

# A Woman Should Know

That neglected coughs and colds—especially in children—lead to consumption. Prevention is better than cure; and Peps spell prevention!

Peps are small pastilles containing fine fumes and certain highly beneficial medicinal preparations condensed into solid form. As soon as you put a Peps on your tongue, these healing essences turn into vapor, and are breathed down direct to the lungs, air vessels, and breathing-tubes.

You—or your child—may have a troublesome cough. Perhaps it is especially bad at night! Take a Peps before going to bed—your cough will not trouble you! Your lungs are perhaps a little weak, and going from the warm house into the cold air outside makes you cough! Just before going out, put a Peps into your mouth—there will be no coughing! Your throat feels "stuffed up." Your chest feels tight, and your breathing troublesome? Peps will put matters right for you very quickly.

Peps, while quickly turning to vapor as soon as put into the mouth, will retain their goodness indefinitely, if kept dry. Each little Peps pastille is packed in an air-tight wrapping, which is easily removed, and they are packed in neat tin pocket-boxes. They are not sticky, and may be carried loose in the pocket, or glove, or muff.

Peps are a sure cure for coughs, colds, bronchitis, asthma, sore throat, "smoker's throat," laryngitis, catarrh, "clergyman's throat," and all disorders, and ailments of the throat, breathing-tubes, and lungs. Peps contain no opium, no poison.

All druggists and stores 50c. box, or direct from Peps Co., Toronto, for price. Mail this article and 1c. stamp, and a sample packet of Peps will be sent you. Address Peps Co., Toronto, or 52 Princess St., Winnipeg.

After kissing her husband for the first time in seven years, Mrs. Helen Olashak, victim of melancholia, killed herself and ten-year daughter, Caroline, with gas. Olashak, who is a night worker, found the bodies when he returned home in New York.

**After Measles Whooping-Cough or Scarlet Fever**  
 is a critical period—weakens throats, delicate bronchial tubes and unresisted lungs often. The late Mr. Smith was born in Norfolk, England, and was sixty-five years of age. He was married in 1871 to Elizabeth Beeby, of Essex, England. They came to Canada in 1879, and since that time, lived at Inverary, Elginburg and Latimer. The deceased was survived by a wife and four children: Louisa and Arthur at home, Thomas, of Rochester; Mrs.

THE BOX-PLAID BLOUSE WITH POCKETS—AN APPROVED NOVELTY

The triple skirt has been voted universally becoming, especially when it is fashioned of a light filmy fabric or a clinging silk. Another very attractive feature of many of the new frocks is the surplus bodice. This is another revival and promises to rival its first appearance in popularity.

As printed chiffons, taffetas and light silks are to be generally fashionable the coming season, it is safe to predict that bordered materials will have a first place. They are so well suited to the two and three tiered skirts and the overblouse designs.

Number 8150 is developed in a bordered chiffon over charmeuse and is a charming afternoon or informal evening gown. For size 36 this costume requires 5 1/2 yards of 36-inch material. There is a strictly practical element in the fashions to-day despite their frills and flourishes. What could be more convenient than a real pocket on each side of a blouse? The sport blouse which is here illustrated is new and decidedly smart. As shown in \$119, it is made of crepe de Chine in white; the pockets and straps are stitched and the tie forms a point at the back of the collar which is effective. A skirt of dark blue duxeyn with a plaid tulle accompanes the blouse. This blouse may be copied in size 38 with 2 1/2 yards of 36-inch material; the skirt (8145) requires for size 24, 4 1/2 yards of 36-inch material or 3 1/2 yards of 42-inch material. Number 8140—size 34 to 44. Number 8119—size 32 to 44. Number 8145—size 22 to 30. Each pattern 15 cents.

## MOTHER! IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Constipated, Bilious, Stomach Sour, Give "California Syrup of Figs."

A laxative to-day saves a sick child to-morrow. Children simply will not take the time from play to empty their bowels, which become clogged with waste, liver gets sluggish; stomach sour.

Look at the tongue mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this coating waste will gently move out of the bowels, and you will have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness. Beware of counterfeit fig syrups. Ask your druggist for a 60-cent bottle of "California Syrup of Figs" which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company." Don't be fooled.

ber, 1913, and January, 1914; \$105.10, Standard Publishing Co. for printing and advertising.

**SAY QUEEN INTERFERED**  
 Interesting Story Regarding the Leslie-Mellville Divorce Case

London, Jan. 21.—The Leslie-Mellville divorce suit, in which Earl Fitzwilliam is one of the co-respondents, was mentioned in the divorce court, the case making application that the case might be expedited on the ground that the publicity given it by the press made it desirable that the earl, who denies the charges, should be given an early opportunity of dealing with the situation on his own terms. The President of the court refused the application.

In legal circles it is stated that the earl's application was the result of Queen Mary's interference. The queen it is said, was greatly perturbed over the scandal as the earl has been a great favorite in court. Only a few months back he entertained the king and queen at his country seat. Upon the publication of the details, pending a divorce suit, it is understood that the queen's displeasure was conveyed to the earl.

**BERNHART NOW POOR**  
 General Satisfaction at Honor Conferred Upon Her.

Paris, Jan. 21.—General satisfaction is expressed on the conferring of the Cross of the Legion of Honor on Sarah Bernhardt. Le Petit Parisien says:

"No dramatist or poet has done so much as Mme. Bernhardt for the diffusion abroad of the French language and the dramatic repertoire which is its pride. With prodigious energy she has given her entire life to travelling about the world, making French dramatists applauded and loved."

"Racine, Hugo, Moliere, Dumas, and Richepin all owe their international renown to her. To-day this actress, who has had an opportunity to amass millions, finds herself poor. It is for this reason that the cross which had been refused to her so often, is now pinned to her breast."

**Arrested For Sneezing**  
 Berlin, Jan. 21.—Scarcely ten years ago a citizen was fined in Prussia for sneezing too loudly in a petty jury at Bunzlau refused to condemn a citizen on the same grounds. The police demanded a conviction against a prisoner for "disturbing the public peace, on the night of November 29, but the jury threw out the case on the ground that the police had no business to attempt to control the tone of public sneezes."

A dynamite blast, which blew off the front door of a safe within 100 feet of where a New York policeman was standing, failed to disturb the officer and yeggmen got away with the \$2,000 cash in the cigar store safe.

If you want to go to heaven shun the quick lunch. New York Y.M.C.A. Physical Director Weismuller declares hurry-up eats aid the devil in conquering the weak.

## CATARAQUI BUDGET

**People Greatly Shocked Over John Clyde's Tragic Death**

Cataraqui, Jan. 19.—The village was shocked on Saturday evening when the news came of the death of John Clyde, who was killed by being kicked by one of his horses, in his own yard. Mrs. Clyde, who saw the accident, is suffering very much from shock. Deceased leaves four sons, William, Percy and home, John and Joseph in the west, and two daughters, Mrs. Baker, of Pittsburg, and Miss Minnie at home. The funeral will be held on Tuesday afternoon.

Mrs. John Baker entertained the Glenvale and Cataraqui junior hockey teams, after the match on Saturday afternoon. All are sorry to hear of the continued illness in Verona of Mrs. W. F. Perley. Mrs. J. Martin, Kingston, is spending a few days with Mrs. Gues.

Some of the young married people of the village spent a pleasant evening last week at the home of Mrs. P. Kingston, Pine street, Kingston, being asked to meet Mr. and Mrs. Clement Martin, of Detroit, who are now visiting relatives in the city. Mr. Martin was a Cataraqui boy. His father, W. Martin, is also here from Detroit.

School is closed this week as Mr. Maxwell, the teacher, is trying examinations. Mr. M. Birmingham is the new school trustee for 1914, and Mr. C. Clark the caretaker. Miss Edith Black is teaching at Glenvale. Miss Geraldine Purdy went to Montreal on Friday on Queen's hockey team excursion. Miss Sadie Edwards has returned to Belleville, and C. Edwards to Toronto. Miss Haley, Kingston, was the guest of Miss Bessie Blair, the week-end at Gananoque. C. Clark and family are spending a few days with relatives in Harrowsmith. Mrs. Hood is with her daughter, Mrs. R. Joyce, in Kingston.

A number of men from here attended the sale at W. J. O'Shea's, on the Bath road, on the afternoon of the 15th. Mr. Andrews, the new owner of the place, will soon move from his home on Wolfe Island and take possession. Mrs. Brown, Godfrey, has returned home after visiting her sister, Mrs. W. Connolly. Miss Margaret Sexton, Kingston, was in the village last week.

**CANADA AS AN EXAMPLE**  
 Advice in South Africa Regarding High Commissionership

London, Jan. 21.—The London correspondent of the Glasgow Herald discussing the question of the appointment of a successor to the late Sir Richard Solomon, says that all desire to see the appointment of a South African high commissioner who is able to foster the growing commercial interests between Britain and the union. The correspondent says that the example of Canada is quoted as one to be followed, if the government wishes to spend the money to have South Africa worthily represented at the empire's cabinet.

"Canada," he adds, "has not only a leading commercial representative in Lord Strathcona, but a picturesque high commissioner." The names before the union government in connection with the appointment of Sir Richard Solomon's successor are John X. Merriman, J. W. Jagger and Sir F. De Waal.

**Thursday January Twenty-second**  
 Dr. J. A. Macdonald, editor of the Toronto Globe who reaches his fifty-second birthday to-day, has the reputation of being the best known Canadian among the people of the United States. This is on account of his frequent appearance on the public platform in the leading American cities as an apostle of the Gospel of Peace. Originally a preacher, he is undeniably one of the foremost orators of the day, though it is said he breaks all the canons of good oratory every time he rises to speak. He goes through an astonishing number of contortions. Sometimes the passage and fro like a caged lion. Again he doubles up like a jack-knife or crouches like a leopard. Then he trusts both hands in his pockets and throws back his head. In a moment he has his hands clasped behind his back. Now he is vigorously stabbing the air or waving his arms like a windmill. Again he frenziedly rumples his hair or clutches it by handfuls. But in spite of his amazing contortions, he holds his audience with the force of his utterances.
