IMPORTANT FACTS

FROM THE

SIXTY-SEVENTH ANNUAL REPORT

OF THE

CANADA LIFE

ASSURANCE COMPANY

Splendid

In important respects the Company in 1913 excelled its record for any previous year in its history.

Greatest Surplus Earnings.

1-THE SURPLUS EARNED in 1913 was \$1,709,959.66, exceeding by over \$179,000 the earnings of 1912, and by a much larger amount the earnings of any previous year. The present net surplus is \$6,183,278.39.

Interest Increasing.

2-THE INCOME of \$8,094,885.70 was greater than that of the previous year by \$698,125.96, and the greatest in the Company's history. The rate of interest earned, which had been steadily advancing since 1899, was further improved in 1913. This is an important factor in producing surplus.

Over \$52,000,000

Assets

3-THE ASSETS were increased by \$3,860,271.32, and now stand at \$52,161,794.81.

Assurances Now Over \$153,121,000.

4-THE TOTAL ASSURANCES now in force are for \$153,121,363.94, an increase of over \$8,273,000 in the year.

Payments To Policyholders.

5-THE PAYMENTS TO POLICYHOLDERS in 1913 totalled \$2,878,016.11, an increase of \$415,051.31 over those of 1912. In addition to this, LOANS TO POLICYHOLDERS on security of their policy contracts were made for \$1,692,248.71.

Factors Favorable.

6-THE MORTALITY of the year was again more favorable than the expectation, and this, with a continued LOW EXPENSE RATIO, contributed to the earning of a record surplus.

The Financial Statement and Report of Directors, together with proceedings at the annual meeting, held 22nd January, 1914, are in the printer's hands and in a few days will be mailed on request.
