak study chair. To Inspector Stuart they gave as a token of their appreciation of similar services, an oak-framed picture. The gifts are emblematic of the harmony and good fellowship that existed between the students and teachers of the Faculty of Education during the past session.

Centreville Notes.

Centreville, April 23.—Percy Thompson is spending a short time here. The rural telephone line is about to be extended here. Owing to the splendid condition of the roads, it is feared that long-expected sidewalk will not be built. The pupils of Miss Hannah are enjoying a brief holiday. S. Hickey passed through here, on Tuesday last.
