100 PERSONS CURED OF ECZEMA

Within the past few months over 100 persons have written to the Zam-Buk Co. reporting their cure of eczema, rashes and skin diseases by Zam-Buk!

Does this not prove that Zam-Buk is something different? Don't you need it in your household?

Miss Mary McQuig, 913 St. Catherine Street W., Montreal, says: "I do not know words powerful enough to express my gratitude to Zam-Buk. Eczema broke out on my scalp and hands. The irritation of the scalp was so bad that I could not sleep or rest, and I feared I should have to have my hair cut off. On my hands the disease appeared in sore patches, the burning and itching of which drove me many times to spells of weeping. I went to the dispensary, but they referred me to a skin specialist, who said that mine was as bad a case of eczema as he had seen. He gave me some ointment, and then a second lot, but neither gave me any relief. "I was in a very bad condition when Zam-Buk was introduced, but I soon found out that it was different from all the other remedies. I persevered with the Zam-Buk treatment, and each box did me more and more good. The irritation and smarting soon disappeared, then the sores began to heal, fresh healthy skin grew over the parts which had been sore, and I am now quite free from all traces of eczema, both on head and hands. My hair has also been saved."

SHE SUFFERED TEN MONTHS

Mrs. Blankenship Tells of Her Restoration to Health by Lydia E. Pinkham's Vegetable Compound.

Elliston, Va. - "I feel it my duty to express my thanks for what Lydia E. Pinkham's Vegetable Compound has done for me. I was a sufferer from female troubles and had been confined in bed over one third of my time for ten months. I could not do my housework and had fainting spells so that my husband could not leave me alone for five minutes at a time. "Now I have been restored to health and it has come from taking Lydia E. Pinkham's Vegetable Compound. Whenever I see a suffering woman I want to tell her what this medicine has done for me and I will always speak a good word for it." - Mrs. ROBERT BLANKENSHIP, Elliston, Va., Montgomery Co.

Was Helpless - Now Well. Trenton, Mo. - "About two years ago I had female trouble and inflammation so bad that I was literally helpless and had to be tended like a baby. I could not move my body or lift my foot for such severe pains that I had to scream. I was very nervous and had a weakness. "Lydia E. Pinkham's Vegetable Compound has helped me to such an extent that I think there is no medicine like it for female troubles. I am up and able to do my work again and I give you full permission to publish my letter for the sake of other suffering women." - Mrs. W. T. PUGH, 133-10th St., Trenton, Mo.

CIVIL WAR VETERAN

POSED AS A MAN FOR SIXTY YEARS.

"Albert" Cashier, Former Inmate of Soldiers' Home, Was Taken to Insane Asylum and Discovery Was Made That "He" Was a Woman.

Quincy, Ill., May 5.—The commitment to the asylum for the insane at Jacksonville, of Albert D. J. Cashier, 69, revealed that the patient, a native of Ireland, a veteran of the U. S. civil war, and for nearly a year an inmate of the Soldiers' and Sailors' home here, is in reality a woman.

Her real name is unknown, her actual identity wholly lost in the passing of several decades, so although her sex is established as feminine, she must remain on the books entered in the masculine designation she has successfully carried for more than three score years.

Her history shows that she came to America as a stowaway during the first years of the civil war. To accomplish this she put on male attire. From that time she has never worn anything else, until now that her true character is discovered, she has been transferred from the men's to the women's pavilion and made to wear skirts.

It is known that when a call for volunteers was made in 1862, she presented herself at a recruiting station at Belvidere, Ill., on Aug. 6th, and was duly accepted and enlisted as a member of Company G, 95th Illinois Infantry, under command of Dr. E. N. Bush. Bush died in battle two years later.

She saw real action. She participated in the bloody battles and skirmishes preceding the fall of Vicksburg, and was present when Grant's army triumphed there. In all "his" war record shows that Albert D. J. Cashier participated in forty battles. Veterans who recall "him" always spoke of Cashier as a dashing young Irish soldier as impetuous and fearless as the traditions of "his" race would imply. She never, however, suffered a wound.

Col. J. O. Anderson admits that when the woman was admitted to the home he was aware of the secret of her sex, but says Miss Cashier was old and in want, and as there was no question of the war service that the woman had given to the country, he could see no reason for withholding from her the benefits of the home. So he agreed to keep the matter of her sex entirely in confidence.

ANOTHER MARRIAGE CASE.

Wife Alleges Desertion, But Husband Claims Invalidity.

Montreal, May 6.—The lax marriage laws in vogue in this province and the more or less uncertainty as to what constitutes a valid and binding marriage, is proving a fruitful field for separations. A new case is now before the superior courts. G. J. McFarlane and Miss Emily Watt, both of Montreal, were married several years ago in Chicopee, Mass. They resided there for a time, and then the husband, it is charged, deserted his wife. She was obliged to return to Montreal to reside, first with his parents and afterwards with her own son, though the defendant, she charges, visited her on two occasions and promised to provide for her and live with her again. His income, she declares, is at least \$10,000 a year, and she demands alimony at the rate of \$100 a month.

The defendant tells an entirely different story, and claims the marriage was invalid. He also claims he was under age at the time. McFarlane, who later went on the stage, appeared in Montreal a few weeks ago with the "Pinafore" company, and was arrested at the instance of his wife on a charge of non-support. The case is now before the courts.

JAIL FOR "BUNNY HUGGERS."

German Gets Six Months and Woman is Fined.

Berlin, May 6.—"Bunny-huggers" and "turkey-trotters" are faced with jail in Germany, just like the more dangerous "criminals" who wear projecting hat pins in Berlin. A workman in Bernburg and the wife of a comrade with whom he indulged in the forbidden German equivalent, the "Schiebe-Tanz," were arrested for the offense. The man was sentenced to six months in jail and the woman to a fine of fifty marks or six days' imprisonment.

Seaman Evans' Diary.

London, May 6.—Mrs. Evans, widow of Seaman Evans, one of the victims of Scott's Antarctic expedition, who received her husband's diary from the hands of Commander Evans, says that she is forbidden to publish the diary for two years.

FRENCH PREMIER ON WAR

Impossible to Disregard Preparations of Other Nations.

Caen, France, May 6.—"Who can neglect the lesson of recent events? Who, in a Europe where the risks of armed conflict have so far from disappeared that everywhere armaments are increasing, dare guarantee that peace is sheltered from all peril?"

The French premier, Louis Barthou, asked these questions in his address at the closing session of the National Congress of Societies of ex-scholars of public schools. The premier outlined the possibilities in the situation created by the Balkan war, which, he said, had destroyed the old equilibrium of Europe and raised new problems.

In all his references to the European situation, M. Barthou repeatedly observed that his words must not be interpreted in a pessimistic sense. France loved peace as much as any country, but, he declared, peace consistent with national pride and dignity, not peace born of war.

"Military questions more than others," continued the premier, "are the subject of changes, both unforeseen and ineluctable, because it is impossible for a country which wishes to preserve its rank in the world to disregard what is being done by other countries. It is not a question of allowing one's self to be swept along by a sort of contagious military mania; it is a question of duty and of defending one's self."

That is why, said the premier, the government is about to ask the chamber to vote for a three years' army service and had already decided to retain the contingent due to go out this year.

M. Barthou concluded with a eulogy of Joan of Arc, in honor of whom celebrations were held throughout France, as "the pure heroine of Lorraine, who saved the country."

Delightful Summer Resort.

The new log cabin camp hotel in Algonquin Park is located on the easterly shore of Smoke Lake, one of the largest and most picturesque of the park lakes, and is known as "Nominigan Camp." The word is (Ijibwa) for Indians, and is most appropriate for the region, which is rich in this aromatic growth. Here, on a point facing the south, and furnishing glorious sunset pictures across the lake to the west, has been built a log cabin hotel enterprise, similar to those of Maine of world-wide fame. There is a large central lodge or meeting place and in close proximity to it there are a series of individual log cabins, all built of cedar logs with the bark on, chinked with cement and moss and thoroughly in keeping with the natural beauty of their location. The central lodge and cabins are simply, comfortably furnished, and have modern conveniences, with bath rooms and hot and cold water. The large lodge is used for general rendezvous and dining room, and the log cabins furnish privacy for families or parties. This arrangement has proved a real success in many of the best similar resorts of the east. This camp on Smoke Lake is the first of a series of camps which will be established in the park by the Grand Trunk railway system under arrangement with the provincial government.

Rural Dean Suing C.P.R.

Brantford, May 6.—Rural Dean Wright, rector of St. Jude's church, who was injured some time ago on a C.P.R. train at Fort William, has entered suit for \$25,000 damages against the railway. Since the accident he has not been able to assume charge of his pastorate.

Shorter engagements, if followed by longer marriages, would help some.

"CASCARETS" MAKE YOU FEEL GREAT

A 10 Cent Box Will Keep Your Liver, Stomach and Bowels Clean, Pure and Fresh for Months.

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver, delayed fermenting food in the bowels, or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Salts, cathartic pills, oil and purgative waters force a passage-way for a day or two—but they don't take the poisons out and have no effect upon the liver or stomach.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will surely straighten you out by morning. They work while you sleep—a 10c. box from your druggist means your head clear, stomach sweet and your liver and bowels clean and regular for months.

DUNLOP THE ONLY BICYCLE TIRE IN CANADA NOT AN EXPERIMENT. Pre-season orders indicate that the widespread demand for Dunlop Traction Tread Auto Tires has likewise taken hold of Dunlop Traction Tread Bicycle Tires. 1913 will see nearly every bicycle equipped with Dunlop Tires. The big majority of riders will want the new tread—Dunlop Traction or Dunlop Special. The riders know in advance what these treads will do in the way of giving service and providing safety. Remember all the bicycles worth pinning your faith to are using Dunlop Tires as their standard equipment for 1913, and remember, again, that the foreign-made tire is just as much an unknown quantity as the foreign-made bicycle.

NOW, THEN, ALL TOGETHER—"SWAT"

CIVIC CLEANLINESS.

Town Dumps a Discredit to Canadian Towns and Cities.

Conservation Report has not advanced very far in Canada. The town dump, with all its tin cans, waste paper, old rags, and ash conglomerate is frequently as much a public institution as the town hall or the town council. For the sake of economy in cartage the dumps are frequently placed much too close to residential districts, and civic apathy permits them to remain there, and to grow in bulk and unsightliness.

Garbage must be disposed of, but why our civic authorities should not insist upon the burning up of much of the house waste upon the premises, either in the furnace or the kitchen stove, is something to be puzzled at. If there were more domestic tidiness in Canadian towns and cities in the way of destruction of many articles of house waste by home cremation, the gross saving to the municipality would be considerable and the town dump would be less in evidence.

Then, too, the "dump" should be supervised, and men should be employed in burning all such materials as paper, cardboard and other boxes, discarded matting, etc. This would result in the saving of space and prevent the scattering of the lighter materials by wind. Further the destruction by fire of as much as possible of the material brought to the dump would prevent to some extent the fly nuisance from that quarter. On the completion of the burning operations the health department should insist that all garbage should be covered first with a layer of lime, and then with clean earth, the latter to the depth of at least three feet. Of course in cities and large towns in-

generators should be installed and the dump should only be used as a repository for ashes and clean earth. Scrap should be sold.

The spring time is a good season to declare war on the town dumps and on filthy back yards and lanes. If the citizens can be aroused to demand action, the civic officials will very soon supply it.

New York To Lose Horse Cars.

New York, May 6.—The horse cars along Tenth avenue, the lower east side and cross-town, linking New York to a bygone age, have fulfilled their purpose and are to be replaced by storage battery vehicles. The public service commission has granted the application of the Belt Line Railway to make the change.
