

## WILL PEOPLE CONDONE THE GROSS MISCONDUCT

### Of Whitney Government Asks N. W. Rowell.

### UTTERS A PROTEST AGAINST MISREPRESENTATIONS OF THE PREMIER.

### With Regard to the Abolish-the-Bar Policy—Government Forces Voted Down All Resolutions Leading to the Curtailment of the Liquor Traffic.

Special to The Whig. June 12.—"Are the people of Ontario less sensitive than the people of Hungary on questions affecting the honor of our public men and the honest administration of public affairs? I do not believe they are."

"This was one of the interesting statements made by N. W. Rowell, K.C., M.P.P., in his speech at the monster East Elgin picnic, held here this afternoon. Mr. Rowell was referring to the recent newspaper reports announcing that the Hungarian cabinet had decided to resign because it had been proven that the prime minister had accepted a payment from the Bank of Hungary, doing business with the government. Though he derived no personal pecuniary benefit from this money, which was devoted to promoting political party purposes, it was held that from a legal and moral point of view it was not permissible for a minister to accept any money from any concern doing business with the state.

"Except as to the amount of the contribution," declared Mr. Rowell, "and except that the payment was made in the one case to the prime minister and in the other to the provincial secretary, all that was established in the Hungarian case, Sir James Whitney and Mr. Hanna were forced to admit. The principles laid down in the case of the Hungarian cabinet applied equally to the Whitney government, with this important addition, that with the Whitney government the act was not only illegal, but was criminal as well.

"If such damaging admissions as have been forced from Sir James Whitney and Mr. Hanna had been forced from any cabinet minister in Great Britain, if any British cabinet had adopted such measures to block the enquiry into their conduct and suppress evidence, does anyone for a moment doubt that public opinion in Great Britain would have demanded their immediate retirement, and if they had refused to retire, their conduct would have wrecked the government of which they were members. It is no compliment to the people of this province to suggest that they will condone such gross misconduct.

His liquor policy. Mr. Rowell by no means confined his remarks to the Whitney-Hanna charges. He gave special attention in this speech to the temperance issue. He protested against the misrepresentations made by the prime minister in regard to the Abolish-the-Bar policy, and stated in definite terms exactly what the policy meant. By it every bar-room, that is hotel liquor licenses, would be wiped out, and the treating system would be

## The Rapid Spread of Advertising News

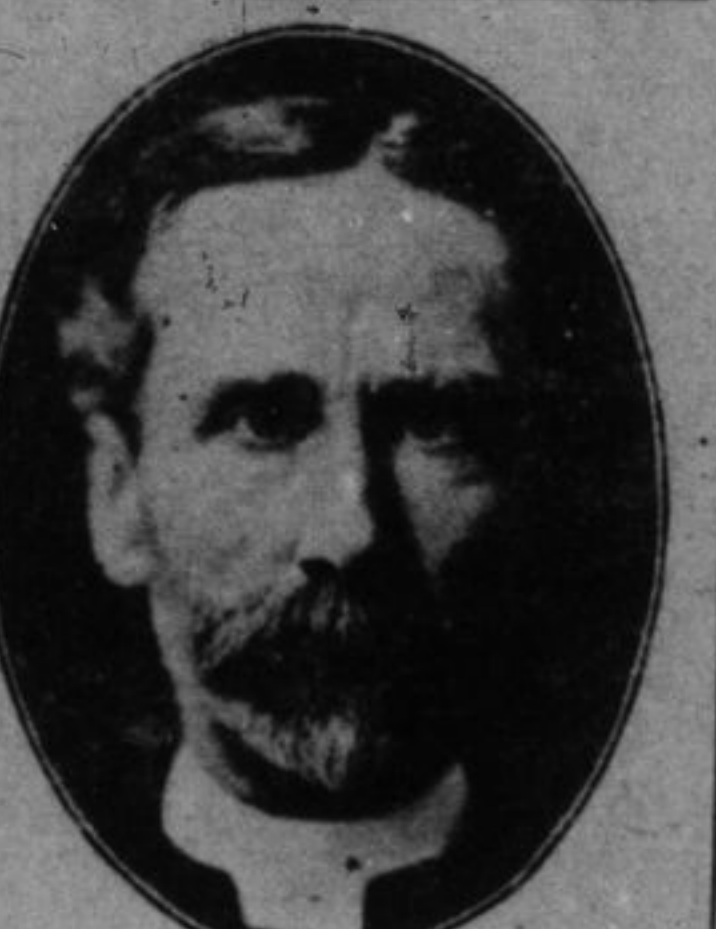

Many of the household articles in daily use in our homes, many of the perfected ideas in wearing apparel, and much of the advanced thought in living to-day would not now be benefiting humanity were it not for the advertising in newspapers like THE WHIG.

As a concrete example much to the point, a prominent manufacturer and distributor of a foot-form shoe for children—a shoe of special construction and down to the date features recently advertised in twenty of the leading cities of Canada for a period of four weeks.

At the end of that time he expected such a demand for this shoe that he has been unable to fill his orders on time for many weeks.

The public who read his advertisements in an intelligible short time learned to its profit, about something that benefited it. Something that filled a real need, and responded by practically doubling the manufacturer's business.

By this systematic series of advertisements the producer, the retailer and the consumer were helped. This is just one case. There are hundreds like it.

REV. DR. G. W. GORDON. Who has contributed \$10,000 to the aged and infirm ministers fund of the Presbyterian church.

abolished. As to the shops at the present time, they exist in only about one-tenth of the municipalities of the province. The liberal policy, therefore, would mean in nine-tenths of the municipalities the complete abolition of the retail sale of liquor. In the remaining one-tenth where shops now exist they would be subjected to further restrictions and would be wiped out by local option where the electors so decide.

Mr. Rowell referred to the unanimous declaration of war against the liquor traffic and its evils made by the recent pre-assembly congress of the Presbyterian church in Canada, and to the similar action being taken by the Methodist conferences, the Baptist conferences and the Congregational union, as well as that at "it is for you," he said, "to make your choice between the two parties on this issue. The tar recognizes no political or social distinction. It curses the home of the conservative as much as the home of the liberal." He went over the definite resolutions moved by the liberals on various points leading to the curtailment of the traffic at the recent session of the legislature and showed how the government forces had voted them down.

In conclusion Mr. Rowell reviewed the work of the last session, showing by definite examples how the liberal party stood for progressive policies and that the Whitney government stood for reaction. Among the progressive policies submitted by the liberals during the session he included tax reform, workmen's compensation, adequate factory laws, prohibition of combines, the extension of the municipal vote to married women, contrasted with the conservative action in extending the vote to corporations, the extending of the provincial vote to women who now hold the municipal franchise, the problem of rural depopulation, and opposition to the alienation of over one million acres of the public lands, ready taken by the Roman Catholic church and the Church of England in Canada.

## BRITISH PRINCESS FOR PRINCE OF WALES

### The King's Son Likely to Marry One of His Own Race.

London, June 12.—It is stated here that it has just been decided that it is desirable that the Prince of Wales shall marry as soon as possible after he reaches the age of twenty-one.

In the meantime the list of eligible princesses of Europe is being carefully examined. It is laid down that His Royal Highness must marry a Protestant princess. This narrows the field of selection considerably.

During the next year or two the prince will visit each of the Protestant courts of Europe in turn. It is more than probable, however, judging from matters as they now stand, that His Royal Highness will ultimately marry a British princess nearly his own age, thus following the example of his father.

He will pay another visit to Germany this year, leaving London during the last week of July and remaining away three weeks.

Subject to certain necessary limitations, the prince will be given a completely free hand in his choice of a bride.

## THE POPE WAS CHARMED

By Moving Pictures of Niagara and Thousand Islands.

Rome, Italy, June 12.—"We want to go to America and see these things," said the impetuous declaration of Pope Pius when, with his master and attending cardinals, he watched Niagara Falls roll over its cataracts in a moving picture machine installed in the vatican garden. He was also much inspired by the pictures of the Canadian Rockies, mountains and scenery around the Thousand Islands.

\$12.50 suit sale at Bibby's. The Toronto Anglican synod decided on Wednesday to raise the episcopal endowment to an amount which will in time produce at least \$6,000 for the bishop's stipend.

## THE REVISED LIST. Changes Made Since The First Draft Issued.

Sherbrooke, June 12.—The final report of the stationing committee was made to the Montreal Methodist conference yesterday. There are not many changes from the first draft.

Montreal, North district, C. D. Baldwin, Eastern—D. Mick, Shawinigan Falls, L. Sheldon Troop.

Montreal, South district—Point Fortune, Thomas Handcock, Ormstown, Albert Matthews.

Matilda district—Troquois, A. H. Visser, Matilda, E. W. S. Coates, Inkerman, William Philip, B.A., B.D. Chesterville, W. H. Stevens, Morewood, E. C. James, Avonmore, J. W. Charlesworth, B.D.

Brockville district—Prescott, William Howitt, B.A., B.D. Malorytown, J. W. Crane, Westport, C. D. Baldwin, Frankville and Toledo, A. E. Hagar, M.A.

Kingston district—Cataract, L. M. England, B.A.

Perth district—Carleton Place, W. H. Spaulding.

Ottawa district—Earley, Que., J. A. Vaughan, Carp, E. R. Kelly, Manotick, L. H. Fisher, S.T.L.

Quebec district—Sherbrooke, G. A. McIntosh, B.A., B.D. Theford Mines, T. P. Shayer.

Stanstead district—Compton, Malcolm S. Leigh, Georgeville, William Pimlott, Barnston, C. R. McLaughlan, Magog, Telesphore Roy.

Waterloo district—Waterloo, S. E. Newton, Thomas Rennie.

Walker's Falls, Ont.—Supernumerary.

## OTTAWA'S SOLDIERS AFRAID TO "TREK"

### The 43rd Regiment of Capital Wants Something Easier—Prefers to Camp at Petawawa.

Ottawa, June 12.—So far nothing definite has been received from Kingston headquarters regarding the 43rd's application for camp at Petawawa or the proposed "trek." The 43rd opinionated that the "trek" under certain conditions was hardly practicable. As the 43rd and the four other regiments grouped with them for the "trek" are grouped also for camp, if these other regiments take kindly to the "trek," it means that the 43rd would have to go elsewhere than Barriefield for camp. If, however, they all decide on going to camp, the 43rd will also likely go to Barriefield.

All the Ottawa cadets will again be given six days' camp at Barriefield this summer, commencing with the 2nd of July. This not only includes the various cadet corps in the city but boy scouts and boys not attached to cadet corps who are over twelve years old.

## A BIG DEMONSTRATION.

### To Mark the Burial of Missy Willing Davison.

London, June 12.—With the exception of providing that the procession shall not pass the parliament buildings, the police have decided not to interfere with the suffragette funeral procession of Missy Willing Davison, the Derby suffragette, on Saturday. Leaders say it will be the biggest and most spectacular funeral London has ever seen. Militants from every corner will march in to join the parade. If she can leave the hospital and not be arrested by the police, Mrs. Emmeline Pankhurst will lead the cortege.

## STAYS A REVOLUTION.

### The International Fleet is Now in Constantinople.

Constantinople, June 12.—Intense excitement prevailed during the funeral of the assassinated grand vizier, Shevket Pasha, and the new grand vizier, Prince Said Halim, was guarded by heavy cavalry when he attended the ceremonies. Martial law has been declared and it is believed that only the presence of the international fleet in the harbor prevents another bloody revolution.

## They Threw Bombs.

Lisbon, Portugal, June 12.—With pamphlets advocating the overthrow of republican and the restoration of King Manuel, bombs were thrown from the upper windows of buildings at the municipal palace, to-day. Many were wounded. The would-be assassins escaped.

## GOVERNMENT HOUSE AT OTTAWA ALL UPSET

### Contractors at Work—What Will Duke of Connaught Do in Autumn?

Ottawa, June 12.—Plans have been completed for the \$150,000 addition to Rideau Hall, which means the larger part of it will be rebuilt. The contract will be let next week. There will be a new front of four or five stories with an imposing tower. The rear of the building is largely new, and with a new front the whole appearance of the vice-regal residence will be changed.

What to do with the Duke of Connaught when he returns in the early fall, as it has been announced in his plan, is worrying the authorities.

The caterpillars, millions of them, have possession of the grounds, while the contractors will be pounding at Rideau Hall. One of Ottawa's palatial residences may be rented, or else a series of suites may be secured for the duke and his numerous entourage at the Chateau Laurier.

We have taken the agency for Wilson marine motors. Sample can be seen at office, Bagot street, H. Milne, phone 542.

## THEY MAY SPLIT

### There is Cleavage in the Presbyterian Church

## OVER CHURCH UNION

### WEALTHY MEN ARE BEHIND THE ANTI-MOVEMENT.

### Their Efforts They Say Are Towards Preserving the Presbyterian Church and If Any Secession Occurs It Will Be the Union Forces Leaving for the Larger Body.

Toronto, June 12.—Prospect of secession, with its following evils of legal battles over property, similar to the disputes between the "Free" and "Wee Free" in Scotland, loomed up before the Presbyterian General Assembly, this morning, following a meeting of that wing of the church opposed to organic union with the Methodist and Congregational churches.

The anti-union organization is supported by some of the wealthiest men in the church and large funds will be available for fighting purposes. The leaders of the anti-union forces, all declared this morning, that their efforts were directed simply towards preserving the Presbyterian church and that if any secession occurred it would be the union forces away from the Presbyterian church to the new church.

## QUIT THE CABINET.

New York, June 12.—A cable to-day to the American says that Sir Edward Grey, foreign minister, has resigned, as he feels that the Marconi scandals, affecting certain members of the cabinet, reflected indirectly on himself.

The cable says that Sir Asquith has declined to accept the resignation. The resignation may be the beginning of the cabinet break-up prophesied for some time.

## ON WOLFE ISLAND FIFTY YEARS

### Richard Moore Came Out From Old Country Half Century Ago.

"Fifty years ago to-morrow I landed in Kingston and went over to Wolfe Island," said Richard Moore, one of Wolfe Island's best known residents, to his friends, at the regular meeting of the Frontenac Cheese Board, on Thursday afternoon.

Mr. Moore will, in a very short time, be seventy years of age. He is hale and hearty, enjoying the very best of health, and as his friends told him, is good for about fifty years more. Mr. Moore is one of the oldest members of the cheese board, and had the honor of commencing the first cheese factory on the island.

"Yes, I remember well the day I landed in Kingston," said the veteran. "I met a man who gave me a job on a farm on Wolfe Island, and there I located, and have been there ever since."

Speaking about the making of cheese, Mr. Moore stated that a great many changes had taken place in the business.

"I well remember the first batch of cheese we turned out in a tub," he said.

Mr. Moore smiled, when he recalled the handsome figure at which he hired with the farmer. He received \$4 per month and his board.

"Men would want about that much per day at the present time," remarked one of the members of the board, and others were of the same opinion.

Mr. Moore just happened to drift on to the island, as the man had a job for him, but he is not sorry over the choice he made, as he thinks the island is O.K.

It would be hard to find a more active man for his age than Mr. Moore. He can jump over a five-bar fence to-day just as well as he could at the age of nineteen, when he landed in Kingston. His friends wish for him many more years of good health and prosperity.

The Salvation Army chapel, Brockville, recently built and some what like the one to be erected in Kingston.

## TO STAND HIS TRIAL

### For Alleged Murder of a Man In 1902.

Juneau, Alaska, June 12.—Joseph Macdonald, a wealthy mining operator, of Guanajuato, Mexico, arrested last December and brought to Juneau to stand trial on a charge of murdering N. C. Jones, a mission worker, when Macdonald was superintendent of the Treadwell mine in 1902, was admitted to \$50,000 bail by District Justice, Ousefield.

Macdonald is alleged to have murdered Jones because the missionary insisted that Macdonald should close the mill on Sunday if he wished to avoid the wrath of God.

A coroner's jury exonerated Macdonald, who went to Guanajuato, where he became general manager of a mining company.

When Macdonald was brought to Juneau from Mexico he paid all the expenses of the marshal's party and a small army of witnesses.

## Strike Chiefs Imprisoned.

Ipswich, Mass., June 12.—Three Industrial Workers of the World, two of whom are officials and the third the wife of one of them, are held without bail on the charge of murder as a result of Tuesday night's strike riot in which one woman was killed and seven other persons were seriously injured.

Sixteen other persons, including several women and girls, were charged with rioting or assault, bonds of \$2,000 being required for the former offense and \$300 on the latter allegation.

## THE WOMAN FORGER IS RUN TO EARTH

### Arrested at Spencerville for Cash- ing Raised Cheques on Banks.

Chesterville, Ont., June 12.—The woman cheque artist, who, it is alleged, secured \$700 from the local branch of the Bank of Ottawa, was arrested at Spencerville, J. C. Craig, manager of the bank, immediately left for Spencerville and identified the woman. She gave her name as Freda Helena Howard, but since her arrest has given the name of Mrs. McKenna, of Renfrew.

The woman is also alleged to have swindled the Bank of Toronto branch at Brockville out of \$400, and a warrant for her arrest is held by the police there. On her person was found \$186, and she said she had sent the remainder of the money to her husband at Renfrew, Ont. The woman will be arraigned before the magistrate.

## TO RESIGN HIS SEAT.

### Lloyd George's Secretary to Abandon Parliamentary Career.

London, June 12.—Capt. Eliot Crawshaw Williams, M.P., private secretary to Chancellor of the Exchequer, Lloyd George, who is named as co-respondent in the divorce suit of Mr. Carrington, H.P., against his wife, has decided to resign his seat in parliament.

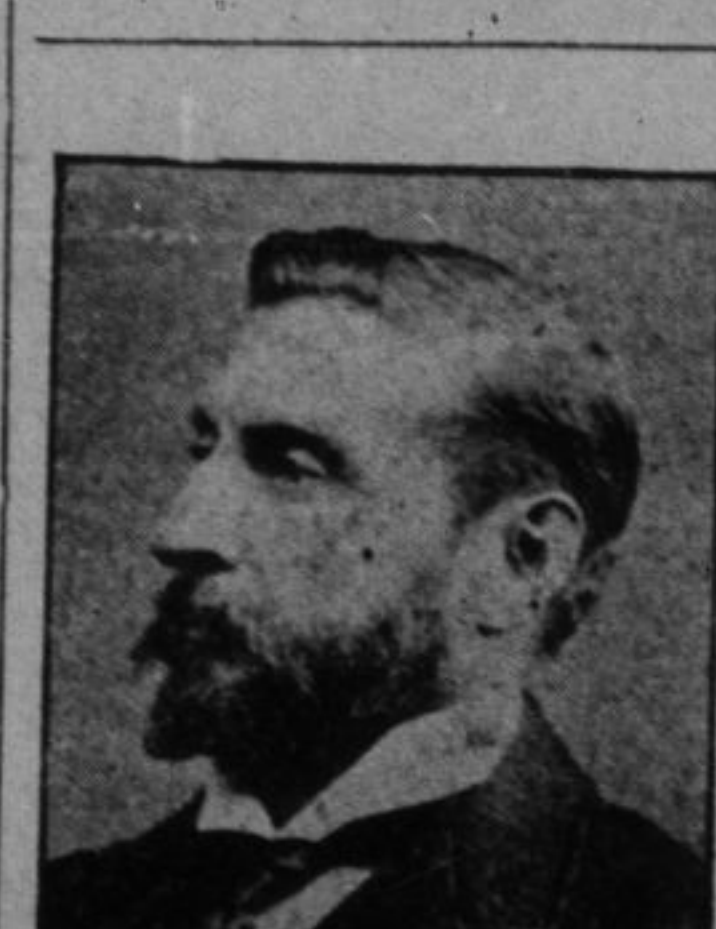

## "Quaker Oats" Attacked.

Chicago, June 12.—The Quaker Oats company, the so-called oatmeal trust, controlling ninety per cent. of the oatmeal products and by-products of the country, was attacked by the United States government in a civil anti-trust suit filed here charging a monopoly.

The new grand stand, with the old stands on either side, the main building and the district buildings at the exhibition grounds, Regina, were totally destroyed by fire Wednesday night. The loss will be about \$100,000.

At Rochester, N.Y., Governor Sulzberger and Theodore Roosevelt spoke from the same platform in the interest of the governor's direct primary plan.

## THE FINISHING TOUCHES TO THE TRENT CANAL

SIR RIDER HAGGARD. Who, in his recent writings has shown the need of agricultural organization in Canada. He says that Canada's crying need is to get back to the land and that the one department of the west which needs close attention is agriculture.

### Eleven Million Dollars Spent to Present Time.

### FIVE MILLIONS MORE ARE NEEDED TO COMPLETE THE CANAL.

### Toronto Firm Gets Contract For Forty Double-Lock Gates—Twenty Years of More or Less Continuous Work.

Ottawa, June 12.—After twenty years of more or less continuous construction work the finishing touches are now being put on the southern portion of the Trent Valley canal. A contract has just been awarded by the government to Roger Miller & Sons, of Toronto, for the lock gates on section three and four of the canal, thus completing the outlet to Trenton on the Bay of Quinte from Lake Simcoe.

Tenders will be called shortly for beginning the work on the northern section of the canal from Lake Simcoe to Georgian Bay, via the Severn River. The total expenditure on the canal so far has been about \$11,000,000. It will cost another \$5,000,000 to complete it and give a continuous six to seven foot waterway from Georgian Bay to Lake Ontario.

It is understood that the contract awarded to Messrs. Roger Miller & Sons, of Toronto, is for the construction and erection of forty double lock gates on the Trent canal between Trenton and a point forty miles further up the canal. The contract price was said to be \$250,000.

The work will commence at once and the contracting firm expect to complete the entire contract by the autumn of 1914, the completion of these gates so far as the forty miles affected are concerned.

Messrs. Miller & Sons are preparing to put up a plant at Trenton to carry on the construction work. This plant will be transferred from the present headquarters of the firm at Sault Ste. Marie for the purpose and will be kept steadily running till the work is completed.

### Gives Vassar College \$75,000.

Poughkeepsie, N.Y., June 12.—At the forty-eighth commencement of Vassar college President Taylor announced a gift of \$75,000 from Mrs. F. F. Thompson, a member of the board of trustees, for the establishment of a chair of political science, and a gift of \$10,000 for general purposes from Mrs. Mary Crossett Dodge, an alumna of the college.

## REVENUES CUT MILLIONS BY FREE TRADE

### Removal of Duty From Only Few Articles Creates Heavy Loss.

Washington, June 12.—Changes in the Underwood tariff bill by the Senate Finance sub-committee, transferring proposed dutiable articles to the free list, will aggregate an estimated annual loss in revenue to the government of nearly a million and a half dollars a year.

This curtailment of the total estimates for revenue under the house bill is only on articles known to have been transferred to the free list thus far upon sub-committee recommendations and does not take into account the decreases in duties which will be proposed on many articles in the various schedules. Added to the \$25,000,000 estimated loss in revenue under the house bill free list this would aggregate \$65,500,000.

Among the articles which the Senate sub-committee have added to the free list and the estimated revenues cut off are:

Pig iron, \$120,000; ferro manganese and manganese, \$125,500; hemp, \$78,400; live stock, \$583,000; wheat, \$200,000; photographic films, \$215,000; cedar wood, \$10,000; coal tar dyes, \$30,000; a total of \$1,417,900.

## BYE-ELECTIONS ARE NOT LIKELY TO OCCUR

### Until After the Present Situation Has Been Somewhat Cleared Up.

Ottawa, June 12.—The death of Peter Elson, member for East Middlesex, since 1904, creates a fourth vacancy in the Canadian House of Commons. The others are South Lascar by the death of Hon. John Haggart; Chateaugay by the death of J. P. Brown and South Bruce created by the translation of James J. Donnelly to the senate. It is not, however, considered likely that the election in any of the seats will be brought on until the present situation has cleared somewhat.

The bye elections, made necessary in these four seats, will, it is believed, give some indication of eastern political feeling. Two at least are good fighting ground, namely Chateaugay and South Bruce, while the other two are traditionally conservative.

Canadian strawberries every morning at Carnovsky's. "Ice cream bricks," Gibson's.

## THE FINISHING TOUCHES TO THE TRENT CANAL

### Eleven Million Dollars Spent to Present Time.

### FIVE MILLIONS MORE ARE NEEDED TO COMPLETE THE CANAL.

### Toronto Firm Gets Contract For Forty Double-Lock Gates—Twenty Years of More or Less Continuous Work.

Ottawa, June 12.—After twenty years of more or less continuous construction work the finishing touches are now being put on the southern portion of the Trent Valley canal. A contract has just been awarded by the government to Roger Miller & Sons, of Toronto, for the lock gates on section three and four of the canal, thus completing the outlet to Trenton on the Bay of Quinte from Lake Simcoe.
