PRINCIPAL OF KNOX THE HALLS OF QUEEN'S

PREACHED ANNIVERSARY SERVICES IN ST. ANDREW'S

Rev. Dr. Alfred Gandier Was Heard By Large Congregations Sunday Morning and Evening.

St. Andrew's church was indeed fortunate in having, on Sunday, on the occasion of its anniversary, a preacher of such standing as Rev. Dr. A. Gandier, principal of Knox College, Toronto, who was listened to by both the morning and evening congregations with rapt attention and benefit, for the scholarly discourses Dr. Gandier delivered were impressive.

At the evening service, Dr. Gandier preached more particularly for the young, he treated the subject of the sacredness of life, in the light of it being the gift of the Almighty.

"So God created man in His own image, in the image of God created He him" (Genesis i. 27), and "Remember now thy Creator in the days of thy youth" (Ecclesiastes xii. 1), was the scriptural basis of the discourse.

"If I remember that God is my creator and Jesus Christ my redeemer," said the preacher, "I will not think too lightly of self." Dr. Gandier treated the attitude of the individual to sin, "Young people," he interjected, "you are at the time of

PRINCIPAL GANDIER.

life when, naturally, you are light-hearted and thoughtless. But, I beseech you, never think too lightly of sin. It is too deadly to be tampered with."

With the same belief in the Creator and the Saviour of redemption, the principal impressed his point of the Christ and His cross not being thought of lightly. The cross means that man lifted up his hand against God, when Christ, who was a perfect manifestation of the Divine in human image, was crucified. Said the preacher: "It's only in the cross of Jesus Christ that we know what sin is."

Dr. Gandier made a direct, personal appeal. "My young friends," said he, "how do you stand in relation to this Christ? Have you committed yourselves to Him?" The tragedy of life which is daily being enacted, he said, is the young who have seen the Christ and the good, allowing this to slip away, and choosing the baser and the meaner. "Do not drift with the tide," said he, "do not follow the line of least resistance. It is he or she who will look up into the Master's face, with 'my Lord and my God,' who will find the real solution of life."

Though Dr. Gandier held that the function of the true Christian minister was the highest and holiest on earth, he spoke of the work of the foreign missionary as being more Christ-like. But the person who has found his or her place in life's work should treat it as God's appointment.

"God cannot do our work without you," he added. "Does that not give a sacredness to life? Don't underestimate yourself. Don't live to be amused. The calling of Christians is not to do extraordinary things, but ordinary things in an extraordinary way."

At the morning service, Principal Gandier's sermon was on "Personal Services," his text being Romans xii. 1.

The music for the anniversary was effectively rendered by the soloists and choir. As has been customary for the past twenty-five years, in the morning, Psalm xxiv was sung to the tunes of Sheffield and St. George's, Edinburgh. In the anthem, "Praise the Lord, O Jerusalem" (Watson), Miss M. Hinckley sang the solo. Arthur Craig was heard very acceptably in the solo, "Lead Kindly Light," in the evening, and the choir sang an anthem.

Augustus Octavius Bacon, for nearly 20 years Senator from Georgia, died in Washington Saturday afternoon following a prolonged illness.

STOMACH TROUBLES

Increasing. A Simple Remedy
It has been said the body is like a machine and digestion and elimination of food are the two great factors to health.

If the digestive organs are weak, the stomach overtaxed, waste matter accumulates in the system, the liver gets sluggish and the blood becomes thin and devalued.

We want to ask every person in this vicinity who is troubled with indigestion or a weak, worn-out stomach to try our delicious cod liver and iron tonic, Vinol. We know it will strengthen and tone up the weakened, tired and overtaxed nerves of the digestive organs, create a hearty appetite, and replace weakness with strength.

We just heard of a case of a man in Portland, Me., who suffered from a bad stomach trouble for years and had become so weak he could hardly walk—who was built up by Vinol so he could eat heartily without the slightest distress.

Try a bottle of Vinol and if it fails to help you, we will give back your money. W. Mahood, druggist, Kingston, Ont.

ORATORIAL CONTESTS OF ALMA MATER SOCIETY

Mr. Gilbert, of Arts, Was the Winner — Writing Figures on Calendar Caricering Board and Lodging.

The business of the Alma Mater Society was quickly transacted Saturday evening, in order to hold the oratorical contests. Several communications were received and the annual meeting of the Harrier Club was held. The contestants for the oratorical prize all gave spirited and highly laudable orations, but it was regretted that no members in medicine or science took part.

Mr. Kirkconnell selected as his subject, "Opportunity," and with a fine flow of rhetoric showed that the old proverb, that "opportunity knocks once at every man's door" was untrue, as opportunity was always present to the seekers. Mr. Maginnis, of theology, treated the subject of "Puritanism and Cromwell," giving a fine exposition of Cromwell's character.

Mr. Spence, of arts, expounded on "Bilingual Education" in a very able manner, showing his approval of present circumstances in Ontario. Mr. Oliver, of arts, who was by far the most forcible orator of the evening, pulled to pieces the present international armament situation, and Mr. Leacock, also of arts, had for his subject, "Factory, My Factory, My Factory," Mr. Gilbert, of arts, who was selected the winner of the contest, principally on the matter contained in his oration, spoke on the subject of the old French heroine, "Mother Mary of Incarnation," Mr. O'Morra, of arts, gave a very interesting speech on the part of Queen's yell, "Never Yield," as it applied to the history of Queen's in the past and present. Altogether the orations were very satisfactory and the judges, although having selected Mr. Gilbert unanimously as the winner, placed Mr. Oliver as a very close second.

A committee was appointed by the society to confer with Prof. Matheson, who represents the senate, on the subject of the present cost of board and lodgings for the students in Kingston as the estimate of from four to five dollars at present, in the calendar is believed to be wrong and the correct figures decided upon by the committee will be inserted in the issues of the new faculty calendar.

The final year in science intend holding a dinner in the British-American hotel on Thursday, 19th.

The Y.M.C.A. is making great preparations for its meeting on Tuesday evening, at which Dr. Zverner, the noted missionary from Asia-Minor, will deliver an address.

VOICE OF THE PULPIT

ARCHDEACON DAVIDSON, OF GUELPH IN ST. GEORGE'S.

A Sermon on the Creation — Chancellor Bowles, of Victoria University, in Sydenham Street Methodist.

The passage in Genesis referring to God creating man, in his own image, formed the basis of a strong sermon, delivered in St. George's Cathedral Sunday evening by Archdeacon Davidson, rector of St. George's, Guelph.

The speaker stated that an English poet had once stated that the greatest study of mankind was man. We must realize the part of one another. Our success in life depended on our knowledge of mankind, and it was most important, although it must be remembered that the study of God Himself and His dealings with man, is still greater. God had created man in His own image, and this made it important. It should be the means of making us more humble, and give us greater inspiration and greater ideals. Great and wonderful as man is, nevertheless man owes his life to God. Man owes tremendous gratitude to God, which could only be repaid by the giving of his entire life and devotion to Him. Man made in God's image should be worthy and should live a life that is a blessing.
Man should be a power of wisdom, and work for the uplifting of humanity. To reflect the image of God, man should not waste his life, but serve God so as to be of value to the country. Character building was necessary, and this could only be accomplished by the study of the character of God.

At Sydenham Street Church

Educational anniversary services were held in Sydenham Street Methodist church on Sunday. Rev. J. M. Graham, D.D., general secretary of the department of education of the Methodist church, and Rev. R. P. Bowles, D.D., chancellor of Victoria University, Toronto, were the speakers.

At the morning service Dr. Graham was the preacher. Rev. R. P. Bowles occupied the pulpit at the evening service.

The day was one of the best of the educational days in many years. At the evening service the church was well filled. The collection given for the work was far better than a year ago.

Dr. Graham, who has been in close touch with the educational work of the church for the past six years, told of the great advancement made at the present time. There are, one thousand more students in training than there were six years ago. Last year there were thirty more students in training in the Methodist colleges in Saskatchewan and Alberta than there were in all Canada six years ago.

Dr. Graham told of the splendid work being done by Joseph Sparling, of Wesley College, Winnipeg.

At the evening service Rev. R. J. Bowles spoke from two texts—Mark viii. 36: "For what shall it profit a man if he shall gain the whole world and lose his own soul?" and Matthew x. 39: "He that findeth his life shall lose it; and he that loseth his life for my sake shall find it."

"That the choicest of life are determined by the ideals of life," was the key note of Dr. Bowles' address. He impressed on the audience to have right ideals in all things in life. The question which comes to many is that there are two paths in life—

Which one will you take? If you have the right ideal in life there will be no fear of which path you will take. "Have a definite moral conviction regarding life," said the preacher.

During sale, popular music, two sheets, 25c.; prize package, three sheets, worth 40c., for 10c. Dutton's King George on Saturday told Probendary Wilson Carlie, head of the Church Army, that he was a great believer in hard work. You will never regret using White Rose Flour.

PURE, RICH BLOOD

May Be Had by Taking Old Reliable Hood's Sarsaparilla.

Pure blood enables the stomach, liver and other digestive organs to do their work properly. Without it they are sluggish, there is loss of appetite, sometimes faintness, a deranged state of the intestines, and, in general, all the symptoms of dyspepsia.

Pure blood is required by every organ of the body for the proper performance of its functions. Hood's Sarsaparilla surely makes pure blood, and this is why it is so very successful in the treatment of so many diseases and ailments; it acts directly on the blood, ridding it of scrofulous and other humors. Hood's Sarsaparilla is a peculiar combination of blood-purifying, nerve-toning, strength-giving substances. Get it to-day and begin taking it at once.
