The team skipped by Mr. Sills won out by a score of 13 to 8. The ice was in fair condition considering the mild weather. The teams lined up as follows: T. M. Asselstine, H. Flinn, W. F. Hedley, W. R. Sills—10. Prof. H. E. Wallace, Prof. E. W. Henderson, Prof. John Matheson, Prof. J. F. Macdonald—8. CHILDREN ARE IN DANGER

In Coasting On to the Local Railway Tracks.

Children who have been coasting down hills on to different railway crossings between the city and the outer station, are in great danger of being seriously injured. A railway employee drew the attention of the Whig to the fact, on Tuesday morning, stating that for the past few days children had been coasting over the crossings, and that they had caused the railway men a great deal of worry. "If the practice is not stopped," he added, "there is sure to be a bad accident. Parents should see that their children keep off these crossings."

SHAUGHNESSY DENIES

That C.P.R. Will Purchase Any U.S. Railways.

Montreal, Dec. 30.—Sir Thomas Shaughnessy, president of the Canadian Pacific this afternoon denied the story that his road was buying out the Michigan Central, the Pere Marquette or any other United States railroad running in Canadian territory.

On the other hand, he said it was intended to double track not only the main line from Montreal to Detroit, but also several branch lines in the coming season, so that the Canadian Pacific could compete fairly with United States roads.

QUEEN'S WAS SURPRISED

To Hear of McGill's Default On Reaching New York.

When the Queen's senior hockey squad arrived in New York it received an unexpected surprise when informed that McGill had thrown up the sponge and decided to remain in Montreal. The Montreal hockeyists state that the money offered was not sufficient to cover expenses for the exhibition games. It is altogether likely that the Queen's outfit will arrange a game with a New York team.

Livingston's January Sale.

The big annual January sale at Livingston's, Brock street, will begin on Friday, January 2nd, when 20 per cent. reduction will be given off the prices of all their suits and overcoats. Their stock includes the newest models, shades and fabrics, and this reduction off their usually low prices will mean a big saving to buyers. The contract for the supplying of the steel rails for the new street railway tracks on Princess and King streets has been awarded by the company to the United States Steel Products company, of Montreal. The contract amounts to \$5,000. Delivery must be made by March 15th. Walter Lamb will supply the cedar ties for the roadbed.

Weather Notes.

The shallow area of low pressure which was north of Ontario yesterday is now passing across the gulf and a moderate area of high pressure moving across the great lakes and middle states. The weather is comparatively mild and mostly fair throughout the dominion.

"Bobby" Was Remembered.

"Bobby" Grant, the well-known traveller, was not present at the Knights of the Grip banquet on Monday night. "Bobby" seldom misses the function of the local commandery. However, his chair was decorated, and labelled: "Gone, but not forgotten; was last seen in Medicine Hat."

To Have a Dance.

The Horsemen's Ice Racing Association, of Cape Vincent, N.Y., will hold its first annual dance in the I.O.O.F. hall, on Thursday evening, January 8th, and will use the proceeds to finance horse races on the ice during the winter.

Mild Weather Spoils Skating.

The skating at the covered rink has been called off for a couple of days. On Monday afternoon the rink was opened for skating, but unfortunately the weather turned mild, with the result that a portion of ice surface has disappeared.

"The Girl of Eagle Ranch."

An ever-popular story is told in "The Girl of Eagle Ranch," which will be presented on Saturday, January 8th, at the Grand. It has all the thrills that go to make up a western drama.
