

SULZER WILL REFUSE TO SURRENDER OFFICE

A Clash of Authority is Anticipated

"THE LAW IS SUPREME"

SAYS LIEUTENANT-GOVERNOR MARTIN H. GLYNN.

But the Statute is Viciously Constructed—The Impeachment Trial to Begin on the 18th of September—Mrs. Sulzer in State of Collapse.

Albany, N.Y., Aug. 14.—With Governor Sulzer impeached by the assembly, and the date of his trial before the senate and the judges of the court of appeals fixed for September 18th, the spectacle is presented of two men claiming to be governor of the state of New York.

As soon as the articles of impeachment, adopted yesterday morning by the democratic majority in the assembly, were presented to the senate shortly after three o'clock in the afternoon, Lieutenant-Governor Martin H. Glynn announced his intention of occupying the executive chamber.

Friends of Governor Sulzer claimed that the governor intended to continue in office and use every weapon in his power to maintain his position on the ground that the assembly had no constitutional right to consider impeachment at its extraordinary session.

Will Not Resort to Force.

Some asserted that the governor would go so far as to summon military protection if necessary to prevent the lieutenant-governor from occupying the executive chamber.

When informed by the governor's secretary, Chester C. Platt, that he had missed the governor by scarcely a minute, McCabe asked for an appointment on Thursday. Platt replied that the governor would be at the executive chamber at eleven o'clock and that he would "try" and arrange matters for that time.

The reports that Mrs. Sulzer would be made at this time to secure a further statement from her.

Mrs. Sulzer was in the care of physicians last night and was said to be in a complete state of collapse as the result of the strain to which she has been subjected since the exposure of the Frawley committee.

Clash Expected.

So far as could be learned, no attempt was made by Lieutenant-Governor Glynn in any way to exercise the functions of chief executive, but there was every indication that there would be a clash of authority to-day, when both men return from their homes to the capitol.

The lieutenant-governor would not indicate what action he proposed to take except to say that there would be no "circus or military manoeuvres about occupying the executive chamber; the law is supreme."

The inaction of Lieutenant-Governor Glynn in the matter was in the face of arguments given expression in the senate and assembly that the articles of impeachment were presented to the senate Governor Sulzer automatically ceased to be the article in the constitution which says chief executive.

Meaning of "Impeachment."

It was held by the majority leaders that the word "impeachment" corresponds with the word "indictment."

It's a mighty interesting and instructive thing to visit the stores.

You could not see all the stores in a day—but you can pick out the ones most likely to interest you by reading the advertising in to-day's Whig.

Let this advertising be a sort of tourist bureau, for you, saving you foot steps, and leading you directly to what you want to see.

Every advertisement is a notice from the merchant that his latch string is out.

Keep up to date. See what is to be seen—take advantage of the courtesies extended to you.

You will find the advertising merchants of this town genial and thoughtful hosts.

ARE NOT DISSATISFIED.

American Settlers in Canada Are Contented.

Ottawa, Aug. 14.—"There is absolutely no truth in the report about American settlers becoming dissatisfied and leaving the west to return to the United States," said W. J. White, inspector of American agencies, yesterday. "I have just come back and found during my extensive trip that the new comers are content and prosperous."

"In the past few years there have been a few hundred professional home-owners. Some of these went back to Montana, but most of them have returned to Canada. A certain element of this restless professional class is with us always."

Asked as to the statement credited to Mr. Haslam, an official of the Saskatchewan government, formerly interested in American immigration, that 100,000 Americans had gone home from Canada, Mr. White said that when the alleged statement was given publicity the department wired Hon. Mr. Motherwell, Saskatchewan, minister of agriculture, who after inquiry of that officer, denied that Mr. Haslam had ever made a statement of the kind.

THE INCREASED COST OF LIVING IN BRITAIN

The Workmen There Are Worse Off Now Than Seven Years Ago

London, Aug. 14.—England was startled yesterday by an alarming report from the Board of Trade showing a large increase in the cost of living in comparison with lagging wages. Workers have to pay seven per cent. more now for the necessities of life than they did seven years ago, and there has been no increase of income to offset the advance.

It is little wonder that discontent among the workers is growing, and that there is an increasing desire among workmen to seek their fortunes in the dominions.

The social fact has been established that for years capital has been getting better off at labor's expense. This report will probably lead to a general demand for an increase of wages and a strengthening of the labor organizations everywhere. This is labor's opportunity, and labor will seize it.

SURGICAL MILLENIUM.

London, Aug. 14.—Dr. Vernonoff of Nice, who read a paper before the International Medical congress on the transplanting of the vital organs of one animal to another, in a statement to the Daily Express, declares that a new era is dawning for surgery when those who are suffering from disease will have diseased organs replaced by a corresponding part from a person killed accidentally; when the wounded general is made whole on the battlefield by the grafting of a limb of a dead soldier; when barren women are rendered fruitful, and the dread scourge of tuberculosis of the kidneys is cured by the grafting of new kidneys.

MARRIAGES CEMENT ALLIANCES

May Make for Welfare of Countries Affected.

London, Aug. 14.—The Daily Mail's Bucharest correspondent telegraphs that it is stated in diplomatic circles here that a future alliance of the Balkan peoples will be cemented by the following marriages: Crown Prince George of Greece and Princess Elizabeth of Roumania; Crown Prince Alexander of Serbia and Grand Duchess Olga, daughter of the Czar; and Crown Prince Charles of Rumania and Grand Duchess Titiana, second daughter of the Czar.

ARE TO WAGE WAR ON THE TANGO DANCE

Organize to Fight all "Animal Dances" and Those Who Dance Them

Milwaukee, Wis., Aug. 14.—One hundred thousand Catholic women will wage unrelenting warfare upon the "animal dances" in the United States as a result of the formation of the League of Catholic Women.

Catholic women are to shut their doors against the tango, the bunny hug, the turkey trot and similar one-step exercises, and not only is the ban to run against the dances, but likewise against the men and women who dance them or who attend dances where the steps are permitted.

The Catholic women feel that as a result of the tolerance with which these dances have been received in all classes of society there is a wave of immorality sweeping the country. They point to the form-outfitting diaphanous gowns, the exceedingly slit skirt, the increase in cigarette smoking by women and declare that the swelling divorce statistics are already demonstrating that.

UNIQUE SCHEME

Is Said To Be Under Consideration

PLAN TO BUY SHIPS AND ENLIST YOUNG MEN FOR NAVAL SERVICE.

By Combining a Scheme of Technical Education Abroad—Premier Borden May Bring the Matter Before the Cabinet Next Month.

Ottawa, Aug. 14.—Has the Dominion government under consideration a scheme for a unique combination of the technical school system and the Canadian navy?

The story in the Toronto Mail and Empire, this morning, casting some doubt on the acceptability to the provinces of the Technical School Commission report, lends color to persistent rumors along this line. It is known that Premier Borden, some months ago, received from a Toronto citizen outlines of a plan to build or buy warships and enlist young men for naval service on these ships, where they could learn, under competent instructors, the professions and trades of mechanics, engineering, and so on, and graduate into civil life. The suggestion was that recruits could be secured for such service, but would be held at ordinary naval enlistment.

At that time Premier Borden said he would give these suggestions his careful consideration. In view of later events, it is thought possible that the cabinet will take the scheme into consideration early in September.

THREE MONTHS IN JAIL.

For Alexander Bannerman, Who Gave Himself Up.

Ottawa, Aug. 14.—Alexander Bannerman, the well-known real estate dealer of Ottawa, was given three months in jail at hard labor by Deputy Magistrate Askwith.

A charge of indecent assault was placed against him on July 24th, the offence having taken place in a lower town hotel, when he impersonated a doctor in attendance upon Adelaide Moore.

On July 25th he skipped the city, first going to Ogdensburg, subsequently he visited other places in New York state, including New York city. He returned to town yesterday and gave himself up to the police.

When arraigned in police court he pleaded not guilty to the charge, but after the evidence had been heard he changed this plea to guilty and was immediately sentenced.

ARRESTED POLACKS.

Who Tried to Enter United States Without Inspection.

Cornwall, Aug. 14.—Inspectors Geo. W. Wood and Adbough, of Cornwall, and customs inspector Fred Smith, of Massena Point, all officials of the United States government stationed here, rounded up twenty-four Polacks who were attempting to enter the United States without passing inspection.

Eleven of the Polacks were placed in jail at Massena, but will be sent on to the county seat at Canton. The other thirteen are already in Canton jail.

The foreigners will be brought before the federal grand jury, each being held under bonds of \$1,000.

The Polacks arrived in two sections, evidently leaving Montreal on night trains. They attempted to cross the river at Barnhart Island, west of Cornwall. The officials got a tip of their presence and had little difficulty in rounding them up. They are subject to a fine of \$200 each, with a jail term of one year in case of default, or may be fined and imprisoned as well.

Died From Burns.

Montreal, Aug. 14.—Miss Flora Meier, seventeen months of age, and Leo Colson, fifteen months old, were burned to death, and Mrs. Madero and Mrs. Colson, grandmother of the dead child, are in a serious condition in Notre Dame hospital, following the explosion of a coal oil can used in lighting a kitchen fire.

GERMANY IS WAVERING.

May Yet Participate in Panama Exposition.

Berlin, Germany, Aug. 14.—There are signs that German industries are beginning to reconsider their indifference towards the Panama exhibition. The arguments of Ballin, a friend of the Kaiser, are beginning to have effect, and the central union of German merchants have published an urgent appeal to German-Americans. The Frankfurter Zeitung argues that it is both, politically and economically necessary that Germany be represented at the exposition.

FATHER AND SON

Paris, Aug. 14.—A duel has been fought between father and son named Blanchard, living near Aubeusson, for the hand of a pretty girl. Six revolver shots were exchanged without result.

The pair resumed the fight with kitchen knives, while the girl watched the duel. The father received terrible wounds, dying soon afterwards.

BOTH HOLD OFFICE AS NEW YORK GOVERNOR

Crisis Will Come Tuesday When Recommendations To Senate Will Be Made

Albany, N.Y., Aug. 14.—This morning New York's two governors are in office and both transacting business. Governor Sulzer in an interview with newspapers today says his lawyers have advised him that the impeachment proceedings will not be sustained by the United States supreme court. The crisis will come on Tuesday when both Sulzer and Lieutenant-Governor Glynn will send different recommendations to the senate for appointment to the commission of labor. The question will then be which recommendation the senate will sustain. In the meantime Mrs. Sulzer, who has confessed to her husband's political undoing, is a nervous wreck.

WAS FIRST MURDERED AND THEN PUT ON BED

This Is The Opinion Of Detectives

SEARCH FOR SLAYER OF WILLIAM G. MARTIN, THE TORONTO MILLINER.

Who Met Death in New York—The Police Are Seeking Traces of a Mysterious Woman Who Is Suspected.

New York, Aug. 14.—The police are searching the city for traces of the mysterious woman who last week hired the room 458 West Fifty-seventh street, in which William G. Martin, a Toronto milliner, was found murdered.

Theodore Jones, who conducts the rooming house where the body was found, yesterday gave it as his opinion that death was due to strangulation. It is the belief of detectives at work on the case that Martin was first murdered and then dragged onto the bed where the body lay when discovered. A search of Martin's effects revealed nothing but a powder puff.

A coroner's physician, who performed an autopsy on Martin's body yesterday gave it as his opinion that death was due to strangulation. It is the belief of detectives at work on the case that Martin was first murdered and then dragged onto the bed where the body lay when discovered.

A search of Martin's effects revealed nothing but a powder puff.

Should Have Shown Judgment.

Toronto, August 14.—Toronto friends of William Grieves Martin, the Carlton street milliner who was brutally murdered in New York on Tuesday night, declare the tragedy would never have occurred had "Willie" not been so popularly known as exercised better judgment in the carrying and exposing of his money and jewels. When he left Toronto Sunday night he had a large sum of money in his pocket, sufficient to cover outfit for far stock, and he exhibited on his finger a large diamond ring, besides wearing in his tie an expensive diamond stick pin. Himself a quiet, inoffensive fellow, he never entertained the least fear of someone robbing him in the great metropolis.

Martin who was about thirty-five years of age, was born in New Lowell, Simcoe county. His father, John G. Martin, retired from business five years ago. For many years he conducted hostels at New Lowell, Uxbridge and Stouffville. Will learned the millinery business in New York. Six years ago he opened an establishment in Toronto, his place of business being on Yonge street, just above College; later, he removed to 72 1-2 Carlton street, where he attracted a high-class trade. He left Saturday night for New York to purchase new stock for his store, but also that of Smith, Runciman & Co.

Robbery the Motive.

New York, Aug. 14.—The police drag net is out to-day for a blonde actress, another woman and at least three men in connection with the murder on Monday night of William Grieves Martin, the Toronto milliner. The police admit to-day that robbery was the plain motive of the murder.

The Toronto milliner, who was mysteriously murdered in New York. He was found murdered in a room on West Fifty-seventh street, New York city, late Tuesday night. His head was beaten in by some blunt instrument, and there were stabs behind each of his ears. WHITMAN WAS EJECTED FROM A RESTAURANT

And He Threatens Mayor Gaynor and His Police—Affair Result of Dispute

New York, Aug. 14.—Mayor Gaynor and his police "caught a tartar" last night when they ejected District Attorney Whitman, among three hundred others caught in a raid on Healey's all-night restaurant. Mr. Whitman said it was a disgrace and an outrage and he would issue warrants for all concerned in the morning.

This is the result of a fight between the authority of Gaynor and Whitman. Whitman claims that Healey has a license for an all-night eating place, so long as the bar is closed. The affair will likely reach the higher courts.
