TEACHERS' INSTITUTE

A SPLENDID LECTURE WITH ILLUSTRATIONS GIVEN

By Prof. Manly B. Baker in the Physics Room in the Ontario Hall At Queen's—Good Audience Present.

"A Trip Through Norway With a Geologist," was the title of a very instructive, as well as interesting illustrated lecture, by Prof. M. B. Baker, in the Ontario building at Queen's, on Thursday evening. It was the opening of the convention of the Kingston Teachers' Institute, and a mark of the interest shown was that the physics room was filled for Mr. Baker's review of the western half of the Scandinavian peninsula, through which he travelled two years ago. Pictures he took of parts of the country were shown.

Of course a goodly portion of the time on Thursday evening was devoted to an explanation of the folds, these inlets from the sea, for which Norway is famous, and on one of which the German Kaiser has a summer home. Prof. Baker set forth their peculiarities, the depth of the water, rock formation, beautiful scenery, mountainous surroundings, bewildering channels, water falls and glaciers. The audience was taken on an imaginary journey from Bergen, which, with Christians, are the chief cities, up and down fjords, until at the eastern summit of land the tram was taken back to the starting point. The lecturer touched on the characteristics of the Norwegians, who sparsely populate this northern country. He was struck with their industry, particularly in the building of roads. Although railroads are not practicable in all parts of the country, engineering feats have been accomplished to make them possible in some sections. The fish market at Bergen and the famous winter sports at Peize Prof. Baker made special mention of.

J. E. McDonald, the president of the institute, expressed thanks to Prof. Baker for the lecture, which was moved by Russell Stewart and seconded by R. F. Greenless.

LIVE STOCK MARKET.

The Prices That Are Paid In Toronto.

Union Stock Yards, Toronto, Oct. 16.—Receipts were again large at these yards, especially of cattle of which it looks like another record run this week. Today's run was 150 cars, 2,927 cattle, 1,583 hogs, 1,238 sheep and lambs, and 268 calves. Trade was inclined to be slow as many of the dealers had bought their supplies earlier in the week.

Export steers—There were few of this class on sale, but worth \$7 to \$7.50; with a few odd cattle selling \$7.80 to \$8. Choice butchers' steers, \$6.75 to \$7; good butchers' steers, \$6.50 to \$6.75; medium butchers' steers, \$6 to \$6.40; common butchers' steers, \$5.50 to \$6.

Choice cows, \$5 to \$5.40; good cows, \$4.50 to \$5; canners, \$2.50 to \$3.50.

Feeders and stockers—Trade active, prices steady to firm, as there were many buyers. Choice heavy steers, \$6.40 to \$6.60; medium steers, \$5.50 to \$6.30; stockers, 500 to 700 lbs., \$5.25 to \$5.75; inferior rough stockers, \$4.35 to \$4.80.

Milkers and springers—Moderate supply sold at \$50 to \$90 each; bulk sold at \$60 to \$75 each.

Calves—Receipts were moderate and prices firm for choice veals, which were scarce. Choice veals, \$9 to \$10 per cwt.; good calves, \$8 to \$9; common to medium, \$4.75 to \$7.

Sheep and lambs—The lamb market was firmer. Sheep, \$4.50 to \$5.25; culls and rams, \$3 to \$4; lambs, choice ewes and wethers, \$7.50 to \$7.75; bucks, 75c per head less.

Hogs—Market firmer on light receipts. Selects fed and watered, \$8.75 and \$8.40 l.o.b. cars, and \$9 weighed of cars.

Sealskins May Be Cheaper.
Washington, Oct. 17.—Sealskin coats for military may be cheapened by the action of Secretary Redfield of the department of commerce in ordering that the entire catch of seals be sold in St. Louis, instead of London as heretofore. Orders that sealskins be sold at auction in America, it is declared, will result in saving the heavy duty charged on dressed furs.

The furs being an American product, they will be brought into the states free and domestic firms will dress them and make them into garments. The 1913 catch, numbering several thousand skins, will be sold in December.

Frederick Weller, Clayton, N.Y., is at a Brockville hospital, suffering from a compound fracture of the right leg below the knee. Weller was accompanying another party on a motor cycle when it collided with a wagon.

Had a Stroke of Paralysis
And Found a Cure in Dr. Chase's Nerve Food.

It is always better to prevent serious diseases of the nerves. There are many warnings, such as sleeplessness, irritability, headaches and nervous indigestion.

Prostration, paralysis and locomotor ataxia only come when the nervous system is greatly exhausted. Even though your ailment may not yet be very serious, there is a great satisfaction in knowing that Dr. Chase's Nerve Food will cure paralysis in its earlier stages.

Mrs. R. Bright, 215 Booth avenue, Toronto, writes: "Two years ago my husband had a stroke which left him in a weak, nervous condition. He started taking Dr. Chase's Nerve Food and Kidney-Liver Pills, and we saw the good results almost immediately. They have made a new man of my husband and we cannot speak too highly of them."

Dr. Chase's Nerve Food, 50 cents a box, \$ for \$2.50, all dealers or Edmondson, Bates & Co., Limited, Toronto.

THE HALLS OF QUEEN'S

SOME GOOD SPORT AT THE ANNUAL GAMES ON THURSDAY

C. C. Scott Captured the Individual Championship, Securing the Largest Number of Points—The Results in the Different Events—MacClement Cup Game Postponed.

There was little stir in the university building Thursday. The tennis courts, however, were kept continually busy. About one hundred students watched the rugby practice of the first and second teams. Later in the afternoon the first and second soccer teams held a practice, until dark. The soccer team will meet the "Varsity" eleven, on the lower campus Saturday morning.

The third game of the MacClement cup series, which was to be played today, was called off, on account of several of the players being out of the city.

The annual games of the university were held at the Athletic grounds yesterday. C. C. Scott won the greatest number of points, and the individual championship.

Chief among the events was the performance of cadet Cronyn, in the high jump. The university record which is 5 ft. 4 1/2 in. was broken by him, cadet Cronyn cleared 5 ft. 5 1/2 in.

The 10 yards was very closely contested, though the time was slow.

The events were as follows: Running broad jump, John MacKinnon, 15 ft. 9 in.; C. C. Scott, A. Macdonald.

Throwing sixteen pound hammer, John MacKinnon, 96 ft. 3 in.; C. C. Scott.

Running Hop, Step, Jump, C. C. Scott, 40 ft. 11 in.; G. F. McFadden, J. MacKinnon.

Shot Put (16 lbs.), J. MacKinnon, 120 yards hurdle, C. C. Scott, 21 3/4 ft. 1 1/2 in.; C. C. Scott, R. F. Pirie, 45 seconds; J. I. Case.

Three Mile Run, L. S. Poole, R. H. Gilbert, W. J. Johnston.

Half mile run, J. E. Revelle, 2 min. 21 1/5 sec.; Eric Tugo (R.M.C.), C. C. Scott.

Running high jump, J. K. Cronyn, (R.M.C.), 5 ft. 5 1/2 in.; A. Macdonald, Ross (R.M.C.).

220 yards dash, D. F. Kittermaster, 24 3/5 sec.; C. C. Scott, J. I. Case.

1 Mile run, H. G. Greenwood, (R.M.C.), 5 min. 13 sec.; R. G. Marton, (R.M.C.); J. E. Revelle.

Quarter mile run, C. C. Scott, 6 min. 2 sec.; D. C. O'Connor.

Prof. Matheson made a very satisfactory reference. James G. Bews acted as starter.

APPEAL FOR HUMANITY

The Family Cat Should Not Shift For Itself.

Kingston, Oct. 15.—(To the Editor): Among the many acts of cruelty which our dumb animals have to suffer there is one which is very common and barbarous, it is that of leaving the house cat to shift for itself whilst the family is away for a couple of months in mid-summer. I was much taken with a short poem entitled "The Wail of the Cat" which I cut from a newspaper or lately which I have taken the liberty of altering slightly and adding a couple of verses thereto. I commend it to the attention of those who are guilty of the barbarism I refer to. Yours truly, President Humane Society.

The Wail of the Family Cat.
My Master's off for a pleasure trip,
My Lady's at the sea.
The cook and housemaid left last night
Oh woe oh where can they be.

The son and daughter, both have skipped,
And I don't know where to find them,
But tell me do they ever think
Of the cat they left behind them.

I haven't any place to sleep,
I haven't any dinner,
The milkman never comes my way,
I'm growing daily thinner.

The butcher and the baker pass,
There's no one to remind them,
Oh tell me do they ever think
Of the cat they've left behind them.

The dog next door has hidden bones,
They're buried very chary;
The parrot's boarding at a friend's,
As well as the canary.

The neighbours scatter free from care,
There's nothing here to bind them,
I wonder if they ever think
Of the cat they've left behind them.

One neighbor wrote my Master
And asked him for advice,
The reply was short and pointed,
"Let the beggar hunt for mice."

I had already searched the house
For mice and tried to find them,
But neither rat nor mouse could I live
On what they'd left behind them.

FRENCH ARMY SQUABBLE

Gen. Faurie Protests Against Attacks of Gen. Chomer.

London, Oct. 17.—General Faurie, commanding the Sixteenth French Army Corps, has addressed a long letter to the French minister of war protesting against attacks in the press by General Chomer, who accuses Faurie of incapacity in manoeuvres. Faurie asserts that Chomer desires to shatter his career, and unless he is vindicated he will resign.

Paris, Oct. 17.—It is announced that the supreme war council has decided that Generals Faurie and Piagnou, commanding the 16th and 17th army corps, respectively, shall be relieved of their functions because of incapacity shown at the recent manoeuvres of the French army.

In addition, the council has ordered that General Courbebaissie, military governor of Lyons, two brigadier-generals and a number of superior officers shall also be relieved of their commands, as physically and otherwise unfit.

WAS CARVED IN INDIA

CHAIR GIVEN TO THE PROFESSOR OF COLONIAL HISTORY

A Canadian Lady Did the Splendid Work—Mrs. Nanton Worked Out the Scheme With Fine Effect.

The chair presented to the professorship of colonial history, at Convocation on Wednesday, by the generosity of Dr. James Douglas, LL.D., New York, was carved in Central India. The artist is a Canadian, Mrs. Nanton, whom many Canadians will remember as Miss Marguerite Joly, daughter of Mr. Sir Henry Joly de Lotbiniere. It was brought to Canada by her husband, Colonel Nanton, R.E., also a Canadian, and a graduate of the Royal Military College. Mrs. Nanton's work is well known in India and in Great Britain. Last year, at the great exhibition in Simla, of Indian art, her carving was given the special viceroy's prize for the most beautiful piece of work of any kind whatever shown in the exhibition.

The chair is carved of specially selected teak. The proportions were thought out by Mrs. Nanton, but with the idea of reproducing the general outlines of an official Spanish chair of the fifteenth century, the century of the discovery of America. At the ends of the arms are heads of fabulous heraldic animals. The uprights are two deer, one of an American Indian and a Caucasian, thus representing the two great stages of Canadian life. In the centre of the back of the chair is the coat of arms of Queen's. Below this is the Canadian beaver, and surrounding it are the arms of the nine Canadian provinces. Lower down, on a medallion, is the crest of the company of One Hundred Associates, the great French chartered company which did so much for the early settlement of Quebec. On the footstool are the words, "Magna est veritas," implying that the historian must take his stand on the truth.

The chair, which is of great beauty, and probably the finest piece of modern wood-carving in Canada, will remain for a few days in Grant Hall, after which it will be removed to Prof. Grant's class room.

REDUCE TO HIGH SCHOOL

Trustees In Arms Over Department's Latest Order.

Galt, Oct. 17.—Word has been received from the deputy minister of education, regarding the order of trustees that, since the people of Galt had not voted money for a new gymnasium, the collegiate institute was not up to the standard set for collegiate institutes, and asking that the board apply for a reduction from collegiate institute to high school. There is some uncertainty as to what is meant by asking the board to apply for a reduction. Opinion prevails among the trustees that Galt is no worse offender against department orders than several other institutes, and it is felt that, under all circumstances, the action decided on at educational headquarters is unduly harsh and unreasonable. The institute in athletics and physical culture has, it is submitted, features atoning for absence of a large and costly gymnasium. A deputal will visit the government to plead Galt's case.

Hicks' Weather Prediction.

A regular storm period covers the 22nd to the 29th, being central on the 24th. Falling barometer and other growing storm conditions will appear in western parts early in this period, and it is felt that, under all circumstances, the action decided on at educational headquarters is unduly harsh and unreasonable. The institute in athletics and physical culture has, it is submitted, features atoning for absence of a large and costly gymnasium. A deputal will visit the government to plead Galt's case.

A reactionary storm period covers the last three days of the month. The new moon on the 29th will bring the culmination of this period on and touching that day. Storms of rain, wind and autumnal thunder will result. At this time, passing to the eastern states and leaving high barometer and much colder, clearing weather behind them by the end of the month. A marked earthquake period is central on the 29th, extending from the 26th to November the 4th.

Nurses For Ulster.

Winnipeg, Oct. 17.—After discussing the Ulster situation, the Ladies Orange Benevolent Association decided to raise a corps of 100 fully equipped nurses to accompany the Winnipeg Orange regiment, if it should be called to Ulster.

At the Hat Store.

Big variety of Hats, Caps, Dent's Gloves, Umbrellas, Kingston and Queen's Pennants. George Mills & Co.

Canadians Are Vice-Presidents.

Indianapolis, Ind., Oct. 17.—Rev. S. G. Smith, of St. Paul, Minn., was chosen president of the American Prison Association. Col. A. C. Irvine, Kingston, Ont., and R. B. Chadwick, Edmonton, Alta., were elected vice-presidents.

Mr. and Mrs. J. C. Chamberlain, Smith's Falls, announce the engagement of their daughter, Emma May, to W. E. Fiske, Ontario, N.Y. The marriage will take place the last of this month.

The minimum salaries of the rural postmasters will be \$50.

PROBS. North easterly winds, cloudy, Saturday, occasional showers.
