# HOME FOR FRIENDLESS A MASONIC BANQUET

HELD ITS ANNUAL MEETING ON THURSDAY AFTERNOON

A Night Nursery for Babies is Required — Deau Starr Presided at the Meeting — Officers Re-elected.

The Home for Friendless Women and Children, which is acknowledged to be one of the most worthy institutions of the city, meeting as it does special needs, requires a night nursery for the babies. This was shown in the report of the president at the annual meeting in the home, Union street, on Thursday afternoon. It was explained that such accommodation could be provided over the present day nursery.

Mrs. W. H. Macnee, the president, was absent, owing to illness. Deau Starr presided at the meeting and read her annual report for the year ending Sept. 30th, 1913, as follows: "During the last year we have had many more applications than we have had accommodation for in the home. We are always sorry not to be able to take in a little baby where it is a deserving case, but it is quite impossible to overcrowd the home."

"We are badly in need of a large night nursery where the babies will get more fresh air. Last year we asked for a new furnace and through the kindness of two gentlemen who do not wish their names made known, we now have our new furnace installed, giving perfect satisfaction, and keeping the babies so warm and comfortable, all paid for by our two unknown friends who, we feel, we can never thank enough."

"During the year 66 have been cared for in the home, 14 adults and 52 children. Five have been transferred to the Orphans' Home, having reached the age of three. Seven have been adopted into excellent homes, and many taken by their parents and friends. At present there are 20 babies and 5 adults in the home."

Thanks to the devoted attention of our kind friend, Dr. A. E. Ross, there has been very little sickness, only minor children's ailments, and we would like to take this opportunity to thank him for his great kindness.

"Quite a lot of repair work has been done to the building, especially in the basement, at a considerable cost. New stairs have been put in. A galvanized iron ceiling has been put in the furnace room, coal bins built, and a new floor laid. A new coal and gas range was bought for the kitchen which has proved a great comfort. We hope to have new floors in the bedrooms and hall on the second flat, as they are badly needed."

"We wish to thank all our kind friends for their most liberal help through the year, not forgetting the city and county councils, for their generous grants. Our matron, Mrs. Thompson, and assistant matron, Miss Ferguson, are still with us, caring for the babies under their charge, and doing everything to carry on the work of the home in a most satisfactory manner."

Although the treasurer, Mrs. G. A. McGowan, reported a deficit of \$91.43 it was smaller than that of the previous year. The total receipts were \$2,417.51. There is a cash balance on hand of \$233.37, but two accounts, outstanding amount to \$116.80, realizing a deficit of \$91.43.

The officers, as a whole, were re-elected, and it certainly reflected the confidence which the ladies have in the president and her assistants. The officers are: President, Mrs. W. H. Macnee; vice-president, Mrs. J. B. Walker; Mrs. E. T. Stacey; recording secretary, Mrs. D. Phelan; secretary, Mrs. E. J. B. Pense; treasurer, Mrs. G. A. McGowan.

Rev. A. E. Smart, inspector of the Children's Aid Society, in moving a vote of thanks to Mrs. Thompson and Miss Ferguson, testified to the good work the same is accomplishing, as seen by him and others engaged in kindred work. A number of the wards of the society had been tenderly cared for at the home. The transformation of the children which was effected by the matron and her assistants, he said, was wonderful. Rev. Dr. Macgillivray seconded the motion and supported and enlarged on Mr. Smart's statements. A vote of thanks was also tendered Dr. A. E. Ross, the honorary physician of the home, for the attention he had given the little ones.

### TOY'S STORE DAMAGED

By Water Pipe Bursting in Office Overhead.

The prompt action of Police Constable Nicholson, on Friday morning, at an early hour, was the means of saving the complete stock in the confectionery store of H. Toye, King street, from ruin. When the constable was passing the store, about two o'clock, he heard a noise which sounded like water pouring through the ceiling in the store. He immediately got in communication with the home of Mr. Toye, who immediately came down to his place of business.

When the front-door was opened it was seen that the water pipe in the law office over the store had burst and the water was pouring into the store. The force of the water and plaster which dropped smashed a large glass case which held a considerable quantity of expensive cakes.

"The Little Damsel."

In "The Little Damsel," an epigrammatic comedy by Moncton Hoffe in three acts, Lawrence Brough and his exceptionally clever company will furnish a dramatic treat at the Grand Opera House, on Saturday, January 17th, matinee and night, who on no account must be missed. Miss Olga Esme, who as well as being a very talented actress, is an Airwoman of no mean repute and distinguishes herself by her masterly handling of a very difficult role. Mr. Lawrence Brough as "Ricketlaw Poole" is delightful. He handles this inebriated character with a verve and abandon that is incomparable and has already made many friends by the excellence of his interpretation of this well drawn character. The after piece "Confusion" is a screaming farce.

# HELD AT QUEEN'S UNIVERSITY THURSDAY EVENING

R. W. Bro. W. N. Ponton of Belleville, Was the Chief Speaker — He Replied to Toast to Grand Lodge.

The Queen's University members of the Masonic order held a banquet on Thursday evening in "The Red Room," with R. W. Bro. W. N. Ponton, of Belleville, as guest of honor. E. W. Bro. A. R. B. Williamson presided as toastmaster.

The address of the evening was given by R. W. Bro. Ponton, in responding to "The Grand Lodge of Canada," which toast was proposed by W. Bro. W. T. Connell. Col. Ponton's speech dealt with historical features of masonry, and was greatly enjoyed by the goodly company.

"The Craft" was proposed by Bro. William Nicol, and replied to by Bro. W. F. Fitzgerald. "Our Guests" was toasted by W. Bro. W. C. Johnson, and replies were made by W. Bro. J. H. Seels, W. Bro. F. Andrew, W. Bro. R. S. Graham and R. W. Bro. A. Shaw.

During the evening vocal solos were rendered by Bro. George Driver and Bro. L. N. Armstrong.

The Queen's committee that arranged the banquet consisted of Bro. G. A. Henry, Bro. C. W. Drury and W. Bro. W. C. Johnson.

The Queen's Masonic members will shortly pay a visit to Ancient St. John's lodge and exemplify the work.

### HAD ITS BEST YEAR

The Church Has Made Marked Progress.

Zion has had the best year in its history. The Congregational meeting was held Wednesday night, the pastor in the chair, with W. J. Harris as secretary. Every department showed considerable gain. Twenty-eight new members were enrolled, and twenty-six new scholars taken into the Sabbath school. In every department of the church's work there was an increase: the Ladies' Guild leading with \$403 to their credit, passing previous records by over \$100. The total increase in all departments exceeded \$225. The names of Messrs. Ralph Spencer, Joseph Pound and Charles Cooke were added to the managing board. The west end of the city has grown very rapidly during the past year and this young church is feeling its usefulness.

### SETTLE DROWNING CASES

Waters and LaBeef Were Lost off Barge.

The Ogdensburg Coal and Towing company has settled for the deaths of Frederick W. Waters and Stephen LaBeef, who were drowned off the barge "H.B.," when that craft and the barge Buckley foundered in a storm off the Galopps in the fall of 1912. Three other members of the crews also perished. Orders were granted by Surrogate Miller, of Oswego, permitting Angeline Leroy, administratrix of Frederick W. Waters, to settle for \$800, and Mrs. LaBeef, administratrix of Stephen LaBeef, to settle for \$2,000. Both men were residents of Bulton, N.Y., but formerly lived in Oswego, N.Y.

### THE STEAMER SARONIC

Fine Craft to be Brought to Lake Ontario.

The steamer Saronic, of the Northern Navigation line, will leave Sarnia in the spring for Toronto, where she will be placed on one of the lines running from that port to Montreal.

### STEAMER DISCHARGED WHEAT

Richardson's Elevator Was Working on Thursday.

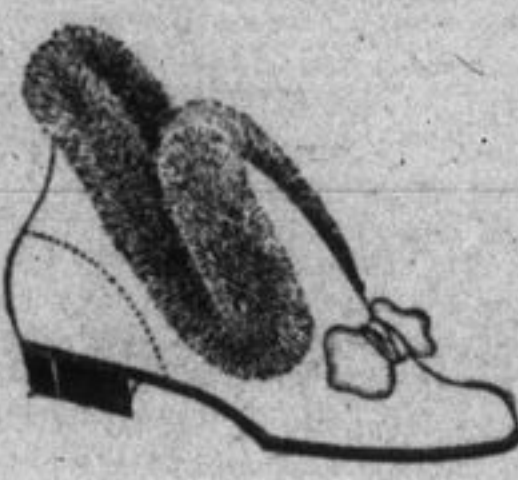

No, the marine season has not reopened, but Richardson's elevator was working on Thursday. It was working in order to unload the balance of the cargo of wheat out of the steamer Glenoyle. The steamer will now go into winter quarters, being the last of the local fleet to be relieved of her cargo.

# TO GET EASEMENTS

FOR THE POLES OF THE BELL TELEPHONE COMPANY

So that Portions of King and Princess Streets May be Paved — Board of Works to Have Property Owners Interviewed.

The Board of Works, after a conference on Thursday afternoon with a representative of the Bell Telephone company, decided to meet that company's request by getting rights of way or easements in laneways and over private property, so that the company could remove its poles from those portions of King and Princess streets to be paved and erect poles for private services in the middle of the blocks affected. In all it will be necessary to plant twenty-two poles.

The telephone company representative pointed out that the company would prefer to leave its poles where they are, but it would not stand in the way of a city's progress. Accordingly it would expend \$10,540 in making the changes necessary to clear Princess and King streets of its poles. The work could be started as soon as the frost is out of the ground in the spring, and completed in six weeks' time. The long-distance wires would be placed in the company's Brook street conduits. The rights of way over private property were wanted merely for telephone services into the stores from the corner of King and Brook streets to the corner of Princess and Barrie streets.

It was pointed out that there should be no difficulty in getting the rights of way, for owners would no doubt appreciate the improvement to their property by having the poles removed from the street to the rear of their premises. In Winnipeg, there was a similar case, and property owners came forward gladly and offered the required rights of way for poles in the rear in order to get rid of the unsightly mass of timber and wires on the street. In cases of damage to property at any time by accidents to poles and wires, the company always meets the bill.

In order that paving may be commenced next May, the Board of Works will have to take this matter in hand at once. It does not foresee any difficulty in arranging with property owners to help the scheme along.

The quality of White Rose flour never varies.

President F. F. Westbrook expects the University of British Columbia to open in 1915 with five hundred students.
