### IN BASEBALL CIRCLES

#### JUNIOR CITY LEAGUE BASEBALL TEAMS NEED MONEY.

And a Court Official Will Take Up a Collection on the Field on Saturday—C.L.C.'s And Athletics To Play the Senior Game.

Now that the City Baseball League executive has decided not to give the junior teams any financial assistance, a number of prominent baseball fans have taken the matter in hand and purpose getting the teams sufficient money to cover their expenses. At a recent meeting of the executive the junior teams send in a letter asking the executive to allow them twenty-five per cent of the collections taken on the field for club purposes, but this was refused.

Many citizens are very much interested in the junior series, and for that reason they will not see the younger players treated in this manner. The executive has refused to allow the teams to take a collection on the field, and the only method of support is for the members of the teams to go down in their "dip."

A prominent court official who has followed the game for many years, stated to the Whig on Thursday morning that it was his intention to take a collection on the field and divide it among the teams.

Any person who desires to see a good game should not fail to see the juniors play on Saturday.

The junior game on Saturday will be played by Park Nine and Sappolios. Somehow or other this game was omitted when the schedule was printed, and the president would like it to be known. The Park Nine will be much strengthened for the game, and the Sappolios, which also have a good lineup, are sure that they will also be able to defeat them, as did the Ponies on Saturday last. This will be an interesting game and those who like to see good baseball will not regret witnessing the game.

The game to be played in the senior series of the City Baseball League on Saturday will be between the Athletics and C. L. C. This promises to be an exceptionally good game and there is a possibility of the Athletics giving the C. L. C.'s a close run. Stokes, the veteran catcher for the Athletics, is expected to be in his position again, and Little, the pitcher for the same team will have considerable more practice before the game on Saturday. The game he pitched on Tuesday was good, and he is determined that he will even excel that when the two teams will play on Saturday.

There will be a practice of the Athletic baseball team on the cricket field this evening, and Manager Palmer desires the following players to be present: Stokes, Little, Spencer, Toland, Madden, Gother, "Joe" Ewart, "Josh" Ewart, Duncan, Wilson and Coyne.

**Y.M.C.A. Baseball.**

The warm weather has thoroughly imbued the baseball "bug" and last week he flew in among the Y.M.C.A. juniors and beginners and bit each member in a vital spot. No hope is held out for their recovery. They are talking, eating, and sleeping baseball. A three-cornered league was organized in jig time with the following teams entered: "Cubs," (Sam Vanatine, captain); "White Sox," (W. Marshon, captain); "Red Sox," (C. Baker, captain).

A schedule was prepared providing for two games a week, to be played on Wednesdays and Thursdays. The first game was pulled off on the cricket field on Wednesday afternoon, between the "Cubs" and "White Sox." The Sox carried the day at a 9 to 7 clip. The boys' play good.

**Youngster Stole Watch.**

There was a case in the juvenile court on Thursday morning, when a youngster less than ten years, was charged with stealing a watch. He was allowed to go with a reprimand as it was his first appearance before the magistrate. The lad stole the watch from a man who was boarding at his home, and then sold it to another boy for the sum of twenty-five cents.

**Need of Children's Shelter.**

A meeting of the Children's Aid Society was held on Wednesday afternoon. The meeting was presided over by the Rev. Douglas Laing, and those present were: Rev. A. E. Smart, Rev. John Fairlie, Dean Bidwell and Miss Macdonald. A discussion arose as to the city's duty of providing a shelter for homeless children. It will be seen what can be done in the matter.

**Absent-Minded People.**

There must be a great many absent-minded people who visit the Kingston market, judging by the goods the market clerk, William McCammon, has on hand from time to time. To-day he was looking for the owner of some vegetables and at the same time for the owner of a door key. Nearly every market day he has goods left on his hands. People who purchase goods and leave them in the market house to call for should not be so absent-minded.

**The Late Mollie Doggett.**

Mollie, aged twelve years, the adopted daughter of Mr. and Mrs. A. Doggett, No. 542 Albert street, after two weeks' serious illness, passed to rest at the general hospital, Saturday, May 31st. The funeral took place at 9 a.m. Monday, June 2nd, from Princess Street Methodist church. Thence the remains were conveyed to the family plot at Seely's Bay. The many floral tributes received show the high respect in which the deceased young girl was held.

**Seventy-four Dollars Per Square Foot.**

The property on the corner of St. Catharines and Mansfield sts., Montreal, was sold last week for over seventy dollars per square foot, and will probably change hands in a few weeks at around \$80 per square foot, as these business sites are constantly in demand. The Kingston investors who have got in on the Starnes, Holstead & de Pencier deal to purchase a big downtown Montreal business block should make a very substantial profit on a short hold.

J. M. and F. H. Hughes of the Bailey Broom factory are interested in the purchase of this property.

**Where is the Lad?**

If any citizen happens to see a young lad wandering about the city, who answers to the name of Albert Lamoureux, he would oblige the secretary of the Children's Aid Society, Rev. A. E. Smart, by letting him know at once. The lad in question is ten years of age and has dark hair. He arrived in the city on Monday and was looked after by the police, but unfortunately he stole a watch, and got out of sight on Thursday morning. He claims that he came from Montreal. When the lad arrived in the city, he was placed in an orphanage by Mr. Smart, but he refuses to be kept in confinement.

**In Memoriam.**

In loving remembrance of Dorothy Marguerite, only child of Mr. and Mrs. Truesman Potter, Jr.

Little eyes are closed for ever.  
Painless is the little breast.  
Little heart has ceased its beating.  
Little darling is at rest.

They have taken away our lambie,  
And they say that she is dead.  
To our bosom we will never  
Press that little golden head.

She's not dead, but only sleeping,  
And her waiting child is sweet.  
But to us how sad the waiting,  
Till our darling we will meet.

Open wide the gates of heaven,  
Let the angels sing within.  
On the wings of love she cometh,  
Let our little darling enter in.

A. M. Bateman arrived home on Thursday morning, having completed his course in Yale university, taking the degree of Ph.D. After a short holiday he will go to Butte, Montana, and other western copper fields for a two years' investigation of copper ores.

**Expert Tree Trimmers Here.**

A number of expert tree trimmers are at work on the trees at Queen's university grounds, which were broken by the recent storm. The men have a number of jobs at private residences. The city should take advantage and have the men repair the trees in the city park.

**Weather Notes.**

An area of high pressure now covers the Great Lakes and middle states while an area of low pressure is moving south-eastwards across the western provinces, from Ontario to the maritime provinces. The weather is fine and moderate, but fairly heavy rain is unsettled and fairly heavy. Rain has fallen in western Saskatchewan and Northern Alberta.

### AT THE POLICE COURT

#### THIRTEEN CASES BEFORE THE MAGISTRATE THURSDAY.

Ten Drunks Were Gathered in the Day After the Holiday—Many Fines Were Imposed—Man Charged With Damaging Property.

The police court, on Tuesday morning looked more like a scene "the day after a holiday," than two days later, for there were no less than thirteen cases on the docket. Ten of these were cases of drunkenness, two for an infraction of the liquor license act, and the other a charge of damage to property.

Richard Weinman was charged, by Sarah McPhee, with damage to property. It is alleged that he set fire to a floor and smashed some windows in a house occupied by the complainant. The accused was anxious to have an enlargement so that he could secure witnesses and the magistrate remanded the case for a day.

A young man admitted being drunk when on the "prohibited list" and was fined \$15 and costs. As "per usual" the accused did not know the name of the man who gave him the liquor.

Out of the bunch of drunks who tackled the magistrate only two stood up when the magistrate asked for those to stand up who had never been before the court before. The two who made their initial appearance were given a chance. Six were fined \$1 and costs, one was fined \$2 and costs, and one was remanded.

**NOT LIKELY TO BUILD**

The Proposed Flour Mill At Kingston.

Watertown, N.Y. Times.

Foster P. Rhines, of Farwell & Rhines, is greatly pleased over the proposed tariff changes in relation to wheat and flour. "We would have preferred a small duty on both wheat and flour," said Mr. Rhines, this morning. "but this change will be satisfactory. It is a vast improvement over the proposed free flour with a ten per cent duty on wheat. That if it had gone through, would have driven the millers out of business."

With this change in the tariff bill it is not likely that Farwell & Rhines will build their proposed mill on the Canadian side of the border.

## Over 350 Mark Cross Razors Sold in One Day

There must be in Kingston to-day over 350 satisfied customers who purchased these razors on Saturday, and who will admit that it is equal in every respect to any \$5.00 Safety Razor on the market to-day.

In February last the writer of this advertisement saw it advertised in New York City and recognizing the reputation of the Mark Cross Co., whose trade mark for the past sixty-eight years has stood for all that is best and high class, wrote and secured one, and after six weeks' constant use of the one original blade, found it to be not only the equal but the superior of any \$5.00 Safety Razor on the market.

Are you aware that one of the best advertised Safety Razors on the market to-day at \$5.00 was originally put out to sell at \$2.00 and the sale not proving satisfactory an appropriation of \$100,000 was expended in advertising and the price increased to \$5.00.

An honest doubter is generally a fair thinker. To those who doubt that a \$5.00 value razor can be put on the market for 25c. we would ask that they purchase one and if not satisfactory at the end of thirty days return it and get your money back.

We congratulate ourselves on being able to secure the sale of this razor and shall continue to handle same as long as men grow beards.
