## FREE METHODIST CONFERENCE

Reports Show Prosperity—Two Sermons On Thursday.

The second sitting of the Free Methodist conference commenced in their church, on Colborne street, at 8.30 o'clock Thursday morning. The devotional exercises were conducted by Rev. C. Cunningham.

Most of the time this sitting was taken up with reports from circuits, which, on the whole, showed a good degree of prosperity, both spiritually and financially.

Revs. W. H. Reynolds and R. Burnham were re-elected as district elders for the ensuing year.

At the close of the morning sitting Bishop Hogue addressed the conference on "The Preacher and His Work." The address was exceedingly practical and made a most excellent impression.

Rev. S. C. Snyder, of Newmarket, preached in the afternoon, with considerable spiritual power. At the close of this service, the Conference Women's Foreign Missionary Society held a business meeting.

Rev. W. B. Olmstead, of Chicago, general Sabbath school secretary and evangelist, preached at night to a full house. His theme was "Perfect Love." The sermon was convincing and was preached in demonstration of the spirit, and with power.

## SAILOR LOST HIS CASE

Against Captain of Hamiltonian For \$17 Wages.

Henry Youngs, a sailor, failed to sustain his claim for \$17 wages against Capt. McIntyre, of the steamer Hamiltonian, in chambers, on Friday morning. Judge Price dismissed the case, it having been brought out in the evidence that Youngs had not lived up to the agreement which he signed with the master of the steamer when he shipped in Kingston. The agreement was for the season, but the claimant could terminate it at any time by giving the captain four days' notice. He quit yesterday and failed to give the necessary notice, thus losing his case.

Youngs made one trip to Lake Superior with the Hamiltonian, and was given two weeks' wages at Port Arthur. G. H. Smythe appeared on behalf of Capt. McIntyre, while W. B. Muir represented the sailor.

## The Late Armstrong McCormick.

The remains of the late Armstrong McCormick were laid to rest in Cathlamet cemetery on Friday afternoon. The funeral was held from his late residence, Centre street, at three o'clock. Rev. S. J. M. Compton, minister of St. Andrew's church, conducted the service. The pall-bearers were George Mills, Dr. A. P. Chown, W. T. Mimes, Hugh Macpherson, Dr. R. E. Sparks and James Kelly.

## JUVENILE COURT CASE

Was Heard By County Justices On Friday Morning.

The juvenile court on Friday morning, before Magistrate George Hunter and R. J. Bushell, the guardianship of a nine-year-old child, of the township of Kingston, was settled. The father, who has placed his child, four years ago, in the care of his sister, claimed that it was being ill-treated. The case ended with the Children's Aid Society taking charge of the little girl temporarily, but the father may take her if he pays his sister \$160 for caring for the child for the past four years.

Evidence appeared to show that the little girl had not been ill-treated, but had been sent to school, and is now in the senior third class.

## PACER SMASHED SULKY

At Cape Vincent Races—Kingston Horse Won.

A serious accident was miraculously averted at the Cape Vincent fair races Thursday afternoon when Princess B., a fleet pacer, tumbled and fell just as she was dashing into a dense crowd of spectators at the edge of the track. Princess B., after winning the first heat of the 2.30 class, became tangled in her hobbles and fell. Regaining her feet she started on a mad dash around the track, striking the sulkies, to which she was attached, into fragments. Just as she approached a big crowd of spectators she fell and was captured before she regained her feet. Princess B. won the race. Marengo, owned by W.M. Baillie of Kingston, won the 2.22 class.

## McCurdy's Montreal Reports.

Montreal, Aug. 29.—Spanish River and McDonald again attracted attention on the local exchange yesterday. Spanish was strong during the early hours, opening at 19, gaining a point, and falling back to 19 1/2, as for McDonald it opened at 27 1/2, sold up to 27 3/4, and fell back to 26 1/2, the sales in both issues being unusually small. It was interesting to note that 9,000 additional shares of common stock of Spanish River are to be collected on Sept. 2nd.

Brazilian opened at 93 and sold up half a point during the forenoon. Towards the close the market strengthened slightly and in the afternoon sales took place at 94. The strength in the price of Brazilian is very encouraging in view of its significance. It is rumored that Brazilian, more than any other stock on the list, probably now reports the general situation. There is a big market for this stock in London and trading is indulged in both by Canadian and by continental interests and advances or declines in price represent a good general average of sentiment and may be regarded as a fair indication there of.

Cotton stock also may be considered as a fair criterion of the situation. These have been quite firm on the local market of late, and advances have been taking place. Yesterday, for instance, Canadian Cottons sold at 37 1/2 for the common, it's being more than a point above the last previous sale. As for the preferred it sold at 77. In the case of preferred, however, the number of shares dealt in were small.

## Office Closed Till Tuesday.

The F. B. McCurdy & Co., Kingston office will be closed on Saturday and Monday, and there will, therefore, be no report issued for these two days.

## CATTLE SWAM IN HARBOR

Crossed To Point Frederick On Friday Afternoon.

Seven cattle being loaded onto a scow for W. Webber, of Cape Vincent, near the Wolfe Island ferry wharf, fell into the harbor early on Friday afternoon. Some were pulled out again at the wharf, but others swam about in the harbor, and after about twenty or twenty-five minutes swimming, one landed at Point Frederick, a good third of a mile away. Many stood on the wharves and watched the animals. One was pulled out some distance below, where it, with the others, slipped in.

While the cattle were standing on the C.P.R. ground, north of the station, some broke loose and were with difficulty, chased off the tracks, where the trains were shunting. The animals were being run up a gang plank onto the scow. The harbor was rough but the cattle swam about apparently with little difficulty.
