DOING SPLENDID WORK

REPORTS AT CONVENTION WOMAN'S MISSIONARY SOCIETY

There was a Very Good Attendance At the Sessions in Queen Street Church on Thursday—Interesting Addresses Were Delivered—A Musical Programme Was Given.

With a good attendance from nearly all the auxiliaries, and representatives from around and bands, the ninth annual convention of the Woman's Missionary Society was held in Queen street Methodist church Thursday afternoon and evening.

Mrs. William Craig, district organizer, occupied the chair at the opening session.

Encouraging reports of the work were given by nine auxiliaries, two circles and two bands. It was shown that over \$1,000 had been raised during the year.

Mrs. Craig stated that it would be impossible for her to continue the position of district organizer. Mrs. Melvin Taylor, Gananogue, was elected to take her place.

During the afternoon addresses were delivered by Miss Daisy Chown, who spoke on life in Japan, as she had seen it on her recent visit; Miss Sumbury, of the Gananogue circle, gave a paper on "How to Maintain the Interest in Circle Work"; Mrs. G. I. Campbell gave a paper on "Some Definite Aims"; Mrs. Scott, medical missionary from Ceylon, gave an interesting account of her work. She was the first lady doctor to go to that place.

Miss A. Prebner and Miss F. Val-leau favored with solos and Sydenham street circle rendered a chorus. Tea was served in the school room.

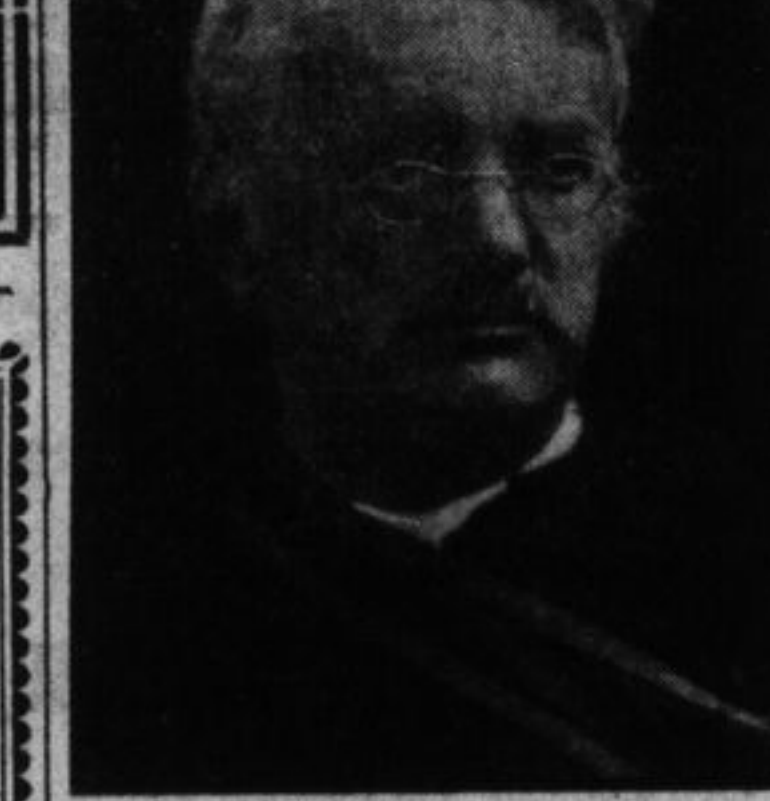

Rev. G. I. Campbell presided at the evening session and paid a warm tribute to the work carried on by the women in their auxiliaries.

Others who took part were Rev. John Webster, Rev. L. M. England, of Cataragui, who conducted the devotional exercises, while addresses were delivered by Miss E. McLean, of Spenceville. She spoke on her work among the Austrians and appeared in Austrian costume.

T. P. Harrison spoke on his trip to China and Japan and at the close of his address Mrs. Craig made a special appeal for the continuance of the good work.

During the evening Miss A. Twickell and William Eva delighted the convention with solos.

An invitation from the Cataragui auxiliary to hold the next annual convention in their church was received and gladly accepted.

AN EXPENSIVE AUTOMOBILE

That Used By the Engineer's Department Under Discussion.

The automobile purchased some time ago, for the use of the city engineer's department has been playing up high links. The members of the Board of Works were shocked to learn that a bill had been sent into the city, amounting to \$80.30, for some repairs—or at least a batch of repairs which had to be made to the machine.

The automobile purchased for the department was a second-hand one, and at the time some of the members objected very strongly to securing it, but at any rate it was purchased, and now it looks as if it is a white elephant on the city's hands.

Just a short time ago men in the engineer's department started out to do some important work, and the auto became stalled on the street. It was out of business for a few days and a livery rig had to be secured to fill the bill.

The car will, no doubt, be under discussion at the next meeting of the Board of Works.

PRISON REFORM COMMISSION

Will Sit But Three Days Next Week.

Although the sessions of the Prison Reform Commission will be resumed in Kingston on Tuesday morning next, at ten o'clock, the sessions will only last three days, when another adjournment will have to be made. J. P. Downey, one of the commissioners, is unable to stay any longer than three days next week, and thus there will have to be another postponement.

W. S. Hughes, inspector of prisons, will be the first man to be examined, and it is understood that the ex-convict lawyer, Thomas Russell, will also be called after the evidence of Hughes has been secured. Other witnesses will include a number of city people, present guards and ex-guards.

LATE MILITARY NEWS

Hoped That Many Instructional Classes Will Form.

In a resume of the training in the third divisional area for the year, 1912-13, it is noted that classes of instruction were held for the 3rd Dragoons, 5th Dragoon Guards, the 15th, 40th, 41st, 45th, 46th and 56th regiments. It shows an increase over last year. The colonel commanding points out that these classes are intended to assist all officers and N.C.O.'s in making and keeping themselves efficient in their duties, to enable all wishing to qualify for certificates. It is hoped that officers, commanding units, will endeavor to organize as many such classes during this winter as possible. It has been shown that this is possible in rural as well as city corps.
