THE SPORT REVIEW

THE VARSITY FAVORS THE O.H.A. OFFSIDE RULE

'Tim' Jordan Signed by Toronto Baseball Club—Who Will Win the N.H.A. Trophy?

The Toronto "Varsity" favors the adoption by the Intercollegiate Hockey Union of the O. H. A. offside rule. It says:

Since last Saturday's game between Queen's and Varsity there has been very much adverse criticism regarding the intercollegiate offside rule. In contrast to the O. H. A. rule regarding offside a player in the intercollegiate hockey union can't "skate his man outside." That is practically the only difference between the two offside rules. The O. H. A. rule is in vogue in Ontario only, while the intercollegiate rule is used both in the east and west. There is a movement on foot in Winnipeg, however, to adopt a rule allowing a player to skate another "on-side." In the Queen's game last Saturday neither team was able to effect any combination due entirely to the intercollegiate rule. The players would no sooner get started when they would be called back for offside. The only solution seems to be the adoption of a rule permitting one player to skate another "on-side."

For Sunday Fishing A bill that provides for fishing and amateur sport on Sunday was presented this week in the New York state legislature. It authorizes any municipality to hold an election upon demand of one-fourth of the population to determine the wishes of the majority.

Bulgarian King May Come Sofia, Feb. 14.—It is possible that King Ferdinand will visit America at an early date. The king received the commissioners of the Panama-Pacific exposition yesterday and told them that he had long intended to visit America, and now hoped to be able to make the journey in April.

BEAUTIFUL HAIR--A CLEAN, COOL SCALP

Use Parisian Sage--It Makes the Hair Soft, Wavy, Abundant--Cleanses and Invigorates the Scalp. If your hair is anything short of perfect, if it is losing color, too dry, brittle, thin, or if the scalp burns and itches, immediately begin the use of Parisian Sage. The first application removes dandruff, cools and invigorates the scalp, and beautifies the hair until it is gloriously radiant.

Parisian Sage supplies hair needs and does not injure either the hair or scalp. It contains the exact elements needed to make the hair soft, wavy, glossy, and to make it grow thick and beautiful. It is delicately perfumed--not greasy. Sold in fifty cent bottles only by J. B. McCleod and at all drug and toilet counters.

Thin Folks Who Would Be Fat

Increase in Weight Ten Pounds or More A Physician's Advice. "I'd certainly give most anything to be able to put on a few pounds and stay that way," declares every excessively thin man or woman. Such result is not impossible, despite past failures. Thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the power of nutrition is normal.

To correct this condition and to produce a healthy, normal amount of fat the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a scientific combination of six of the best strength-giving, fat-producing elements known to the medical profession. Taken with meals, it mixes with the food and turns the starches and sugars into rich, ripe nourishment for the tissues and blood, and its rapid effect is remarkable. Reported gains from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by good druggists everywhere and every package contains a guarantee of weight increase or money back. Cases that have produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not only be used by those who are not willing to increase their weight ten pounds or more.

Victoria CAFE 354 King St., Kingston Finest Restaurant in the City Now Open H. K. LEB, Proprietor.

it arrangements could be made, he said, he would be accompanied by several of the most prominent political and industrial leaders.

MISSING RING FOUND

AS MAN WAS ABOUT TO BE ARRESTED. Little Girl Accused Man of Keeping Ring She Found on Street -- It Was Returned Just in Time to Save Him Going to Cells.

"All's well that ends well," is an old saying. It was but a plain gold ring, perhaps worth \$12, not much more, at any rate, but it caused a great flutter of excitement in police circles on Friday afternoon for a time, in addition to causing much trouble to a certain man, a resident of the city.

The man was accused of stealing the ring, and the owner of the ring had taken out a warrant for his arrest. Just as the warrant was about to be served on the man the missing ring turned up.

It all happened in this way. A certain lady went shopping. Included in her purchases was a pair of gloves. On putting on the new gloves she found that her outfit of jewelry, which consisted of four gold rings, caused her some trouble. After gazing on the gloves for a moment, she took off the rings and for safe keeping, placed them in her old pair of gloves. She visited other stores and lost the gloves, with the rings. A little girl, who was on an errand for a friend, picked up the gloves with the missing rings, and later on they fell into the hands of another party. The little girl located the woman who lost the rings, but when the man who had them in his possession, was requested to give them back to the woman, he only produced three rings, instead of four. Then there was trouble. The little girl swore positively that the man had secured the four rings, but he said "No." There was a good deal of controversy over the matter.

Finally the man, woman and child implicated in the case, were taken to the police station in an attempt to have the case straightened out. The little girl still persisted that the man had the ring, and he continued to deny it. The owner of the ring then decided to take out a warrant, charging the man with theft and proceeded to the city clerk's office. The accused continued to declare he was innocent, but admitted that the ring might have been dropped accidentally by him.

The warrant for the man's arrest was made out and was just about to be served, when the police station door opened and a woman entered, saying, "I have found the ring you are a free man." The ring, it was stated, had been found on the floor at the home of the accused.

The excitement was then over. The woman got possession of her ring again, and was made happy. But the accused came within an ace of going to the cells. Police Constable Arnel left the station a few minutes before the announcement was made of the finding of the ring, to look for it at the man's home, but he was saved the trouble of a search.

To Be Used as "Goat." Owners of Canadian League baseball clubs are kicking at the Canadian league remaining in Toronto, as the Federal is located there. They figure that the Canadian league team will be used to fight the outlaws by the International club, and that this would be unfair to other Canadian league clubs.

Who'll Win N.H.A.? Ottawa Journal. With a half dozen games to go three teams are still tied for first place in the N. H. A. battle, Ottawa, Toronto and Canadians. Quebec is bumped by the Toronto and are down and out, for the champions have lost seven games. The best Quebec can do now is to win thirteen and lose seven, while either one of the three leaders must win at least fourteen. Quebec is thus out of the running, and the Stanley cup has been wrested from their grasp after a two-years' residence in the Ancient Capital. The games Wednesday night worked out strictly according to schedule, the winning teams having the call on straight "dope." The Toronto took the best chance from now on, although the close score with Quebec at Toronto probably means that the champs have the Blueshirts' measure and will trim them down in Quebec. If that is straight "dope," it indicates that the Toronto and Ottawa will be tied for the title at the end of the winter, figuring on past performances in each game.

AT THE GRAND Several Fine Performances Coming Next Week "Economic independence for the wife in the home! That is, what I believe in, and it is a pleasure to me as it is a pleasure to any actress to play a character with which she is really in sympathy to present her idea in "Her Own Money." So says Julia Dean, who appears in the role of Mrs. Allen in the comedy by Mark E. Swan, which will be seen at the Grand on Monday, February 16th. She continues "are you a married woman? Then have you any money you can call your own? Money to play with, save, spend or give away? Without a 'by your leave' to your husband on a strictly tabulated accounting for all your mercenary deeds?"

"Do you have to haggle and wheedle, cajole and cheat to get enough money to spend for your household and clothes? Does your husband let you have charge of accounts, but fail to provide you with pin money? And when he does, is it only after you've hinted or begged for it?"

"And what is the best way of settling it? Give a woman a salary for being a wife. Give her half the estate to do with it what she pleases, turn the pay envelope over to her and let her mete out an allowance for tobacco and car fares, keep her on an allowance and make her account for the spending of it, or form a domestic partnership with equal rights for both parties."

"Fine Feathers." The largest and most fashionable audience of the year, judging from the request for reserved seats, will be found at the Grand Opera House, Thursday, Feb. 19th, to see "Fine Feathers," which, as everyone knows, is the biggest play of many years, presented by the finest all-star cast ever assembled. In this remarkable company appear Wilton Lackaye, Robert Edeson, Max Figman, Rose Coglan, Florence Rockwell and Lydia Dickson, as well as the others who shared in the metropolitan triumph of this piece. The play ran for an entire year at the Astor Theatre, Chicago, and the unanimous verdict was that it was the biggest and most perfectly acted drama of the present generation. The parts provided the stars in the cast, are such as to display all their skill, and the perfection of the ensemble can be realized by those who have even a casual knowledge of matters dramatic.

Eugene Walter, author of "Paid in Full," "The Easiest Way," "The Wolf," and the "Trail of the Lonesome Pine," wrote "Fine Feathers," and critics everywhere have called it the finest work he has ever done. It deals with modern conditions in a frank and logical style, and never for a moment does it lose its tense grip on the audience.

The Kingston engagement is for Thursday night only. White Rose flour for all purposes. One man admits that he took a water bottle to bed with him last night. No doubt there were others, but they don't admit.

JOHNSTON THE PRACTICAL SHOE-MAN

70 BROOK ST.

FROM BRITISH POCKETS Hundreds of Millions in Foreign and Colonial Railways London, Feb. 14.—Addressing the Manchester Statistical society regarding the high cost of living, Sir George Paish, editor of the "Statist," indicated that the main factors were expenditures on war preparations and railway construction. Britain, he said, had supplied colonial aid foreign railway companies with nearly £400,000,000 in addition to £284,000,000 in government loans. All this had been expended for her supplies of food and raw materials. He said that it was obvious that Canada's production would show immense expansion during the next few years in consequence of the great extension of railway mileage. New investments by Britain in Canada had amounted to £250,000,000 in the last seven years. Mrs. Sidney Warner, Napanea, is improving slowly after her recent serious illness.

A lady's comment—Tastes better—goes farther.

Red Rose Tea "is good tea"
