THE SOCCER LEAGUE

EXPECTS TO HAVE SIX TEAMS NEXT SEASON

A Picked Kingston Team Will Play For the Dominion Championship Next Fall—Sunday School Basketball Tie.

A meeting of the city soccer league executive was held on Tuesday evening, at which W. G. Ferguson presided. The chief discussion of the evening dealt with a smoker and concert, which the league intends holding on Friday, Jan. 16th. The details were left to a committee consisting of a delegate from each of the four teams.

Secretary E. F. Marshall has the looking after of the medals which will be presented to the champion Shipyard team on the same night as the smoker is held, and orders will be given immediately to have the medals secured and engraved. In addition to the medals the Shipyard team will be presented with the silver cup presented to the league by H. Milne. Last year the cup was won by R.C.H.A.

It was stated in the Whig a few weeks ago that next season will see six teams in the league, and at the meeting on Tuesday night it was stated by some of the members present that one of these additional teams will be an aggregation comprised of some of the Lancaires boys who are in the city, and will be known as the "Lancaires." The other team, no doubt, will be Queen's. The league next season will then be comprised of the following teams: Shipyard, C.L.C., R.C.H.A., Departmentals, Lancaires, and Queen's.

It was proposed by W. G. Ferguson that the city league play under the rules of the Dominion Football Association, which would eliminate a considerable amount of wrangling which has been in evidence this season. It was also suggested by Mr. Ferguson, that Kingston will in all probability have a soccer team to compete with Toronto and Montreal for the Dominion Soccer Championship. The various members present were well pleased with the idea, and were of the opinion that a winning team could be picked in Kingston. It was Mr. Ferguson's desire that if he was here next year, nothing would please him better than to see a team from this city go up against either of these two large cities and defeat them. He had no hesitancy in saying that Kingston has a fair share of good soccer players, and he would not be surprised in the least if next fall Kingston won the soccer championship of Canada.

THE MAN WHO DRINKS

IS NOT A TRUE PATRIOT, DECLARES MISS SLACK.

The Liquor Traffic is the Greatest Enemy to the Home, the Health and Trade of Any Nation.

According to the argument of Miss Agnes Slack, that prominent English temperance figure, who is in the city, after attending the world's convention of the W.C.T.U. at Brooklyn, N.Y., he who drinks, is not a true patriot. Miss Slack is the corresponding secretary of the world's W.C.T.U., and a leader of organizations which aim for teetotalism. As Mrs. William Craig remarked, they aspire at obliterating "this foul blot" of the drink traffic from the world.

At Tuesday evening's meeting, in St. Andrew's church hall, Miss Slack justified her charge of the drinker's lack of patriotism by saying that it is he who fails to do his part in striking at a traffic which is his country's worst enemy. Those who take drink, said she, are, to say the least, not setting the best and truest examples.

During her address, Miss Slack spoke of conditions in India. Here the British government has done wonders for that country with its Mohammedans and Hindus, and their castes. The development of trade and advance of education has been marvellous. But the natives say that the Christian nation has brought to India as elsewhere, the curse of drink.

Rev. Dr. T. B. Scott, a missionary on furlough from Ceylon, added that the British planters have brought to the natives of that island the drink, which is the worst curse. At present there is a wave of temperance agitation passing over Ceylon.

Miss Slack spoke in an enlightening manner on conditions in England and other countries. The world is learning, said she, that wherever liquor is in the community it will meet and check, to a very large degree, the good which is being attempted. In England, Miss Slack said, it checks good that would result from legislation, and every bill passed for education is met by the liquor traffic. She added that England looks at Canada as a kind of "beacon light." She was glad the dominion was attaining such results.

The higher the civilization in any country the less the liberty for the individual was one of the answers she made to the excuse that local option takes away a man's liberty. What the drink traffic is doing in the political life of Great Britain, she elaborated on. It is the greatest enemy to the home, the health and trade of any people.

Mrs. William Craig, presided at the meeting. Reviewing the work of the W.C.T.U., she informed the audience of the departments of Cole Lake, in the interests of the franchise poor women. "For this we hope, and for this we pray," said she. She believed that if women had the franchise they would exercise it for the improvement of country and home.

Mrs. G. A. Bateman read the scrip-ture, and Mrs. J. Evans, sang a solo. Rev. G. J. Campbell, and Rev. Dr. Scott were the mover and seconder of a vote of thanks to Miss Slack. Rev. A. Brown, pronounced the benediction. A number were enrolled in the "white ribbon" union.

S.S. Basketball League Tie.

Brook Street Methodist and St. Luke's Anglican Sunday school basketball teams are tied for honors in the S.S.A.A.A. series. As a result of the games on Tuesday evening at the Y.M.C.A. building, these teams will meet on Tuesday evening, December 16th, in the saw-off for the T. F. Harrison trophy. Out of the six matches which have been played, both teams have won five, which is an excellent showing.

On Tuesday evening, the members of Brook Street Sunday school slipped one over Sydenham to the tune of 38 to 20. At half time the winners had a lead of 28 to 10, but both teams played an even game after this period, each landing ten points. The teams were:

Brook—McCormell, Harrison, Reid, Burch and Ferguson.
Sydenham—Wood, Pense, Trotter, Woodside and Baker.

The members of the Williamsville Anglican Sunday school came out victorious over Bethel by a score of 35 to 24. The game was very fast. A half time the Anglicans had it in their favor by three points. Bethel and Sydenham are now tied for the cellar position in the league. The teams were:

St. Luke's—Marshall, Bell, Sharpe, Godwin, Potter and Compton.
Bethel—King, Veale, Edgar, Holland and Kennedy.

MISSING BOY LOCATED.

Cross Lake Mystery Has Been Cleared Up.

Missing from his home at Cross Lake, since last Friday, it was feared that the adopted son of B. R. Newton had met with foul play, and it was also feared that perhaps he had met his death in the woods by being attacked by wolves or bears, which abound the neighborhood in which the lad lived.

The lad is a ward of the Kingston Children's Aid Society, and a telephone message received on Tuesday evening, by Rev. A. E. Smart, the society's inspector, stating that the stray-a-way had been located at Kaladar, cleared up the mystery which stirred up the village. No further particulars of the affair were received, other than the youngster was located at Kaladar, and it is believed that he started out on his own account, to see the sights. He was taken back to his home. It was feared by some that the lad might have been attacked in the woods by wolves or bears.

A band of over thirty men joined in the search for the lad.

GIRLS' FELLOWSHIP CLUB.

Of the Y.W.C.A. Held a Tea and Sale.

The Girls' Fellowship Club of the Y.W.C.A. held a successful tea and sale in the association rooms on Tuesday afternoon. Those in charge of the tables were: Tea table, Mrs. H. Stelling and Mrs. A. Strachan; candy, Miss J. Mackenzie; home made, Mrs. White and Miss Ethel Davis; fancy work, Miss B. Jameson, Miss Cullen and Miss E. Mackenzie.

During the evening the following contributed towards the programme: Miss Elsie Ludlow, Miss W. Woodard, Miss Daley, Mrs. A. P. Mershon and Miss E. Porter. The sum of \$35 was raised by the endeavor.

Bridal Party Disappointed.
A Wolfe Island wedding party was disappointed on Wednesday morning when a team of white horses and carriage did not arrive from the city for the nuptial event. The captain of the steamer Wolfe Islander, it appears, would not take the span and vehicle across owing to the rough weather.

BRONCHITIS SUFFERERS

Takes Druggists' Advice With Splendid Result.

If any one should know the worth of a medicine, it is the retail druggist who sells it every day in the week and is in a position to know what remedy gives the best satisfaction.

Mrs. Frank H. Ulino, of West Sand Lake, N.Y., says: "For years I was a great sufferer from bronchitis. Last July I had a severe attack and my friends thought I could not recover from it. Then I was advised by my druggist to try Vinol, which I did with wonderful results. My cough has left me; I have gained in weight and appetite, and I am as strong as ever I was. I advise all who have bronchitis, chronic coughs, or who are run-down to try Vinol."

It is the combined action of the medicinal curative elements of the cod's liver, without oil, aided by the blood-making and strength-creating properties of tonic iron that makes Vinol so efficient in such cases.

Remember, we guarantee Vinol to do just what we say—we pay back your money if it does not.

Geo. W. Mahood, druggist, Kingston, Ont.

COUNTY COURT CASES

VERDICT FOR JOHN E. CAMPBELL, OF COLE LAKE.

Against the Buffalo and Ontario Lead Company For Hire of a Traction Engine and Boiler.

The jury brought in a verdict in favor of the plaintiff in the case of John E. Campbell, of Cole Lake, against the Buffalo-Ontario Lead Co., Ltd., which was the first of the civil cases heard before Judge Price in county court on Tuesday afternoon.

The plaintiff's claim was for the hire of a traction engine and boiler and one small boiler. The claim of the defendants was that the boilers were hired on a daily basis and not for a term. Mr. Campbell brought suit for \$228 owing him on the large boiler and some \$97 on the smaller one. Regarding the former, the core of the disagreement between Messrs. Campbell and H. Kraft, one of the officers of the company, as to the terms of the oral contract between them when, in August, 1912, Mr. Kraft and the plaintiff had a conversation in Godfrey Station.

J. L. Whiting, K.C., appeared on behalf of the plaintiff, while J. M. Far- all was present in the interests of the defendant. Mr. Campbell was called by Mr. Whiting, as well as T. Gray, a blacksmith, who told of what he had heard of the conversation at Godfrey station.

In defence, for the Buffalo-Ontario Lead company, Ltd., Mr. Kraft, was examined.

No defence was submitted in the case of Edward Wells, against C. V. Franklin, for \$278.91, money received and goods sold. The plaintiff accordingly got judgment. This had been incurred in the course of a partnership business carried on between the two principals.

The grand jury was sworn in as follows: R. A. Morrison, Samuel Wood, J. J. Brophy, Daniel Watts, W. W. Deeks, Edward Charles, George Maitland, William Toner, Herbert Dawson, George Davis, W. B. Botting, E. G. Barrett. There were no criminal cases on the docket to be dealt with. Judge Price, who presided, instructed the jurors to visit all government institutions receiving county grants. The report will be presented Wednesday afternoon.

F. McDonald, of New York, was in Kingston, on Wednesday.

THE NOBLE WORK.

Of the Medical Missionaries in Bleak Labrador.

In the records of great deeds which tell of the men who have turned aside from the path of assured success and brilliant fame to devote themselves to the service of their brothers in the bleak and unkindly outposts of the world. Such men are Dr. Grenfell and his co-workers of the Labrador medical mission. The fishermen who live on these coasts have a hard life, aggravated by isolation and lack of medical attendance. They are a simple, kindly folk, and grateful for the alleviations to their hard lot which they owe to the medical mission with its hospitals here and there along the coast. There are also the small hospital steamers calling at too long intervals at all the out-of-the-way places, bringing healing and comfort, and often standing between the people and starvation, for sometimes the sea, their chief dependence, fails them.

The reports of Drs. Grenfell, Little, Hare, and the rest of the devoted band, are sometimes pathetic reading. But the picture has its bright side, too. Strong friends are gathering to the support of the mission; hospital facilities are improving; the people are learning to use more foresight, and gradually conditions are changing. But this season's fishery has been a partial failure, and the mission is calling on its friends for help. Some years ago, Dr. Grenfell brought over a large herd of reindeer from Lapland. They have thriven and increased wonderfully and are now being used instead of dogs for hauling sledges. They also supply meat, and, best of all, milk for infants which would otherwise starve. Reindeer are being introduced into our Yukon. They thrive wherever as there, a certain species of moss, is plentiful. All honor to the men who devote their talents and energies to this work.

Use Coal Stores At Night.

Although the new heating plant has been installed in the city building it has been found necessary for the police constables to use the old coal stove at night. It appears that after the janitor retires for the night there is no one left to fire the furnace and, as a result, the police quarters grow chilly.

Xmas Chocolates
