

A CHANGE OF TREATMENT IS TO BE DECIDED ON

Dr. F. M. McPhedran of Toronto Has Been Called.

INTO CONSULTATION

HE HAD PREVIOUSLY TREATED SIR JAMES WHITNEY.

New Measures Are to be Adopted to Bring Relief in the Drawn Fight That the Premier Has Been Waging For His Life—The Irritation of Confinement is Being Felt.

New York, Jan. 10.—New measures to turn the scale in the hitherto drawn fight that Sir James Whitney has been waging for his life during the past week are anticipated by watchers round his bedside to-day. This morning a new factor was introduced into the situation by the arrival of Dr. F. M. McPhedran, Toronto, for consultation with Drs. Pyno and Biggs, who have hitherto been the patient's sole medical attendants. Dr. McPhedran treated Sir James, in Toronto, for several months prior to his departure for the south in search of health.

It is probable, however, that a change in treatment, or any rate, some additional measures, have been in contemplation by Dr. Biggs and Dr. Pyno, and they wished to have Dr. McPhedran to consult with. All three physicians were very uncommunicative to-day.

Sir James is beginning to feel the irritation of confinement. Last evening he was decidedly weaker in nervous force. His was not the restlessness of returning strength.

No Change in Condition. New York, Jan. 10.—The 9 a.m. bulletin says "No change in Sir James Whitney's condition this morning." 11.30 a.m.—Official bulletin says Sir James Whitney's condition is unchanged.

PROFITS INCREASED

Made a Drain Upon the Insurance Fund.

Toronto, Jan. 10.—Despite the loss of the steamer James Carruthers late in the season, the St. Lawrence & Chicago Steam Navigation company statement compares very favorably with its predecessors. The company collected \$272,794 from the underwriters on the James Carruthers, and provided for the full balance of \$61,095 being left at the insurance account. The directors promise the new side tank steamer to take the place of the James Carruthers for delivery.

SCORED A TRIUMPH

Eastern Ontario Apples Won Sweepstakes at Rochester, N.Y.

Rochester, N.Y., Jan. 10.—Eastern Ontario apples have again scored a triumph. At the exhibition of the New York Horticultural Association, here, an exhibit of Ontario apples has been awarded the sweepstakes prize in a competition open to all the world. The display consisted of three boxes of Baldwins. In the early fall Ontario also won the sweepstakes prize in competition at Cleveland, open to the continent.

"Sagein Hair Tonic," Gibson's.

DAILY MEMORANDA

Ernie Marks Co., Grand Opera house 5.15 p.m.
City Council inaugural meeting, 11 a.m., Monday.
See top of page 3, right hand corner, for probabilities.
Bannockburn rink this afternoon and to-night at 8.30. Good ice.

Using Electricity

By Cooperative Advertising

The Public Service Corporations in the large cities are finding it is good business to develop the co-operative spirit. Acting as a leader it is the general rule for the lighting company to get together with the manufacturers of supplies, the dealers, and the contractors, and plan united action.

Each helps the other to get business. For instance, when the contractor wires a house he at once makes business for the seller of electricity and a customer for the seller of appliances.

In many cities the electrical interests have got together on co-operative newspaper campaigns.

The chief idea of these is to spread the desire for electricity—by showing how it can be made to save time or labor or money.

As the uses and the uses of electricity increase there is more business for all concerned. Besides evidencing a commendable spirit these co-operative electrical campaigns have been good business getters.

Manufacturers and dealers generally might study them with profit.

OPPOSE SITE OF CHURCH

In Honor of General Wolfe at Quebec City.

Quebec, Jan. 10.—The proposal of Canon F. G. Scott, the Canadian priest, to erect a memorial church in honor of General Wolfe on the Avenue des Braves is opposed by the Quebec St. Jean Baptiste society. The society does not pronounce itself against the idea of honoring Wolfe, but objects to the site which has been suggested for the church for the reason that this is hardly within the area covered by Wolfe's troops at the time of the engagement which decided the fate of Canada while it commands the avenue leading to the Monument des Braves, which commemorates the exploits of Murray's men by General Levis and forms part of this second battleground.

The same argument has already been employed by Lieut.-Col. W. Wood, author of the "Fight for Canada," and other works who also takes the position that to build a church in honor of Wolfe at this particular spot would be in the nature of an insult to the French.

15,000 MEN SEEKING WORK IN TORONTO

Unemployed Increasing—Tremendous Number of Men Idle in United States.

Toronto, Jan. 10.—Toronto is now feeling the effect of trade depression, fifteen thousand men, according to conservative estimates, are walking the city streets in search of employment, and this number is being augmented by hundreds as the weeks go by. It is also estimated that 2,500 men lost their jobs between December 24th and Jan. 3rd.

Idle in United States

Cleveland, Ohio, Jan. 10.—One million workmen of the union steel and metal trades are idle in the United States to-day. The wage loss due to unemployment and short time is fifty millions monthly. Two hundred and seventy thousand miners are also idle. The wage loss to those is computed at twelve millions a month.

BURGLARY AT NAPANEE

F. L. Hooper's Drug Store Scene of Robbery.

Napanee, Jan. 10.—On Thursday night burglars entered F. L. Hooper's drug store and got away with several hundred dollars worth of fountain pens, leather goods, and fancy perfumes. No clue to the burglars can be obtained. A number of petty burglaries have been committed in Napanee and the culprits were boys of between twelve and fourteen years of age. The offenders were before the police magistrate and because of first offences were let off on suspended sentence, but the chief of Thursday night is not thought to be the work of these young culprits.

Mrs. W. H. Boyle was at home to a number of her friends on Thursday afternoon. Mrs. A. L. Howard is spending a month with friends in Kemptonville.

W. T. Crouch, Port Arthur, spent a couple of days this week renewing acquaintances in Napanee. Mr. and Mrs. H. T. Stirk, of Moose Jaw, Sask., spent the holidays with Mrs. Stirk's mother, Mrs. Egerton VanLuzen, Bridge street. They left for their home in the west this week.

Mr. and Mrs. Garret Neely, of Govan, Sask., are visiting friends in Napanee. The skating rink has opened. The ice is in very good condition.

UPSET THE PRESBYTERY

Lively Discussion Over Women's Suffrage Proposal.

London, Jan. 10.—A lively discussion ensued at the Edinburgh presbytery upon requests presented by the Northern Presbytery for Woman Suffrage, to make overtures to the general assembly in favor of votes for women; and also from another suffrage society asking that the presbytery receive a deputation. The moderator, Rev. Dr. Burns, moving that the resolutions lie on the table, said that the political question was beyond the scope of the presbytery. Prof. Patterson argued that the history of Scotland showed it was impossible to separate political from religious and moral questions. Presbyterians had listened to depositions opposing Home Rule for Ireland, and this was as purely a political question as it could well be.

The presbytery refused to make overtures to the general assembly, but consented to receive the deputation.

NAPANEE SUFFERED A DISASTROUS FIRE

Mack House and Opera House Destroyed—Other Buildings in Danger.

Napanee, Jan. 10.—Fire which broke out in the Mack house about 4 a.m. destroyed the hotel, a three storey brick structure, and the opera house, a two storey brick structure adjoining. For a time it was feared that a large section of the business quarter might be destroyed, but the efforts of the firemen succeeded in confining the flames to the two buildings, and at an early hour the flames were extinguished. The loss will not exceed \$15,000. The origin of fire is not known.

Postmaster George Bellinger, of Welland, Ont., died suddenly.

MAY BE ASKED

By Liberals to Curtail His Navy Estimates.

THE WEAKEST POINT

IN LLOYD GEORGE'S ANTI-NAVAL CAMPAIGN

Is Effect the Anglo-German Pause Would Have on French Military Position—Military Competition in Europe More Serious Than Naval Rivalry.

London, Jan. 10.—Premier Asquith's forthcoming visit to Paris is explained as a family affair to meet his wife in South France, but it is expected he will also meet some members of the government in Paris, regarding disarmament proposals.

The Daily Mail, in a prominent article from "A source of unquestionable authority," declares that the serious intentions of Lloyd George's utterances have been under rather than over estimated. The controversy between Churchill and Lloyd George has resulted in what is practically a deadlock, and probably Churchill will be required to curtail his estimates.

Churchill's position is therefore very serious," says the Mail. "The possibility of Churchill's retirement from the ministry is being more and more actively discussed among liberals."

The weakest point in Lloyd George's campaign is the effect the Anglo-German naval pause would have on the French military position. This is faced by the Nation which has led the pacifist movement throughout. Military competition is more serious for the continental powers than naval rivalry, and unfortunately the two cannot be isolated.

SHE MARRIED FOR MONEY

Arrested in Detroit After Running Off With Widower.

Windsor, Jan. 10.—Tiring of her elderly spouse, Mrs. Mae Atkinson, a comely matron about twenty-five years old, left her home in Windsor, on Wednesday, and came to Windsor in company with John McCubbin, widower of the same place. Mrs. Atkinson brought along her daughter, Viola, aged six years.

The husband, James Atkinson, wrote out a warrant charging the couple with abducting the child, and the two were arrested, the woman at a Detroit hotel and the man in Windsor, where he was awaiting the arrival of the two children from Chatham. The woman, who had over \$2,000 in cash, says she married her husband, who is about sixty years old, nine years ago, for his money.

FIVE MILLION RAISED

To Indemnify Relatives of Anti-Home Rulers.

Belfast, Ireland, Jan. 10.—A fund has been raised amounting to five millions to indemnify relatives of those who may be killed or wounded among the Ulster unionist volunteers in resisting home rule, according to an announcement made by Capt. James Craig, unionist member for East Down, Ulster, at a gathering of unionists here. He said the sum required had been exceeded.

The Portsmouth hockey club officers elected in the village hall Friday night were: Ignatius, James Halliday, John Fisher, A. Ross, W. F. Nickle, Frank Burke, Dr. E. Ryan, president, A. Gravelle, vice-presidents, H. Brown, T. H. McGuire, secy; secretary-treasurer, P. Dowley; manager, J. Nicholson; captain, T. McGuire; coach, Capt. William Fenwick; mascot, J. McGuire.

Boy Murdered in Train. London, Jan. 10.—A startling tragedy was discovered at the Shore seven-year-old boy being found by ditch Station, of the North London railway, yesterday, the body of a two boys, in an empty compartment. There were marks on the neck indicating strangulation by a thin cord and the body had been carefully placed underneath the seat.

A Disastrous Fire. Binghamton, N.Y., Jan. 10.—There were serious explosions, with two unidentified men burned to death and several injured, during the progress of a fire which threatened to destroy the whole town, to-day. The damage is \$100,000. It started in the chemical works.

Dies at Century Mark. Welland, Jan. 10.—Mrs. Jacob Easterman, of Wainfleet township, who was born in Germany and was 100 years old, is dead. She has been in this country for over sixty years.

A Desperate Criminal Made Clean Get-away. He Was Helped by People Known to the Winnipeg Police.

Winnipeg, Jan. 10.—With a revolver secured from persons unknown, Joseph Krafschenko, held for the murder of Manager Arnold, of the bank at Plum Coulee, this morning, at two o'clock, in the city police cells, held up his two guards, backed up to a window, dropped into a lane where an auto was waiting, and made a clean getaway. Up till 10.30 a.m. he had not been re-arrested. The police say they have a line on those who assisted in his escape, and will make arrests shortly. He was committed for trial, yesterday. He is regarded as one of the most desperate criminals in the Canadian west.

Joseph Swift, Jr., is in Montreal.

JOHANNESBURG STRIKE

OF THE UTMOST GRAVITY

Dynamite Being Used by the Strikers.

AN ATTEMPT WAS MADE

TO BLOW UP CROWDED PASSENGER TRAIN

Track Layer Discovered the Dynamite—Johannesburg Trades Federation Applied Pressure to Make Strike a Success.

Johannesburg, Jan. 10.—There has been an astonishing change in the situation since Thursday night, when the railway strike seemed to be a fiasco. The strike leaders, seeing that the movement had hung fire, appealed to the Johannesburg trades federation to-day and the federation applied pressure in such a manner as to bring things to an immediate head, as a result of the situation is one of the utmost gravity.

Dynamite is being used by the strikers in the territory adjacent to Johannesburg. An effort was made to-day to blow up the Cape mail between Denver and George Goch.

An unsuccessful attempt to blow up a train was made between Witpoort and Limpoposrivier, three sticks of dynamite with a donor, attached having been discovered by the foreman track layer just before the arrival of a crowded passenger train from Zeerust.

Natives Have Risen. Pretoria, Jan. 10.—All available militia and armed police at Bloemfontein to-day were rushed by special trains to Jagersfontein, where nine thousand natives, emboldened by the chaotic conditions resulting from the railway strike, were making a general attack on white Boers and British. It is reported that several whites were killed, and many houses looted and burned.

Transvaal and Natal are an armed camp. Every available militiaman is under arms; the government is reported here to be ready and determined to use drastic measures to put down the uprising of natives, and will deal promptly with rioting of railway employees.

This afternoon's official statement indicates that three white men and seven natives were killed, and about fifty wounded in the uprising of natives. It is said that Premier Botha will take charge of the troops personally.

Dissolution of Partnership Sale. We intend to turn our entire stock into cash during the month of January. Come early and secure some of the bargains. W. Carroll, tailor, 206 Princess street.

Men's \$4.50 gun metal boots \$3.75. Dutton's.

W. S. Hughes, inspector of prisons, returned to Ottawa on Friday. Will sacrifice Nordheimer piano. Phone 1544.

Edward H. Ball, 137 Ordinance street, one of the oldest residents of Kingston, and probably the oldest member of the Masonic body in this district, recently reached his eighty-eighth birthday. Mr. Ball is a Cornishman by birth, but came to Canada when a young man. He has been a member of the Masonic order for 46 years, and was tyler of the city lodges for twenty years.

He was a salesman for the late S. T. and W. M. Brennan for over twenty years. Though suffering from rheumatism, he is otherwise in fairly good health. Mr. Ball has led a useful and active life and his many friends extend congratulations. He is now living with his daughter, Mrs. Revington, Ordinance street.
