

THE SPORT REVIEW

McGILL HOCKEY TEAM READY FOR QUEEN'S.

Baseball Played This Week in Alberta—In Toronto, They Expect St. Michael's to Win O. H. A. Senior Group.

The Montreal Mail says: The McGill hockey team is in splendid condition for the game with Queen's on Saturday next at McGill. Two practices will be held at the arena before then. The old men are showing up well, and there is some new blood. One thing anticipated this year is a hard fight for the positions. Hooper and Brophy are the pick of the new freshmen, and both men have good chances of landing a position. Hooper was tried at the wing position on several occasions, and seems to be thoroughly at home. Brophy, too, showed that he could play hockey as well as football. He plays well in the forward position but needs a little practice as yet.

It will be a difficult problem to decide who will play the goal position. Two men star in that line—Mann and Montgomery—and both want to be in the net. It will not likely be definitely settled who will take the position until the game on Friday. For the defence positions, Hughes, Rankin, Davidson and Wickson will probably fight it out. Rankin and Hughes seem the most probable men, however, as they are both heavy men, and used to the positions.

For the forward positions there is plenty of good material. Parsons, Brophy, Mann, Hooper, Kendall, Demuth and Sutherland. It will give the coach no end of trouble to make selection.

Kingston's Good Juniors

The Peterboro Review says of the Kingston Frontenacs O.H.A. junior team, which defeated Peterboro 10 to 4. "In 'Babe' Millan, their captain, the Kingston boys have one of the lightest and fastest centre men ever seen in action at Brock street rink. He skates like lightning and his rushing and back-checking are superb. His brother, Norman, at rover, also played a good game, and worked at his position to perfection. The two wing men, Derry and Gook, are very speedy, and, being heavy, use their weight well."

Baseball in Alberta

It is so mild in the west that a seven-innings baseball game was played, Thursday, at Medicine Hat. Soccer and lacrosse are also being played in the province, and farmers are busy harrowing.

Hockey Notes

New York hockey fans are clamoring for a reduction in prices. At St. Nicholas rink it is \$1 to \$2, and the spectators sometimes make patrons pay a half dollar more a seat.

Toronto News: St. Michael's are called to win their senior group, but they might find some opposition. Osrode Hall, Kingston and Varsity have pretty fair teams.

Westport Ice Races

The programme of the annual ice races at Westport on the Rideau Lake has been announced. There will be five events, free-for-all, three-minute class, 2:30 in green races, and a race for local horses. The dates are Jan. 21 and 22nd and the purses amount to \$400.

Covered Rink Very Busy

Since the athletic committee of Queen's university took over the management of the covered rink, business has rapidly increased. For the past week the men have been kept so busy with hockey practices and skating that it has been almost impossible to make ice during the day time. From the time that the doors are opened in the morning the ice is covered until midnight. All the hockey clubs are given practice hours, which takes up a great deal of time.

Fall and Winter Importations.

Prevost, Brock street, has received all his fall and winter importations for his order tailoring department, great variety of patterns to choose from; also his gents' furnishings and ready-made clothing was never better assorted.

Yukon Bishop Begging

London, Jan. 10.—Dr. Isaac Stringer, Anglican bishop of the Yukon has arrived in England, and expects to remain until summer. The object of his visit to raise funds for his diocese, which is 200,000 square miles in extent.

For bread and pastry, White Rose flour.

It requires something besides money to correctly bestow charity. When it comes to self, we all strike a high estimate.

To Ward Off Winter Complexion Ills

(From the Queen.) To keep the face smooth, white and beautiful all winter there's nothing quite so good as ordinary mercurized wax. Rough, chapped or discolored skin, inevitable in this weather, is gently absorbed by the wax and replaced by the newer, fresher skin beneath. The face exhibits no trace of the wax, the latter being applied at bedtime and washed off mornings, creams, powders or rouges, on the other hand, are apt to appear conspicuous at this season, because of alternating expansion and contraction of the skin, due to changing temperatures. I advise you to try this simple treatment. Get an ounce of mercurized wax at any drug store and use like cold cream. This will help your skin at once, and in a week or so the complexion will look remarkably youthful and healthy. Winds and flying dust often cause squinting and other contortions which make wrinkles. You can quickly get rid of every wrinkle, however produced, by using a harmless face bath made by dissolving 1 oz. powdered paxoline in 1 pt. witch hazel.

A STRIKING PICTURE OF THE PREMIER OF ONTARIO Sir James Whitney about to inspect his new auto. The Premier is shown as he appeared at the moment he accepted an automobile from his supporters in Parliament. It is one of the best unposed pictures of the Premier in existence.

FROM THE COUNTRYSIDE

WHAT WHIG CORRESPONDENTS HAVE TO TELL

Views From Villages and Farms Throughout the Adjoining Counties—Rural Events, and Movements of the People.

Sand Bay Personal. Sand Bay, Jan. 9.—School has reopened with Miss Hazel Haskin as teacher. The patrons of Fairfax cheese factory are hauling wood from John McDonald's woods. Miss Eliza and Charles Doyaw spent Wednesday evening at W. McDonald's. Wilmer Tye, Long Point visitor, Vince Gryfe, Miss Eva Kinning is recovering from an attack of scarlet fever. Miss Florence Giffen has returned home from Buffalo, after visiting friends there. A number from here attended the funeral of the late John Lapman, Trevelyan. A former resident of Melcombe.

At St. Lawrence, Wolfe Island

St. Lawrence, Jan. 8.—Rev. Father McNeil held the annual station at the home of Mr. and Mrs. Elma Holten, rector last week after an extended trip to Toronto. Miss E. Walsh of Howe Island, has been engaged as teacher for No. 13 school. School section No. 8 is undergoing a general remodeling, and when completed will be classed as one of the best equipped schools in the district. Wallace Mills spent a few days at J. Busset's, Martin O'Brien, of Central, spent last week at G. O'Brien's, Mrs. T. Dignam spent the week-end at Kingston Mill.

Surprise Party at Sunbury

Sunbury, Jan. 8.—On Tuesday evening an enjoyable time was spent at the home of Mr. and Mrs. Joseph Cayley. About twenty couples of young folks assembled and gave their ever genial host a pleasant surprise. The evening was spent in dancing, and excellent music was furnished by David Marshall, to whom much praise was given. During the evening dainty refreshments were served by Mrs. Cayley, who was ably assisted by several of the young ladies present. Before the close of the jolly party, a vote of thanks was tendered to Mr. and Mrs. Cayley for the kindness shown to the merry-makers and the most pleasant time was brought to a close. The wee sma' hours of the morning by the singing "For He's a Jolly Good Fellow," and "Auld Lang Syne."

Two Deaths at Lapum's

Wilton, Jan. 9.—Two deaths occurred at Lapum's on Tuesday, Richard Brown in the morning and W. Histed suffering from cancer for some time. Besides the widow there survives a daughter, Mrs. Vandwater, and two sons, John and William Brown. The funeral service was conducted in the Holiness Movement church on Wednesday evening. Mr. Histed had been in good health until a couple of weeks ago when he fell and broke his hip. The funeral was held Thursday morning, meeting at the home of his daughter, Mrs. Levi Brown, and proceeding to the Methodist church here. A number of friends attended the funeral of the late Charles Ward, Colebrook, on Thursday afternoon. The Methodist have purchased the old Free Methodist church building from Guy Simmons and will fit it up for a hall.

WATER RATES GO UP

IN ORDER TO MEET THE INCREASED ASSESSMENT.

Many Citizens Were at a Loss to Know Why Rates Had Been Given a Boost—Cutting Off Hose and Bath Rates Strongly Advocated.

Did you get your bill from the city hall or water service this quarter? If so, did you notice that the rates had been raised? Evidently quite a large number of citizens have received their accounts, as there have been a great many complaints about the matter. The fact that the rates would be increased was announced in the Whig some time ago. The accounts have been sent the rounds within the past few days, and a big man met a number who did not know what there would be an increase, and were very anxious to know what was the reason.

GLADSTONE'S RIVAL DEAD

Lord Cross Defeated Grand Old Man in Owa Constituency.

London, Jan. 10.—Lord Cross, who had the distinction of defeating Gladstone in his own constituency at the Irish Church Disestablishment bill in 1886, died on Thursday, at the ripe age of ninety-one. The son of a prosperous commoner, he was educated at Rugby and Cambridge, entering both the legal profession and the political arena early in life. He became an authority on poor law work and magistracy, and was made home secretary in Disraeli's cabinet in 1874, where he gained legislative amendments on industrial housing conditions, and also introduced the Prisons bill, which transferred responsibility from local authorities to the Imperial government.

AUTOS TO GO FASTER

Speed is Increased Along With the Tax.

Quebec, Jan. 7.—The government bill amending the law respecting motor vehicles has also been printed. It makes provision for increasing the speed of motors in cities from nine miles to fifteen miles an hour, and in the country from fifteen miles to eighteen miles an hour. The increase of the tax is \$5 for each of the existing classes of motors. After April, 1915, no motor shall carry a red light.

Will Sell Twenty Holsteins

Credit sale of twenty Holsteins at Newson Oser's, Kingston town-ship, two miles west of Kepler, Wednesday, Jan. 14th, at 12 noon. A. J. Garrett, auctioneer. The wise-looking man may be the poorest kind of a business adviser. Too many forget that freedom of speech does not include profanity. Sale of colored cottons, 100 lbs. regular \$1.50 for 95c. Dutton's.

BREAKS A COLD IN A FEW HOURS—PAPE'S

First dose of Pape's Cold Compound relieves all the gripe misery—Contains no quinine.

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, or body or limbs. It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. "Pape's Cold Compound" is the quickest, surest, relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice and causes no inconvenience. Don't accept a substitute.

TORONTO STOCK MARKET

The Prices Paid at the Union Stock Yards.

Union Stock Yards, Toronto, Jan. 8.—Receipts were again moderate, 77 cars, 545 cattle, 3,070 hogs, 258 sheep and lambs and 58 calves. Cattle—Good to choice cattle sold readily at firm prices, but the common and medium were inclined towards lower quotations. Good butchers' steers, \$8.25 to \$8.50; medium butchers' steers, \$7 to \$7.50; common butchers' steers, \$6.50 to \$6.75; choice butchers' heifers, \$8 to \$8.10; common butchers' heifers, \$7 to \$7.50; choice cows, \$6.50 to \$7; good cows, \$5.50 to \$6; canners, \$3.75 to \$4.50. Feeders and stockers—Only a limited number of stockers and feeders were on sale and prices for them remained about steady. Choice steers, \$6.50 to \$7 and \$7.25 was paid; medium steers, \$6 to \$6.50; stockers, \$5 to \$5.75. Milkers and springers—Supply was limited, selling at \$5 to \$95 each; bulk sold at \$65 to \$80 each. Calves—Only 58 cars were offered not enough to go around. Choice veals, \$10 to \$11.50; common to good, \$6 to \$9. Sheep and lambs—Receipts of sheep and lambs were meagre, which caused prices to be firm. Sheep, \$5.50 to \$6.50; culls and rams, \$4 to \$4.75; lambs, choice ewes and wethers, \$8.75 to \$9.25. Hogs—Receipts of hogs being fairly liberal, which caused prices to be easier. Selected, fed and watered \$8.90 and \$8.65 f.o.b. cars, and \$9.11 weighed off cars.

Hallowell Township Reeve—McDonald, 271; Major, 330. Deputy-reeve—Storey, 325; Ferguson, 148. Councillors—Stanley Tripp, Angus Thibault and J. W. Brough, accl.

DIGGING THE BIG DITCH.

How the Steam Shovels Make the Dirt Fly at Panama.

The steam shovels stand on terraced levels and in fifty minutes load a train of eighteen flat cars, which are unloaded in fifteen minutes more amid a shower of dust. The line of cars is followed by "spreaders." All through the cut puffs of steam here and there indicate where the shovels are burrowing their way and pushing the work forward. Watching shovel 221, I stood on engine No. 298 when she was at work. Engineer Harrison, his hand on the lever, was pushing the cars up in due course as the steam shovels filled them, while the conductor, raising and lowering a flag, directed a "shove-up," so that even while loading it is sometimes necessary for an engineer to keep his hand on the throttle. One shovel accomplished probably as much work in a day as could be done by 600 men, and there is a great deal of rivalry among the operators to make the best record. The record of steam shovel 223 for one hot day shows how the dirt flies on the isthmus. Three hundred and thirteen cars were loaded in 470 minutes. In the language of Larry O'Grady, this was "going some," almost an average of a car a minute, with eleven seconds grace, or a rate of a cubic yard of earth every seven seconds. A remark was made by a sad eyed man of unknown nationality, "It looks as though the dirt and wings, doesn't it?" Over 50,000 cubic yards of rock have been taken out in twenty-five working days by one shovel, and a completed tunnel through the cut is excavated within every month.—Joe Mitchell Chapple in National Magazine.

Bacteria.

Modern investigations as to the origin of diseases have brought the little organisms called bacteria into so much prominence that search has been made to ascertain whether they existed during the early geological periods. Not long since the fact was announced that Regnault had discovered bacteria in coal. Continuing his researches, he found evidence that bacteria were probably coeval with the first appearance of organic life on the earth. They attacked vegetable tissues as well as the bones and teeth of animals; but, as a rule, they belonged to species distinct from those of today. "Sunday hours." In case of sickness Gibson's Red Cross drug store is open all day.

SERVED WITH NOTICE

Stratford Ratepayers Contest Qualifications of Three Aldermen

Stratford, Jan. 10.—Acting for certain ratepayers, J. C. Madras, K.C., has served notice on Ald. Dr. J. P. Rankin, Ald. D. A. McLachlan and Ald. G. A. Down to resign, as being not legally qualified to sit in council. Lack of property qualifications and arrears in taxes are alleged in the case of Dr. Rankin and Mr. Down; and the former disqualification against Mr. McLachlan. Messrs. McLachlan and Down showed their intention of fighting the case, as both took the declaration of office after receiving the lawyer's letter, and it is expected that Dr. Rankin will also allow the courts to settle the question of his right to sit as alderman. Try every way possible in your power to make a smidie take the place of a scowl. Some of the worst problems we have to meet are caused by unjust conclusions. Buy the best piano, "Newcombe"; Dutton's store. "Sunday hours." In case of sickness Gibson's Red Cross drug store is open all day.

The Double Work of the Blood

The circulation of the blood is one of the most perfect pieces of mechanism in the universe. Besides carrying nourishment to every part of the body, the blood collects the waste products and passes through the kidneys in order that these portions may be eliminated. Hence you see the tremendous importance of keeping the kidneys in healthful working order so that they free the blood of these impurities before they find lodgment in some weak spot and set up serious disease. Aching back and aching head-toroubles with the digestion, deposits in the urine, constipation and biliousness—such are the symptoms which indicate the need of Dr. Chase's Kidney-Liver Pills. The liver is awakened to action, the bowels regulated, and the kidneys made vigorous in their work of purifying the blood. In the great majority of homes Dr. Chase's Kidney-Liver Pills are kept at hand to use in just such cases. They save many doctor bills, and by keeping the digestive and excretive systems in health do much to prolong life and bring comfort in old age.

ORRINE FOR DRINK HABIT

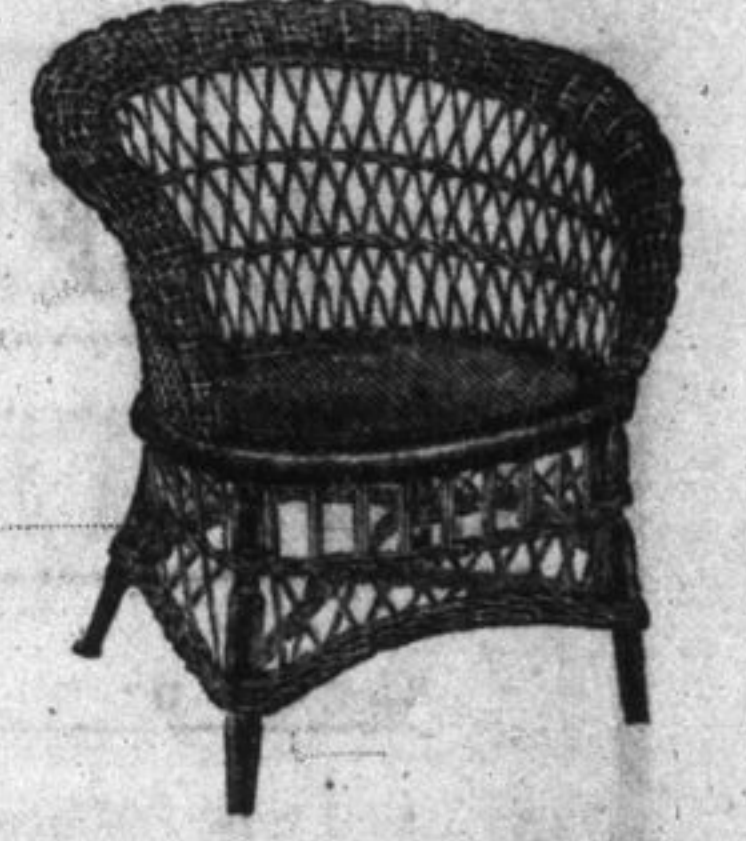

So uniformly successful has ORRINE been in restoring the victims of the "Drink Habit" into sober and useful citizens, and so strong is our confidence in its curative powers, that we want to emphasize the fact that ORRINE is sold under this positive guarantee. If, after a trial, you get no benefit, your money will be refunded. ORRINE costs only \$1.00 per box. Ask for Free Booklet. G. W. Mahood, cor. Princess and Bagot streets.

URIC ACID NEVER CAUSED RHEUMATISM
