

### WHAT IS NEW IN STATIONERY

The new novelties in notepaper and stationery suitable for every age, from the day-old baby right on up to the dear old grandmother, are very attractive to all who appreciate good writing material.

How many of us realize that a little child is delighted to get an invitation addressed to himself.

The real novelty is the Ivory White Note Paper with a line of King's Blue or Coral about the edges, in oblong and square shapes.

To meet the needs of the busy woman who has only a line or two to write Correspondence Cards, with envelopes to match, in different quantities and styles will be found very useful and handy.

Some of our new stationery should find a place in every lady's desk.

### MOTOR BOAT IN TROUBLE.

#### Young Men With No Chart Got Into Difficulties.

Three young men, who are cruising on the Rideau river, one of whom is Richard Dennison, who recently came to Kingston for employment, came into difficulties between Kingston Mills and the city on Tuesday. They had spent the night at a point on this side of the mills, after fishing at the drowned lands the day before.

Starting out for the city and thence down the St. Lawrence, they ran aground in the "Basket," below the long reach, and were in this position for an hour. Dennison and his companions strove to release the small motor-boat, but it was not until a passing boat rendered them assistance that they got under way again. They had no chart of the river and it is rather remarkable that during the week which they have spent on these waters they did not meet with a more or less serious accident. Charts are available for the Rideau, and it is the best plan for those who intend navigating in its waters to procure one.

#### The Kind of Weather.

Yesterday was St. Swithen's day and its weather was to be determined for forty days by the kind enjoyed on the day. It was cool and fair in Kingston, but at Lake Ontario Park quite a fall of rain occurred.

### OTTAWA IS EXPECTING

#### That S. A. Luke Will Be Made Deputy Grand.

An Ottawa despatch says: Delegates for the fifty-eighth annual convention of the Masonic grand lodge of Canada in Ontario are here. The deputy grand-master who is at present W. D. McPherson, of Toronto, will succeed Aubrey White, of Toronto, as grand master. It is very probable that the new deputy grand will be S. A. Luke, of Ottawa. He is being contested by Lieut.-Col. Ponton, of Belleville, and Abraham Shaw, of Kingston, but as a compliment to the city in which the convention is being held it is altogether likely Mr. Luke will be elected.

### Former Cataract Pastor.

### THREW STONES AT STREET CAR

#### Youngster Stripped Car On Princess Street Tuesday Night.

Boys will be boys—even if they are little tots. Tuesday night, about 9:30 o'clock, as a street car was coming down Princess street, a chubby little youngster, not more than four years of age, stood in the centre of the roadway, at the corner of Princess and Division streets, and as the car passed him, amused himself by pelting stones at it. People in the car were startled when they heard the stones strike the car, and were wondering what was the cause. They were greatly surprised when they loomed out and noticed the lad picking up more stones and letting them fly at the car. The "kid" did not look big enough to throw a stone, but judging by the way he handled the stones, he has been getting some experience.

Luckily none of the stones hit any of the passengers. No doubt the youngster intended that they should, but they went wide of the mark.

The child regarded it as great fun, and, as he continued to pitch the stones, his face was quite a study. He had a "sunny Jim" smile and appeared to enjoy the fun to the limit.

All the passengers on the car could not help but laugh over the affair afterwards, but at the same time, considered that it was a dangerous practice for the youngster to pursue.

### IN THE JUNIOR SUNDAY SCHOOL BASEBALL LEAGUE

Defeated St. George's By 7 to 6 On Tuesday Evening—Other Notes About Local Sports.

The best game played in the Junior Sunday School League so far this season was played last evening at Victoria school grounds, when Cooke's and St. George's met. Cooke's succeeded in winning by a score of 7 to 6. At one time St. George's was leading by 3 to 0, but the Presbyterians rallied and got three men over the plate in the next innings. The following innings the Presbyterians came to the front again and got three more players across the plate, making it 6 to 3. St. George's tied the score in the first of the fourth. With the score standing 6 to 6, the Presbyterians were able to make the necessary run, making it 7 to 6. The teams—Cooke's—Toland, Smith, Kennedy, Sommerville, Dunlop, Simmons, J. Kennedy, McLaughlin.

St. George's—Hall, Saunders, Ray, Stinson, Thompson, Elmer, Butland, McCall.

Umpire—"Sandy" Potter.

### Saturday's City League Game.

What will be the result of the game in the senior city baseball league which is scheduled to be played between C.L.C. and Athletics on Saturday afternoon? is the question which the followers of the game are asking. Since the C.L.C. baseball team has played several changes have taken place. Mathis is now out of the city, and it is stated that some other players will refuse to play on Saturday.

No person seems to be able to tell whether the trouble is with the management or over the defeat of two weeks ago by the Victorians.

It is understood that the Athletics have a new pitcher from Toronto who has a very good record.

### Baseball Tournament.

Final arrangements have been made by the city baseball league executive for the tournament on the 28th of July. Races for the old boys and Toronto, Ottawa, Chicago and others have been arranged and good prizes will be awarded. The tournament is to be held at the cricket field and a couple of good baseball matches will be pulled off. One of them will be in the morning and another in the afternoon between one of the city teams and Morrisburg, which has got one of the best amateur teams playing ball in Ontario.

### Baseball On Tuesday.

International league—Providence 5, Jersey City 1; Toronto 6, Montreal 3; Buffalo 5, Rochester 2-1; Newark 10, Baltimore 1.

American league—Philadelphia 7, Detroit 0; Chicago 2, Boston 1; St. Louis 3, New York 0.

National league—Philadelphia 3, St. Louis 2; Pittsburgh 6, Boston 3; New York 4, Cincinnati 2; Chicago 3, Brooklyn 6.

### INSURING GOOD DIGESTION

#### IMPORTANCE OF PREVENTING FOOD FERMENTATION IN STOMACH

Good digestion usually means good health. So long as the stomach does its work properly disease can find no lodgement in the human system; the liver, kidneys and intestines will perform their work perfectly and remain in perfect health; but interfere with the proper digestion of food and an unending train of troubles is set in motion. About the only thing that will upset the stomach and interfere with digestion is an excess of acid usually caused by food fermentation. Food fermentation is due to chemical action on the food itself. This fermentation causes the formation of gas, or wind, as well as acid, resulting in the unnatural distention of the stomach and the burning by the acid of the delicate lining of the stomach.

Medicines and tonics cannot relieve this condition—they usually make it worse. The fermentation and acid work to harm and these must be overcome and prevented by taking after meals a teaspoonful of bisulphated magnesia in a little hot or cold water. Physicians recommend bisulphated magnesia especially because it stops or prevents the formation of food and neutralizes the acid instantly, making it bland and harmless without irritating the stomach in any way. Get a little bisulphated magnesia from your chemist and try it the next time your food ferments and upsets your stomach. Note how quickly the acid is neutralized and how soon you forget that you have such a thing as a stomach.

It should be a very easy matter to beat other people's burdens. They are always so much lighter than ours. One way to raise the dust is to get busy with a carpet beater.
