#### The Frontenac Juniors Declare They Will Make a Meal of the Capital Team Here on Friday Evening.

Ottawa city has always assumed a very lofty idea of its position in the hockey world. It has set itself up as being the greatest, developing ground that the game has produced, with such players as Broadbent, Gerrard, Dion, George, Fulford, etc., who graduated from the junior ranks into senior company. Ottawa's claims look pretty good. Kingston fans, however, contend that no city in Canada has ever developed such speedy talent as the Limestone city. When Ottawa juniors and the Frontenac colts cross sticks to-morrow night the enthusiasts will have a good opportunity of deciding the claims of the respective cities as to where the best young hockeyists are developed. The Frontenac kids say they will trim Ottawa just as easily as they did Peterboro and Port Hope.

#### CROSSING TO GANANOQUE

#### From Leek Island Was Made on Wednesday Morning.

Gananoque, Jan. 15.—Gananoque (Canoe and Motor Boat association held another dance last evening and drew out quite a large attendance.

Division No. 1, A.O.H., held a progressive euchre party last evening. During Monday night some person broke into Taylor's coal office at the T.I.R. station. No money was secured.

The first crossing from Leek Island to Gananoque on the ice for this season was made yesterday morning by W. E. Garvey, caretaker of Leek Island, accompanied by William Gauthier. They drove over in a cutter.

The continuation of the excessive cold snap caused still further damage in the manufacturing establishments of the town, considerable havoc being made with steam and water pipes.

#### REQUEST OF HORSEMEN

#### To Be Allowed to Race Horses on King Street.

There is a movement among the race horse owners of the city to petition the council for the purpose of securing the right to race their horses along King street, from the brewery mill to the ice house. In other cities the authorities have given these enthusiasts that privilege and have set a section of the road apart. The horsemen declare this would be a good place for such practice, as there are no cross roads to interfere, thereby eliminating all danger of collisions.

To a Whig reporter one of the horsemen stated that if the request was granted they would keep this road in a good level condition, and otherwise insure against all accidents. In Albany, N.Y., one of the widest streets is granted to the racehorse men for this purpose, as well as in Watertown, N.Y.

The report in regard to the sale of Christmas stamps was submitted by Miss Macdonell and Miss Mowat. About \$575 has been realized up to date and money is still coming in. A vote of thanks was passed to the representatives of the Daughters of the Empire, who so successfully carried on this undertaking.

#### WAS A GREAT SUCCESS

#### Tea and Concert at Glenburnie on Wednesday Night.

The tea and concert held at Glenburnie, on Wednesday night, by the members of the Methodist church, was a great success, in fact it was regarded as one of the best ever held in the Glen. A number were present from Kingston, several of whom took part in the programme.

In spite of the inclement weather there was a splendid attendance. Ald. T. E. Harrison was chairman and conducted the programme in an able manner, contributing to the pleasure of the audience with a very witty address. Mrs. Small, of Sydenham street Methodist church, rendered a solo in fine voice. Several Scotch songs brought forth special praise.

While in the solo, "Come Into My Garden," she showed her ability in other lines as well. Mrs. Brober, of Princess street Methodist church, sang sweetly and Miss Parrott gave several fine recitations.

Ald. George Gillespie entertained with songs and recitations. Ald. Gillespie is no stranger in the Glen, having appeared before an audience there on many occasions, but never to better advantage than at this event. His rendition of "My Rosary" and his recitation, "Prairie Life Down on the Homestead," called for special praise. He also told some interesting stories.

The Misses Wilder and Lake, of Kingston, were the accompanists of the evening. During intermission refreshments were served.

Much credit is due to the ladies of the church for the success of the entertainment. On motion of R. J. Vair, a hearty vote of thanks was tendered to those who so kindly came out from the city to assist in the programme. The singing of "God Save the King" brought the very pleasant entertainment to a close.

#### TWO MEN DETAINED

#### But Neither Was Wanted For Alleged Swindle.

The Kingston police received a telegram from the police at Ottawa, asking them to place under arrest a foreigner alleged to be a bogus missionary, who is alleged to have swindled Ottawa foreigners out of more than \$2,000, under the pretext of collecting funds for a new church in the Capital.

It was reported that the man was in Kingston, but the police found that this was a mistake and that he was not here. Two other men who were making a collection for a church, who have been at work in the city for several days, were detained by the police, but neither of them answered the description of the man wanted in Ottawa. The charge against the man wanted is that he has been passing himself off as a missionary and extorting money.

A despatch was sent out from Ottawa about the case, and many Kingstonians at once came to the conclusion that one of the men who had been doing the collecting here, was the man who was wanted, but it proved otherwise.

#### Announcement.

Provision has been made by the Ontario Department of Agriculture to conduct through the agency of the district representative an agricultural course in Sydenham high school. This course begins on January 19th and continues for six weeks. It is intended for boys and young men who are still on the farm and who intend to make agriculture their life work. The benefits derived from this course, are very obvious from the circulars distributed through the county and as this is the first course to be conducted in this county it is to be hoped that there will be a large attendance to show their appreciation of the efforts of the Ontario Department of Agriculture to uplift and advance the agricultural interests of Frontenac county.

Be sure and arrange, if possible, to have your sons take advantage of the course. For further information apply to F. Sine or C. Main, Sydenham.

#### BY THE CHORAL CLUBS OF QUEEN'S UNIVERSITY

#### In Grant Hall on Wednesday Evening—There Was a Large Audience Which Was Delighted With the Programme.

Enthusiasm multiplied, the combined enthusiasm of more than a hundred Queen's students working itself out in all the detail involved in the preparation and the presentation of a thoroughly successful choral and instrumental programme, met its reward on Wednesday evening, in Grant hall. Even the most critical of the large audience which listened to Queen's Musical Club's concert were lavish in praise of the performance. The programme was chosen to please, to inspire and to enrich the musical mind and the result was more than the most hopeful had looked for.

It can be said without exaggeration that the concert was the most successful that the musical clubs have ever given, and that those who have worked so faithfully in behalf of it deserve the highest praise and appreciation, both from the students and citizens, for the chorus is a credit not only to the college but to Kingston.

Arthur Craig, who has been training this band of singers, and Lieut. Alfred Light, who has worked up an unusually good college orchestra, are deserving of great praise, and no less those who have divided their hours of study with the excellent pursuit of the training which made the concert a success.

The choral numbers consisted of "The Viking Song," in the rendering of which the orchestra assisted. This selection was sung in a rousing and inspiring manner and won the applause of the audience. "I Saw Love," "Hyllis" and "Dame Durden" forming a double number, were second. The singing of the old chorus, "Dame Durden," so captured the ear of the listeners that they were not to be denied an encore and the same was given right heartily.

"Twas Moll and Bet and Doll and Kate and Dorothy Dragletail," and John and Jack and Joe and Jack and Humphrey with his fall.

In their next the singers were not less pleasing. The "Bridal Chorus," from the Rose Maiden, and "As Torrents" in Summer, from "King Olaf," were rendered. The last chorus, Leslie's "Cradle of Life" was also very well sung.

The evening of music was very appropriately opened with an orchestra selection, "War March," from Mendelssohn's Athalia. The orchestra played also "Barcarolle," from "Love Tales of Hoffman," "Hungarian Dance," by Brahms, and a selection, "Meditations," which contained many well known airs, and the "Hungarian Dance," were especially well played and caught the fancy of the audience.

Of Miss Hinckley's solo and also Mr. Craig's it will be sufficient to say that they were up to their own high standard. Harold Angrove sang Tosti's "My Dreams," in his splendid baritone, which the audience greatly appreciated. The violin selection by Miss Christine Cochrane was one of the best features of the entertainment. Miss Cochrane's unpretentious manner and exquisite playing were so much in keeping that the hearers could not be satisfied with one encore.

The programme was fittingly closed with the Canadian National Hymn, sung by the choral club, and accompanied by the orchestra.

During the evening Mr. Craig announced a later concert by the choral club, when the cantata, "Joan of Arc," would be given. The date of this has not been fixed as yet, but may be looked for early in February.

#### Had Fine Gathering

Lilly, leader of the Millionaire Club, was in charge. Miss Lillian Knowles and Mrs. C. N. Meserve were chaperones.
