

TOWN OF GANANOQUE

THE ODDFELLOWS TO HOLD A CELEBRATION.

On May 2nd, With Grand Master Evanston in Attendance. A Young Man Had Two Fingers Mangled by a Circular Saw.

Gananoque, April 26.—Gananoque Lodge, No. 114, I.O.O.F. will celebrate the 16th anniversary of the institution of the order in Canada on Friday evening next.

Capt. D. J. Kemp's gasoline ferry boat, Yennek, will begin her trip on the Gananoque-Clayton route on Thursday next and will carry the mail for the season.

Harry Baker, son of Mr. and Mrs. Alfred Baker, had his index and middle fingers badly mangled while operating a circular saw yesterday.

The Rockport Navigation Company's steamer, Missisquoi, will start her trips from Gananoque to Kingston on Saturday, May 3rd.

The Mission Band of Grace church in charge of Mrs. J. A. Jackson and Miss Maud Greer, held an entertainment last evening.

Court Thousand Islands, No. 66 C.O.P. will attend the interment of their late Bro. Alvan Hampton, who was killed Feb. 5th and whose remains have been in the vault ever since, at Gananoque cemetery on Sunday afternoon.

J. V. Markey, of Brockville, has taken possession of the boat and shoe business of J. H. De Wolfe.

The summer resorts at Tremont Park, Hay Island and Bostic Island are all being well renovated and gotten in readiness for an early opening of business.

W. J. McCullough, Toronto, is spending a short time in town. Mrs. Draper of the Victoria Avenue school is spending the week-end with Mrs. Medley, at Harfield.

Miss O'Connor is spending the week-end at her home in Kingston.

Dropped Dead at Marlbank. Marlbank, April 25.—Carman Young and wife are visiting at Napanee. Mrs. William Whalen dropped dead yesterday after a short illness.

The funeral was one of the largest ever seen for many years. Mrs. John Welsh and Mr. Fowler Tamworth, visited Marlbank Friday. George Tyner was here on business this week.

Robert Brown left for Belleville to-day. William Laughlin is visiting near Steeles, Miss Hattie and Miss Rozella McGrath, of Kingston, returned this morning, after visiting their sister, Mrs. Patrick Whalen.

George Young went to Kingston, yesterday to have his eyes treated. There is little hope of Mr. Young regaining his sight.

Contrast. R. C. Miller is in jail for not answering questions put by government members at Ottawa. Mr. Taylor refuses to answer questions relating to his gift to the Whitney government, and the government's corrupt acceptance of the gift. Mr. Taylor, instead of being sent to jail, is protected by the government majority.

Nervous Sufferers Often Look Well

While persons subject to disorders of the nerves are frequently thin and weak, such is not always the case by any means.

Many are of ruddy and vigorous strength and so healthy in appearance that they receive little or no sympathy.

In such cases the symptoms indicate trouble in the head and spinal cord. Though strong in a muscular sense, the nerves are affected, and spells of helplessness come over the sufferer. The condition is alarming, because the result to be expected is paralysis.

As in all forms of nervous exhaustion, Dr. Chase's Nerve Food is the treatment from which the best results are to be obtained.

You cannot sleep, and feel restless and irritable; you lack strength, and then a little extra excitement brings on a nervous collapse, and helplessness and discouragement come over you again.

It seems impossible to concentrate the mind and to apply yourself to the duties of the day. Yet your appearance is such that people are inclined to think you shamming.

Dr. Chase's Nerve Food will do wonders for you if you only give it a chance. Gradually and naturally it restores new vigor to the nerves and new hope and confidence to the mind.

Dr. Chase's Nerve Food

50 cents a box, 6 for \$2.50, at all dealers, or Edmondson, Bates & Co., Limited, Toronto.

WAR IN THE AIR

England Ready to Entertain Combat With Germany.

London, April 26.—As no official reply was made to Claude Grahame-Smith's declaration that England needed \$1,000,000 for airplanes unless she were to be hopelessly left behind by France, and, what is more important by Germany, it was generally taken for granted as the money was not forthcoming.

"The airman's fears has a basis of reality. However, according to the Times' military expert, this is not the case. He writes: 'We have 123 flying officers in the army, including 55 who have passed the highest test. We have 101 army aeroplanes including monoplane and biplane, and 100 by the end of May. We have a good type of military aeroplanes which is much liked by our flying officers, and we are certainly making progress now that money is as readily available.'

"The navy has 39 hydroplanes and 60 pilots, and we are procuring 77 machines and 75 pilots by July, and 100 by the end of the financial year. Some of these hydroplanes will carry guns and will be fitted with wireless ranging 50 miles, and Mr. Churchill proposes to establish a chain of hydroplane stations round our coast to co-operate in scouting with the aerial flotillas."

The amount to be spent on British naval and military flying in the next year is \$4,250,000.

Germany has decided to spend \$25,000,000 within the next five years on air fleets for its army and navy, or about \$7,500,000 a year.

Thirty new airships are to be added to the twelve Germany already possesses, and 250 new aeroplanes to the existing 150.

REPORTS FROM DENBIGH.

Death of John Vilneff—William Chatsoun Goes West.

Denbigh, April 24.—William Chatsoun left, this morning, for Edmonton, Alta., where he owns some town lots and is building a house. Oscar Chatsoun added to his real estate by the purchase of another hundred-acre farm from Mrs. Ernestine Stein. Several other farms have changed owners in the Slate Falls Settlement.

John Vilneff, who has been ill for several months, died last Monday, leaving his widow and a large family of children in very poor circumstances. Walter J. Slater, assessor of this municipality, has completed his work for the year and returned his rolls to the township clerk, J. S. Lane, who started his steam saw mill. He has quite a supply of raw material to work up again this spring.

Another party of farmers' sons, who have spent the winter in New Ontario, have arrived home lately, to assist their parents in their farming operations. Most of the farmers are plowing or seeding. Mr. and Mrs. Isaac Thompson, from near Kingston, paid a visit with the latter's parents, Mr. and Mrs. Henry Barton.

Archie McCallen, who spent the winter here with his son-in-law, J. S. Lane, left for Matawatschan and Renfrew, where he intends to resume his trade as plasterer as soon as the weather permits. Rev. G. Daehsel, of Rankin, conducted services in the Lutheran church on Sunday last. Otto Kleim, who suffered a heavy loss through the heavy windstorm of Good Friday, met with the further misfortune of losing a valuable horse a few days ago.

A STURDY YET ATTRACTIVE SCHOOL FROCK.

With the coming of warmer spring weather, the little girl will be more comfortable in this frock and the fresh new costumes will please her fancy also. This serviceable school and play frock is made of brown Holland linen with a simple design in Delft blue embroidered on collar and sleeves. The front opens over a narrow panel of white pique and blue silk braid is laced across panel through embroidered eyelets.

Even quite big girls wear short socks nowadays—weather permitting—and buttoned strap slippers for wear with the socks may be obtained with very low heels better than the flat sole for girls over five years of age.

WILLIAM PROUDFOOT, M.P.P. Who Risks Political Life in Making Charges.

Toronto Star. The man who has taken his political life in his hands by launching grave charges against the ministers of the crown, is a cautious, dry, lawyerly body, of Scotch-Irish stock. If the investigation about to be conducted into the actions of the premier and the provincial secretary fails to discover wrongful conduct, William Proudfoot, K.C., member for Centre Huron, will be compelled to resign his seat in the house, and retire in disgrace into private life.

But the middle-aged, sandy mustached, matter of fact looking man does not show any signs of worry. He has the legal mind and appears to be sure of his ground. William Proudfoot was born on a Huron county farm in 1859. He got his schooling at the Goderich public school, and from private teachers. At Osgoode Hall his standing was high, though not extraordinary. He was called to the bar in 1884, and set to work methodically to build up a law practice in his native country. Solid hard work won him a conspicuous success, and he has now the reputation of being one of the soundest, though not by any means the flashiest, lawyers in Ontario.

Mr. Proudfoot is well known at Osgoode Hall, the home of the Ontario supreme court. He has argued many an appeal and his reputation is that of a gentleman decidedly learned in the law. Liked by all his colleagues in the profession, his relations with the bench are of the most harmonious nature. The ordinary lay person would say that he is even tempered. A fellow-harrier might speak of his "judicial mind." It is said that a man in the right can afford to keep his temper, and that a man in the wrong cannot afford to lose it. Whether this idea has ever occurred to Mr. Proudfoot is purely conjectural, but it is fact that there is nothing irritable, boisterous, or hysterical about William Proudfoot, K.C. He is logical and determined, without being unduly self-assertive or unpleasantly aggressive.

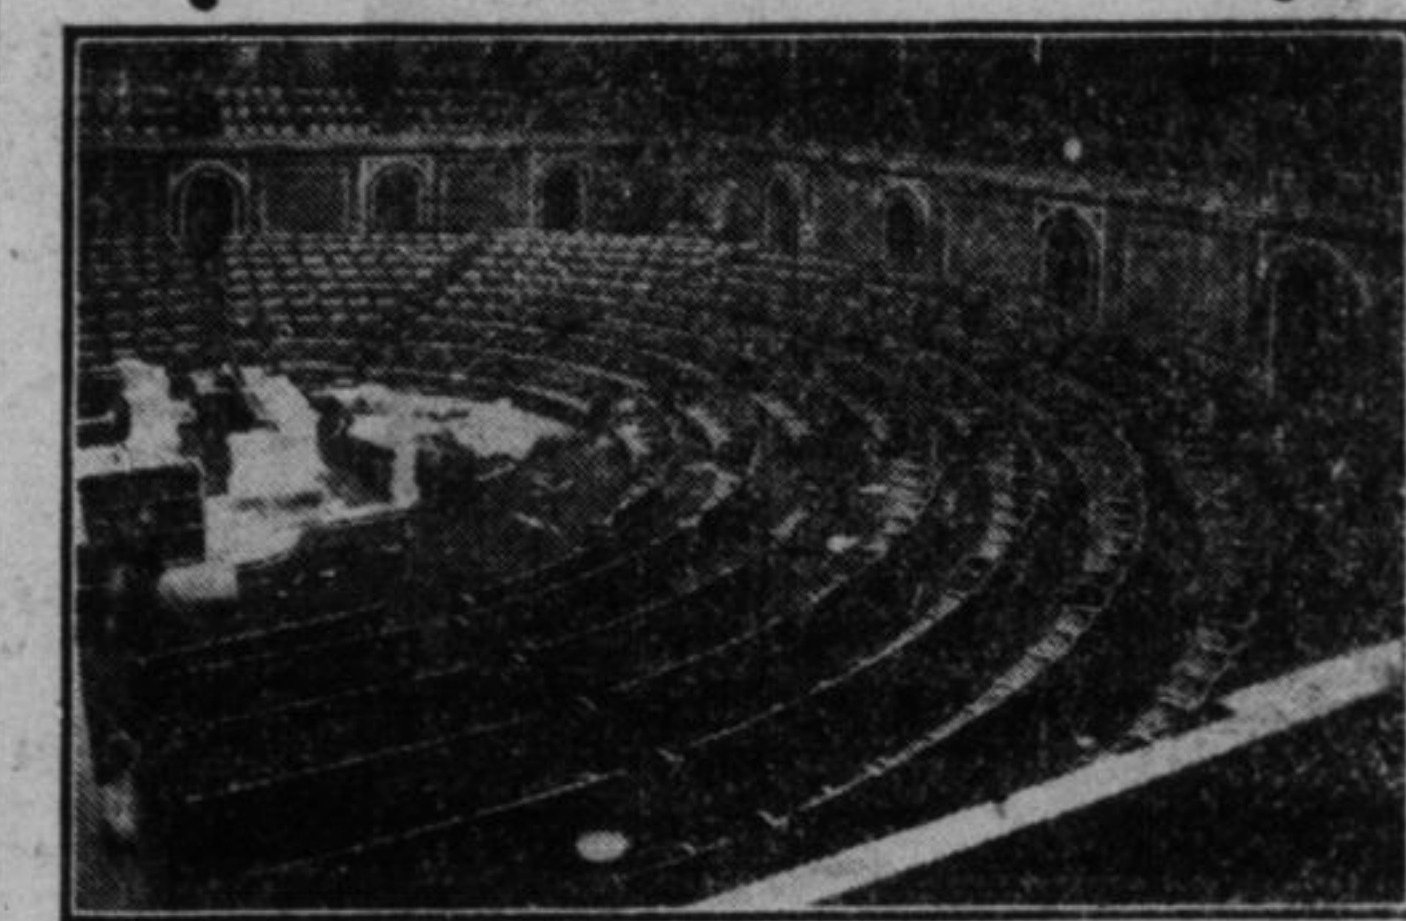

His active political career has not been a long one. He was returned for Centre Huron at the general election of 1908 and has held the seat

ever since. His rise in the house has been like his rise at the bar; quiet, but certain. His thorough grasp of legal and financial matters has made him one of the chiefs of the opposition. In the next liberal cabinet he will almost certainly be attorney-general. His speeches are masterpieces of dry reasoning. The only thing human about them is an occasional flash of sarcasm, which seldom misses its mark.

A Great Job.

Toronto Globe. The Huron & Northern Ontario railway is evidently a timber project. The railway owners will have the timber in their own hands through the old and simple process of controlling the highway. We are so accustomed to gigantic exploitations that neither the magnitude nor the enormity of an alienation of one million and a quarter acres of timber is fully appreciated.

The man who is called upon to carve the turkey never gets his proper share of sympathy.

CHANGED INTERIOR OF THE U.S. HOUSE OF REPRESENTATIVES. The interior of the House of Representatives, Washington, shows the new benches which have just been installed to take the place of the haire and desks formerly used by congressmen. The change was made necessary by the additional number of members of the new congress. The interior is now similar to the English House of Commons.

THE SPORT REVIEW

CAPE VINCENT YACHT CLUB SEASON'S PROGRAMME.

Toronto Baseball Club Gets a New Pitcher—Class is Beginning To Tell in the Big Baseball Leagues.

"Cozy" Young yesterday signed a contract to manage the Cleveland team of the Federal league.

Prof. Deagan, the Cornwall veteran lacrosse man, will likely join the Montreal Nationals.

Pitcher Walter Johnson has so far twirled twenty-six innings for Washington without a score against him.

Poulin and Rowe, who played hockey with Victoria, last winter, are lacrosse players of merit and will try out with either Vancouver or Victoria.

"Cozy" Dolan, who played third base for Rochester last year, is holding down the right field position for the Philadelphia Nationals.

Chase, the star first baseman of the New York Americans, is playing in the outfield. Manager Chance is holding down the initial corner.

The Boston world's champions are finding the going pretty tough in the American League. They have lost seven and won three up to date.

Class is beginning to tell in the National League. New York are on top with Pittsburgh, Chicago and Philadelphia next in line.

Toronto News: Apparently the Eastern district of the new amateur lacrosse body is going ahead in great style. Besides Perth, Almonte and Carleton Place they expect to have three teams in Ottawa and one in Prescott.

"Schoolmaster" Fisher, the New York Americans' pitcher, has discarded his spitter and in the future will depend upon speed and a fast breaking curve.

Hastings and Stirling are about the only Trent Valley localities that are appreciating the lacrosse revival. Hastings is organized and ready for the field.

Catcher George ("Mooney") Gibson has arrived in Pittsburgh, the latest addition to the Pirate hospital list, which has contained Byrne, Butler, Wagner, and others. Gibson sprained an ankle and was knocked unconscious when he crashed into the grand stand after making a sensational catch in St. Louis. He will be out of the game for a week.

Umpires of the American league will appear on the diamond immaculate in white flannels on special occasions. President B. P. Johnston says. One of these occasions will be May 17th when Frank Chance will be given a great reception at the White Sox Park. Umpires will appear in full dress on these days and when the president of the United States attends.

President McCaffery, of the Toronto baseball club, has purchased Pitcher Theo. Goulat from the New York Giants, and the new twirler should join the Leafs in Providence. Goulat was purchased by the Giants from the Mobile club, of the Southern league, and is a right-hander.

While a camel can carry a bigger load than a dozen men, a camel drinks nothing but water.

No, Cordoba, the matches made in heaven are never used for the purpose of lighting cigarettes.

Cleveland Bicycles advertisement with image of a bicycle and text: Here's the most popular bicycle in Canada, and deservedly so, because of its unusual combination of lightness, speed and strength.
