

THE SPORT REVIEW

STUART ROBERTSON WON'T PLAY WITH OTTAWAS

Montreal Will Have a Poor Back Division—It is Trying To Land Phil Cornettier, Formerly of Ottawa College.

Peterboro have decided to enter team in the junior series of the O. R.F.U.

The Ottawa papers are falling all over themselves to praise the combined College-Ottawa outfit. The papers of the capital are always full of sporting news.

The English Olympic fund only amounts to \$37,000.

Each of the eight clubs of the Nebraska state baseball league played the full number of scheduled games this season.

Max Carey, of the Pittsburgh Pirates, is both the leading run-getter and base-stealer in the National league.

Montreal A. A. team are making a strong effort to land Phil Cornettier, the ex-Ottawa half back, who is attending the seminary at Lachine.

It is likely that the Toronto Leafs will train with the New York Giants in Marlin Springs, Texas, next spring.

In the thirty-seven innings that Walter Johnson, of Washington, has pitched against the New York Highlanders this season, the Highlanders have made only one run.

Ottawa Free Press: Stuart Robertson announced that he would be unable to devote the necessary time for the game this year. His decision came as a surprise to Father Stanton, who had hopes of his playing a gain.

What is said to be a new world's record for home runs was made last Saturday by Cecil Gray, of Charleston, in an Ohio state league game with Marysville, Ky., when he pounded out two and brought his record for the season up to thirty-two. The former record was thirty-one.

Toronto News: Frank Shaughnessy, the McGill coach, is on a still hunt for football material, according to the Montreal papers. This is a new one in regard to college football. Wonder if he is offering a course at college in return for services on the gridiron.

Ottawa Journal: The Ontario rugby union series commences on Oct. 11th with three teams entered. The O.R.U. is a joke, even if the Toronto people can't see it that way. T's season should just about finish it for good.

The M.A.A.A. appear to have nothing new except the coach. They have a good man at quarter in McEwen, the former McGill man, but a quarter-back can't back an opposing team himself. Montreal looks slated for the cellar again.

Dr. B. F. Roller, the heavyweight wrestler, who won back the American championship by defeating Charlie Cutler, at Benton Harbor, on July 4th last, announced that he will make another campaign and expects to do better on the mat than ever.

Gilliboley is leading the New York Americans in batting with an average of .307 for forty-one games played up to Thursday last. The former Royal started poorly with the Yankees but found himself after a week's slump. The New York Americans have already paid \$5,000 to the Montreal club for the outfielder and will pay an additional \$5,000 if he is retained until May 15th, next season.

BUBBLE WATER YIELD

Champagne To Be Both Lesser and Worsener.

Paris, Sept. 24.—Distressing news for frequenters of New York's Great White Way comes from the champagne district. Not only will this year's output of wine be considerably below last year's, but its quality will be inferior.

The president of the wine dealer's association estimates that this year's wine yield will be half a million gallons less than last year, with general poor quality, especially in the champagne district.

It is but poor solace to learn that the Algerian vineyards report excellent promise while Spanish vines will be moderately good.

Tell the Lord your frailties, but keep them from men, lest advantage is taken of you.

To make good in your work is quite necessary to prove your ability.

SIMPLICITY THE KEYNOTE

In Preparing For the Wedding of Prince Arthur.

London, Sept. 24.—Invitations to the wedding of Prince Arthur of Connaught to the Duchess of Fife will be issued at the end of the month. The Chapel Royal is at present in a state of chaos. The work of preparing the interior for the event will be completed, it is expected, about the fourth of October. The pews have been removed and stored in the basement of St. James Palace. Raised stands have been erected in their place on both sides, in three tiers, to accommodate three hundred guests. A semi-circle of gilt chairs will be placed at the railing for the royal guests. One higher than the rest is for Queen Mary.

The keynote of the decorations is to be simplicity. There will be no lavish display of flowers or shrubs. Instead, white heather will figure largely out of respect to the bride, and, of course, there will be the usual bridal bouquets. The same carpet will be used which served at their Majesties' wedding. The gold plate dates back to Charles the second. The books to be used are those used at the king's wedding. The bridal gown and trousseau are still in their elementary stages. The groom will give the bridesmaids diamond brooches bearing the royal monogram. Four queens will be in attendance. Prince Arthur's supporters will be his cousins, the Prince of Wales and the Duke of Saxe-Coburg-Gotha.

LIVE STOCK MARKETS.

The Prices Paid At the Various Centres.

Montreal, Sept. 22.—About 2,850 head of butchers' cattle, 1,400 calves, 2,000 sheep and lambs and 1,100 hogs were offered for sale at the Point St. Charles stockyards today.

The offerings of live stock at this market during the week were 3,600 cattle, 1,900 calves, 4,200 sheep and lambs and 2,100 hogs.

The wet weather caused a dull trade, but the prices of the best cattle had an upward tendency, while hogs are lower.

Prime beefs sold at \$6.35 to \$6.90 per 100 lbs.; pretty good animals sold at 4 1/2 c to 6 1/2 c per lb.; the common stock, 2 1/2 c to 4 1/2 c do.; and the small basis sold at 3 1/2 c to 3 3/4 c per lb.

Calves sold at 2 1/2 c to 6 c per lb.; sheep sold at about 4 c per lb.; lambs at 6 1/2 c to 6 1/2 c do. Good lots of hogs sold at 10 c per lb.

Secretary Hackett Resigns.

Ottawa, Sept. 24.—J. T. Hackett, who has been private secretary to Hon. Charles Doherty since the government was formed, will shortly resign to resume the practice of law with his old firm in Montreal. He is a son of Hon. M. F. Hackett of St. Andrew, Que., who was a minister in the Flinn administration, which was defeated in 1897.

ROUGH WEAVES VIE WITH SOFT SILKS

Rough surfaces and ratine weaves continue to be fashion leaders for practical and stylish street suits. Just how jaunty and smart one of these materials makes up with a well chosen pattern is seen on the figure at the left. A gray and black boucle is used with white ratine collar and cuffs and black velvet edges. The skirt (7921) is cut in five gores with panel back and has a novel box plait section at the bottom front. A medium size requires 3 yards of 42 inch material for the skirt and the same for the coat. The skirt is cut in six sizes, the jacket in five. Fifteen cents each.

Dame Fashion declares that a soft silk dress of some kind is indispensable for dressy wear at this season. It is quite likely to be made of crepe de chine in the model on the right (skirt 7968, waist 7715). The skirt is cut in four pieces, lapping at the center front and back and has plaits laid in at the belt to give the peg top outline.

THE NEWBORO FAIR

Surpassed the Exhibitions of Previous Years.

Newboro, Sept. 22.—Despite the inclemency of the weather, the fair on Wednesday surpassed anything in the history of the society. There was an attendance of 1,482 present, and this does not include members or those who passed through the main gate in carriages or automobiles. The horse races were keenly contested, seven facing the starter in the free-for-all and six in the 2.30 class. Guy Wilkes, owned by Sam McCann, of Burridge, won the free-for-all in three straight heats, and Hannah Belle, owned by Edward Mooney, of Perth, captured first in the 2.30 class. The exhibits in the main hall were very numerous and many comments were passed by the many interested spectators.

The poultry hall was well filled, there being six competitors in almost every class. The only regret the society had to make was the non-appearance of the aeroplane, which was to have made a flight on Wednesday afternoon. Other attractions before the grand stand were A. Alfano, on the high wire, and Washer Bros., midgey boxers, the latter keeping the crowd in an uproar of laughter for almost an hour with their classy stunts.

Toledo brass band furnished music throughout the day. The five-mile foot race was won by Robert Connell, of Westport. Judging in the ring proved a hard task for R. P. Walker, of Iroquois, government judge, on account of the numerous entries in all classes.

William Troviche, who has been foreman in Spicer's shingle mill for the past summer, left, on Saturday, for Perth, where he will take charge of S. Wood's mill. Daniel McCarty was of Bedford, last week buying a carload of horses for the west.

A. J. Locke, of the Union bank

staff, has been transferred to Merrickville. During his two years sojourn in this village, he won the confidence and good will of the people, and his many friends are sorry to learn of his departure. His place has been filled by Donald MacGinnis, of Cayler. Frederick Knapp spent the weekend with friends at Smith's Falls. R. J. Hutchings, of Calgary, is here renewing acquaintances.

The Peril in High Speed.

Philadelphia Public Ledger.

There has never been a better summing-up of what high speed really means than the following statement by George Westinghouse: "When emergency brakes are set upon a train running at a rate of 80 miles an hour that train is still running 60 miles an hour 1.10 feet from the point of application, whereas if the train had been running 60 miles an hour it would have stopped in 1.100 feet." Here is the whole problem of high speeds. For most travellers 60 miles an hour is sufficient, and the railroads are sinking their schedules and concentrating their attention on safety first.

Just What She Said.

The maiden lady of uncertain age became very indignant when the census taker asked her age.

"Did you see the girls next door," she asked, "the Hill twins?"

"Certainly," replied the census man.

"And did they tell you their age?"

"Yes."

"Well," she snapped, as she shut the door in his face, "I'm just as old as they are."

"Oh, very well," said the census man to himself, and he wrote down in his book, "Jane Johnson—as old as the Hills."

As a general thing the self-satisfied individual is not satisfied with mankind in general.

WOLFE ISLAND FAIR

ISLAND TEAM DEFEATED GLENVALE AT BASEBALL

The Track Was Too Heavy For Horse Races On Tuesday Afternoon, and These Were Postponed Until Wednesday.

The fair of the Wolfe Island Agricultural Society opened in the grounds at Marysville on Tuesday. Though the weather was not the most inviting, the atmosphere being raw, quite a number attended in the afternoon, inspected the exhibits and "took in" the baseball game, which proved quite exciting at times.

Many of the exhibits in the various classes were in their places, with the exception of the cattle, which were brought in on Wednesday, and the other classes were added to.

The horse races slated for Tuesday afternoon were cancelled, owing to the heavy condition of the track from the rain of the past two days. Men were working upon it for Wednesday, when it was expected to start the four events, namely, the 2.30 and 2.50 classes, and the named and township races. The 2.30 and named horses had been billed for Tuesday. There were five entries for the former and six in the latter. Four trotters were reported for the 2.50 and three for the township event. A baseball game was on the Wednesday afternoon's programme at the grounds, and a dance in the hall in the evening.

At baseball on Tuesday afternoon, the Wolfe Island and Glenvale nine "went to it" for nine innings before an interested crowd. The island boys finally won out by 12 to 8, due to their work in the eighth inning, principally "Jack" Evans and Derry, of the Kingston Ponies, were the battery for the Glen outfit.

In the second and third innings Evans, H. Orser, R. Ellerbeck and Bliss tallied four runs for Glenvale, and just where Wolfe Island was coming in was uncertain. But in the fourth, fifth and sixth, the Marysville bunch chased the plate for seven counts, amid loud roars of the spectators. Cosgrove, Grover, C. Cummings, Davis and Berry successfully ran the bases. In the seventh period Glenvale gingered up. Butterell and R. Ellerbeck finding home on the three-bagger of Bliss, and Derry brought in Bliss.

It was in the eighth that Glenvale's hope of returning across the water with a victory vanished. Derry, here, as before, had poor support, and Wolfe Island made five runs. Only half of the ninth inning was played, Glenvale scoring one run. The teams were: Wolfe Island—Hogan, C. Cummings, Davis and Berry, s.s.; C. Cummings, J. McLeod, s.s.; Davis, J. B. Whitmarsh, r.f.; Cosgrove, c.f.; Grover, l.f. Glenvale, Evans, c.; Derry, p.; R. Ellerbeck, l.b.; J. Orser, 2b.; Bliss, s.s.; Butterell, 3b.; H. Orser, r.f.; J. Ellerbeck, c. Swaine, l.f. Umpire—S. Hogan.

The judges in the classes appointed are: Cattle, sheep and swine, S. Knight, Elginburg; Lieut.-Col. F. Ferguson, Elginburg; Horses, G. Smith, Westbrock; A. Smith, Elginburg; J. J. Barrett, Pittsburg; Grain, roots, fruit, J. Heeden, Cataract; C. Friend, ship, Kingston. Dairy products and baking, Mrs. A. Smith and Mrs. F. Knight, Elginburg; Poultry, Rev. Mr. Dowdell, Sydenham. Ladies' fancy and useful work and flowers, Mrs. F. Ferguson, Inverary.

The officials of the show are: President, Henderson Horne; vice-presidents, A. Hawkins, Richard McCready; secretary-treasurer, G. A. Rattary.

Directors—George Friend, J. Brown, T. Pascent, Rodney Walker, William Allum, Edward Briceland, George Garner, William Haley, D. Keill.

Committee for races—Oliver Hawkins, A. Hough, William Haley.

Superintendents—General superintendent, Henderson Horne; horses, Rodney Walker; agriculture, J. Brown; sheep and swine, William Allum; cattle, Edward Briceland; poultry, D. Keill; dairy produce, Richard McCready.

WILL BE ESKIMO'S BRIDE

Danish Girl On Her Way to Greenland.

Copenhagen, Sept. 24.—By departing of Upernivik, Greenland, to be married to an Eskimo named Gemmy, Miss Ellen Groth, a pretty Danish girl, will set a precedent by being the first known white woman to wed an Eskimo.

On the other hand several white men have married Eskimo women, and just recently the Arctic explorer, man to wife. The Eskimo women are said to be very pretty. On leaving for Greenland, Miss Groth was given an enthusiastic farewell by her friends and on board ship her arms were filled with flowers. The Eskimo bridegroom is a local missionary.
