### SOME OF THE INTERCOLLEGIATE RUGBY RULES

Executive Decides To Call Another Meeting For the 26th—The Newly-amended Rules Are Not Satisfactory.

At the joint meeting of executive of the C.I.R.F.U. and several of the official referees, in the Frontenac hotel on Saturday afternoon, there was a disposition to dispense with some of the amendments made to the rules at the annual meeting of the executive. The meeting was called to arrive at a uniform interpretation of these on the part of referees. To settle the attitude of the majority at the meeting, the executive will be called together again, at the Frontenac, on Friday, Sept. 26th.

The members of the executive present on Saturday were the captains of three of the teams in the senior series, namely, J. Maynard (Varsity), Laing (McGill), and Cadet W. Macaulay (R.M.C.). Ben Simpson, of Hamilton; H. Griffiths, formerly of Varsity, and E. O. Shier, Queen's, were the referees.

The general sense of the meeting apparently was that the game should be played under the old rules. The discussion centred around the points of score allowed on a try, and on the five yard rule. The 1913 rule book states: "A try shall score five, if the ball has crossed the goal line in possession of the attacking side; otherwise a try shall count three, a safety touch two, and a rouse one."

The off-side interference which is allowed according to the amended rule, is only legalizing what has been practised by two of the teams for some seasons. The amendment reads: "Offside interference is committed whenever a player who is off-side obstructs or charges against an opponent, whether the offender be directly in front of the player in possession or not, but in case of the ball being played from behind a scrimmage no player shall be considered to have committed off-side interference unless the interference takes place more than two yards ahead of the line of scrimmage. In no case can the permissible interference be committed by a man who starts from a point further back than the position of the wing scrummers, and no interference is to be allowed beyond ten yards to either side of the point where the ball was scrimmaged."

The line-up of the teams were: Departmentals—Goal, George; backs, Sergt. Harle, Clark; halves, Fletcher, Brown, Capt. Carey; forwards, Major Jordan, Capt. Greer, Sergt. Gilbert, Sergt. Hosking, T. Johnson.

**R.M.C. 440 Yards Swim.**  
The 440 yards swimming event of the autumn sports of the Royal Military College cadets was held on Saturday morning. Five entered, the course being from the wharf out into the bay, around a buoy, and return. The swimmers finished in order as follows: Cadets (McBlade, McMurtry, Pemberton, Turnbull, Davis. The preliminaries of the water polo and other events will be pulled off this week, and the finals of the aquatic sports will be held on Saturday afternoon.

**A Bicycle Race.**  
The bicycle race which was to have been ridden at the township fair last week, and which was cancelled owing to the condition of the track at the fair grounds, will be held this fall. Harvey Milne has donated trophies for all those entering riding the make of wheels he handles.

### SOCCER GAMES ON CRICKET FIELD SATURDAY AFTERNOON

C.L.C.'s and R.C.H.A. Were Victors Brockville May Enter Junior O.H.A. Team With Frontenacs and Belleville.

The cricket field on Saturday afternoon, was the scene of much interest, not only to the lovers of football, but to those who wished to hear the fine music, rendered by the R.C.H.A. band. There were about fifteen hundred people assembled, the majority of whom watched with interest, two very good games of soccer. The first game was between the Departmentals and C.L.C., and the second between the R.C.H.A. and Shipyards.

The first game between the Departmentals and C.L.C. was closely contested. The latter won by 2 to 1. The two teams were about equally matched, but with a slight shade in C.L.C.'s favor. The play for the biggest part of the game, was in the Departmentals territory, but luck seemed to favor them about the middle of the first half, and Sergt. Hosking managed to score the only goal for Departmentals. For the rest of the first half, the play was pretty exciting but time was called by the referee, J. Donoghue, without further tally. When the play started again the second half, the C.L.C. went in to make things lively, and only for the bad kicking of Kershaw, the score would have been much higher for C.L.C. After the play had continued for some time an opportunity came for C.L.C. to score, and Heap, the centre forward, managed to put a hot one past goal-keeper George. Not long after this, another rush was made up the field, and again Heap put in another goal.

The second game between the R.C.H.A. and Kingston Shipyards was not so interesting as the first. It was too one-sided, and the R.C.H.A. had almost everything its own way. The Shipyards team did not have their players placed just for the first part of the game; twice was in goal at the start for them, but did not make good, and was replaced by Yenor, who put up a fine game, and kept the tally down by his good heady work, and vigilant eye. In the first half of the game, the R.C.H.A. scored two goals. The made by B. S. M. Finney on a clean rush. The second was also secured by Finney.

In the second half the play was more closely contested. The final goal of the second half was made by Norwood, assisted by Finney, and after the play went on for a short time, the R.C.H.A. made another rush, and Norwood made the final goal. This ended the scoring, and the result was 4 to 0 in R.C.H.A. favor.

The line-up of the teams were: Departmentals—Goal, George; backs, Sergt. Harle, Clark; halves, Fletcher, Brown, Capt. Carey; forwards, Major Jordan, Capt. Greer, Sergt. Gilbert, Sergt. Hosking, T. Johnson.

**Some Hockey Talk.**  
It is altogether likely that Brockville will be represented in the Junior O.H.A. this coming winter. While in that town just recently James Sutherland, manager of the Frontenacs, was in conversation with some of the sporting men, who are very anxious that a team be entered. Should that town enter a team, it would likely mean that Kingston, Belleville and Brockville would be arranged in one group. Picton would likely be attached to one of the western groups.

If everything pans out as expected, James Sutherland, the father of Kingston hockey, will place one of the strongest teams on the ice this winter that has represented Kingston in the Junior O.H.A. since the year that the local boys won the trophy. Last winter the team was good, but it is expected that the boys will play a great deal better hockey next winter, mainly due to the appearance of three or four new men.

The Stewart boys, "Jimmie" and "Charlie," will be two of the additions. For the past four years these boys have figured on the Kingston Collegiate team but this year are intending joining the Frontenacs and trying to bring the O.H.A. trophy again to the city. H. Toland, who last winter made his appearance in O.H.A. hockey, as a member of K.C.I., may be seen in the forward line of the Frontenacs. He has graduated from the Collegiate, and it is expected that he will join the Frontenacs in preference to one of Queen's teams.

The Frontenacs management will be in need of a defence man. Several names have been mentioned, but the most likely one for the position is Allan Singleton, another K.C.I. boy. Among those who figured on the Frontenacs last season who will again be in uniform when the time comes are Ferguson, Angrove, Gunn, Millan and Derry. Stanton will join the senior ranks.

Last score in 19-23-24—66.

The annual prize meeting of the Kingston Rifle association will open at the ranges next Saturday afternoon at one o'clock, with five round range matches at 200, 500 and 600 yards, open to any marksman in the province. The matches will be concluded on Saturday afternoon, October 4th, when an open three range match, seven shots at each range, will be fired, with concurrent team matches. The entrance fees for the teams will be free, and teams need not be named until after scores are fired, when the highest ten scores made by the members of any comps will be counted in determining the winners of the three team prizes.

**Team Shooting Contest.**  
The annual team shooting contest, under the auspices of the 14th regiment, was held on Saturday. The 14th carried off the highest honors, with a score of 772. The Kingston Rifle Association came second, with a score of 728, and the cadets of the Royal Military college came third, with a score of 710. Following are the scores:

## FOUL MOUTHED MEN

The Police Should Speedily Make Some Examples.

Rev. G. I. Campbell, in Queen street Methodist church, on Sunday morning, took occasion to speak of the blasphemy and profanity heard on Kingston streets. He said the men of Kingston should rise up and insist that the police take cognizance of the matter. It was positively sickening to move about the streets in the evenings and listen to the foul expressions made use of by young men, and apparently without restraint. Several examples should be made. Mr. Campbell said he was prepared to go with anyone about the streets in the evenings to demonstrate that what he said was not at all exaggerated. The blasphemers had no regard even for women, for the foulness was heard by them as well as by men. It was time something was done to stem the tide of obscenity and profanity. He commended the editorial in the Whig on Saturday about the matter.

**Grenfell As Best Man.**  
Philadelphia, Sept. 22.—Dr. Wilfrid T. Grenfell, head of the Labrador Mission for Deep Sea Fishermen, will act as best man for Francis B. Sayre, when he is married to the president's daughter, Miss Jessie Wilson, at the White House on November 25th, it is said.

Dr. and Mrs. Grenfell are expected in Philadelphia in a few days. They are planning to spend the winter in England.

**Detroit Has 614,486.**  
Detroit, Sept. 22.—The population of greater Detroit is 614,486, according to the new city directory, an increase of 46,793 over last year.  
The first airship tea was held on a Zepplin craft.
