WHAT WHIG CORRESPONDENTS HAVE TO TELL

News From Villages and Farms Throughout the Adjoining Counties—Rural Events, and Movements of the People.

Deaths at Picton
Picton, Jan. 9.—On Sunday morning Mrs. G. D. Platt, wife of the former public school inspector of Prince Edward county, passed away at the family residence, Picton, after a few days illness. Mrs. Platt was deeply interested in missionary work, having been president of the W.M.S. of the Bay of Quinte branch, and author of the book, "The Story of the Years." A memorial service will be held in the First Methodist church next Sunday.

On the same day another old and respected resident passed away in the person of Thomas English, deceased in his eighty-third year and leaves, besides his widow two sons, J. Leslie and Jarvis, also one daughter, Miss Theresa. Interment was made at Cherry Valley cemetery.

Budget From Bongard's
Bongard's Jan. 5.—A pleasing event took place at the home of Mr. and Mrs. Levi Pierce, on Saturday evening, when a kitchen shower was given by the people of the neighborhood for the newly-married couple, Mr. and Mrs. Archibald Pierce, the latter formerly Miss Rosa Stevens.

Miss Sullivan left to spend her holidays at Kingston. Dr. G. W. Hamilton, New York, spent the holiday season at his old home. J. H. Sexton, principal of Athens high school, was in the village. Mr. and Mrs. J. Mackenzie,

FIVE MINUTE CURE IF STOMACH IS BAD

When "Pape's Diapepsin" Reaches Stomach All Indigestion, Gas and Sourness Disappears.

You don't want a slow remedy when your stomach is bad—or an uncertain one for a harmful one; your stomach is too valuable; you mustn't injure it with drastic drugs. Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs; its millions of cures in indigestion, dyspepsia, gastritis and other stomach troubles has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead; ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

Neighbors spent a day with friends.
A pretentious wedding took place at the home of Mr. and Mrs. Edgar Halliday, when their fifth daughter, Lillian E., was united in marriage to Roy Williams, Phillipsville, by Rev. Mr. McFarlane. They left for a trip to Edmonton.

Moscow Cheese Meeting
Moscow, Jan. 6.—On Saturday, Jan. 3rd, the cheese carrying shops and stores were obliged to double their staff in order to serve their many customers. The genial liverman also added an extra conveyance to his bus line, and the officers on the street corners were taxed to their utmost in their attempt to direct the traffic. It was the occasion when the farmers for many miles radius, met in convention in the assembly room at the cheese manufacturing plant, to discuss the business of the past year, and to appoint a board of management for the coming season. Many were present from the neighboring villages, including cheese manufacturers and makers, who paid compliments to those who had made the model cheese factory. During the meeting discussions were held by the proprietor, the maker, the secretary and others.

The auditor when reading his report pleased everyone, when he said that from 3,171,738 pounds of milk received, the maker succeeded in producing 304,591 pounds of cheese. The cheese when sold, he said, brought \$38,560.81 out of which the patrons received \$30,555 and the manufacturer kept for himself and family \$6,047.88. The buyers claiming for short weight, \$312.38. The average pounds of milk required to make one pound of cheese for the season was 10.4. The average price per pound of cheese 12.61. The rate paid per 100 pounds of milk \$1.92.

At the close of the meeting, the secretary was tendered a hearty vote of thanks for his efficiency in discharging his duties during the past four years of office. The proprietor also thanked his hearers for their patronage, wishing that the coming season would bring with it still greater prosperity in the dairy business.

THE WATER FAMINE IN MONTREAL.
For over a week now a general water famine has prevailed in Montreal as the result of a break in the water intake main. Several serious fires have been prevented only by the shown water carriers conveying the precious fluid in restricted quantities to the residents of Montreal.

WELLINGTON NEWS BUDGET

Work on the Harbor to Commence in Spring

Wellington, Ont., Jan. 6.—George Allisonville, died quite suddenly last Friday from the results of rheumatism, which followed a cut in his hand. A wife is left to mourn. The funeral was held on Sunday from the Methodist church.

While north of the Bay of Quinte the sleighing is very good, there is no snow in this section as yet. Rev. Mr. Elliott is conducting revival services at Rose Hall. There will be services of the same nature in the Methodist church here in February, conducted by Evangelist Lambly.

D. Ainsworth has been elected reeve. The councillors are Malcolm Clark, Wallace Garratt, Frank Harries and William Hunt.

Mr. and Mrs. C. Tesky have been removed to their new residence, Mack Clark, of Wellington, has been engaged by the Dominion Canners as foreman of their farming interests in this county. He is the right man in the right place for Mr. Clark has the practical knowledge of this business. Mrs. G. Hutchison is still confined to her bed through illness. The condition of James Stinson, who for months has been confined to his house through sickness, is favorable.

Mrs. H. Vanslaine, of Port Hope, sang with pleasing effect in the Methodist church here on Sunday evening. J. Shourie is erecting a \$1,000 residence in the village. The contract for the Wellington harbor has been awarded and operations will commence in the spring. Real estate is raising here. There is but one vacant house for rent, and it is expected that there will be much building in the spring.

The brick industry is another feature which will add to the valuation of property here. The proprietor and manager has stated that next season and subsequent seasons the transfer of white sand brick via water will be regular. All the fast horses are being trimmed up for the races, which will soon take place on the ice here. A young lady of this place, a nurse-in-training in one of the United States hospitals, was attacked by one of the patients, who bit her neck and fingers, so that it is feared an amputation will be necessary.

are not a new and untried remedy—our grandfathers used them. Half a century ago, before Confederation, they were on sale in nearly every drug or general store in the Canada of that day, and were the recognized cure in thousands of homes for Constipation, Indigestion, Biliousness, Rheumatism and Kidney and Liver Troubles. Today they are just as effective, just as reliable as ever, and nothing better has yet been devised to

GLASS OF SALTS IF YOUR KIDNEYS HURT

EAT LESS MEAT IF YOU FEEL BACKACHE OR HAVE BLADDER TROUBLE.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases. Agent, George W. Mahood.

THE SHORT BOLERO-LIKE COAT
ONE OF THE NEWEST WHIMS

All the beauty of the gracefully draped peg-top would be lost if a long coat were worn, therefore we have the short coat. The favored model is cutaway in front and forms a rounded point in back. Some are cut with kimono sleeves; others have the set-in sleeve. The coat shown in 8137 has a set-in, three-quarter sleeves and is slightly draped in front. The material is matelassé in a dull green; the skirt is of duvetyn in the same shade of green. A narrow edge of fur outlining the collar, cuffs and bottom of the coat give a smart touch. The skirt is a design that may be made in one or two pieces. The fullness is arranged in soft plaits at the waist. This coat, 8137, may be copied in size 36 with 2 1/2 yards of 42 inch material. The skirt 8164, requires 2 1/2 yards of 42 inch material for size 24. An extremely smart design in serge for a young lady is shown in 7842. While it is comparatively simple it is saved from plainness by the yoke on the skirt and the unusual collar. These draped collars are becoming very popular, and one of the newest materials to make them of is white organdie. Although this material never looks as well after being laundered, it is extremely dainty while fresh, and several chemisettes and collars may be had with each frock. The long ribbon sash is a pretty touch to a dress of this description. This one is of broadened velvet ribbon showing several bright colors. In size 18 this dress may be copied with 4 1/2 yards of 36 inch material with 1 1/2 yards of ribbon for the sash. No. 8137—sizes 34 to 42. No. 8164—sizes 22 to 32. No. 7842—sizes 16, 17 and 18. Each pattern 15 cents.

PEEVISH, CONSTIPATED CHILDREN LOVE "CALIFORNIA SYRUP OF FIGS"

Harmless "fruit laxative" cleanses stomach, liver and bowels. Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once. When peevish, cross, listless, pale, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad, has stomach ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in just a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels and you have a well, playful child again. You needn't coax sick children to take this harmless fruit laxative; they love its delicious taste and it always makes them feel splendid. Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages, and for grown-ups plainly on each bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.
