IN MARINE CIRCLES.

Movements of Vessels Reported Along the Water Front.

The schooner Julia B. Merrill is loading feldspar at Richardson's wharf.

A United States lake survey steamer, which has been working around Cape Vincent, came into port on Tuesday night, and went out again on Wednesday morning.

The schooner Anacia, from Charlotte, is unloading coal at Crawford's wharf.

The schooner St. Louis arrived from Charlotte, with coal for the Montreal Transportation company.

M.T. Co's elevator: Tug Emerson, from Montreal, one light barge, cleared for Montreal with two grain-laden barges; tug Bartlett, from Welland canal, with the barges Melrose and Winnipeg, grain laden; tug Bartlett cleared for Montreal, with two grain barges; steamer Fairmount, from Fort William, is discharging a cargo of wheat and flax.

At Swift's wharf: Steamer Toronto passed down and up on Wednesday; steamer Caspian was down and up; steamer Rideau Queen cleared for Ottawa.

THE EASE AND COMFORT

with which an eye-glass rides the more depends on its adjustment rather than on the kind of frame. There is a knack in bending and adjusting frames to fit a nose that is only mastered by one of practical experience in this construction. We make each pair of frames fit each individual nose and our lenses are the best quality that can be had.

WHAT WILL CITY DO WITH REGARD TO STREET WATERING NEXT YEAR?

The Contract For Watering Express This Year—Will It Use Automobile Trucks or Oil on the Roadways?

E. McFadden, whose street watering contract expires at the end of this year, has served the city for twenty-six years, and been under eight engineers. At present his contract calls for \$3.50 a day for a team and \$2.25 a day for a single horse. He is losing money on this contract, which was taken five years ago.

Whether the city will introduce automobile trucks next year for street watering has yet to be decided. Mayor Rigney may suggest it to the City Council.

The city engineer would like to try oil on the streets on a larger plan than the experiment of three years ago. A proper oil sprinkler is required. It is also necessary that the dust on the roadways should be swept away before the surface is oiled. There is a right way of oiling a road and a wrong way. Oil will keep down the dust on a clean-swept road.

Nothing has yet been done about oiling King street west, from Barrie street. A petition was sent out for the signatures of property owners and residents but has not yet been returned, so at the city engineer's office it is supposed that the residents are not very eager about having that dusty roadway oiled.

Picnic at Piccadilly.

A successful picnic was held at Piccadilly, near Godfrey, on Tuesday evening. Vocal and instrumental music was greatly enjoyed by the goodly number present. The pleasing and effective solos by the Rev. A. Acton of Harrowsmith was much enjoyed. A neat sum was realized towards the general funds of the Presbyterian church, of which Mr. Murray is student in charge.

Rideau Lakes Nav. Company.

For Claxton every Tuesday, Wednesday, Friday and Saturday, at 6 p. m.

For Ottawa every Monday, Wednesday, Thursday and Saturday, at 6 a. m.

Jones Falls and return every Wednesday, 6 a. m. Fare, 50 cents. J. P. Hanley ticket agent.

Keeping the "Black Fast."

Monday night began the "black fast," which the Hebrews all over the world keep, and which continued until sundown on Tuesday evening. During this fast the Hebrews were forbidden to partake of any food or drink, and were not permitted to break this fast until last evening.

Earth For Filling In.

Citizens can have earth for filling in purposes at Victoria school, Union street. No charges, except for cartage.

"Red Rose" talem. Gibson's.

Miss Muriel Williams slipped off a chair, while going from the upper deck to the lower deck of a house boat, at Alexandria Bay, falling headlong into the river, with Walton Hay a two-year-old lad in her arms. They were rescued.

MEMBER OF CREW MISSING.

And R. and O. N. Company is Making Enquiries.

The R. and O. N. company is making enquiries about the sudden disappearance of another negro, a member of the crew of the steamer Kingston. It will be remembered that the steamer's baker met death on Sunday morning by being drowned near the wharf at Prescott. When it was discovered that this man was drowned two members of the crew were left in Prescott to look after the remains when found. When the remains were located on Sunday afternoon it was discovered that another negro was missing. A search was made which resulted in the finding of a hat lying on the wharf, which is supposed to be the property of the missing man.

Broke His Parole.

The theft of a wheel from the corner of Sparks and Elgin streets, Ottawa, about ten days ago, broke his parole and will send James Whitty, a ticket-of-leave man from the penitentiary, back to finish his sentence. Magistrate Askwith sentenced Whitty to six months in jail to run concurrently with the rest of his old sentence. Whitty was sentenced by Judge MacLavish, on February 10th, 1912, to two and a half years in the "pen" for shopbreaking and then stealing \$150. He was liberated on May 10th, this year. As this was only about half of his sentence he will now go back and put in the remaining fifteen months to serve.

Comes to Kingston.

W. W. Avery, deputy collector at Alexandria Bay, N.Y., has been appointed customs inspector at Kingston and Prescott and Kingston. He takes the steamer at Kingston in the morning and returns the same way each evening. He examines the baggage to be put off on the American side.

Notice.

BELLEVILLE SEEKING A GAME WITH A KINGSTON BASEBALL TEAM.

Three Kingston Bowling Teams to Play in Brockville Friday—Toronto Pitcher Established a World's Record.

The president of the City baseball league received a letter from Manager Matheson, of the Grand Trunk team, of Belleville, asking to have an exhibition game with one of the city league teams on the 16th of August. The challenge will have to be refused, however, as Victoria has a game with the Governor team on that date. There is a possibility of Belleville playing a game here sometime in the near future. It is a first class team.

With the Bowlers.

The three bowling teams which have been selected to represent the local club at Brockville will leave for that town on Friday.

One of the most interesting games in the local bowling series was played at the Queen's bowling green on Tuesday evening when the rink skippered by W. W. Campbell won from A. Turcotte's rink by a score 13 to 12. An extra end had to be played to declare the winner. The rinks were—J. Scott, A. McIntosh, A. B. Williams, A. Turcotte, skip—12. H. D. Bibby, H. Braithwaite, H. W. Newman, W. H. Campbell, skip—13.

Established World's Record.

Hearne the pitcher for Toronto baseball team, established the world's record for the number of scoreless innings in Jersey City. The game had to be called on account of darkness after the two teams had struggled for three hours and 20 minutes without a score. Hearne allowed but seven scattered hits. Jersey City used two pitchers.

"Blue Jay corn plaster." Gibson's.

The charge against R. H. Service, for selling bottles from his hotel, the Island View House, Rockport, was dismissed for want of evidence.
