## A WRETCHED SERVICE

PROVIDED BY THE POSTAL DEPARTMENT JUST NOW.

Mail is Detained Owing to the Way the Matter is Routed—Kingston Merchants Call For a Change.

Kingston merchants are complaining of the service between points in New York state and Kingston. It now takes twenty-four hours for mail to be delivered, that formerly came here in twelve, or at the most fifteen hours. One merchant in writing about the matter, says: "It is strange and exceedingly disappointing to realize in these days of progress and time saving, that it takes twenty-four hours for the service. In other words, the mail service that has been performed during the months in fifteen hours, when bad weather, wind storms and it had to be contended with, it takes in summer, with fine weather, open water, and a steamer conveyance, twenty-four hours." He insists that something must be done to remedy the matter.

The Whig has been complaining along the same line. The Syracuse papers that, usually came in the morning, now come either at night or the next day. If the mails were routed by way of Clayton, all mail matter from New York state points could be delivered at 9.30 o'clock in the morning, upon the arrival of the steamer at this port.

It is about time the Canadian postal department woke up to the necessity of giving Kingston a satisfactory mail service from American points.

## BAPTIZED IN THE LAKE

Elder F. W. Johnston Performs Adventist Rite Here.

Elder F. W. Johnston, who has recently returned from the general conference of the Adventists held in Washington, D.C., intends to conduct another tent effort on the corner of Princess and Frontenac streets during July and August. He is equipped with a new fifty-foot circular tent which is to be lighted with electricity. The tent will be situated with comfortable camp seats, and he feels sure that the people of Kingston will enjoy the pleasant privilege of sitting in the cool, refreshing breeze of the summer nights and listening to the lectures on the great lines of prophecy in Daniel and the Revelation which begin on Sunday, July 13th.

On Wednesday, without awakening the public to curiosity, the elder went quietly to the lake and baptized by immersion the many believers raised up by his efforts the past year. These people are progressing and their company consists of some of the most respectable people of this city. He expects to baptize more very shortly.

Evangelist Leonard Payne will be associated with him during the summer and a lively and interesting time is expected.

## IN MARINE CIRCLES.

Movements of Vessels Reported Along the Harbor.

## SHOULD BE PUNISHED

Boys Who Kill Squirrels in the City Parks.

"It is too bad that boys who throw stones in the park and kill squirrels are not caught and punished for their conduct," said a citizen to the Whig on Thursday morning.

"Last Sunday, out in the city park," he continued, "some boys who should have known better amused themselves by throwing stones at the squirrels. The squirrels are getting quite tame now, and it is a shame that they should be treated in such a manner. It would be well if the police could catch some of the boys at their game and have them before the magistrate, as I am sure the court would attend to the guilty parties."

It will be remembered that some time ago the magistrate gave a severe reprimand to a young man who was found guilty of throwing stones at squirrels in the city park.

Out in the west end, of the city there are quite a number of squirrels and the residents like to see them go their rounds without being molested. Some of them are so tame that you can walk right close to the trees before they will move away.

## IN BASEBALL CIRCLES

Will Mathis Pitch Again For C.L.C. Team?

What will the C.L.C. baseball team do without the services of "Diekie" Mathis, its star pitcher? is the question being asked by many baseball fans.

Mathis left the city on Monday, and no person seen to know whether or not he will return.

**St. George's Defeats St. Luke's**

At St. Luke's picnic, yesterday afternoon, St. George's baseball team defeated St. Luke's seniors by the score of 13 to 5. St. George's had the Sapolnos suits and broke their Jonah streak. "Paddy" Foubister, who pitched for the winners, threw a good game, and received good support. The players came to bat as follows: St. George's—E. Clarke, c.; A. Foubister, p.; W. Morrison (Capt.), lb.; T. Angus, 2b.; T. Decker, s.s.; H. Clarke, 3b.; S. Hall, l.f.; H. Rae, c.f.; W. Mackney, r.f.

## An Institution Game.

An interesting baseball match will be pulled off on Saturday afternoon, at 2.30 o'clock, between teams of the House of the Aged and House of Providence. The game will be played in Catarqui Park, corner of North and Rideau streets. "Jack" Millan is the manager of the Home for the Aged team, and "Dan" Quinlan is manager of the House of Providence club. There are some good players in both institutions, and two good teams will be ready to come together on Saturday.

## CUBS' FOOD.

They Thrive On Grape-Nuts. Healthy babies don't cry and the well-nourished baby that is fed on Grape-Nuts is never a crying baby. Many babies who cannot take any other food relish the perfect food, Grape-Nuts, and get well.

"My baby was given up by three doctors who said that the condensed milk on which I had fed her had ruined the child's stomach. One of the doctors told me that the only thing to do would be to try Grape-Nuts, so I got some and prepared it as follows: I soaked 1 1/2 tablespoons in one pint of cold water for half an hour, then I strained off the liquid and mixed 12 teaspoons of this strained Grape-Nuts juice with six teaspoons of rich milk, put in a pinch of salt and a little sugar, warmed it and gave it to baby every two hours.

"In this simple, easy way I saved my baby's life and have built her up to a strong, healthy child, rosy and laughing. The food must certainly be perfect to have such a wonderful effect as this. I can truthfully say I think it is the best food in the world to raise delicate babies on and is also a delicious, healthful food for grown-ups as we have discovered in our family."

Grape-Nuts is equally valuable to the strong, healthy man or woman. It stands for the true theory of health. "There's a reason," and it is explained in the little book, "The Road to Wellville," in pkgs.

R. Fraser—That submerged pie opposite the water works pump-house should be removed for it is dangerous to small craft.

J. H. Macne—The Kingston yachtsmen would have liked the Water-town challenger to have won the George cup this year.

## LIGHTNING DID DAMAGE

To the City Light Service On Wednesday Evening.

During the storm which started at about seven o'clock Wednesday evening, the electric light service on the west circuit was completely cut, as a result of a wire breaking on Brock street. While the lightning was at its worst, two of the wires carrying 2,500 volts, cross-circuited on Brock street, in so doing putting the whole circuit out of commission. When the wires fell to the ground, they burned black marks in the sidewalk and a hole in the ground. People who happened to see the accident, immediately telephoned the light department and two men were soon able to repair the break. It is very fortunate that no person touched the exposed wires, as it would have meant instant death.

## A LAWN SOCIAL HELD

By the Ladies Guild of Zion Presbyterian Church.

A most enjoyable time was spent on Wednesday afternoon at the home of Mrs. David W. Truesdell, 10 Chestnut street, where a lawn social was held by the Ladies' Guild of Zion church, for the purpose of raising funds in connection with the church. A good-sized gathering was present. The social was to have been from three till six o'clock but on account of the rain it had to be cut an hour short. However, while it lasted a good sum was realized.

The candy table was in charge of Misses Nellie Spooner and Desta Bows. This table was neatly gotten up. The home-made table was in charge of Miss A. Erwin, while Mrs. J. B. Boyd had the handling of affairs around the work table. Tea and other dainties were served by the ladies on the lawn.

## Would Be Good Scheme.

"Mother Tidy" writes: "I don't agree with the Whig about picking up paper. It should never be thrown down. Let the council provide wire baskets for such beside the trees in the parks and streets and the children and grown-ups will soon learn it is 'better form' to be tidy."

## Rain Came At Last.

The rain which had been prayed for arrived on Wednesday afternoon, with electrical accompaniments. A couple of brief but heavy showers fell about five o'clock. Then at seven o'clock, there was a terrific downpour for a short time. With the showers of Thursday, the countryside should show an improvement.

## Entrance Results.

Inspector Stuart says the results of the entrance examinations will not be announced before Saturday or Monday. The lists are now before the department in Toronto.
