DEATHS AT NAPANEE

JAMES B. RICHARDSON PASSED AWAY ON FRIDAY.

Burglars Entered Store of A. E. Paul and Stole \$30—Cheese Board On Friday—Other News of Napanee.

Napanee, May 17.—The death occurred on Friday morning of James B. Richardson, after but a few days' illness of pneumonia. Deceased was only ill since Saturday last. For a number of years deceased carried on a tailor business and was well known and universally respected. It is only about four months since his wife died of the same trouble. He leaves a large family of grown-up children. Mrs. F. E. Elliott, of Toronto, was called home early this week. The funeral will take place Sunday afternoon. Deceased was aged sixty-three years and three months.

On Thursday night burglars entered the store of A. E. Paul, Dundas street, and succeeded in getting about \$30 in cash. The entrance was apparently made through the front door by means of a skeleton key, and exit by the back door which was left open. Night Watchman Perry found the back door open on going his rounds about eleven o'clock and notified Mr. Paul, when the theft was discovered.

At the cheese board yesterday afternoon, 610 boxes white and 425 of colored were boarded. Sales, 370 colored at 19-7c; 265 white at 11c.

Mr. and Mrs. R. G. H. Travers left this week for a two-months trip to England. They sail from Montreal per steamer Corsican. Mrs. C. H. Bonnell and son, Fraser, of New York, are the guests of her mother, Mrs. J. A. Fraser. Mr. and Mrs. J. W. Hamby and Mrs. Dinner leave next week for New York, to be present at the graduation of their daughter as trained nurse. Mrs. Martha Finkle left yesterday to visit her son, in Providence, R.I.

On Wednesday, May 14th, Mrs. Phoebe McCay, relict of the late James McCay, died after but a few days' illness of pneumonia, aged eighty-one years and ten months. Deceased leaves two sons, George McCay, Pittsburg, Pa., and A. B. McCay of Toronto, both of whom were at her bedside. The funeral took place on Thursday afternoon. Deceased was one of the well known residents of Napanee and was highly esteemed. She leaves three sisters, Mrs. J. Doller, Mrs. N. Doller and Mrs. W. F. Hall.

Another old and highly respected resident in the person of Mrs. Adam Friskin, Richmond, died on May 16th, aged eighty-three years.

THE TOWN OF GANANOQUE.

M. Shurtliff in Kingston Hospital Ill of Blood-Poisoning.
Gananoque, May 17.—Rev. G. I. Campbell, pastor of Queen street Methodist church, Kingston, was in town last evening to address a meeting for men only in the lecture room of Grace Church.

Under the auspices of the Gananoque baseball club a well attended assembly was held in Turner's assembly hall last evening. This was an effort on the part of the boys to provide money for new suits for the season. They have been handicapped by the lack of suitable practice ground.

Miss Kathleen Wiley, daughter of Mr. and Mrs. Robert Wiley, North street, has taken a position as telegraph operator with the G.N.W. telegraph company, Montreal.

Miss Ruth Lowe, who has been spending a month at Wellington, the guest of Mr. and Mrs. Garnet Taylor, has returned home.

M. Shurtliff, an employee of the section gang of the Thousand Island Railway, was taken to Kingston for the fore part of the week for treatment for blood-poisoning at the General hospital. Later reports show that satisfactory progress is being made. Mrs. E. Schoenleber returned from a short business trip to Brockville to-day.

ALD. FAIR WRITES

With Regard to the Contentious Road Paving Question.

Ald. W. J. Fair has written a letter to the Whig with regard to the objection of the Canada Creosoting company, limited, protesting against the Board of Works' recommendation to the City Council that the paving contract be awarded to the Windsor Asphalt Block Paving company at \$2.75 a square yard. Owing to lack of space, the letter cannot be given in full.

Ald. Fair says the objections of the Creosoting company are unreasonable, and points out that the council asked for tenders for certain types of paving, including block, but the Creosoting company failed to tender. After the figures of the other tenderers have been made public, he claims it is unfair to permit any outside interference.

He says that the committee was in possession of reliable information damaging to wood block construction. Kingston, he points out, does not want to experiment or permit of juggling.

In places where he visited and where wood blocks were laid, Ald. Fair says that the pavement is slippery, and it was torn up in a western city and replaced by asphalt blocks, the same as Kingston now has. The United States Department of Agriculture issues a circular showing that asphalt block pavement is superior.

Ald. Fair concludes by hoping that the by-law carrying out the wishes of the large majority of the council for asphalt blocks will be passed without further opposition.

London, May 17.—The Bishop of Salisbury, speaking at a meeting at Marlborough, yesterday, to discuss the financial needs of the diocese, said:

Beware Toronto Water.

London, May 17.—For the benefit of likely visitors to Canada, and particularly to Toronto during the summer months, "Truth," this week prints the warning that "Visitors to Canada will have to beware of indulging in water-drinking when they are in Toronto. Many of the larger Canadian cities have water supplies which are not above suspicion, but Toronto has distinguished itself in a special manner in consequence of having used Lake Ontario both as a source of water supply and also as a receptacle for the sewage without placing an intake for one and an outlet for the other far enough apart."
