ITS DUTY TO DEFEND

STATE OF CALIFORNIA IN THE DIPLOMATIC STRUGGLE.

International Lawyers Declare That President Wilson From Now On Must Side With the State Against Japan.

Washington, May 6.—The Japanese embassy was supplied by the state department yesterday with a copy of the alien land owning bill passed by the California legislature, and the ambassador will employ the "time between now and Secretary Bryan's return to Washington in preparing a formal protest against the measure.

The embassy will make known the ground of its protest in a diplomatic note to Secretary Bryan. It is well understood that to settle the question, no matter what may be the point of objection, will require the action of the United States courts, and much consideration must be given to the procedure to be followed in arranging for a judicial test of the California law.

It will be for Secretary Bryan to determine whether the United States government itself shall become a party to a suit of this character, in the capacity of an intervenor.

International lawyers hint that the administration is in an exceedingly delicate position for the reason that, while apparently a champion of the Japanese cause through the secretary of state, before the California legislature, probably from this point on it must defend the California law against Japan in the diplomatic struggle about to begin.

If the department should adopt the California contention that the land law does not violate the existing treaty with Japan, then it might feel bound to refuse to submit the issue to arbitration by The Hague tribunal.

Furthermore it is contended that the United States government probably would be unable to enforce the decree of the tribunal in case it should be adverse to California if the American courts found that the state acted within its rights in enacting the law.

ORDERED OUT OF CITY.

Peddler Who Made Himself Disagreeable to Citizens.

For the past few days a peddler has been going around the city from door to door, selling his goods, or at least endeavoring to do so, but he had a very bad manner about him and it is no wonder if his business was poor. One habit he had was that of abusing people when they refused to buy or listen to his talk.

At a home on Division street Monday night, when told that the people in the house did not want to buy, and when the door was closed on him, he used abusive language.

A complaint was made to the police about him on Tuesday morning, and he was soon rounded up. He promised the chief that he would leave the city, and he was given a chance to depart. If he does not leave the city he will be placed under arrest and sent to jail.

WILL ASK PERMISSION

To Form a Cadet Corps at the Collegiate Institute.

At the meeting of the Board of Education on Thursday night, a deputation will wait on the members and ask that permission be granted for the formation of a cadet corps at the Collegiate Institute. There is no cadet corps at the collegiate, and those who have the matter in hand are very anxious that steps should be taken for the formation of one.

A big camp of all the cadet corps in the third division will be held at Barriefield from July 3rd to July 8th, and the desire is to have the cadet corps at the Kingston Collegiate Institute formed so that the boys will be able to take in this camp. It is expected that seven hundred will attend the Barriefield camp.

ITALIANS STRIKERS SHOT DOWN

They Were Trying to Stop Fellows From Working.

Syracuse, N.Y., May 6.—Seven Italian strikers were shot by the police, one is dead, another is dying, and six policemen are in hospital badly battered by bricks, clubs and stones, with the mayor preparing to call out troops.

THE CADET CAMP DATES.

Have Been Fixed For July 3rd to the 8th.

July 3rd to 8th inclusive, have been the dates announced for the second annual camp at Barriefield of the cadet corps of the third division. The school boys will go under canvas for the week a few days after the infantry and rifle regiments quit the ground.

Lieut.-Col. W. N. Ponton, of Belleville, will be camp commandant. The cadet corps will be brigaded into three battalions, under the command of Lieut.-Col. J. A. V. Preston, of the 46th Durham regiment. The three officers in charge of the battalions will be Major D. Barragar, of the 15th regiment, of Belleville; Major J. W. Odell, of the Cobourg Heavy Battery, and Capt. A. E. Bywater, of Trenton, a company commander of the 49th Hastings Rifles.

All these and the other officers in charge, many of whom are school teachers, are enthusiastic over the cadet system, which augurs well for a most successful camp. Last July's outing was decidedly enjoyable and instructive for the boy cadets, and bigger things are anticipated this year. Everything will be arranged for the safety and comfort of those who come to Barriefield. From the reports from corps headquarters about 700 boys will go under canvas at this time.
