WILL HOLD THE LOTS

THE CITY OWNS AND TRY AND BUY MORE.

The City Property Committee Starts Out With This Intention - Will Arrange For Public Skating Rink on Cricket Field.

The City Property committee, with Ald. Harrison at its head, has started the year with the intention of acquiring the lands the City Council controls and of adding to these possessions such spots and tracts as it thinks will be useful for civic purposes in the years to come.

Ald. Harrison introduced the land question by declaring that the corporation should hold all the lots it possessed and buy additional areas. He referred to the fact that in the last few years a good deal of land had been picked up for speculative purposes, and that the City Council had not been alive to the importance of entering the field as a purchaser in the interests of Kingston's future.

Ald. Bews wanted to know what properties the committee had control over at the present time. It was decided to have an inventory prepared for next meeting.

Ald. Richardson drew attention to the necessity of securing land not only for industries and schools, but also for additional parks, and play grounds for the children of Kingston. There were sections which had no play grounds, and he held it to be the duty of the City Council to provide them.

The Quebec paper made a strong attack on President Quinn because he failed to appoint French referees on the N.H.A. board. A Toronto sheet comes back with the declaration that the English referees are bad enough.

The race in the N.H.A. is decidedly close. Toronto, Ottawa, Canadians and Quebec are all tie with three wins and two losses, while Wanderers are one down, having won two and lost three. The Toronto Ontarios are at the bottom of the heap, but with a stretch of games at home should do a lot better.
