A SPLENDID RECORD. Of the Work of the Union Trust Company, Limited. The thirteenth annual report of the Union Trust Co., Limited, appears elsewhere in to-day's paper. It presents a splendid record for the year ending December 31st last. The net profits for 1913, after payment of interest on guaranteed investments, management, salaries, fees, and expenses of every kind, amounted to \$290,794.05. Out of this there were paid four quarterly dividends at the rate of 10 per cent. per annum, \$100,000; there was added to the reserve fund \$190,000, and the balance, \$90,794.05, was carried forward. The reserve fund now amounts to \$857,000, which is almost equal to the company's paid up capital of \$900,000. These figures show results of careful and conservative management of the company's business. As an instance of the discrimination exercised in the matter of loans, it may be pointed out that of the applications received from Ontario, only about forty per cent. were accepted. Loans are made only in districts where property is readily saleable.

"Buy Grip Tablets" at Gibson's. TOWN OF GANANOQUE

THE BOARD OF TRADE IS VERY ACTIVE

Changes in Market Place Recommended — Marriage of Miss Bessie Turner to Dr. Gliddon, of Ottawa.

Gananoque, February 9. — Enthusiastic meetings were held on Saturday evening in St. Andrew's lecture room for the boys, and in Grace church lecture hall for the men, to discuss the Boys' Community movement. Mr. Orange, of Toronto, delivered addresses. Along the line of community work a father and son banquet in the near future is in prospect. Suggestions for a church baseball league similar to the hockey league were freely discussed. The mid-winter rally of Grace Methodist S. S. was held yesterday and was of a very interesting nature. The morning service was conducted by Mr. J. W. Knox of Montreal. Evening service was conducted by J. Cairns of Ottawa.

At the session of the quarterly official board of Grace church, it was unanimously decided to invite Rev. Mr. Brown of Sydenham street church, Kingston, to preach anniversary sermons in Grace church on Sunday, Mar. 16th.

The Board of Trade last week after a thorough discussion passed the following resolution: "That in the opinion of this board the lights on King street should be reinstated as in the month of January." WHAT IS VINOL?

About Which We Hear So Much? Our Druggist Tells You

After twenty years of study two eminent French chemists discovered a method by which alkaloids or medicinal curative elements of the cod liver could be separated from the useless oil or grease. The oil which has no medicinal value is thrown away, but the healing, curative properties are blended with tonic iron and a mild medicinal wine which makes Vinol, thus combining in one medicine the two most world-famed tonics. Vinol is not a secret medicine as its ingredients are printed on every bottle, and in all cases where the healing, curative influence of cod liver oil, or the blood building, strengthening influence of tonic iron is needed, Vinol gives immediate benefit, for it is easily assimilated and acceptable to the weakest stomach. For all run-down, weakened conditions, and to cure chronic coughs, colds and bronchial troubles, Vinol is unexcelled. We will return your money if it fails. Geo. W. Mahood, druggist, Kingston, Ont.

THE HALLS OF QUEEN'S

IN LINE AT 4.15 A.M. FOR SCIENCE DANCE TICKETS

Students Not Attending Alma Mater Meetings — Sermon in Convocation Hall by Rev. Dr. Hanson.

A session of the mock parliament which was to be held in connection with the A. M. S. on Saturday evening to discuss the question of a ladies' college in connection with Queen's, instead of the present co-education, was postponed on account of the slim attendance. Science 15 presented the design of a very unique "Q" pin for approval by the society and the use of Grant hall was given to the Y.M.C.A. for February 17th in order to hold its meeting at which one of the foreign missionary representatives of the Kansas City convention will deliver an address. A committee was appointed by the society to revise the constitution and A. Truesdale was appointed as chief reporter for the Journal in medicine. The debate between the senior years in art, was postponed until next Thursday. A vote of congratulation was passed to the hockey team for their victory over Varsity.

There was some excitement Friday morning at the sale of the tickets for the Science dance. The slogan at these sales is "First come, first served" and consequently the first came at 4.15 a.m. to form the line. Not being able to get in the door of the engineering building, they secured admittance by a cellar window. At five o'clock when the caretaker arrived, he threatened to turn these students who belonged to other faculties out in the cold, and to help for his indignant feelings had to be produced. At six o'clock, when the doors were opened, there were only twenty-nine tickets to be sold, many were disappointed although they did wait until 9, when the sale opened. The final year in Science intend taking refreshments all at the same time at their dance, and various forms of amusements are being provided for the occasion.

Sermon in Convocation Hall. Rev. Dr. Hanson, Erskine church, Montreal, was the speaker at Convocation service on Sunday afternoon. The speaker took as his text the words "The Lord is Risen Indeed, and hath appeared." He spoke about the Resurrection of Christ and his real presence. No one denies theoretically the Resurrection of Christ. It is one thing to believe truth, it is another to be influenced by that truth. It is one thing to master a fact and another thing to be inspired by it. If Christ has risen and lived, has he risen and lived to us?

The speaker said that what was to him a positive certainty, he would like to instill into the hearts of those about to begin a career. The disciples owed their inspiration to Christ and to resurrection. Only this inspiration could send them on their great mission of evangelization. The disciples heard, saw and touched Jesus. They said: "What our eyes have seen declare we unto you."

In the resurrection of Christ, we have proof of life beyond death. Hope, sweet and serene was thus insured. We have now to do with a present, not a past Christ, a living, not a dead Christ. Lord Tenorsso believed Christ to be his side. Finally, faith in Christ is not a mere intellectual conception of Him. It is a trust in a personal Christ who is close to us. "Kodak Films," Gibson's. Deseronto is being made a temporary freight division point for the C.N.R. Toronto-Ottawa line. "Flash Light Sheets," Gibson's. J. B. Copland was elected chairman of the Brockville Collegiate board for the ensuing year. A Toronto pawnbroker bought a wallet containing four ten dollar bills for 25c. An Orange walk will be held at Perth this year.

WHOLE BODY NEEDS PURE BLOOD

It Means Healthy Nutrition—Hood's Sarsaparilla Makes It. The bones, the muscles and all the organs of the body depend for their strength and tone and healthy action on pure blood. If the blood is very impure, the bones become diseased; the muscles become entebled, the step loses its elasticity, and there is inability to perform the usual amount of labor. The skin loses its clearness, and pimples, blotches and other eruptions appear. Hood's Sarsaparilla makes pure blood. It is positively unequalled in the treatment of scrofula and other humors, catarrh, rheumatism, dyspepsia, loss of appetite, that tired feeling and general debility. Hood's Sarsaparilla is a pure, safe and effective remedy. There is no other medicine like it. Be sure to get Hood's and get it today. All druggists.
