

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at once when Back Hurts or Bladder Bothers.

No man or woman who eats meat regularly can make a mistake of flushing the kidneys occasionally. Most forms uric acid which excites the kidneys, they become over-worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver troubles, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acids of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications. Agent, George W. Mahood.

Port Arthur, according to the home-going scribe, is not as good a business place as it was under the Russian regime. Before the yellow men drove their enemies out there was a garrison of 70,000 and at the present time the Japanese garrison is about 1,000 men. Some little trade has sprung up in curios picked up on the battlefield which for the most part, in season, waxes with Kaolay—a coarse millet.

where Mr. Ramsay has been connected with the Hong Kong Daily Press in an editorial capacity for eight years, there are four well conducted English newspapers, while a fifth is being organized by Chinese capitalists in the interests of the advanced republican party. In Shanghai there are four English papers, one of them being conducted on American lines, but somewhat subdued in tone to comply with conservative British requirements. At Hankow there are two English papers and another is to be founded in Peking. There are also three English papers in the foreign settlement of Tsin-tsin. A feature of English journalism in China is the large number of newspapers conducted by Chinese—even though the Chinese English is sometimes quaint. In the main there is little local news, the bulk of the matter being cable and translations from vernacular papers. During the past ten years the number of Chinese newspapers has more than doubled.

WETTEST SPOT ON EARTH

Baguio, in Philippines, Seems to Hold Record

Baguio in the Philippines, has been strengthening its claim to be the wettest place in the world. On July 29 the precipitation was 31.78 inches, which nearly equals the world's mean rainfall for a year. But Baguio has done better than that; it made a world's record in four days, with 91.53 inches in four days, of which 33.70 inches fell in a single day. When 7 1/2 feet of water comes down in one storm it is time to look after the shingling of the ark.

A Fatal Defect

The Reverend Bascom Anthony, a presiding elder of the Methodist church in Southern Georgia, tells a story of a negro pastor down his way who failed to give satisfaction to his flock. A committee from the congregation waited on him to request his resignation.

"What's here?" demanded the preacher. "What's the trouble wid mah preachin'?" "Don't I argify?" "You sho does, eidah," agreed the spokesman.

Ask Any Six Owner If He Would Go Back to a Four

HE would as soon go back to candles after using electric lights. Vibration disappears when you ride in a Six. Rough roads and smooth, hills and valleys, ruts and asphalt are alike to the six-cylinder motor. Jerks and jars no longer annoy and fatigue. Bumps are gone. You glide instead of bouncing.

Lasting Value of HUDSON Six 54

BECAUSE it is a six-cylinder car, and equipped with the wanted streamline body, the HUDSON Six 54 is a good investment. It will give you all you can desire of motor satisfaction. And will retain a used-car value sufficient to hold your annual motor-car outlay at a low figure.

For bear in mind that depreciation in selling value of your car is more important to consider than even tire and gasoline expense.

Remember that a popular, stylish car is easy to turn into money. And that no buyer will pay for a "back number."

The Distinctive Car of the Year

THE HUDSON Six 54 is the distinctive car of the year. It is a six-cylinder car, with four-speed transmission, left side drive, right-hand (center) control, gasoline tank in dash, electrically lighted and started.

Disappearing seats provide for carrying four, five, six or seven passengers, yet the car is compact and light in weight.

It has 135-inch wheel-base, 36x4 1/2-inch tires, and all approved conveniences and luxuries.

Many have called it the handsomest automobile they ever saw.

So flexible is its six-cylinder motor that it runs steadily and smoothly at the pace of a man's walk on high gear in congested traffic, yet jumps to express train speed at a touch of the accelerator pedal.

So easy is its control that a child may drive it.

And because of its simplicity and convenience many women prefer it to the electric car.
