

WILSON'S INVALIDS' PORT
a la Quina du Perou

FOR the sickly, the weak and the pale, the overworked and run-down, for those whose nerves are unstrung, whose sleep is wakeful and restless, whose blood is weak and thin, whose strength is gone, with heart troubles—palpitation and irregular beating.

Wilson's Invalids' Port goes direct to the cause, relieves it at once, adds the functions, induces appetite, strengthens, nourishes, unites the entire system, particularly recommended for Anemia, La Grippe, Fever, Dyspepsia, Neurasthenia, Mal-nutrition, etc.

A STARTLING RECORD

ABOUT ONE MILLION DIVORCES GRANTED IN TWENTY YEARS

In Same Period 131,940 People Have Been Murdered, and 19,000 Committed Suicide Every Year.

Philadelphia, Pa., Feb. 3.—"Nineteen people in every hundred commit suicide; in twenty years 131,940 people have been murdered, and only 1.3 per cent. of the murderers were convicted, leaving about 100,000 homicides at large," were two of the cheerless sentences in the address of Dr. Charles H. Holmer, dean of the Pennsylvania State College, on Saturday. The meeting was held under the joint auspices of the Civic Club and the Home and Social League Committee on Moral Education. Following up his subject, "The Psychology of Moral Education," Dr. Holmer said further: "The call for moral education is heard in many quarters. American banks lost \$28,000,000 in five years by embezzlement. In 1912, 198 criminals were legally executed, and 52 were lynched. Of these, 42 per cent. were native whites, 37 per cent. were colored people, and 16 per cent. were foreign whites. The home is equally affected. About one out of ten marriages ends in divorce. In twenty years nearly a million divorces were granted. Seventy-three out of every 100,000 people are divorced. Japan is the only other nation having a higher percentage.

"Capt. Richmond P. Hobson estimates the number of confirmed drunkards at 1,000,000, the heavy drinkers at 4,000,000, and the temperate regular drinkers at 20,000,000."

TO PREVENT CAR SHORTAGE Car Efficiency Best Promoted by Co-Operation.

The Board of Trade News of Toronto recently printed an article on how best to prevent car shortage, and among other things points out that car efficiency can best be attained in the following manner:

1. By the satisfactory handling of traffic with the least number of cars, which can best be accomplished by the ordering of cars of suitable dimensions and loading same to their full capacity.

As an illustration: Assuming a tonnage of 3,000,000 tons is loaded and transported in 250,000 cars, or twelve tons per car. An increase in the load to 15 tons would result in the same tonnage being transported in 200,000 cars, thereby freeing 50,000 cars for other service. A firm shipping 5 cars of 12 tons each per day for 300 working days, by increasing the average load per car to 15 tons, move the same volume of traffic in 120 instead of 180 cars.

2. Handling the business in the smallest number of car days. The railways should transport the freight quickly, supplemented by prompt loading and unloading of cars by their patrons. The full free time permitted by the car service rules should not be taken advantage of unless actually necessary.

3. Shippers and consignees should ascertain whether their facilities are amply sufficient to ensure the prompt handling of their freight, and the ordering of cars for loading and unloading should be so arranged as to lose no time in handling when placed. The News believes that the public as well as the railways have duties to perform to prevent a shortage of cars.

Budget From Wellington
Wellington, Jan. 31.—Mr. Nelson's dwelling came nearly being consumed by fire on Wednesday last. Mrs. J. K. Lane, who has been visiting her children, James Lane and Mrs. Nina Rowland, has returned to her home in Port Hope. Mrs. Thomas, of 2nd Concession of Hallowell, is preparing to erect a fine 40 x 60 basement barn, in the spring.

Wellington races have been postponed until Thursday. Wellington and vicinity can boast of having some fine speeders, showing as low as a 2.15. The noted trotter, Iron Duke, is owned in Wellington now. He is a fine going horse and has won considerable money in the past. James Tice is still confined to the house through rheumatism.

Charles Greer and Miss Del Stevenson, of this place are to be married in February. Mrs. David Spring is still confined to her room through illness. Mrs. Joseph Pettengill is still confined to the house. George Baillie, an old and respected citizen, continues very low and is expected to leave for Kingston. Mr. and Mrs. Smith Clark, of N.W.I. are renewing old acquaintance here. Mr. and Mrs. Ernest Adams of Calgary, visited at Henry Binson's, and Mr. Ferguson, last week. Mr. and Mrs. Clayton Menden, have notified their many friends through the paper that they are now prepared to receive.

John Shurie has given the contract of his dwelling to W. W. Fitzgerald, and the building is being pushed and will be completed by spring. Edward Bowerman was kicked by his horse which laid him up for a few weeks.

Robert Clopp of Dutton, spent a few days with Mr. and Mrs. John Bell recently. Mr. and Mrs. Samuel Titus, who for years resided in the N. W.I., have returned to Wellington, to live with Mrs. Titus, his mother. Miss Martha Stewart, who for three years has lived at Rochester, N.Y., as nurse in training, is spending a few weeks at her home here, she will take her examination in June and is sure to graduate with honors.

A Matter of Environment.
The Mexican student was watching his first northern football game. It held his interest firmly. His face grew flushed, his arms were flung out, he shouted hoarsely: "Do you call this a game," he asked of the man at his right. "Sure," was the reply. "What would you call it?" "Is my country," said the stranger from across the border, "we would call it a seven-day pitched battle!"—Cleveland Plain Dealer.

Independence and impudence very many times go together.

EPIGRAMS

Distilling Jim Johnson Hit on Head With Carafe.

Paris, Feb. 3.—"Battling Jim" Johnson, wearing a bump over his ear the size of a hen's egg, which seriously interferes with the angle of his headgear, and "Kid" Hawkins, the cause of the said bump, are no longer seen in their former haunts. The sight of Johnson quietly sipping an aperitif in a Montmartre cafe the other night, for some unknown reason, upset "Kid," who rushed up to the table where Johnson was sitting, and, after an excited speech, asked the boxer what he intended to do about it.

"Kid" beams still more angry when Johnson's only reply was to thrust his shoulders. Seizing a heavy carafe of water on the table "Kid" tapped Johnson on the head with his full force, and left the place without waiting to see the result. In fact, he hurled himself so quickly into a taxi cab that he broke the windows. There were screams from women when the blow fell, and gasps from men, while the waiters rushed for the police.

Drenched and surrounded by the splinters from the broken carafe, Johnson only rubbed his head and told the thunderstruck commissary of police that when he caught "Kid" he would ask him to behave better in the future.

CHARMING REST GOWN. Of shell pink accordion pleated nylon, accompanied with a coat of shadow lace.

"ONE HORSE WORTH TEN MEN"

So Says Australian Who Leaves Fortune to Animals' Society

Vienna, Feb. 3.—"One horse is worth ten men," according to the will of a deceased land owner named Bizony, who bequeathed his entire fortune of \$60,000 to the Society for the Prevention of Cruelty to Animals, on condition that it builds an asylum for decrepit horses. Bizony's next of kin will contest the will.

Only the other day King Ludwig III of Bavaria officially disapproved of aristocratic women of his court devoting their attention and fortunes to homes for sick cats, dogs and horses.

WOULD ANNEX YUKON

Province is Said to be Anxious to Get Control.

Ottawa, Feb. 3.—The province of British Columbia is understood to be applying for the control of the Yukon territory, a step long contemplated. No confirmation of the report is obtainable here, but the province is said to be anxious to annex the territory, the administration of which by the dominion involves a financial loss. United States railway interests are reported to be waiting for the absorption of the Yukon by British Columbia before proceeding with plans for an all-rail access to Alaska.

GERMANY A BUYER

Cheese Shipments to Britain Show a Heavy Decline

Ottawa, Feb. 3.—During the past season, it was learned, Nova Scotia shipped 33,000 barrels of apples to Germany, as against 57,000 barrels from the Eastern States and 142,000 barrels from the northwestern Pacific States.

In spite of the high prices asked for cheese in Great Britain, Canada sent there last year only 1,293,768 hundred weight, or 53,802 hundred weight less than the year before.

FEEDS FOUR FOR \$2.21

Scheme of Maine Woman Nets Her Good Income.

Boston, Mass., Feb. 3.—Sarah Mitchell, of Durham, Maine, is advertising a cooked dinner of chicken, plum pudding, gravy, cranberry sauce, mince pie, pumpkin pie, and vegetables, delivered at back doors any time by parcel post.

She put a little advertisement in a Maiden newspaper and as the scheme took at once, orders began to pour in on her. She sends enough dinner for four persons and charges \$2.21.

ONLY ONE "Bromo Quinine," that is Laxative Bromo Quinine
Cures a Cold in One Day, Grip in 2 Days

E. W. Brown

IT ENDS PAIN!

Have you a sore place? Have you any skin disease, old sore or obstinate wound, that has defied all efforts at healing? If so, apply Zam-Buk and prove its merits.

A Woman's Message to Women.

Mrs. James Edwards, 902 Selkirk Ave., Winnipeg, Man., says: "Four and a half years ago ulcers started on my left ankle, and spread until the top of my foot and limb, to the knee, was well-nigh covered. I used ointment after ointment, until everything I knew of had been tried, but I received little or no benefit. I was laid up in bed for a long time, and had no rest or sleep, night after night, from the acute pain and irritation.

"I consulted doctors, until I had taken treatment from at least five. After using their ointments and preparations until I was positive I could get no cure, I almost gave up in despair. I was next persuaded to try a course of treatment supplied by a company operating in this city, paying as much as thirteen dollars and a half in one week for ointments, which proved of no use whatever.

"One day a sample of Zam-Buk was left at the house. This seemed to soothe the pain almost instantly, and encouraged me to get a supply from the druggist and give it a fair trial. Zam-Buk had a wonderful effect in a very short time. The irritation and the pain were quickly relieved, and gradually the ulcers were cleansed of all poisonous matter. The discharging then ceased, and the ulcers began to show signs of healing. I kept on using Zam-Buk until every ulcer had been completely healed."

ZAM-BUK

JUST THINK OUT THE EXPERIENCE RELATED ABOVE.

TEST IT FREE.

Zam-Buk cures piles, ulcers, abscesses, blood-poison, burns, scalds, eczema, cuts, sores, and all skin injuries and diseases. 50c. box all druggists and stores.

Send 1c. stamp and this coupon to Zam-Buk Co., Toronto, and free sample box will be mailed.

Modern Beacon Fires

THE old beacon fires were the great advertising mediums of their age.

Though they could not advertise merchandise, they advertised the things of most vital interest to the people.

Placed on the summits of high hills, bearing a message to thousands of "readers," they were prototypes of those modern fires of Twentieth Century commerce—the "beacon" fires of Newspaper Advertising.

The advertisements appearing in the newspapers to-day are shining lights in the world of commerce, flashing out news and information to a waiting world.

When the modern manufacturer lights the Beacon Fires of Newspaper Advertising he places his message before the people in a way that will impart knowledge, beget appreciation and win preference for his goods.

Who can fail to see any day the gleaming messages of "Magic Baking Powder," "Standard Ideal Ware," "Sunlight Soap," "Gillette Safety Razors," "Penman's Underwear," "Infants' Delight Soap," and many others?

To the Manufacturers of Canada

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.

If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lansdowne Building, Toronto.

BURIED TO COMIC MUSIC

And Coffin Placed on Disc to Be Revolved Periodically

Paris, Feb. 3.—An extraordinary funeral took place this week in Hainaut department, when an old man named Bioux was buried to the strains of comic songs and the late Harry Fragson's great success, "Marguerite" played by the village band.

Bioux, though a fervent churchman, left a will that his funeral should not be an occasion for religious or mourning ceremonies, but one of gaiety and rejoicing. He had built a strange burial place, consisting of a huge monument topped with a large marble owl. The interior of the mausoleum contains a triptych, representing his chief passions of life—shooting and piety. On the central panel is the picture of St. Joseph. The left panel shows a dog pointing in the field. The other panel has a double-barreled gun. The most curious feature is in the centre of the mausoleum. It consists of a huge metal disk, which is revolved quickly when a handle outside the tomb is turned.

FRENCH CAVALRY DUPED

Victims of Big Swindling Game by a Banker.

Paris, Feb. 3.—The archbishops of Lyons, Bourges, and other cities, and nearly a score of bishops of France, are said to be among the victims of the financial operations of Fernand Emil Lecoute, a banker, who was arrested yesterday. Lecoute is charged with swindling. His liabilities reach \$400,000. He had organized companies with a capital of \$6,000,000, and placed a lot of stock in manganese mines in Canada.

A FOREST RESERVE

Saskatchewan Prisoners Will be Employed Cutting Timber

Ottawa, Feb. 3.—The government has set aside 615 acres of woodland to be placed under the control of the Saskatchewan penitentiary for the purpose of employing convict labor in the cutting of wood. This action is taken on the application of Hon. C. J. Doherty, minister of justice, who last summer, visited all the penitentiaries in the west, and it indicates a new policy in the treatment of convicts.

Right Quarantine

Niagara Falls, Feb. 3.—The Dominion authorities have appointed Dr. F. H. McGarry as a third quarantine officer to handle the people coming from Niagara Falls, N.Y., to this city, to prevent the spread of smallpox into Canada. The number of deputy inspectors has been increased, and the quarantine regulations are being rigidly enforced. No one is allowed over the foot bridges or trains unless a vaccination certificate is shown.
