### Make Hair Disappear Almost Like Magic

(Toilet Tips.)  
Advocates of the electric needle for removing stubborn hairy growths now concede that a single paste made with powdered delatone and water is fully as efficacious and is devoid of pain, while the cost is trifling. The delatone paste is left on the hairy surface about two minutes and when it is rubbed off all traces of hair vanish. Washing leaves the skin soft, smooth and spotless. Be careful to see that it is delatone you get or you may be disappointed with the result.
