## The million packet soup

This soup, of which millions of packets have already been sold; this soup, which has taken over a quarter of a century to perfect; this soup, which is prepared from the finest of Irish garden-growth vegetables—surely it is worth making the right way.

Boil it for half-an-hour at least. Give it plenty of time to cook. It's worth it.

Edwards' Soup is good as a soup by itself, it is good as a strengthener of other soups; good as a thickener of gravies; good for babies, good for stew—too good to be spoiled by insufficient boiling.

### EDWARDS' SOUPS

But you must give them half-an-hour—worth it.

Three varieties—Brown, packet, and 1 1/2 c. tin; Tomato and White, 5c, and 2 1/2 c. tin comes cheaper.
