DEAN STARR PREACHED

IN ST. GEORGE'S CATHEDRAL ON SUNDAY MORNING.

Gave a Summary of St. George's History and the Work It Had Done. The Secret of the Prosperous Church.

Dean Starr preached his introductory sermon as rector of St. George's Cathedral on Sunday morning. He took as a text Joshua 1: 8: "Then thou shalt make this way prosperous." He spoke of Joshua as leader of the host of Israel when Moses had passed on to higher service. Joshua's confidence was in Jehovah's promise: "As I have been with Moses so will I be with thee."

In assuming greater work and larger responsibilities a man felt a measure of self distrust, knowing his own shortcomings and inadequacies, however the assurance to Joshua was to all soldiers in God's army. The dean then recounted a brief history of St. George's, the work it had done and the men who had laboured, was enough he said, to call out the best in any man. "Other men laboured and we have entered into their labours" but the work of the present and future could only be effective if they were led by the spirit in the prosperous way.

The dean said: "We all love St. George's too deeply to permit us to feel other Georges too deeply and have toiled for more than deeply concerned for its spiritual health and influence in the future." He pointed out then that the first secret of prosperity was the consciousness of the presence of Christ. As God led Joshua, so Christ leads His Church to-day. His presence must be reverently sought and recognized if the work is to be effective. The second secret is a sympathetic unity. Love and openness, the great family ideal for this church, so Christ leads His Church to-day. A right relation to the neighborhood, the nation, is the third secret of the prosperous church. The church for the community not the community for the church. The speaker referred to dominion day and the splendor of Canada's inheritance, but its problem could only be solved in the light of Jesus Christ.

The church was to bring the touch of Christ upon the nation and the community. Another element of success was enthusiasm, sometimes we belittle it, but after all it means God within, and is the stimulant needed for all effective work. The dean pleaded for a deeper appreciation of the Bible and personal prayer, in the lives of his people and the means to equip for duty and opportunity. Concluding, he urged his hearers to be strong and of good counsel in facing the future. And by prayer and loyalty to strengthen his hands as rector, and by God's help to make St. George's a centre of spiritual power.

WORSHIP UNITEDLY

Denominations Combine For Services During July and August.

On Sunday the congregations of St. Andrew's and Chalmers churches held their first union service for the summer months, in the church of the former. Rev. Dr. M. Magillivray, minister of Chalmers, preached at both services, the numbers at each being large. During the remaining Sundays of the month the services will be held in this kirk, while in August Rev. S. J. M. Compton will preach in Chalmers. The congregation of the First Congregational and First Baptist churches have also adopted this procedure for the two months, the services being held in one place of worship in the morning and the other in the evening.

Yesterday Rev. E. LeRoy Rice the pastor of the Congregationalists preached at both services, from his own pulpit in the morning and in the Baptist building in the evening. Rev. D. Laing will take the services during August. The choirs of both churches unite and the attendance and interest generally is good.

BIBLE LECTURES GIVEN Concerning the Resurrection and the Judgment.

Free Bible lectures were held at the Red Mill theatre at 3 and 8 p.m. by J. H. Perrin, of the International Bible Student association. His subject was "The Resurrection and the Judgment," which was treated from a purely Bible standpoint. Mr. Perrin showed that the resurrection is the only hope of a future life held out for man in scripture and challenged any man, whether clergy or laity, to produce a passage from the scriptures to prove that man is immortal. He further declared that all were in the death condition awaiting the resurrection and that none but the church is judged now, but await the judgment at the second resurrection. Mr. Perrin advised all to read the six volumes of scripture studies published by the I.B.S.A. Lectures will be held next Sunday at 3 and 8 p.m.

CLEARED OVER \$1,500. At the Picnic in Aid of St. Mary's Separate School.

The picnic held on Dominion day at Brophy's Point, in aid of St. Mary's separate school, realized over \$1,500, so Archbishop Spratt announced to the congregation of St. Mary's cathedral on Sunday morning. His Grace stated that he hoped to have the debt on the cathedral wiped out before the end of the year. Next spring it is hoped to have the cathedral consecrated. At present, only the ceremony of blessing has been carried out, as consecration cannot take place while there is any debt upon the edifice.

BIG YACHT REGATTA. Opened at Macdonald's Cove on Monday Morning.

The L.Y.R.A. regatta opened at Macdonald's Cove, twenty-two miles west of Kingston, on Monday morning, when the first of the George cup races was to start, with the Toronto and Watertown clubs as contenders. There is a large gathering of yachtsmen in attendance at the rendezvous camp. Most of the Kingston yachtsmen went on Saturday. Owing to the gale the Chirya and the Little Nell were unable to get away Sunday or Monday morning, but hope to make a start later in the day. They do not race until Tuesday. The races will continue until Thursday afternoon.

Looking For Photographer. A number of Kingston young men, who attended the military camp at Petawawa are seeking the whereabouts of a photographer who visited the camp and took orders for pictures. The man in question took photographs of the different corps and was paid in advance. It is now two weeks since the photos were taken and no person has heard anything more of the man who took them.

Some of the men are "stung" to the extent of \$1, while others only gave him 50 cents, the price of one picture.

Princess Street Methodist Church. The music at both services yesterday was in charge of a male quartette composed of W. Mackay, Tinmerman, W. Woods and J. Dykes, who gave a musical treat to the large congregations. Rev. F. G. Robinson gave two fifteen minute sermons, the morning subject being "The Lamb of God" and in the evening "The Power of True Religion."

Big Gale on Sunday. The gale on Sunday was one of the biggest blows in a long time. A good many limbs were blown off trees, and the lake and river were stirred up as on an autumn day. The hot wave which had remained for nearly two weeks was "blown to Jericho," and displaced by a decidedly cool atmosphere, which was a welcome change.

At the Police Court. A young man, on the prohibited list, who recently served a term in jail, fell into the hands of the police again. On Monday morning the magistrate remanded him. He will be sent to the hospital for treatment. Another man answered the charge of being drunk, but was dismissed.

Disputes Claim of Morgan. The Catholic Register, of Toronto, claims that Rev. P. Moran, of Ottawa, who lectured in Kingston recently, and whose application for the use of the city hall again resulted in a discussion at the City Property committee last Friday afternoon, was never a priest.

White Rose flour pleases the most fastidious. "Boat and carriage sponges," Gibson's.

IN MARINE CIRCLES.

Movements of Vessels Reported Along the Harbor.

The motor ship Calgary passed down to Montreal on Monday morning with grain from Port Colborne. The barge Ungava, of the M.T. company, will likely be the next vessel put into the shipbuilding dry dock.

The steamer Toronto was down and up on Sunday. The steamer Caspian arrived in the city on Sunday afternoon, some hours late, due to a minor accident to her wheel. A party of Americans who had boarded her at Charlotte, N.Y., returned to that port on the steamer Toronto. The steamer Caspian cleared for Charlotte again, after repairs, on Monday morning.

The steamer Kingston was down and up on Monday. The tug Scout leaves for Prescott on Tuesday for supplies for the steamer or Simcoe, which is employed by the dominion government on the lakes service, and which is expected in port the middle of the week.

The steamer Rideau King cleared for Ottawa on Monday morning. The steamer Olcott, of the Oswego-Kingston line, went aground near Thousand Island Park on Saturday afternoon. The steamer Cornwall, of the Calvin company, was dispatched to her assistance, but before that vessel arrived the Olcott had released herself.

M. T. Co.'s wharf: Tug Emerson, from Montreal, with three light barges and cleared for Montreal with two grain-laden barges, steamer Agnes, light from Montreal, and cleared for Port Colborne to load grain for Montreal; tug Bartlett arrived with the barge Hamilton with grain from Port Colborne, and cleared with the barge Melrose to load grain at Port Colborne; steamer Fairmount, from Fort William, is discharging 75,000 bushels of flax; steamers Parrot Court, Hamiltonian and Fordonian are expected to discharge at the elevator on Monday or Tuesday.

The schooner Sowards, from Oswego, arrived at Crawford's wharf to discharge coal. The schooner Ford River is loading at Richardson's wharf.

The tug Gilbert arrived from Toronto with schooner D. P. Dobbins to undergo repairs at Davis' dry dock. The schooner Merrill, from Oswego, is at Sowards' wharf discharging coal.

Steamer Ironquios was up; steamer Dunelm passed down; steamer Luenna Vista called on her trip across the lake.

ARRESTED IN BELLEVILLE. Confessed To Stealing Bicycle of Thomas Moore.

George Washburn, the young man who recently stole the bicycle belonging to Thomas Moore, of the city gas department, confessed his guilt in Belleville. There he had in his possession the Massey-Harris bicycle, almost new, which he admitted he had stolen in Kingston and ridden to that city.

Washburn is practically disabled, his right arm being minus, it having been amputated after blood-poisoning set in following the member having been badly burned, when he came in contact with an electric wire, at Kingston Junction, in the spring. He will be brought here for trial.
