THE HIGHEST HONOR REMINISCENCE OF '62

IN ODDFELLOWSHIP CONFERRED UPON R. MEEK.

At the Grand Lodge Meeting in Belleville—Kingston Canton Took Part in the Competition on Wednesday.

On Wednesday evening, in Belleville, the grand decoration of chivalry, which represents the highest honor in Oddfellowship, and approved of by the sovereign grand lodge, was conferred upon Robert Meek, of this city, secretary of the Oddfellows' Relief Association of Canada. Brigadier-General W. S. Johnson, of Toronto, officiated, assisted in the exemplification of the degree by a number of ladies. Three outstanding Oddfellows were accorded this honor. One of the others was A. H. Blackaby, of Toronto, formerly of Kingston, and superintendent of agencies of the Relief Association. The ceremony was held in the spacious armory, in the presence of numerous cantons of patriarchs militant, gentlemen delegates to grand lodge, ladies of the Rebekah lodges, and friends. Mr. Meek is the local representative and clerk of Kingston Canton.

Wednesday was civic holiday at Belleville, and the programme was arranged as a demonstration for the visiting members of the order. The large parade took place from the armory to the main street, proceeded to the fair grounds, where races and canton competitions took place. The Kingston Canton, commanded by Capt. A. E. Ross, marched with the visiting patriarchs militant from all over the province, and made a good showing. It was in "B" class, three officers and eighteen men. Col. T. Funnell and Major A. Arthur, of this city, were with their battalions.

Two Toronto cantons won highest honors in the canton competitions, "A" and "B" classes, while Windsor took first place in "C" class. Kingston competed against No. 10, of the Queen City, in "B." Most of the local chivaliers returned home on Wednesday evening.

On Thursday evening Cataragui lodge, No. 10, will exemplify the first degree at the sessions of grand lodge in Belleville.

IN MARINE CIRCLES.

Movements of Vessels. Reported Along the Harbor.

The steamship Navajo arrived in port, from Bowmanville, and cleared for Port Colborne.

The schooner Arthur cleared for Oswego.

The American survey boat, in port on Wednesday, cleared for a trip across the lake.

The steamer Aberdeen arrived in port and cleared, with the barge Rob Roy, for Ashtabula.

The steamer Sowards cleared for Oswego.

The schooner Julia B. Merrill cleared for Charlotte, loaded with field-pars.

The sloop Ariadne cleared, Thursday, for Rideau canal ports, with a general cargo. The Ariadne also has 1,000 bushels of grain to discharge at Washburn.

The sloop Granger arrived from Deseronto, with a cargo of slabs for R. Crawford.

The steamer Capt. Hemens, of Kingston, which has been in use at Sarnia for the past month, taking samples of water for the International Waterways Commission, has finished the work, and has left for Georgian Bay, where a large amount of river work is to be done by the engineers.

M.T. Co's elevator: Steamer Westmount, grain laden, from Fort William, was in port on her way to Montreal; steamers Canadian and Turret Cape, grain laden, from Fort William, are due to arrive, to-night, to discharge; tug Bartlett, from Montreal, with three light barges, cleared, with the barge Hamilton, to load grain at Port Colborne.

The steamer Kingston and North King were down and up on Thursday.

The steamer Majestic passed up on Thursday.

The steamer Dundurn went east on Thursday.

The steamer Olcott was in port, from Oswego, N.Y., on Thursday.

The tug Frontenac, of Garden Island, passed up, to Belleville, from Cardinal, on Thursday, with two cows for the Randolph-McDonald company, of Toronto.

The steamer America is running an excursion out of Picton, on Thursday, to Watertown, under the auspices of the Picton band.

The steamer St. Lawrence, which was tied up at the wharf, on Wednesday, for minor repairs to her engine, cleared, for river ports, on Thursday morning.

TO STUDENTS OF PIANO.

The Study of Music Made Easy by New Methods.

Music is no longer looked upon as an unnecessary luxury, but is considered by all rightly thinking people as a very necessary part of a child's education. A child almost has to learn the piano or some other instrument in order to hold his or her place in the world and be on a level with their fellows. The study of the piano is made very easy by the means of a progressive series of studies, exercises, and written lessons, also annotated music. This series, which is edited by the great artist and pedagogue, Leopold Godowsky and other great musicians, is published by the Art Publication Co., Limited, Toronto, and is used by the Canadian Academy of Music, Toronto, and the Columbian Conservatories throughout Canada, the conservatories in Leipzig, Berlin, and many others. Get in touch with Mr. Barrowlough, who is in Kingston to demonstrate this system to all interested parties, especially teachers. You can call, write or phone to him at the Randolph Hotel. Do not miss the opportunity while he is here to make an appointment when convenient for you.

Interested parties who are living outside of Kingston are invited to communicate with Mr. Barrowlough for appointments and he will be glad to demonstrate the system without cost to the party or parties interested.

BURNED TO GROUND.

Gasoline Spilled on the Floor by Careless Workmen.

The bathhouse belonging to Dr. W. H. Taylor, of Brooklyn, at Chippewa Bay, was burned on Monday. Two gasoline launches belonging to the doctor were also destroyed.

Dr. and Mrs. Taylor were called home to Brooklyn early in the week by the news that their home in the city had been burglarized and many valuables taken. They had just returned to their summer home at Chippewa Bay when their boat house took fire.

The fire was started by the ignition of gasoline which had been carelessly spilled upon the floor of the boat house by one of the employees. The blaze spread rapidly so that the two boats that were in it could not be taken from the house. The boat house was totally destroyed.

To Make Hair Vanish from the Skin

(The Modern Beauty.)

Superfluous growths of hair or fuzz literally vanish from the skin following an application of a delatone paste. Just enough paste is made with the powdered delatone and water to cover the hairy surface and after two or three minutes it is removed and the skin washed to take off the remaining paste. This simple and painless method is far more satisfactory than the electric needle and seldom calls for repeating, excepting where the hair is unusually stubborn.

It is surprising how beautifully long and curly the eyelashes grow when pyroxin is applied at the roots with thumb and forefinger. Rubbing pyroxin on eyebrows makes them come in thick and silky, but be careful and don't get any where no hair is wanted.

Who Tells About the Three Brothers Islands and Hughie the Hermit—He Visits the Islands Almost Every Year.

Ottawa, Aug. 12.—(To the Editor): That was a very pretty little fragment of local history recently contributed to the Whig by M. H. Grass, giving the origin of the name of the "Brothers Islands." Mr. Grass is presumably a lineal descendant of the old United Loyalist family who were ex-patriated from the states and settled near Fort Frontenac, on lot 24, west of the present Barrie street. Having just returned from a visit to the Brothers and the Fairfield homestead, the information was more fully appreciated.

These islands have been known to me from boyhood and have been my friends ever since. To them after an annual visit, with few exceptions, has been paid.

There lived on the centre island, many years ago, a quaint, little, old man, who lived chiefly by fishing, known as "Hughie the Hermit." He had built himself a hut chiefly of drift-wood, with a fish net under, and a meager garden about it, and so peacefully passed his life in this sequestered spot. The old hermit was well known to me by frequent visits to the island, and to some extent I shared his confidence, so that when the old man died in 1882, he had entered the Kingston general hospital, where he died, and when I, at the time, was a very young medical student (some fifty years ago), an opportunity was given me to show him some kindness, and so our friendship grew till he was called away.

His wild and simple life and gentle personality had so affected my boyish romantic nature, it sought relief in poetry, which Mr. Grass' letter called to mind, and a search in my scrap-book revealed the following simple lines which were written at that time and which are sent to you, hoping they, and this note, may interest some of your readers.—Yours faithfully, ALFRED J. HORSEY, M.D., 114 Elgin street, Ottawa.

"The Three Brother Islands and Hughie the Hermit," so closely allied. That stand like "three brothers" to battle life's tide. In summer when calm, in echoes resound. To the hermit's lone voice breaking silence profound.

As I gaze on them now so lonely and still. Except the cry of the sea-gull shrill. For "Hughie the Hermit" has passed from his island home in "Quinte Bay."

Now no more he treads his rounds, Nor to echo his voice resounds; Since he peacefully sank to rest, Leaving a tale for a home more blest.

Yet onward still the blue waves roll in accents weird their murmurs tell. That once a hermit here did dwell.

—A. J. H. (1882.)

BOYS IN PENITENTIARY UNDERSTOOD THAT TERMS WILL BE SHORTENED.

As Result of Pressure Brought to Bear With Minister of Justice by Children's Aid Society—Feeling That Boys Are Given Too Severe Punishment.

The fact that a very young lad was brought down to the penitentiary on Wednesday, from St. Catharines, to serve three years for housebreaking, caused a good many citizens to remark that the sentence was certainly a very heavy one. The boy claimed that he was fifteen years of age, but the record from St. Catharines, where he was sent from, said that he was seventeen years of age. The law says that no person can be sent to the penitentiary under sixteen years of age.

It will be remembered that some time ago the Children's Aid Society took up the matter of three young lads, being sent to the penitentiary, with the minister of justice, asking that they be given their liberty.

The minister of justice had the matter looked up, and it appears that he is understood that, as a result, the terms of the three boys is to be shortened, and that one will be given his liberty next month.

IN BASEBALL CIRCL. S.

Victorias and Gouverneurs to Play on Saturday.

The attendance at the Victoria-Gouverneur, N.Y., baseball game, on the cricket field, on Saturday afternoon, promises, with fair play from the weather man, to be a record breaker. The Vics, emerging from their defeat at the hands of the Athletics last Saturday, have been sticking pretty well to the practice grindstone this week, and the local fans are confident that the boys will head the tally in their contest with the first American nine they meet this season. Gouverneur comes with a "trip," and the Kingston players hope to put a dint into it. The visiting outfit will arrive early, and "Play-ball" will be called at three o'clock sharp. The fans would be pleased if all the games would commence at the specified time.

Baseball Results.
National League—Brooklyn, 4-7; Pittsburgh, 3-3.
International League—Toronto, 8; Jersey City, 3; Buffalo, 5; Providence, 0; Baltimore, 4-2; Montreal, 1-5.

MOTORBOAT HIT CANOE

THREE YOUNG MEN WERE THROWN INTO THE WATER.

And Swam to Shore—They Lost Their Supplies—Were Returning from Barker's Point to Kingston.

John Stagg, Charles Tupper and John Crawford, three Kingston young men, who have been camping down at Barker's Point, came very near being drowned on Thursday morning when they were hit by a motor boat while paddling to the city. The young men had left the point and were some distance from shore when struck by the motor boat, which was going at a fairly good rate of speed, and they were thrown into the water.

All three were good swimmers and were able to get to shore. The goods which they had loaded in the boat were thrown into the water and sank. A coal oil stove was one of the articles.

The owner of the motor boat seeing the plight of the three young men turned his boat and followed them to shore.

Lawn Social at Pittsburg.

The lawn social and dance given by the members of St. Mark's church, at D. D. Rogers' grove, on Wednesday evening, proved a grand success. A large crowd of people went down from the city. Dances have been held at this grove every two weeks during the summer months. Crosby and O'Connor's orchestra furnished the music. The ladies, assisted by young men of the church, have raised a good sum of money for the erection of a rectory.

White Rose flour put up in 7, 12, 49, 98 lb. packages at all grocers. Charity may cover a multitude of sins, but all the big ones show through.

Pains Have Vanished

Neuralgia Completely Cured.

The cure of Mrs. H. L. Barrett, Guthrie, P. Q., is another victory by Hood's Sarsaparilla. This great medicine has succeeded in many cases where others have utterly failed. Mrs. Barrett says: "I suffered intensely from neuralgia in the head, face and shoulders. I had used various medicines without relief. I heard of Hood's Sarsaparilla and decided to try it, and I bless the day I did. I took it several months and now feel well. All my pains have vanished."

Get Hood's Sarsaparilla today. Sold by all druggists everywhere.
